ADMISSION TO PUBLIC SCHOOLS

§ 11.11. Entitlement of resident children to attend public schools.

(a) Entitlement.

(1) A school age child is entitled to attend the public schools of the child's district of residence. A child's district of residence is that in which the parents or the guardian resides. When the parents reside in different school districts due to separation, divorce or other reason, the child may attend school in the dis-

trict of residence of the parent with whom the child lives for a majority of the time, unless a court order or court approved custody agreement specifies otherwise. If the parents have joint custody and time is evenly divided, the parents may choose which of the two school districts the child will enroll for the school year. If the child is an emancipated minor, the resident school district is the one in which the child is then living. For purposes of this section, an emancipated minor is a person under 21 years of age who has chosen to establish a domicile apart from the continued control and support of parents or guardians. A minor living with a spouse is deemed emancipated.

(2) Transportation for students must be provided consistent with the policy of the school district that the students are attending.

(b) *Enrollment.* A school district or charter school shall normally enroll a child the next business day, but no later than 5 business days of application. The school district or charter school has no obligation to enroll a child until the parent, guardian or other person having control or charge of the student making the application has supplied proof of the child's age, residence, and immunizations as required by law. School districts and charter schools receiving requests for educational records from another school district or charter school shall forward the records within 10 business days of receipt of the request.

(c) *Nonresident children.* The requirement of subsection (b) applies equally to nonresident children who are children living in facilities or institutions as defined in § 11.18 (relating to nonresident child living in facilities or institutions), or foster homes, or with a district resident who is supporting the child without personal compensation as defined in § 11.19 (relating to nonresident child living with a district resident), provided that the person making the application has supplied the documentation required by law.

(d) *Immigration status.* A child's right to be admitted to school may not be conditioned on the child's immigration status. A school may not inquire regarding the immigration status of a student as part of the admission process. This provision does not relieve a student who has obtained an F-1 visa from the student's obligation to pay tuition under Federal law.

(e) *Home language survey.* A school entity shall administer a home language survey to all students seeking first time enrollment in its schools in accordance with requirements of the United States Department of Education's Office for Civil Rights.

Notes of Decisions

Out-of-State Schools

Order of State Board of Education disclaiming authority to decide upon continuance of school board's practice of utilizing out-of-state schools to educate some of district's children is not a regulation and does not give school district sole discretion over the assignment of students to attend out-of-state schools. *Wayne Highlands School v. Department of Education*, 488 A.2d 1172 (Pa. Cmwlth. 1985).

§ 11.12. School age.

School age is the period of a child's life from the earliest admission age to a school district's kindergarten program until graduation from high school or the end of the school term in which a student reaches the age of 21 years, whichever occurs first.

§ 11.13. Compulsory school age.

Except as otherwise provided by law, compulsory school age refers to the period of a child's life from the time the child enters school (which may be no later than at the age of 8 years), until the age of 17 or graduation from a high school, whichever occurs first.

S. §§ 13-1326, 13-1327, 13-1330, 13-1372, 15-1511, 21-2103(8) and 26-2603-B).

Notes of Decisions

When a child was denied admittance to kindergarten on the basis of age after transferring to a different school district, he was not denied equal protection since compulsory attendance for "beginners" did not pertain to kindergarten students. *O'Leary v. Wisecup*, 364 A.2d 770 (Pa. Cmwlth. 1976).

§ 11.14. Admission to kindergarten when provided.

When kindergarten is provided, the board of school directors shall establish the district's minimum entry age to kindergarten. The minimum entry age to kindergarten may not be less than 4 years, no months, before the first day of the school term. The district's maximum entry age to kindergarten must be less than the district's entry age for beginners.

Notes of Decisions

A child is not statutorily entitled to a kindergarten education, and enrollment in kindergarten does not, therefore, create a property interest on behalf of the student. *O'Leary v. Wisecup*, 364 A.2d 770 (Pa. Cmwlth. 1976).

Age classification established by a district is valid if grounded on some reasonable basis, and the fact that the classification made by the state is not perfect or results in inequality in practice does not offend the Constitution. *O'Leary v. Wisecup*, 364 A.2d 770 (Pa. Cmwlth. 1976).

Section 11.14 provides that the board of school directors shall establish the minimum entry age for kindergarten in the district. The term "board of school directors" in § 11.14 may not be construed to include the board of trustees at a cyber charter school. Therefore, a district is not obligated to fund a kindergarten program offered by a cyber charter school for a student who does not meet the minimum entry age requirement as set forth by the board of school directors. *Slippery Rock Area School Dist. v. Pennsylvania Cyber Charter School*, 31 A.3d 657, 665-67 (Pa. 2011).

§ 11.15. Admission of beginners.

The board of school directors shall establish the district's minimum entry age for beginners, which may not be less than a chronological age of 5 years and 7 months before September 1, nor more than 6 years, no months, before the first day of the school term of the district. The board of school directors shall permit a child of beginners' age to attend the district's first grade and may not require the child to attend kindergarten, prefirst grade, transitional class or other grade or class that is not regular first grade without parental consent.

§ 11.16. Early admission of beginners.

The board of school directors of a school district may, upon parental request and when recommended by a public school psychologist and approved by the district superintendent of schools, admit as a beginner a child with a chronological age of 5 years and who has demonstrated readiness for entry as of the first day of the district's school term. S. § 13-1310(b)).

(c) If the school district of residence of a child living at or assigned to a facility or institution, as described in subsection (a) or (b), cannot be determined, but it is decided by the Secretary that the child is a resident of this Commonwealth, the child shall be permitted to attend the public schools of the district. A child covered by this subsection shall include a child whom the Secretary finds to have been placed by the child's resident parents or guardian in the care or custody of a Commonwealth facility and subsequently abandoned or deserted.

§ 11.19. Nonresident child living with a district resident.

(a) A nonresident child is entitled to attend the district's public schools if that child is fully maintained and supported in the home of a district resident as if the child were the resident's own child and if the resident receives no personal compensation for maintaining the student in the district. Before accepting the child as a student, the board of school directors of the district shall require the resident to file with the secretary of the board of school directors either appropriate legal documentation to show dependency or guardianship or a sworn statement that the child is a resident of the district, the child is supported fully without personal compensation or gain, and that the resident will assume all personal obligations for the child relative to school requirements and intends to so keep and fully support the child continuously and not merely through the school term. The resident's receipt of public payments, such as Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), maintenance on public or private health insurance, pre-adoptive support or other payments for or on account of the child, may not be deemed to be personal compensation or gain under this section. The school board may require other reasonable information to be submitted by the resident to substantiate the sworn statement in accordance with guidelines established by the Department, as authorized by section 1302(2) of the Public School Code of 1949 (24 P. S. § 13-1302(2)).

(b) The enrollment requirements outlined in § 11.11 (relating to entitlement of resident children to attend public schools) also apply to a nonresident child living with a district resident.

Notes of Decisions*Child Support Payments*

Trial court erred in concluding that child, residing in school district with grandmother, was ineligible to enroll or receive free school privileges based on fact that grandmother received child support payments from child's mother; mother's financial contribution was court-ordered support to provide for child care expenses, not to compensate grandmother who supported child gratis, acted as child's

sole caregiver, provided all of his daily needs, and assumed all responsibilities for making education-related decisions. *Velazquez v. East Stroudsburg*, 949 A.2d 354, 359 (Pa. Cmwlth. 2008).

§ 11.27. Graduation.

The intent of this section is to specify the effect of graduation on membership for the purpose of calculating school subsidies.

(1) A student's graduation from high school signifies both the student's fulfillment of the high school graduation requirements set forth in Chapter 4 (relating to academic standards and assessment) and the end of the student's membership in a school district for the purpose of State subsidy reimbursement. A graduating student's date of graduation shall be that of the commencement ceremony of the student's high school.

(2) This paragraph applies to a graduating high school student who is attending an area vocational technical school (AVTS). If the AVTS instructional

calendar extends beyond the student's high school commencement date, for purposes of determining whether the student has received 180 days of instruction and for purposes of determining State subsidy computation, the student may be maintained in membership at the AVTS until the end of the AVTS calendar.

(3) Graduating students may be counted as in attendance for no more than 3 days of commencement preparation. Commencement preparation may be held on Saturdays within 60 days of the commencement ceremony. During commencement preparation days, students shall be under the supervision of certificated school district employees.

(4) School districts, AVTSs and charter schools may permit students with disabilities identified under Chapter 14 (relating to special education program and services) to participate in graduation ceremonies with their graduating class, even though they will not be awarded a diploma and will continue to receive educational services under Chapter 14. The participation of those students in graduation ceremonies does not preclude the school district from counting those students in its membership for subsidy purposes.

(b) *Part-time employment.* A student may be excused on a part-time basis from public school attendance to pursue non-school district supervised outside employment. For reimbursement purposes, membership in the public schools shall be calculated by counting the students only for those periods while they are in school.
