READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 225—RULES OF EVIDENCE

[225 PA. CODE ARTS. I, IV AND VIII]

Order Adopting Amendments to Rule 410, and Approving the Revision of the Comments to Rules 105 and 802—804; No. 237, Supreme Court Rules; Doc. No. 1

The Committee on Rules of Evidence has prepared a Final Report explaining the March 10, 2000 amendments to Rule of Evidence 410 and approved the revision of the Comments to Rules 105, 802, 803, and 804, effective immediately. These changes correct various technical or editorial errors in the text of or Comments to the rules, and update the rules consistent with changes in rules or statutes that have been included in the Comments. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this tenth day of March, 2000, upon the recommendation of the Committee on Rules of Evidence, this Recommendation for editorial and technical changes having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3) and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that:

- (1) Rule of Evidence 410 is hereby amended; and
- (2) the revision of the Comments to Rules of Evidence 105, 802, 803, and 804 are approved, as follows.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective immediately.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE I. GENERAL PROVISIONS

Rule 105. Limited Admissibility.

Comment

This rule differs from F.R.E. 105 in that the language "or on its own initiative may" has been added. This rule [, as amended,] is consistent with Pennsylvania law. In addition to the approach taken by Pa.R.E. 105, there are other ways to deal with evidence that is admissible as to one party or for one purpose, but not admissible as to another party or for another purpose. For example, the evidence may be redacted. See *Commonwealth v. Johnson*, 474 Pa. 410, 378 A.2d 859 (1977). Or, a severance may be an appropriate remedy. See *Commonwealth v. Young*, 263 Pa. Super. 333, 397 A.2d 1234 (1979). Where the danger of unfair prejudice outweighs probative value, the evidence may be excluded. See Pa.R.E. 403; *McShain v. Indemnity Ins. Co. of North America*, 338 Pa. 113, 12 A.2d 59 (1940).

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 10, 2000, effective immediately.

Committee Explanatory Reports:

Final Report explaining the March 10, 2000 revision of the Comment deleting "as amended" from the second sentence published with the Court's Order at 30 Pa.B. 1641 (March 25, 2000).

ARTICLE IV. RELEVANCY AND ITS LIMITS

Rule 410. Inadmissibility of Pleas, Plea Discussions and Related Statements.

(a) *General rule.* Except as otherwise provided in this rule, evidence of the following is not, in any civil or criminal proceeding, admissible against the defendant who made the plea or was a participant in the plea discussions:

* * * * *

(3) any statement made in the course of any proceedings under Rules 59, 64, 69, 177, 179, or 319 of the Pennsylvania Rules of Criminal Procedure, Fed.R.Crim.P. 11, or any comparable rule or provision of law [of another state] of Pennsylvania or any other jurisdiction regarding the pleas identified in subsections (1) and (2) of this rule; or

* * * * *

Comment

This rule is similar to F.R.E. 410. References to Rules 59, 64, 69, 177, 179, and 319 of the Pennsylvania Rules of Criminal Procedure and the comparable rules or other provisions [of other states] of Pennsylvania or other jurisdictions have been added. Unlike the federal rule, subsection (b) of the Pennsylvania rule is set forth separately to indicate that it creates an exception applicable to all of subsection (a).

Pa.R.E. 410 reflects present Pennsylvania law. See *Commonwealth v. Jones*, [375 Pa. Super. 194,] 544 A.2d 54 (Pa. Super. 1988); *Commonwealth ex rel. Warner v. Warner*, [156 Pa. Super. 465,] 40 A.2d 886 (Pa. Super. 1945); Pa.R.Crim.P. 177(b), 179(b).

Pa.R.E. 410 does not prohibit the use of a conviction that results from a plea of nolo contendere, as distinct from the plea itself, to impeach in a later proceeding (subject to Pa.R.E. 609) or to establish an element of a charge in a later administrative proceeding. See *Commonwealth v. Snyder*, [408 Pa. 253,] 182 A.2d 495 (Pa. 1962) (conviction based on nolo contendere plea could be used to impeach witness in later criminal proceeding); *Eisenberg v. Commonwealth, Dep't. of Public Welfare*, [512 Pa. 181,] 516 A.2d 333 (Pa. 1986) (conviction based on nolo contendere plea permitted to establish element of charge in administrative proceeding).

* * * * *

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 23, 1999, effective immediately; amended March 10, 2000, effective immediately.

Committee Explanatory Reports:

* * * * *

Final Report explaining the March 10, 2000 technical amendments updating the rule published with the Court's Order at 30 Pa.B. 1641 (March 25, 2000).

ARTICLE VIII. HEARSAY

Rule 802. Hearsay Rule.

* * * * *
Comment
* * * * *

Often, hearsay will be admissible under an exception provided by these rules. See, e.g., Pa. Rs.E. 803, 803.1, and 804. On occasion, hearsay may be admitted pursuant to another rule promulgated by the Pennsylvania Supreme Court. For example, in civil cases, all or part of a deposition may be admitted pursuant to Pa.R.C.P. 4020, or a videotape deposition of an expert witness may be admitted pursuant to Pa.R.C.P. 4017.1(g).

Also, hearsay may be admitted pursuant to a state statute. Examples include:

* * * * *

7. In a dependency hearing, an out-of-court statement of a witness under [14] 16 years of age, describing certain types of sexual abuse, may be admitted pursuant to 42 Pa.C.S. § 5986.

* * * * *

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised March 23, 1999, effective immediately; Comment revised March 10, 2000, effective immediately.

Committee Explanatory Reports:

* * * * *

Final Report explaining the March 10, 2000 changes updating the seventh paragraph of the Comment published with the Court's Order at 30 Pa.B. 1641 (March 25, 2000).

Rule 803. Hearsay Exceptions; Availability of Declarant Immaterial.

The following statements, as hereinafter defined, are not excluded by the hearsay rule, even though the declarant is available as a witness:

(25) Admission by Party-Opponent. The statement is offered against a party and is (A) the party's own statement in either an individual or a representative capacity, or (B) a statement of which the party has manifested an adoption or belief in its truth, or (C) a statement by a person authorized by the party to make a statement concerning the subject, or (D) a statement by the party's agent or servant concerning a matter within the scope of the agency or employment, made during the existence of the relationship, or (E) a statement by a co-conspirator of a party during the course and in furtherance of the conspiracy. The contents of the statement may be considered but are not alone sufficient to establish the declarant's authority under subdivision (C), the agency or employment relationship and scope thereof under subdivision (D), or the existence of the conspiracy and the participation therein of the declarant and the party against whom the statement is offered under subdivision (E).

Comment

* * * * *

The second sentence of Pa.R.E. 803(25) [, as amended,] is consistent with Pennsylvania law. See

Commonwealth v. Smith, [523 Pa. 577,] 568 A.2d 600 (Pa. 1989); Commonwealth v. Dreibelbis, [493 Pa. 466,] 426 A.2d 1111 (Pa. 1981).

The personal knowledge rule (Pa.R.E. 602) is not applicable to admissions. See Salvitti v. Throppe, [343 Pa. 642,] 23 A.2d 445 (Pa. 1942).

* * * * *

B. Adoptive Admission. Pa.R.E. 803(25)(B) is consistent with Pennsylvania law. See Commonwealth v. Cheeks, [429 Pa. 89,] 239 A.2d 793 (Pa. 1968) (party expressly adopted statement); Commonwealth v. Coccioletti, [493 Pa. 103,] 425 A.2d 387 (Pa. 1981) (party impliedly adopted statement by failing to deny the truth of a statement that party would be expected to deny under the circumstances).

C. Statement by Authorized Agent. Admitting, as an exception to the hearsay rule, the statement of a person authorized to speak for the party against the party is consistent with Pennsylvania law. See McGarity v. New York Life Ins. Co., [359 Pa. 308,] 59 A.2d 47 (Pa. 1948).

* * * * *

E. Statement by a Co-conspirator. The admissibility of a statement by a co-conspirator as provided by this rule is consistent with Pennsylvania law. See Commonwealth v. Mayhue, [536 Pa. 271,] 639 A.2d 421 (Pa. 1994); Commonwealth v. Dreibelbis, [493 Pa. 466,] 426 A.2d 1111 (Pa. 1981).

Committee Explanatory Reports:

* * * * *

Final Report explaining the March 10, 2000 revision of the Comment for paragraph 25 published with the Court's Order at 30 Pa.B. 1641 (March 25, 2000).

Rule 804. Hearsay Exceptions; Declarant Unavailable.

* * * * *

(b) Hearsay Exceptions. The following statements, as hereinafter defined, are not excluded by the hearsay rule if the declarant is unavailable as a witness:

* * * * *

(1) Former Testimony. Testimony given as a witness at another hearing of the same or a different proceeding, or in a deposition taken in compliance with law in the course of the same or another proceeding, if the party against whom the testimony is now offered, or, in a civil action or proceeding, a predecessor in interest, had an adequate opportunity and similar motive to develop the testimony by direct, cross, or redirect examination.

Comment

* * * * *

These two statutes, which are limited in scope, have less significance than they might otherwise have because the Pennsylvania Supreme Court has recognized a broader exception to the hearsay rule for former testimony as a matter of its developing common law. See, e.g., Commonwealth v. Graves, [484 Pa. 29,] 398 A.2d 644

(Pa. 1979); *Commonwealth v. Rodgers*, [472 Pa. 435,] 372 A.2d 771 (Pa. 1977). The addition of an "adequate" opportunity to cross-examine is consistent with Pennsylvania law. See *Commonwealth v. Bazemore*, [531 Pa. 582,] 614 A.2d 684 (Pa. 1992) (requiring a "full and fair" opportunity to cross-examine).

Depositions

* * * * *

The Judicial Code provides for the use of depositions in criminal cases. 42 Pa.C.S. [A.] § 5919 provides:

Depositions in criminal matters

* * * * *

42 Pa.C.S. [A.] § 5325 sets forth the procedure for taking depositions, by either prosecution or defendant, outside Pennsylvania.

Again, the Pennsylvania Supreme Court, as a matter of common law development, has recognized an exception to the hearsay rule for depositions that is broader than the statute. See *Commonwealth v. Stasko*, [471 Pa. 373,] 370 A.2d 350 (Pa. 1977).

* * * * *

(2) *Statement Under Belief of Impending Death.* A statement made by a declarant while believing that the declarant's death was imminent, concerning the cause or circumstances of what the declarant believed to be impending death.

Comment

* * * * *

The rationale for this exception to the hearsay rule was set forth in *Commonwealth v. Smith*, [454 Pa. 515, 517—18,] 314 A.2d 224, 225 (Pa. 1973):

* * * * *

The common law has traditionally, but illogically, excepted a dying declaration to the hearsay rule in a criminal prosecution for homicide, but not in a criminal prosecution for another crime, or in a civil case. Prior Pennsylvania case law followed the common law. See *Commonwealth v. Antonini*, [165 Pa. Super. 501,] 69 A.2d 436 (Pa. Super. 1949).

* * * * *

(3) *Statement Against Interest.* A statement which was at the time of its making so far contrary to the declarant's pecuniary or proprietary interest, or so far tended to subject the declarant to civil or criminal liability, or to render invalid a claim by the declarant against another, that a reasonable person in the declarant's position would not have made the statement unless believing it to be true. In a criminal case, a statement tending to expose the declarant to criminal liability is not admissible unless corroborating circumstances clearly indicate the trustworthiness of the statement.

Comment

* * * * *

Pa.R.E. 804(b)(3) is consistent with prior Pennsylvania decisional law. See *Rudisill v. Cordes*, [333 Pa. 544,] 5 A.2d 217 (Pa. 1939) (civil case); *Commonwealth v. Williams*, [537 Pa. 1, n.8,] 640 A.2d 1251, 1263 n.8 (Pa. 1994) (criminal case).

(4) *Statement of Personal or Family History.* A statement, made before the controversy arose:

* * * * *

Comment

Pa.R.E. 804(b)(4) differs from F.R.E. 804(b)(4) by requiring the statement of pedigree to be made before the controversy arose, i.e., ante litem [motem] motam.

Pa.R.E. 804(b)(4) expands prior Pennsylvania decisional law in two respects:

1. The exception applies if the declarant is unavailable, as "unavailability" is defined in Pa.R.E. 804(a). Formerly, it was required that the declarant be dead. See *In re McClain's Estate*, [481 Pa. 435,] 392 A.2d 1371 (Pa. 1978). The need for the evidence is the same, whether the declarant is dead or unavailable to testify for one of the other reasons delineated in Pa.R.E. 804(a).

2. Under Pa.R.E. 804(b)(4)(B), the declarant need not be related to the person of whom he or she spoke. It is sufficient that the declarant be so closely associated with the person's family as to have accurate information. Formerly, a familial relationship was required. See *In re Garrett's Estate*, [371 Pa. 284,] 89 A.2d 531 (Pa. 1952). A statement of this type by a person closely associated with the person or family of which he or she spoke is likely to be sufficiently reliable to justify an exception to the hearsay rule.

Pennsylvania retains the requirement that the statement must be made before the controversy arose. See *In re McClain's Estate, supra*; *In re Garrett's Estate, supra*.

Committee Explanatory Reports:

Final Report explaining the March 10, 2000 revision of the Comment to paragraph (b)(4) published with the Court's Order at 30 Pa.B. 1641 (March 25, 2000).

FINAL REPORT¹

Amendments to Pa.R.E. 410 and revision of the Comments to Pa.Rs.E. 105, 802, 803, and 804.

Editorial and Technical Corrections

On March 10, 2000, effective immediately, upon the recommendation of the Committee on Rules of Evidence, the Supreme Court adopted amendments to Rule of Evidence 410, and approved the revision of the Comments to Rules 105, 802, 803, and 804. These rule changes correct various technical or editorial errors in the text of or Comments to the rules, and update the rules consistent with changes in rules or statutes that have been included in the Comments.

I. BACKGROUND

The Committee has continued to monitor and review the Rules of Evidence. As part of this ongoing process, we identified a few additional rules that contain typographical and editorial errors that should be corrected,² and other stylistic or editorial corrections that will make the rules consistent with the Court's other rules. In addition,

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

² On March 23, 1999, the Court adopted the first "clean up" of the rules making technical and editorial corrections. See 29 Pa.B. 1712 (April 3, 1999).

we noted that since the Ad Hoc Committee's work was completed, there have been some substantive changes in statutes and cases that are cited in the Comments to the rules that require correlative updates that, although not substantive in nature, are necessary to reduce the likelihood of confusion concerning the interpretation of the rules.

II. DISCUSSION OF CHANGES

The rule changes that are the subject of this Order are as follows:

(1) Rule 410(a)(3) has been amended by adding Criminal Rules 64 and 69 (rules that also address plea procedures) to the list of Criminal Rules already referenced in that paragraph. In addition, to make the scope of the provision clearer, the last phrase in the paragraph has been amended by the deletion "of another state" and the addition of "of Pennsylvania or any other jurisdiction" before "regarding."

(2) The second sentence of the first paragraph of the Rule 105 Comment and the first sentence of the third paragraph of the Rule 803(25) Comment have been revised by deleting "as amended." The Committee agreed that, although the reference was intended to highlight that these new Pennsylvania rules were different from their Federal rule counterpart, the reference could be confusing, and, therefore should be deleted.

(3) The seventh paragraph of the Rule 802 Comment has been revised by changing the referenced age from 14 years to 16 years. This change conforms the Comment with 42 Pa.C.S. § 5986 that was amended after the Ad Hoc Committee had completed its work on Rule 802.

(4) The Comment to Rule 804(b)(4) has been revised by correcting the spelling of "ante litem motam" in the last line of the first paragraph.

Order Adopting Amendments to Rule 408; No. 236, Supreme Court Rules; Doc. No. 1

The Committee on Rules of Evidence has prepared a Final Report explaining the March 10, 2000 changes to Rule of Evidence 408, effective July 1, 2000. These changes bring Pa.R.E. 408 in line with F.R.E. 408 by abolishing the common law rule and making it clear that evidence of conduct or statements made in compromise negotiations is not admissible to prove liability for or the validity of a claim or its amount. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this tenth day of March, 2000, upon the recommendation of the Committee on Rules of Evidence; this proposal having been published before adoption at 29 Pa. B. 2264 (May 1, 1999) and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule of Evidence 408 is hereby amended as follows.

This Order shall be processed immediately in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2000.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE IV. RELEVANCY AND ITS LIMITS

Rule 408. Compromise and Offers to Compromise.

Evidence of (1) furnishing or offering or promising to furnish, or (2) accepting or offering or promising to accept, a valuable consideration in compromising or attempting to compromise a claim which was disputed as to either validity or amount, is not admissible to prove liability for or invalidity of the claim or its amount. **Evidence of conduct or statements made in compromise negotiations is likewise not admissible.** This rule does not require the exclusion of [**an admission of fact**] **any evidence otherwise discoverable** merely because it is presented in the course of compromise negotiations. This rule also does not require exclusion when the evidence is offered for another purpose, such as proving bias or prejudice of a witness, negating a contention of undue delay, or proving an effort to obstruct a criminal investigation or prosecution.

Comment

This rule is [**similar**] identical to F.R.E. 408. [**Contrary to its federal counterpart, however, Pa.R.E. 408 does not bar the use of all statements and conduct occurring during settlement negotiations. In this respect, the rule is consistent with Pennsylvania law that distinct admissions of fact made during settlement discussions are admissible. See *Rochester Machine Corp. v. Mulach Steel Corp.*, 498 Pa. 545, 449 A.2d 1366 (1982) (plurality); *Heyman v. Hanauer*, 302 Pa. 56, 152 A. 910 (1930); *Hammel v. Christian*, 416 Pa. Super. 78, 610 A.2d 979 (1992).]**

The 2000 amendments abolish the common law rule that distinct admissions of fact made during settlement discussions are admissible, see *Rochester Marine Corp. v. Mulach Steel Corp.*, 449 A.2d 1366 (Pa. 1982) (plurality), bringing Pennsylvania in line with F.R.E. 408 and most of the states.

The 2000 amendments are consistent with the Mediation Act of 1996. See 42 Pa.C.S. § 5949 (Confidential mediation communications and documents).

Like the federal rule, Pa.R.E. 408 permits evidence relating to compromises and offers to compromise to be admitted for purposes other than proving liability, such as showing bias or prejudice. See *Heyman v. Hanauer*, [**302 Pa. 56,**] 152 A. 910 (Pa. 1930) (if proposal was offer to settle, it could have been used to impeach witness).

Pa.R.E. 408 is consistent with 42 Pa.C.S. [**A.**] § 6141 which provides, in pertinent part, as follows:

§ 6141. *Effect of certain settlements*

* * * * *

See *Hatfield v. Continental Imports, Inc.*, [**530 Pa. 551,**] 610 A.2d 446 (Pa. 1992) (evidence of "Mary Carter" agreement admissible to show bias or prejudice, and not excluded by § 6141(c)).

Under Pa.R.E. 408, as under F.R.E. 408, evidence of offers to compromise or completed compromises is admissible when used to prove an effort to obstruct a criminal investigation or prosecution. This is consistent with prior Pennsylvania case law. See *Commonwealth v. Pettinato*, [**360 Pa. Super. 242,**] 520 A.2d 437 (Pa. Super. 1987). Pa.R.E. 408 does not permit, however, the use of evidence

relating to good faith compromises or offers to compromise when made for the purpose of reaching an agreement such as those sanctioned by Pa.R.Crim.P. 314 (relating to dismissal of criminal charges not committed by force or violence upon payment of restitution) or Pa.R.Crim.P. 145 (relating to dismissal upon satisfaction or agreement). The court may need to conduct, out of the hearing of the jury, a preliminary inquiry into the circumstances surrounding compromises in criminal matters to determine whether to permit such evidence.

Official Note: Adopted May 8, 1998, effective October 1, 1998; amended March 10, 2000; effective July 1, 2000.

Committee Explanatory Reports:

Final Report explaining the March 10, 2000 amendments concerning the inadmissibility of evidence of conduct or statements made in compromise negotiations published at 30 Pa.B. 1643 (March 25, 2000).

FINAL REPORT³

Amendment to Pa.R.E. 408

Compromise and Offers to Compromise

On March 10, 2000, upon the recommendation of the Committee on Rules of Evidence, the Supreme Court adopted amendments to Rule of Evidence 408 (Compromise and Offers to Compromise), effective July 1, 2000. The amendments bring Pa.R.E. 408 in line with F.R.E. 408 by abolishing the common law rule and making it clear that evidence of conduct or statements made in compromise negotiations is not admissible to prove liability for or the validity of a claim or its amount.

The Committee undertook a review of this rule after receiving correspondence contending that Rule 408 is a "trap for the unwary" because it inhibits talking freely in order to promote settlement, and contributes to malpractice actions against lawyers who make damaging statements because they do not say "Hypothetically speaking" prior to any compromise discussions. The correspondents suggested that Rule 408 be amended to parallel F.R.E. 408 and the other states that have similar rules or statutes.⁴

As the Committee evaluated the points raised in the correspondence, the members noted that the Mediation Act, which was passed in 1996 after the Ad Hoc Committee on the Rules of Evidence had completed its work on Rule 408, provides "Mediation communications and mediation documents shall not be admissible as evidence in any action or proceeding . . .," see 42 Pa.C.S. § 5949, thereby abrogating the common law rule for proceedings covered by the Act. The experience of the members of the Committee has been that the provisions of the Act are logical and work well. Furthermore, the Committee noted that most states have some form of a mediation act, and several of them have included provisions in their rules or statutes concerning the admissibility of statements made during mediation.

Based on their experiences concerning compromise negotiations, the Committee members acknowledged that there are many situations in which an attorney will agree with opposing counsel to conduct their state settlement negotiations under the federal rules. This is a common

method by which attorneys circumvent the common law and alleviate the necessity to state "Hypothetically speaking" prior to settlement discussions.

Based on the foregoing considerations, the Committee agreed that Pennsylvania evidence law should be aligned with F.R.E. 408. Accordingly, Pa.R.E. 408 has been amended by adding "Evidence of conduct or statements made in compromise negotiations is likewise not admissible" after the first sentence, and by replacing the phrase "any admission of fact" with "any evidence otherwise discoverable." These changes abrogate Pennsylvania's adherence to the common law under which such conduct or statements are admissible, and make it clear that evidence of conduct or statements made in compromise negotiations is not admissible to prove liability for or invalidity of a claim or its amount. Correlative revisions have been made to the Comment.

[225 PA. CODE ART. VI]

Order Adopting Amendments to Rule 613; No. 238, Supreme Court Rules; Doc. No. 1

The Committee on Rules of Evidence has prepared a Final Report explaining the March 10, 2000 changes to Rule of Evidence 613, effective July 1, 2000. These changes add the term "inconsistent" to the title and the text of Rule 613(a) to make it clear that both sections (a) and (b) apply to attacks on credibility through prior inconsistencies. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this tenth day of March, 2000, upon the recommendation of the Committee on Rules of Evidence, this proposal having been published before adoption at 29 Pa.B. 2265 (May 1, 1999) and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule of Evidence 613 is hereby amended in the following form.

This *Order* shall be processed immediately in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2000.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE VI. WITNESSES

Rule 613. Prior Statements of Witnesses.

(a) *Examining Witness Concerning Prior Inconsistent Statement.* A witness may be examined concerning a prior **inconsistent** statement made by the witness, whether written or not, and the statement need not be shown or its contents disclosed to the witness at that time, but on request the statement or contents shall be shown or disclosed to opposing counsel.

* * * * *

Comment

* * * * *

¹The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

²The Committee examined the rules and statutes in several other jurisdictions and found that Pennsylvania is the only state that continues to follow this common law principle.

Section (a).—This section of the [Rule] rule is [identical to] basically the same as F.R.E. 613(a), except that the word “inconsistent” does not appear in the federal rule. Its inclusion makes clear that both sections (a) and (b) involve attacks on credibility through prior inconsistencies. It has been suggested that its omission from the federal rule was a “drafting oversight.” Charles A. Wright & Victor J. Gold, *Federal Practice & Procedure* § 6203, n. 13 (1993); J. Weinstein, 3 *Weinstein’s Evidence* § 613.02[1], n. 1 (1991). By dispensing with the need to show the prior statement or disclose its contents to the witness before proceeding with examination about it, section (a) repudiates the decision in the *Queen’s Case*, 129 Eng. Rep. 9761 (1928). Pa.R.E. 613(a) resolves the ambiguity in the scant Pennsylvania authority on this point. Compare *Kann v. Bennett*, [223 Pa. 36,] 72 A. 342 (Pa. 1909) (before witness may be cross-examined about prior inconsistent statement, witness must be shown the statement and asked if he wrote it) with *Commonwealth v. Petrakovich*, [459 Pa. 511,] 329 A.2d 844 (Pa. 1974) (overlooking *Kann* case, court stated it had never considered question of showing statement to witness, and found no need to resolve question under facts of case).

Section (b).—The first sentence of section (b) of Pa.R.E. 613 differs from F.R.E. 613(b). Like the [Federal] federal [Rule] rule, Pa.R.E. 613(b) permits introduction of extrinsic evidence of a prior inconsistent statement only if the witness was confronted with or informed of the statement, thus providing the witness with a chance to deny or explain the statement. Pa.R.E. 613(b), however, requires that the witness be confronted or informed during the examination; the [Federal] federal [Rule] rule sets no particular time or sequence. F.R.E. 613 advisory committee notes.

Pa.R.E. 613(b) follows the traditional common law approach. It establishes that the witness must be shown or made [of] aware of the prior inconsistent statement before extrinsic evidence of the statement may be introduced, unless relaxation of the rule would serve the interests of justice. This is a departure from Pennsylvania authority, which gives the trial court discretion whether to require showing or disclosure of the statement. See, e.g., *Commonwealth v. Manning*, [495 Pa. 652,] 435 A.2d 1207 (Pa. 1981); *Commonwealth v. Dennison*, [441 Pa. 334,] 272 A.2d 180 (Pa. 1971).

The rationale for the last sentence of section (b), which exempts admissions of a party-opponent, is that “parties have ample opportunities to testify and explain or deny statements attributed to them.” 28 Wright & Gold, *Federal Practice and Procedure* § 6205 (1993). The exemption is in accord with Pennsylvania law. *Commonwealth by Truscott v. Binstock*, [358 Pa. 644,] 57 A.2d 884 (Pa. 1948); *Commonwealth v. Dilworth*, [289 Pa. 498,] 137 A. 683 (Pa. 1927).

Finally, as noted in the Comment to Pa.R.E. 607(a), a prior inconsistent statement may be used only for impeachment purposes and not substantively unless it is an admission of a party opponent under Pa.R.E. 803(25), the statement of a witness other than a party-opponent within the hearsay exception of Pa.R.E. 803.1(1), or a statement of prior identification under the hearsay exception of Pa.R.E. 803.1(2).

Section (c). Pa.R.E. 613(c) does not appear in F.R.E. 613. F.R.E. 801(d)(1)(B) provides that the prior consistent

statement of a testifying witness is not hearsay, and that the statement is admissible substantively if it is consistent with the witness’ testimony and “is offered to rebut an express or implied charge of recent fabrication, or improper influence or motive.” Pa.R.E. 613(c) adds “bias,” “faulty memory,” and “prior inconsistent statement” to the kind of charges that may be rebutted by a consistent statement. In addition, it specifically provides in subsection (c)(1) that the consistent statement must have been made before the fabrication, bias, etc. Although F.R.E. 801(d)(1)(B) is silent on this point, the Supreme Court held that it permits the introduction of consistent statements as substantive evidence only when they were made before the challenged fabrication, influence, or motive. See *Tome v. United States*, 513 U.S. 150 (1995). Unlike the [Federal] federal [Rule] rule, under Pa.R.E. 613(c), a prior consistent statement is always received for rehabilitation purposes only and not as substantive evidence.

Pa.R.E. 613(c)(1) is in accord with Pennsylvania law. See *Commonwealth v. Hutchinson*, [521 Pa. 482,] 556 A.2d 370 (Pa. 1989) (to rebut charge of recent fabrication); *Commonwealth v. Smith*, [518 Pa. 15,] 540 A.2d 246 (Pa. 1988) (to counter alleged corrupt motive); *Commonwealth v. Swinson*, [426 Pa. Super. 167,] 626 A.2d 627 (Pa. Super. 1993) (to negate charge of faulty memory); *Commonwealth v. McEachin*, [371 Pa. Super. 188,] 537 A.2d 883 (Pa. Super. 1988), appeal denied, [520 Pa. 603,] 553 A.2d 965 (Pa. 1988) (to offset implication of improper influence). All of these cases require that the consistent statement must have been made before the fabrication, bias, etc.

* * * * *

Usually, evidence of a prior consistent statement is rebuttal evidence that may not be introduced until after a witness has testified on direct examination and an express or implied attack has been made on the witness’ testimony in one of the ways set forth in Pa.R.E. 613(c). But in at least two situations, Pennsylvania Courts have upheld the admission of a prior inconsistent statement in anticipation of an attack on the witness. See *Commonwealth v. Smith*, [518 Pa. 15,] 540 A.2d 246 (Pa. 1988) (prior consistent statements by prosecution witness admitted on direct examination where defense counsel’s opening statement suggested that the witness had motives to fabricate evidence against the defendant to obtain a lenient sentence for herself); *Commonwealth v. Freeman*, [295 Pa. Super. 467,] 441 A.2d 1327 (Pa. Super. 1982) (evidence of prompt complaint of rape by alleged victim may be introduced in prosecution’s case in chief because alleged victim’s testimony is automatically vulnerable to attack by the defendant as recent fabrication in the absence of evidence of hue and cry on her part.”).

Final Report explaining the March 10, 2000 amendments adding “inconsistent” to section (a) published with the Court’s Order at 30 Pa.B. 1645 (March 25, 2000).

FINAL REPORT¹

Amendments to Pa.R.P. 613(a)

Prior Statements of Witnesses

On March 10, 2000, upon the recommendation of the Committee on Rules of Evidence, the Supreme Court adopted an amendment to Pa. Rules of Evidence 613(a) effective July 1, 2000. This amendment adds the term "inconsistent" to the title and the text of Rule 613(a) to make it clear that both sections (a) and (b) apply to attacks on credibility through prior inconsistencies.

As part of its ongoing review of the Rules of Evidence, and in response to some correspondence, the Committee has reexamined Rule 613. We agreed with the correspondence that the use of "prior statements" in section (a) could lead to misconstruction about its application to both consistent and inconsistent statements. However, before recommending an amendment, we wanted to be sure that our construction was consistent with the construction of F.R.E. 613(a), which was the model for the Pennsylvania rule. We looked at the history of the federal rule, and found that authorities agree (1) the omission of the term "inconsistent" in F.R.E. 613(a) is inadvertent, and (2) F.R.E. 613(a) is intended to apply only to inconsistent statements. See Charles A. Wright & Victor J. Gold, *Federal Practice & Procedure* § 6203, n. 13 (1993) and J. Weinstein, 3 *Weinstein & Berger, Weinstein's Evidence* § 613[01], n. 1 (1991).

In view of this construction of the federal rule by the authorities, as an aid to members of the bench and bar, Pa.R.E. 613(a) has been amended to make it clear the section applies only to inconsistent statements by adding the term "inconsistent" to both the title of the section and the text of the section. Correlative revisions have been added to the Comment.

Order Adopting Amendments to Rule 803.1; No. 239, Supreme Court Rules; Doc. No. 1

The Committee on Rules of Evidence has prepared a Final Report explaining the March 10, 2000 changes to Rule of Evidence 803.1, effective July 1, 2000. These changes include a technical amendment in the text of subsection (1) of Rule 803.1 (Hearsay Exceptions; Testimony of Declarant Necessary) that merely adds "a" before "declarant" in the first line of the subsection, and a Comment revision that updates subsection (1) of the Comment consistent with recent changes in the case law concerning the admission of prior inconsistent statements. The Final Report follows the Court's Order.

Now, this tenth day of March, 2000, upon the recommendation of the Committee on Rules of Evidence; this proposal having been published before adoption at 29 Pa.B. 2265 (May 1, 1999) and a Final Report to be published with this Order.

¹ The Committee's Final Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Report.

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule of Evidence 803.1 is hereby amended as follows.

This *Order* shall be processed immediately in accordance with Pa.R.J.A. 103(b), and shall be effective July 1, 2000.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE VIII. HEARSAY

Rule 803.1. Hearsay Exceptions; Testimony of Declarant Necessary.

The following statements, as hereinafter defined, are not excluded by the hearsay rule if the declarant testifies at the trial or hearing and is subject to cross-examination concerning the statement:

* * * * *

(1) *Inconsistent Statement of Witness.* A statement by a declarant that is inconsistent with the declarant's testimony, and (a) was given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition, or (b) is a writing signed and adopted by the declarant, or (c) is a verbatim contemporaneous recording of an oral statement.

Comment

Subsection (a) is similar to F.R.E. 801(d)(1)(A), except that **the Pennsylvania rule classifies those kinds of inconsistent statements that are described therein** as exceptions to the hearsay rule, not exceptions to the definition of hearsay. Subsections (b) and (c) are an expansion of the exception **[as defined] that is described** in the federal rule.

Pa.R.E. 803.1(1) is consistent with **prior Pennsylvania case law**. See *Commonwealth v. Brady*, 507 A.2d 66 (Pa. 1986) (seminal case that overruled close to two centuries of decisional law in Pennsylvania and held that the recorded statement of a witness to a murder, inconsistent with her testimony at trial, was properly admitted as substantive evidence, excepted to the hearsay rule); [*Commonwealth v. Halstead*, 542 Pa. 318, 666 A.2d 655 (1995);] *Commonwealth v. Lively*, [530 Pa. 464,] 610 A.2d 7 (Pa. 1992). **To qualify as a "verbatim contemporaneous recording of an oral statement," the "recording" must be an electronic, audiotaped, or videotaped recording. See Commonwealth v. Wilson, 707 A.2d 1114 (Pa. 1998). Inconsistent statements of a witness that do not qualify as exceptions to the hearsay rule may still be introduced to impeach the credibility of the witness. See Pa.R.E. 613.**

* * * * *

Comment

* * * * *

Pa.R.E. 803.1(2) is consistent with Pennsylvania law, although we have found no reported cases dealing with prior identification of a thing, as distinguished from a

person. See *Commonwealth v. Ly*, [528 Pa. 523,] 599 A.2d 613 (Pa. 1991); *Commonwealth v. Saunders*, [386 Pa. 149,] 125 A.2d 442 (Pa. 1956).

* * * * *
Comment

Pa.R.E. 803.1(3) is consistent with Pennsylvania law. See *Commonwealth v. Cargo*, [498 Pa. 5,] 444 A.2d 639 (Pa. 1982); *Commonwealth v. Cooley*, [484 Pa. 14,] 398 A.2d 637 (Pa. 1979).

Official Note: Adopted May 8, 1998, effective October 1, 1998; amended March 10, 2000, effective July 1, 2000.

Committee Explanatory Reports:

Final Report explaining the amendment to subsection (1) and the updates to the Comment to subsection (1) published with the Court's Order at 30 Pa.B. 1646 (March 25, 2000).

FINAL REPORT¹

Amendments to Pa.R.E. 803.1

PRIOR INCONSISTENT STATEMENTS

On March 10, 2000, upon the recommendation of the Committee on Rules of Evidence, the Supreme Court adopted the amendment of Rule of Evidence 803.1 and approved the revision of the Comment, effective July 1, 2000. These changes include a technical amendment in the text of subsection (1) of Rule 803.1 (Hearsay Exceptions; Testimony of Declarant Necessary) that merely adds "a" before "declarant" in the first line of the subsection, and a Comment revision that updates subsection (1) of the Comment consistent with recent changes in the case law concerning the admission of prior inconsistent statements.

Subsection (1) (Inconsistent Statement of Witness) of the Comment to Rule 803.1 has been revised in several ways. First, the change updates the Comment to subsection (1) by deleting the citation to *Commonwealth v. Halsted*, 542 Pa. 318, 666 A.2d 655 (1995), and replacing it with a citation to *Commonwealth v. Wilson*, 707 A.2d 1114 (Pa. 1998). *Wilson, supra*, clarifies what statements qualify as a "verbatim contemporaneous recording of an oral statement" within the context of subsection (1)(c).

In addition to adding the *Wilson* citation, the entire subsection (1) Comment has been revised to provide a clearer, more informative explanation of the evolution of Pennsylvania's law concerning the admission of prior inconsistent statements as substantive evidence. The revision includes a citation to *Commonwealth v. Brady*, 510 Pa. 123, 507 A.2d 66 (1986), which is the seminal case that held that it was proper to admit as substantive evidence a prior recorded statement of a witness that was inconsistent with the witness's testimony at trial.

Finally, the Comment revision includes a cross-reference to Pa.R.E. 613 (Prior Statements of Witnesses)

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

concerning the use of an inconsistent statement to impeach the credibility of a witness.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CHS. 1900, 1910, 1915, 1920 AND 1930]

Miscellaneous Technical Amendments of the Rules Relating to Domestic Relations; No. 332 Civil Procedural Rules; Doc. No. 5

Order

Per Curiam:

And Now, this 2nd day of March 2000, the Pennsylvania Rules of Civil Procedure 1905, 1910.3, 1910.9, 1910.16-4, 1915.15, 1920.42, 1920.72, 1920.73 and the Explanatory Comments to Rules 1910.10, 1910.11 and 1930.5 are amended as follows.

Whereas prior publication of proposed rulemaking would otherwise be required, it has been determined under Rule of Judicial Administration 103(a)(3) that the amendments are of a perfunctory nature and that the immediate promulgation of this Order is required in the interests of justice and efficient administration.

This order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective immediately.

PART I. GENERAL

CHAPTER 1900. ACTIONS PURSUANT TO THE PROTECTION FROM ABUSE ACT

Rule 1905. Forms for Use in PFA Actions. Notice and Hearing. Petition. Temporary Protection Order. Final Protection Order.

(a) The Notice of Hearing and Order required by Rule 1901.3 shall be substantially in the following form:

(Caption)

NOTICE OF HEARING AND ORDER

YOU HAVE BEEN SUED IN COURT. If you wish to defend against the claims set forth in the following papers, you must appear at the hearing scheduled herein. If you fail to do so, the case may proceed against you and a FINAL order may be entered against you granting the relief requested in the Petition. In particular, you may be evicted from your residence and lose other important rights. **Any protection order granted by a court may be considered in subsequent proceedings under Title 23 (Domestic Relations) of the Pennsylvania Consolidated Statutes, including child custody proceedings under Chapter 53 (relating to custody).**

* * * * *

(c) The Temporary Order of Court entered pursuant to the Act shall be substantially in the following form:

* * * * *

□ 3. Except for such contact with the minor child/ren as may be permitted under Paragraph 5 of this Order, Defendant is prohibited from having ANY CONTACT with Plaintiff, or any other person protected under this Order, at any location, including but not limited to any contact at Plaintiff's school, business, or place of employment. Defendant is specifically ordered to stay away from the following locations for the duration of this Order:

□ 4. Except for such contact with the minor child/ren as may be permitted under Paragraph 5 of this Order, Defendant shall not contact Plaintiff, or any other person protected under this Order, by telephone or by any other means, including through third persons.

* * * * *

10. THIS ORDER APPLIES IMMEDIATELY TO DEFENDANT AND SHALL REMAIN IN EFFECT UNTIL [insert expiration date] OR UNTIL OTHERWISE MODIFIED OR TERMINATED BY THIS COURT AFTER NOTICE AND HEARING.

* * * * *

NOTICE TO LAW ENFORCEMENT OFFICIALS

This Order shall be enforced by the police who have jurisdiction over the plaintiff's residence OR any location where a violation of this order occurs OR where the defendant may be located. If defendant violates Paragraphs 1 through 6 of this Order, defendant [may] shall be arrested on the charge of Indirect Criminal Contempt. An arrest for violation of this Order may be made without warrant, based solely on probable cause, whether or not the violation is committed in the presence of law enforcement.

□ 3. Except as provided in Paragraph 5 of this Order, Defendant is prohibited from having ANY CONTACT with the Plaintiff, or any other person protected under this Order, at any location, including but not limited to any contact at the Plaintiff's school, business, or place of employment. Defendant is specifically ordered to stay away from the following locations for the duration of this Order:

□ 4. Except as provided in Paragraph 5 of this Order, Defendant shall not contact the Plaintiff, or any other person protected under this Order, by telephone or by any other means, including through third persons.

* * * * *

□ 12. BRADY INDICATOR.

1. □ The Plaintiff or protected person(s) is a spouse, former spouse, a person who [cohabitates] cohabits or has cohabited with the Defendant, a parent of a common child, a child of that person, or a child of the Defendant.

* * * * *

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.3. Parties.

An action shall be brought

[(1)] (a) by a person, including a minor spouse, to whom a duty of support is owing, or

[(2)] (b) on behalf of a minor child by a person having custody of the [minor] child, without appointment as guardian ad litem, or

(c) on behalf of a minor child by a person caring for the child regardless of whether a court order has been issued granting that person custody of the child, or

[(3)] (d) by a public body or private agency having an interest in the case, maintenance or assistance of a person to whom a duty of support is owing, or

[(4)] (e) by a parent, guardian or public or private agency on behalf of [a] an unemancipated child over eighteen years of age to whom a duty of support is owing. [with the written consent of the child].

Explanatory Comment—1999

New subdivision (c) incorporates 23 Pa.C.S. § 4341(b) to confer standing on any person who is caring for a child to seek support on behalf of that child even though there is no court order granting legal or physical custody to that person. The statutory provision effectively overrules Larson v. Diveglia, 700 A.2d 931 (Pa. 1997), which held to the contrary.

Subdivision (e) is amended to eliminate the requirement of consent when the child is over 18 years of age. This requirement was originally intended only for applicable child support actions for higher educational support, which actions were abolished by Curtis v. Kline, 666 A.2d 265 (Pa. 1995). This rule also is intended to apply to children who are unemancipated by reason of physical or mental disability, consistent with 23 Pa.C.S. § 4321(3) as interpreted by case law.

Rule 1910.9. Discovery.

(a) Except as provided in Rule 1910.11(j) and Rule 1910.12(c), [There] there shall be no discovery in an action for support unless authorized by special order of court[, except as provided in Rule 1910.11(j) and Rule 1910.12(c)].

* * * * *

Explanatory Comment—1997

Subdivision (a) is amended to permit discovery in accordance with R.C.P. 4001 et seq. in any support matter [which has been designated complex] where a separate listing has been obtained under Rules 1910.11(j) and 1910.12(c). In all other support matters, discovery is permitted only by leave of court. Cases should not be [designated complex] listed separately in order to obtain discovery, nor should a support hearing be used to conduct discovery. Instead, the court should grant leave to engage in discovery in the few [simple] support cases which are not listed separately and in which [it] discovery is warranted.

Rule 1910.11. Office Conference. Subsequent Proceedings. Order.

* * * * *
Explanatory Comment—1995

Rule 1910.11(e) is amended to eliminate the need for a party to request a copy of the conference summary.

In conformity with the amendment of Rule of Civil Procedure 236, subdivision (f) is amended to require that the parties be served with a copy of the order, rather than notice that it has been filed. In addition, subdivision (f) is amended to require the Court to enter an interim order on the basis of the conference summary, expediting the commencement of support payments. The language of subdivisions (g) and (l) is also changed to conform with the amended language of subdivision (f).

Because the court is required to enter a guideline order on the basis of the conference officer's recommendation, there is no need for (g)(2), which provided for a hearing before the court where an order was not entered within five days of the conference. It is eliminated accordingly.

Pursuant to subdivision (g), support payments are due and owing under the interim order which continues in effect until the court enters a final order after the hearing de novo. The provision for an interim order serves two purposes. First, it ensures that the obligee will receive needed support for the period during which the judicial determination is sought. Second, it eliminates the motive of delay in seeking a judicial determination. Therefore, the plaintiff and the dependent children are not prejudiced by allowing the court sixty days, rather than the original forty-five, in which to enter its final order.

CHAPTER 1930. RULES RELATING TO DOMESTIC RELATIONS MATTERS GENERALLY

Rule 1930.5. Discovery in Domestic Relations Matters.

Explanatory Comment—1997

Whether a support case is complex is to be determined by motion before the court for a separate listing pursuant to Rules 1910.11(j)(1) and 1910.12(c)(1). It is not necessary, however, to have a case [designated com-

plex] listed separately on grounds of complexity of factual or legal issues in order to engage in discovery. If discovery is needed in a [simple] support case which does not require a [complex designation] separate listing, the court should grant leave to engage in it.

Rule 1012. Entry and Withdrawal of Appearance.

(a) Entry of Appearance. In order to prevent delay of the litigation, an attorney who enters an appearance for a party shall be deemed to be available and ready to try the case on the assigned hearing or trial date. The hearing or trial date will not be rescheduled due to the entry of appearance of counsel of any party.

(b) Simultaneous Withdrawal and Entry of Appearance. In order to prevent delay of the litigation, an attorney who enters an appearance for a party simultaneously

with the withdrawal of appearance of prior counsel in an action shall be deemed to be available to try the case on the assigned hearing or trial date. The hearing or trial date will not be rescheduled due to the entry of appearance of new counsel of any party.

(c) Petition to Withdraw. Leave of Court, obtained through the filing Petition to Withdraw Appearance, is required if another attorney is not entering an appearance simultaneously with the withdrawal of current counsel. The Petition shall set forth with specificity the reasons the attorney seeks to withdraw. The attorney

seeking to withdraw must attach to the Petition to Withdraw a certification setting forth the following:

- (1) that there is no outstanding motion to compel discovery, or for sanctions for failure to provide discovery; and
- (2) that the attorney has met every deadline date set forth in the pertinent Case Management Order, if applicable.

Note

Pennsylvania Rule of Civil Procedure No. 1012 authorizes the entry, or change, of attorneys on behalf of a party provided that the change of attorneys does not delay any stage of the litigation. Consistently with this Rule, the Board of Judges has determined that entry of new counsel in an action shall not delay the litigation. Thus, attorneys are placed on notice that by entering an appearance, they will be deemed to be ready to proceed to trial as scheduled. The mere fact of the entry of appearance shall not be sufficient cause to postpone the previously scheduled hearing or trial. Similarly, an attorney who seeks leave of court to withdraw must establish compliance with applicable deadlines and rules.

Rule *1028. Preliminary Objections.

* * * * *

(C)(1) An answer to preliminary objections (as opposed to a responsive filing with the Motion Court under Philadelphia Civil Rule *206.1) is required only to preliminary objections [**in the nature of a petition under Pa.R.C.P. 1017(b)(1) or (b)(5)] raising an issue under Pa.R.C.P. 1028 (a)(1), (5), and (6) provided a notice to plead is attached to the preliminary objections. An answer [shall] need not be filed to preliminary objections [in the nature of a demurrer or a motion under Pa.R.C.P. 1017(b)(2), (b)(3) or (b)(4)] raising an issue under Pa.R.C.P. 1028 (a) (2), (3), and (4).**

Rule [4007.1. Problems Arising At Depositions.

In the event a problem arises during the course of a deposition, counsel shall raise and summarize the disputed issue on the record at the deposition. Brief arguments may be placed on the record, and should consist of the reason for the dispute, an answer, and a brief rebuttal. Counsel may present the disputed issue for disposition to the team leader in Discovery Court; provided, however, if a firm trial or hearing date has been assigned, the issue may be presented in a motion in limine.]

The amendments will go into effect upon publication of this order adopting the amendments in the *Pennsylvania Bulletin*.

B. *Contact Person*

For further information on the amendments, contact John F. Simmons, Director, Bureau of Boating and Education, (717) 657-4538, or Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. *Statutory Authority*

The amendments are published under the statutory authority of section 5122 of the code (relating to registration, licenses, permits, plates and statistics).

D. *Purpose and Background*

The amendments are designed to update, modify and improve Commission regulations relating to boat rental businesses. The specific purpose of the amendments is described in more detail in the next section.

E. *Summary of Changes*

At the July 1998 meeting, the Commission adopted a regulation that requires operators of personal watercraft to obtain and carry a Boating Safety Education Certificate when operating their craft. That regulation also authorized and directed staff to prepare guidelines that provide for the issuance of temporary certificates to operators of rental boats and purchasers of new boats.

To properly manage the issuance of temporary certificates by liveries, the Commission must identify these businesses and provide an enforceable mechanism to provide terms and conditions for the operators of the liveries. The code authorizes the Commission to promulgate special provisions applicable to operators of boat liveries, and the Commission proposed to exercise this authority by requiring most active liveries to obtain an annual livery operator's permit.

A notice of proposed rulemaking was published at 29 Pa.B. 2678 (May 22, 1999), and the Commission subsequently extended the public comment until September 10, 1999. At its meeting on September 27, 1999, the Commission voted to defer action on the proposal until January, 2000, to allow staff an opportunity to redraft the amendments to address public comments, to share the redraft with livery operators, to ask the Commission's Boating Advisory Board to consider the redraft at its fall 1999 meeting and to solicit additional public comments until November 30, 1999.

Taking into account the public comments that were received, staff redrafted the proposal removing all references to an annual livery operator's permit. The Boating Advisory Board (Board), at its fall meeting, considered the redraft of the proposed amendments and recommended adoption by the Commission with a modification to § 117.3(d) to clarify the size of the letters. The Commission subsequently adopted the amendments, as redrafted by its staff and with the change recommended by the Board. These amendments, to read as set forth in Annex A, represent a clarification and simplification of the Commission's prior regulations in Chapter 117.

G. *Fiscal Impact*

The amendments will have a slight fiscal impact on the Commonwealth in that the Commission will incur relatively modest costs associated with printing posters and other written educational materials. The Commission estimates that the educational materials to be supplied to the liveries will cost approximately \$1,000 per year. The amendments will impose no new costs on political subdivisions, the private sector or the general public.

H. *Public Involvement*

As stated, a notice of proposed rulemaking was published at 29 Pa.B. 2678, and the Commission subsequently extended the public comment until September 10, 1999. At its meeting on September 27, 1999, the Commission voted to defer action on the proposal until January 2000, to allow staff an opportunity to redraft the amendments to address public comments, to share the redraft with livery operators, to ask the Board to consider the redraft at its fall 1999 meeting and to solicit additional public comments until November 30, 1999.

During the various public comment periods, the Commission received 60 comments concerning the proposal. Copies of all public comments have been provided to the Commissioners. The majority of the public comments either opposed the proposed amendments in their entirety (particularly, the annual permit requirement) or objected to their application to nonpowered boat rental businesses. Many of the comments that were received prior to the September 1999 Commission meeting asked the Commission to table consideration of the proposal until the proposed amendments were rewritten to address the public's concerns.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided, and the comments received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 117, are amended by amending §§ 117.1–117.4 to read as set forth at Annex A.

(b) The Executive Director will submit this order and Annex A to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart C. BOATING

CHAPTER 117. BOAT RENTAL BUSINESSES

§ 117.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Boat livery—A commercial enterprise (person, partnership, corporation or other legal entity) that rents or leases rental boats to other persons for use on the waters of this Commonwealth.

Boat rental business—A boat livery.

Boat rental transaction—The exchange of consideration in the form of money, goods or services for the use of a rental boat for a period of time.

Livery operator—The owner or lessee of a boat livery and employes and other persons authorized to act on behalf of the boat livery.

Rental boat—A vessel propelled by oars, paddles, sail or power, rented or leased in this Commonwealth.

(i) The term includes canoes, kayaks, inflatable boats, rowboats, sailboats, personal watercraft and other motorboats.

(ii) The term does not include inner tubes or similar devices not considered to be boats under this title.

§ 117.2. Inspections.

(a) A livery operator shall inspect its rental boats on a regular basis and shall maintain its rental boats in good repair. It is unlawful for a livery operator to rent or use a rental boat that is not in good repair and serviceable condition.

(b) A livery operator shall permit inspection of equipment, facilities and documentation required by this chapter by a waterways conservation officer or other officer authorized to enforce the code.

(c) A livery operator shall correct deficiencies noted by a waterways conservation officer or other officer autho-

ri- rized to enforce the code within 2 weeks of notification. If the deficiency involves equipment, the livery may not use the equipment until the deficiency is corrected.

§ 117.3. Responsibilities.

(a) It is unlawful for a livery operator to permit a rental boat to depart from the boat rental business without the equipment required by this title for the type of boat being rented.

(b) A livery operator shall offer to all persons renting boats an orientation/introduction to boating safety and conditions, including a review of the laws and regulations applicable to the type of boat being rented and the waters on which the boat will be used. The Executive Director will provide guidance in the preparation of this orientation. Persons who produce a Boating Safety Education Certificate issued or approved by the Commission under § 91.6 (relating to certificates) are exempt from review.

(c) Boat rental transactions shall be made using a written agreement, specifying the name and address of the lessee, the number of persons in the lessee's party and date of departure.

(d) Livery boats shall be clearly marked on both sides for easy identification of the business. Each boat shall be marked with letters, numbers or decals at least 3 inches tall.

(e) A livery operator shall only rent boats that meet or exceed minimum United States Coast Guard requirements for boats of that type. Rental boats shall be of a design and material suitable for their intended use.

(f) A livery operator shall submit a boating accident report for all reportable accidents involving one or more of the rental boats in accordance with Chapter 101 (relating to boating accidents). This requirement is in addition to the requirement that the operator of the boat file a boating accident report.

(g) It is unlawful for a livery operator to rent or use a boat in excess of its capacity as set forth by the manufacturer for the total number of passengers, total weight or maximum horsepower.

§ 117.4. Personal watercraft liveries.

(a) A livery operator that rents personal watercraft shall verify that operators of rented personal watercraft comply with § 109.3 (relating to personal watercraft) and the guidelines on providing education and training issued by the Executive Director. A livery operator that rents personal watercraft also shall verify that operators of rented personal watercraft either possess a permanent Boating Safety Education Certificate or have obtained a temporary Boating Safety Education Certificate from the personal watercraft livery.

(b) A personal watercraft livery shall take measures to oversee the operation of rented personal watercraft by persons who possess only a temporary Boating Safety Education Certificate. These measures shall include one of the following:

(1) The designation of a specified, marked area of operation for rented personal watercraft.

(2) The provision of qualified observers employed by the livery to directly observe the operation of rented personal watercraft. No more than seven personal watercraft may be under the observation of a single observer at any one time. Qualified observers shall be at least 16 years of age, have at least 10 hours of experience operating personal watercraft and have successfully completed the requirements for a permanent Boating Safety Education Certificate. The permanent Boating Safety

Education Certificate shall be in the observer's possession when performing duties under this paragraph.

Title 61—REVENUE

DEPARTMENT OF REVENUE

[61 PA. CODE CHS. 31 AND 48]

Sales and Use Tax; Books, Publications and Advertising Materials

The Department of Revenue (Department), under authority contained in section 270 of the Tax Reform Code of 1971 (TRC) (72 P. S. § 7270), by this order amends §§ 31.3 and 31.29 (relating to exclusions; and books, publications and advertising materials) and deletes §§ 48.2 and 48.3 (relating to religious articles; and sacramental wines) to read as set forth in Annex A.

Purpose of Regulation

The Department is amending § 31.29 to bring it into conformity with recent statutory changes and to reflect the Department's current policy.

Sections 31.3, 48.2 and 48.3 are amended or deleted in accordance with the Pennsylvania Supreme Court decision in *Haller v. Department of Revenue*, 728 A.2d 351 (Pa. 1999), cert. denied, 120 S. Ct. 325 (1999). In *Haller*, the Court found the exclusion in section 204(28) of the TRC (72 P. S. § 7204(28)) in violation of both the United States and Pennsylvania Constitutions. Section 204(28) of the TRC provides a Sales Tax exclusion for the sale at retail or use of religious publications sold by religious groups and Bibles and religious articles.

Explanation of Regulatory Requirements

In accordance with *Haller*, § 31.3 is amended to delete paragraph (22) relating to religious publications sold by religious groups. The remaining paragraphs in the section are renumbered accordingly.

The Department amended subsection (a) by adding definitions of "advertising insert" and "newspaper" consistent with the statutory changes made in section 204(30) of the TRC. The definition of "direct mail advertising literature or materials" is amended to clarify the Department's interpretation of what constitutes direct mail advertising literature or materials as well as to incorporate the act of April 23, 1998 (P. L. 239, No. 45) (Act 45) statutory change to section 204(35).

Consistent with section 204(50) of the TRC, the Department is adding a definition of "magazine." The Department is also adding the definitions of "advertising literature or material," "circulated among the general public," "mail order catalog" and "subscription" to fill a void that existed in the regulation regarding these areas. Definitions for "publication," "religious publication" and "shopping guide" are also added to subsection (a) because of questions the Department received in these areas.

Subsection (b)(1) provides the scope of the regulation. Subsection (b)(2) provides a listing of items exempt from tax when sold at retail.

In response to *Haller*, §§ 48.2 and 48.3 are deleted.

Affected Parties

A taxpayer making a sale at retail or use of publications, advertising inserts and advertising literature or materials may be affected by this amendment. In addition, sales of religious publications, Bibles and religious articles will be affected by the *Haller* decision.

Comment and Response Summary

Notice of proposed rulemaking was published at 27 Pa.B. 6572 (December 20, 1997). This proposal is being adopted with changes to read as set forth in Annex A.

The Department received three comments from the public during the public comment period. The Department also received comments from the Independent Regulatory Review Commission (IRRC) and the Senate Finance Committee. No comments were received from the House Finance Committee.

Amendments to the proposed rulemaking in response to comments are as follows:

(1) IRRC and two of the public commentators questioned the Department's use of the term "vendor" in the definition of "direct mail advertising literature or materials," noting that the term would unduly restrict the application of the direct mail exclusion. The Department agrees with the concern raised and deleted the reference to "vendor" in the definition.

(2) In its comments, IRRC questioned why the Department created a separate definition for "advertising literature or materials" since the proposed definition is language that was formerly a part of the definition of "direct mail advertising literature or materials." IRRC suggested that the Department clarify its intent and revise the definitions to improve their clarity.

Prior to this proposal, the definition of "direct mail advertising literature or materials" attempted to address what was considered advertising literature or materials and when these items were exempt. The Department felt this definition was confusing and did not provide the public with an adequate definition of what constitutes "advertising literature or materials." The Department acknowledges the need for clarity and has therefore made significant organizational changes to both definitions. In response to IRRC and one of the public comments, the Department specifically references reply envelopes and application forms as items included in the definition of "advertising literature or materials."

(3) IRRC and the two public commentators also raised the concern that the limitation of the phrase "to prospective purchasers" within the definition of "direct mail advertising literature or materials" was beyond the scope of the enabling statute. The Department acknowledges the concern and deleted "to prospective purchasers" and added "distributed directly to intended recipients."

(4) IRRC and a public commentator suggested that the use of "corporate" when referring to annual reports in the definition of "advertising literature or materials" and "publication" was unduly restrictive and did not allow for noncorporate entities that publish annual reports. The Department agrees with the concern raised and amended both definitions to reference "financial and corporate annual reports."

(5) In addition to the revision to "publication" referenced in paragraph (4), the Department amended the listing for prospectuses by deleting the term "stock" and adding the term "investment" in response to a public comment.

(6) In response to the statutory changes made by Act 45 relating to the one-time license to use a list of names and mailing addresses for each delivery of direct mail advertising literature or materials, the Department added a new subparagraph (vii) to subsection (b)(2). The language set forth in Act 45 responded to comments from the Senate, IRRC and the public regarding the use of mailing lists in direct mail advertising.

(7) Section 31.29(b)(1) relates to scope and provides the general rule regarding taxation of publications, advertising inserts and advertising literature or materials. In the proposal, paragraph (2) provided a listing of items and examples that are exempt from tax. In its comments, IRRC suggested that the examples in paragraph (2) need to be clarified and restructured in a more logical order. After reviewing the examples at issue, the Department concluded they were not necessary and deleted them from the regulation.

Revisions initiated during the Department's internal review of the regulation are as follows:

(1) The proposed definitions of "magazine" and "text-book" are amended to more closely track the statutory definitions provided in section 204(33) and (50) of the TRC.

(2) Consistent with Act 45, the definition of "mail order catalog" is amended to require distribution through the United States Postal Service.

(3) Stylistic changes were made throughout the regulation for clarity.

Revisions initiated in response to *Haller* are as follows:

(1) Section 31.3 is amended to delete paragraph (22) relating to religious publications sold by religious groups. The remaining paragraphs in the section are renumbered accordingly.

(2) The definition of "religious organization" was deemed unnecessary and is deleted from § 31.29(a). Subsection (b)(1) relating to scope is amended by adding "bibles, religious publications, including religious publications sold by religious organizations" to the items subject to tax when delivered to a location within this Commonwealth. All references to bibles and religious publications are deleted from subsection (b)(2) relating to examples of items exempt from tax. The remaining examples in paragraph (2) are renumbered accordingly.

(3) Sections 48.2 and 48.3 are deleted.

Comments that did not result in an amendment to the regulation are as follows:

IRRC and two of the public commentators questioned limiting the direct mail exclusion to items distributed by the United States Postal Service. Although the Department understands the argument that today's delivery market place provides an array of delivery services, Act 45 specifically references "through the United States Postal Service"; therefore, the Department is unable to expand the scope of the exclusion to include other types of delivery services.

In its comments, IRRC asked the Department to explain whether and when E-mail advertising is taxable or nontaxable, and the statutory basis for its taxation or its exemption if it is not taxed. If there are circumstances when E-mail advertising is subject to tax and other circumstances when it is not taxed, IRRC also requested examples of both situations. E-mail advertising is an example of an enhanced telecommunication service and is not taxable as a telecommunication service. The Depart-

ment has created the term "enhanced telecommunication service" to provide guidance to taxpayers who might be confused about the application of tax to services that involve telecommunication services yet, due to rapid changes in technology, are not what the Department has historically considered to be taxable telecommunications services, see Department's statement of policy, § 60.20 (relating to telecommunications service).

Fiscal Impact

The Department determined that the amendments will result in a minimal loss of revenue for the Commonwealth.

Paperwork

The amendments will not generate significant additional paperwork for the public or the Commonwealth.

Effectiveness/Sunset Date

The amendments will become effective upon final publication in the *Pennsylvania Bulletin*. The regulations are scheduled for review within 5 years of final publication. No sunset date has been assigned.

Contact Person

The contact person for an explanation of the amendments is Anita M. Doucette, Office of Chief Counsel, Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on December 9, 1997, the Department submitted a copy of the notice of proposed rulemaking, published at 27 Pa.B. 6572 (December 20, 1997) to IRRC and the Chairpersons of the House and Senate Committees on Finance for review and comment. In compliance with section 5(c) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of all comments received, as well as other documentation.

In preparing these final-form regulations, the Department considered the comments received from IRRC, the Committees and the public.

These final-form regulations were approved by the Committees on February 8, 2000, and were approved by IRRC on February 17, 2000, in accordance with section 5.1(e) of the Regulatory Review Act (71 P. S. § 745a(e)).

Findings

The Department finds that:

(1) Public notice of intention to amend the regulations has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments are necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Department, acting under the authorizing statute, orders that:

(a) The regulations of the Department, 61 Pa. Code Chapters 31 and 48, are amended by amending §§ 31.3 and 31.29 and deleting §§ 48.2 and 48.3 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

TITLE 61. REVENUE

PART I. DEPARTMENT OF REVENUE

Subpart B. GENERAL FUND REVENUES

ARTICLE II. SALES AND USE TAX

CHAPTER 31. IMPOSITION

§ 31.3. Exclusions.

The tax does not apply to the following:

* * * * *

(21) Sales to or use of tangible personal property or services by: charitable organizations; volunteer firemen's organizations; nonprofit educational institutions; or religious organizations for religious purposes.

(i) This exclusion does not apply to property or services used in an unrelated trade or business carried on by this type of organization or institution. This exclusion does not apply to materials, supplies and equipment used in the construction, reconstruction, remodeling, repair and maintenance of real estate, other than materials and supplies used in routine maintenance and repairs of real estate.

(ii) Equipment used in the routine maintenance and repair of real estate is subject to tax.

(22) Property or services purchased by the United States, the Commonwealth of its political subdivisions, or instrumentalities thereof.

(23) Flags of the United States and the Commonwealth.

(24) The sale at retail or use of rail transportation equipment used in the movement of personalty.

(25) The sale at retail of horses, if at the time of purchase, the seller is directed to ship or deliver the horse to an out-of-State location. The seller shall obtain a bill of lading from the carrier or purchaser, reflecting the out-of-State destination. The seller shall execute and retain a "Certificate of Delivery to Destination Outside of the Commonwealth" to justify the noncollection of sales tax. If a horse is sold and delivered to a domiciled person prior to out-of-State delivery the "Certificate of Delivery to Destination Outside of the Commonwealth" shall have both bills of lading attached.

(26) The sale at retail or use of fish feed purchased by or on behalf of sportsmen's clubs, fish cooperatives or nurseries approved by the Fish and Boat Commission.

(27) The sale at retail or use of supplies and materials to tourist promotion agencies, which receive grants from the Commonwealth, for distribution to the public as promotional material.

(28) The sale or use of brook trout, brown trout or rainbow trout.

(29) The sale at retail or use of buses to be used exclusively for the transportation of children for school purposes.

(30) The sale at retail or use of firewood cut into proper lengths for burning and used for fuel for cooking, hot water production or to heat residential dwellings.

§ 31.29. Books, publications and advertising materials.

(a) *Definitions.* The following words and terms, when used in this section, have the following meanings, unless the context clearly indicates otherwise:

Advertising insert—Printed advertising material that is circulated with another publication.

Advertising literature or materials—Tangible personal property that is intended to promote business interest, create goodwill or engage the attention or interest of a recipient.

(i) The term includes printed matter, brochures, matchbooks, calendars, price lists, video and audio tapes, computer disks, investment prospectuses, financial and corporate annual reports, electoral literature or materials, playing cards, envelopes, address labels, reply envelopes, application forms, pens and similar promotional materials.

(ii) The term does not include proxy materials.

Circulated among the general public—Made available for purchase from a retail outlet, such as a newsstand or bookstore, or made available for purchase by subscription. In the case of an organizational publication, the publication will be considered to be circulated among the general public only if there are regular sales of the publication to purchasers other than members of the organization.

Direct mail advertising literature or materials—Advertising literature or materials that are distributed directly to intended recipients through the United States Postal Service. The term does not include advertising literature or materials that are distributed in a manner other than by the United States Postal Service.

Magazine—A publication that is published at regular intervals not exceeding 3 months, that is circulated among the general public, and contains matters of general interest and reports of current events that are published for the purpose of disseminating information of a public character or is devoted to literature, the sciences, art or some special industry. The term does not include loose leaf information services.

Mail order catalogue—A publication that contains a listing of items with descriptive details and includes a mail order form and is distributed through the United States Postal Service.

Newspaper—A "legal newspaper" or a publication containing matters of general interest and reports of current events that qualifies as a "newspaper of general circulation" authorized to carry a "legal advertisement" as those terms are defined in 45 Pa.C.S. § 101 (relating to legal notices). The term does not include magazines.

Publication—Information transferred by means of tangible media.

(i) Examples include printed material, such as books; financial and corporate annual reports; investment prospectuses; proxy materials; shopping guides; magazines; tabloid newspapers; and printed material that may supplement, explain, amend, revise or otherwise alter, expand or render current a looseleaf information service, or a book or bound volumes of books previously issued, including a supplement or pocket part, whether the additional material is periodically distributed or purchased independently of the basic book to which it is applicable.

(ii) The term also includes video and audio tapes, computer disks and similar items.

Religious publication—Religious commentaries and other publications primarily devoted to religious instruction, promotion or information.

Shopping guide—A publication primarily devoted to consumer awareness, promotion or information and that is generally provided to a consumer free of charge.

Subscription—The advance purchase of a series of issues of a magazine delivered by the publisher to an address designated by the purchaser.

(i) The term includes a series of magazines provided by an organization to its members in consideration of the payment of membership dues, provided the magazine is also sold by subscription or by individual copy to the public.

(ii) The term does not include a purchase of an issue or series of issues of a magazine from a person other than the publisher.

Textbook—A new or used book that is required or approved for use in conjunction with an educational

curriculum provided by an institution of learning recognized by the Department of Education.

(b) *Scope.*

(1) Except as otherwise provided in this subsection, the sale at retail or use of publications, advertising inserts, Bibles, religious publications, including religious publications sold by religious organizations and advertising literature or materials is subject to tax when delivered to a location within this Commonwealth.

(2) The sale at retail or use of the following items is exempt from tax:

(i) Mail order catalogs.

(ii) Direct mail advertising literature or materials. See § 32.36 (relating to printing and related businesses).

(iii) Textbooks.

(iv) Newspapers.

(v) Magazines sold by subscription.

(vi) Advertising inserts that become a part of a newspaper or magazine.

(vii) One time license fees paid for the use of a listing of names and mailing addresses for each delivery of direct mail advertising literature or materials.

DCED is the Agency that will administer this new program. Total funding available under this program is \$1,850,000. DPW is providing \$1,350,000 and DCED is providing \$500,000 from the Communities of Opportunity Program in accordance with the requirements of the Pennsylvania Housing and Redevelopment Assistance Law (Act 477 of 1955).

The goal of this program is to provide low and moderate income persons with permanent disabilities increased accessibility in their current home. This goal can be accomplished by providing home modification grants to low and moderate income persons with disabilities.

Eligible applicants include redevelopment authorities and general-purpose units of local government such as counties, cities, boroughs, townships and home rule municipalities. Non-profits must apply through a unit of local government or a redevelopment authority. Applicants must demonstrate sufficient capacity to administer a home modification program. Collaboration with local disability service organizations must be demonstrated. These funds may *not* be used to modify units owned and operated by public housing authorities or a facility licensed by DPW or the Department of Health, for support services, to correct code violations, for relocation expenses, or escrowed to return the unit to its original condition.

Eligible activities include adaptive modifications such as ramps, lifts, door widening, visual doorbells, audio phones, visual phone signalers, lowering of kitchen counters, enlarging bathrooms, adding grab bars, and the like. Modifications must accomplish at least one of the following: improve the ability of a person with disabilities to enter or exit the home; increase the ability of a person with disabilities to perform activities of daily living and instrumental activities of daily living; or, enable a person with disabilities to remain in the home which will prevent institutionalization.

Guidelines for the administration and application of these funds have been prepared by DCED and are available on the Internet at www.dced.state.pa.us. Click

DEPARTMENT OF EDUCATION

Availability of Workforce Investment Act, Title II, Section 223 Funds for State Leadership Activities for the Period July 1, 2000—June 30, 2001

These services are designed to strengthen the Pennsylvania Adult Literacy and Basic Education programs operated by the Department of Education (Department) Bureau of Adult Basic and Literacy Education (Bureau) by providing Statewide support for leadership activities in Title II of the Workforce Investment Act described in the Unified State Plan 1999-2005.

I. Authorization

A. Title II of The Workforce Investment Act of 1998, The Adult Education and Family Literacy Act, provides funds to local eligible provider agencies through the Department for the establishment of adult education and family literacy programs that will:

1. assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency;

2. assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children, and;

3. assist adults in the completion of a secondary school education.

B. Eligible applicants include local education agencies and public or private nonprofit agencies, organizations and institutions. A for-profit agency is eligible to participate in the program only if it is part of a consortium with a local education agency or other eligible sponsor, with the nonprofit agency acting as fiscal agent. A for-profit organization must also have the capability and capacity to augment significantly the adult education services of such a consortium.

Consistent with the purpose of the Adult Education and Family Literacy Act, for Program Year 1999-2000, the Department will give primary consideration to programs for the educationally disadvantaged.

The Federal share of a grant will be 75% of the total cost of the program. The applicant must provide 25% match of the total cost of the program. The local match may be in kind. Other Federal funds may not be used for the local match unless specifically identified as eligible for use as matching funds.

C. Restrictions placed upon the Department by the United States Department of Education on the administration of the grant include:

1. Not more than 12.5% of the State's allotment shall be used for State Leadership Activities.

2. Not more than 5% of a local applicant's grant may be used for administrative costs, unless a higher percent is approved in advance by the Bureau of Adult Basic and Literacy Education, Department of Education.

Letter of Intent due: April 21, 2000

Application due: May 26, 2000

Note: The Bureau reserves the right to consider proposals received after the deadlines and, if appropriate, to approve them if and when funds become available.

II. Application Procedures and Program Guidelines. A Letter of Intent is due at the Bureau April 21, 2000. The Letter of Intent should state the Priority number and a one sentence description of the project proposed. (No faxes will be accepted.) Applications for State Leadership funds must be completed online and submitted on the e-grant website at <http://www.e-grants.ed.state.pa.us> to the Bureau of Adult Basic and Literacy Education, Department of Education. Instructions and the Application Guidelines are available on ABLEsite at www.paadulted.org and on the e-grant sites.

III. Funds for State Leadership Activities are made available under Section 222(a)(2) for one or more of the following activities:

1. The establishment or operation of professional development programs to improve the quality of instruction provided under local activities required under Section 231(b).

2. The provision of technical assistance to eligible providers of adult education and literacy activities.

3. The provision of technology assistance, including staff training, to eligible providers of adult education and

literacy activities to enable the eligible providers to improve the quality of these activities.

4. The support of State or regional networks of literacy resource centers.

5. The monitoring and evaluation of the quality of, and improvement in, adult education and literacy activities.

6. Incentives for program coordination and integration and performance awards.

7. Developing and disseminating curricula.

8. Other activities of Statewide significance that promote the purpose of this title.

9. Coordination with existing support services, such as transportation, child care, and other assistance designed to increase rates of enrollment in, and successful completion of, adult education and literacy activities, to adults enrolled in such activities.

10. Integration of literacy instruction and occupational skill training and promoting linkages with employers.

11. Linkages with postsecondary educational institutions.

Priorities State Leadership 2000-2001

1. *Communications for Professional Development (Axis):* Management of a project to provide for the design and/or publication of newsletters, reports, handbooks and brochures as needed by adult education providers in the Commonwealth. The project will direct and provide systematic communication and coordination between the Bureau and professional development service providers and adult basic and literacy education providers. The project will also include support for online and worldwide web communications.

2. *Adult Education Newsletter:* Provision of a general adult basic education newsletter to be published a minimum of six times at a length of eight pages or more to disseminate information in areas of interest to adult basic education practitioners and program supporters in Pennsylvania. The areas may include but are not limited to professional development, program areas such as GED, ABE, ESL, Workplace, and Family Literacy and include adult education theory, best practices and awareness information. Applicant must establish an editorial review board and plan for a circulation of approximately 4,000 copies across the Commonwealth with distribution as requested by the Department.

3. *Outstanding Adult Learners:* Management of an event that includes the identification, selection and recognition of ten exemplary adult learners enrolled in adult basic and literacy education programs whose success stories focus on the role of adult basic education in their lives. Approximately 2,000 copies of a Success Stories booklet featuring past as well as current winners and their ABE programs should be prepared, published and disseminated as requested by the Department. Promotional fliers featuring Success Stories students will be prepared and disseminated to winners' program providers. Applicant will coordinate with an identified ABE Bureau staff person in the development of the project.

4. *Outstanding Adult Practitioners:* Management of an event to identify, select and honor outstanding adult education practitioners in the Commonwealth whose interaction with adult learners, colleagues and their programs is indicative of best practices in adult teaching and learning. Applicant will review the standards and performance indicators set forth by the Pennsylvania Adult Teachers Competencies project to use those criteria for

the selection of Excellent Educators and Instructors in keeping with their recommendations for Expert practitioners. The applicant will coordinate with an identified Bureau staff person, a Project EQUAL representative and a PDC coordinator in the development and implementation of the project.

5. *Implementation and Development of Core Area Training:* Centralized management of a project to provide development and implementation of training in designated core content areas Statewide to adult basic and literacy education administrators and practitioners. The applicant will identify topics through an analysis of data, informal assessments, and an analysis of current core content vs. content requested. Applicant will coordinate the review and selection of training materials and methods in designated core content areas and work with lead trainers and module authors to revise existing modules as necessary and appropriate and to customize "advanced" trainings. Applicant will identify and adopt or adapt additional modules and/or training pieces that complement the existing menu of professional development modules developed in previous training development projects; train new trainers and monitor and support existing trainers by training sessions, meetings, field observations and telephone and electronic contact. The applicant will include an evaluation component to evaluate the modules, trainers, trainer training and support system and to determine the impact of the core training. Applicant will work closely with the staff of ABLE and the regional professional development centers.

6. *Review and Dissemination of Exemplary Projects:* Management of a project to review current and past Section 353 and State Leadership special demonstration/experimental and professional development projects from Pennsylvania and from other states in designated topic areas to determine their significance and appropriateness for adoption/adaptation in Pennsylvania. The project should identify exemplary and innovative practices/approaches and provide for the Statewide dissemination of information through publication of the reviewed projects by a newsletter to be published a minimum of six times a year.

7. *Support of Adult Education Professional Development:* Administration, fiscal management and support of statewide adult basic education professional development activities and other Department activities to include provision for support of State Leadership requirements and initiatives under the Workforce Investment Act of 1998, support of various adult basic and literacy conference activities, support of Act 42 Council activities and provision of honoraria for presenters at State-sponsored activities.

8. *Mini-Grants:* These grants may be used to support State Leadership activities at the local level. For example, a mini-grant can be used to complement Statewide initiatives that impact at the local level such as implementing adult learner competencies into an agency's program, determining the impact of instructional programs on adult learners, or to assist an agency in integrating adult basic education and workforce development activities in the local area.

Funds should not be used for direct instructional time but for time to research, design, plan and support the activities needed to carry out the goals of the project. Grants may not exceed \$5,000.

9. *Professional Development Institute for Learning Differences/Disabilities:*

Purpose: To provide a centralized training system for practitioners serving adults with learning differences/disabilities; to serve as an information clearinghouse for research and best practice in teaching adults with learning differences/disabilities; and to facilitate the coordination of services to individuals with learning differences/disabilities among State and local agencies.

Background: Current research indicates that adult basic and literacy education programs are serving significant numbers of individuals who have learning differences/disabilities. Needs assessments conducted in Pennsylvania indicate that many adult education practitioners feel unprepared for the challenges presented by many of those adults. For several years, the Department of Education, Bureau of Adult Basic and Literacy Education has recognized the need to support adult education practitioners who are teaching adults with learning differences/disabilities in Bureau sponsored programs. The Bureau has provided centralized support for practitioners teaching adults with learning differences/disabilities by funding direct training with Pennsylvania experts through its Professional Development Centers. Pennsylvania has also supported local agency grants to develop instructional materials and techniques. Most recently, Pennsylvania has participated in efforts sponsored by the National Institute for Literacy to develop and disseminate a professional development "toolkit." The Bureau desires to expand current activities by funding an "institute" or "center" that will focus efforts towards coordinating a uniform and systematic approach to providing professional development for practitioners teaching adults with learning differences/disabilities and improving the quality of services offered to this set of learners.

Application Requirements: The applicant must describe how it will address the following program elements.

1. To provide a centralized training and technical assistance system to support Pennsylvania practitioners working with individuals with learning differences/disabilities.
 - Develop uniform training products and processes to address the needs of Pennsylvania adult education practitioners in the areas of learning differences that reflect state of the art research and development efforts.
 - Coordinate all existing activities related to the provision of training and technical assistance of practitioners teaching individuals with learning differences/disabilities.
 - Develop and implement a train-the-trainer system, consistent with current adult education train-the-trainer efforts, to certify and credential trainers qualified to deliver established training systems.
 - Develop and implement a system of technical assistance, including identification of best practices and peer networking.
 - To coordinate the delivery of training with the Pennsylvania Adult Education Professional Development System, including its Professional Development Centers, State Literacy Resource Center, and Tutors for Literacy in the Commonwealth.
2. To serve as an information clearinghouse for research and best practice in teaching adults with learning differences/disabilities.
 - Maintain expertise in the areas of adults with learning differences/disabilities for the purpose of identifying emerging best practices and research.

- Disseminate relevant and timely information related to special accommodations, research based instructional planning, screening and identification, legal issues, and other information related to serving individuals with learning differences/disabilities.
 - Coordinate information collection and dissemination with the State Adult Literacy Resource Center.
3. To facilitate the coordination of services to individuals with learning disabilities among State and local agencies.
- To facilitate the leveraging of resources among State and local entities for the purpose of providing comprehensive services to individuals with learning differences/disabilities.
 - To identify other State and local models of inter-agency coordination for individuals with learning differences/disabilities.
 - To establish a working relationship with entities that serve individuals with learning differences/disabilities for the purpose of exchanging information and establishing interagency initiatives.
 - Maintain a presence by representing Pennsylvania's efforts at National and State meetings, workshops and seminars.

10. *Professional Development Institutes*

Purpose: To provide an opportunity for professional development in a specific area of adult basic and literacy education in an intensive format.

Background: The Bureau of ABLE has supported the professional development of practitioners and administrators through the institute format for several years. The format allows for the consistency in the delivery of information and methodologies in a specific area and at

varying levels of expertise. It also builds the collegiality of participants through shared experiences and encourages ongoing professional development after the institute has ended. The activities offered through the institute and follow-up trainings are guided by the Guiding Principles for Professional Development of Adult Education Practitioners.

Program Goals:

1. Administrative and fiscal management and support of a project for Statewide adult basic education professional development through the provision of a professional development institute (topics listed as follows) to include the arrangements for physical accommodations for administrators, teachers, counselors and volunteers in adult basic education programs;
2. Delivery of information to participants that is relevant to the topic, research-based and representative of best practices that is provided by subject matter experts;
3. Development of strands on the institute topic for new and experienced practitioners;
4. Provision of follow-up training through the regional professional development centers and/or other activities;
5. Evaluation of the design and effectiveness of the training.

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standard and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision to 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA 0088242. Ruth Family Farms, LP, 205 Bittersweet Drive, Hershey, PA 17033.

Ruth Family Farms, L.P. has submitted an application for an individual NPDES permit for an expanding concentrated animal feeding operation (CAFO) known as Huston Hollow Farm, located off SR 475 on South Madden Road in Taylor Township, **Fulton County**. The CAFO is situated near Wooden Bridge Creek, which is classified as High Quality-Cold Water Fishery. The CAFO is designed to handle 1,269 animal equivalent units (AEUs) consisting of 2,400 gestating sows, 650 gilt finishers, 448 sows with litters and 10 boars.

The construction of new underground manure storage facilities is proposed for a new 65-foot by 448-foot breeding/gestation building. The new manure storage facilities will consist of a concrete and compacted clay double liner system with a leak detection system meeting the requirements of the Department's Final Strategy for Meeting Federal Requirements for Controlling the Water Quality Impacts of Concentrated Animal Feeding Operations (29 Pa.B. 1439 (March 13, 1999)) (that is, the Final CAFO Strategy). The total capacity of the new manure storage facilities will be approximately 1.3 million gallons. The existing manure storage facilities consist of underground concrete containment structures for one breeding/gestation building (1.3 million gallons) and one farrowing building (340,000 gallons). There will be no release or discharge to waters of the Commonwealth under normal operating conditions. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations including the Final CAFO Strategy, the Department has made a tentative determination to issue an individual NPDES permit (Document No. 3620-PM-WQ00514) for the operation subject to the terms and conditions, and monitoring and reporting requirements specified in the draft permit.

The permit application and proposed draft permit are on file at the Southcentral Regional Office of the Department. Persons may make an appointment to review the files by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

The Environmental Protection Agency (EPA) permit review waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit. The Administrator of EPA Region III may review or object to any proposed NPDES permit actions.

Persons wishing to comment on the proposed permit are invited to submit written comments to the noted address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based. A public meeting/hearing may be held if the Department considers the public response or interest significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements. The updates may include applicable permit conditions and requirements. The updates may include applicable permit conditions and requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA Region III Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

This proposal involves permitting of a new well source which was constructed and utilized as an emergency source when capacity of the original well source diminished. It is located in North Manheim Township, **Schuylkill County**. *Engineer:* Fisher Engineering Inc., David Mease, Project Manager.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating the remediation.

Under sections 304(n)(l)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is pub-

lished in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Sun Pipe Line Company, Upper Uwchlan Township, **Chester County**. Jennifer L. Stafford, P.G., Groundwater and Environmental Services, Inc., 410 Eagleview Blvd., Suite 110, Exton, PA 19341, has submitted a Notice of Intent to Remediate site soil contaminated with BTEX and petroleum hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in *The Daily Local News* on February 28, 2000. A Final Report was simultaneously submitted.

184 Pennsylvania Avenue Associates, Malvern Borough, **Chester County**. Michael S. Welsh, P.E., Applied Environmental Management, Inc., 16 Chester County Commons, Malvern, PA 19355, has submitted a Notice of Intent to Remediate site soil contaminated with polycyclic aromatic hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in *The Daily Local News* on February 11, 2000. A Final Report was simultaneously submitted.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Heritage Custom Kitchens, Inc., New Holland Borough and Earl Township, **Lancaster County**. RT Environmental Services, Inc., 215 West Church Road, New Holland, PA 17557 has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with lead, benzene, BTEX, PHCs and PAHs (SVOCs). The applicant proposes to remediate the site to meet the Statewide health and site specific standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Lancaster Intelligencer Journal* on February 25, 2000.

Holy Guardian Angels Church, Muhlenberg Township, **Berks County**. Diocese of Allentown, P. O. Box F, Allentown, PA 18105 has submitted a Notice of Intent to Remediate site soils contaminated with lead. The applicant proposes to remediate the site to meet the Statewide

health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Reading Eagle/Reading Times* on February 29, 2000.

Custer Residence, City of Reading, Berks County. Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103 has submitted a Notice of Intent to Remediate site soils contaminated with BTEX and PAHs. The applicant proposes to remediate the site to meet the Statewide health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Reading Eagle/Reading Times* on October 7, 1998.

Former SKF USA Inc., Plant, Shippensburg Borough, Franklin County. SKF USA Inc., 1111 Adams Avenue, Norristown, PA 19403 has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the Statewide health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Shippensburg News Chronicle* during the week of March 6, 2000.

SOLID AND HAZARDOUS WASTE BENEFICIAL USE DETERMINATIONS

Regional Office: Regional Manager, Waste Management, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

On February 7, 2000, the Department received a request for the beneficial use of residual waste. The request from **Amerikohl Mining, Inc.**, 202 Sunset Drive, Butler, PA 16001 is for the use of coal ash as structural fill at the Ernest No. 1 Mine in Rayne Township, **Indiana County** generated by Ebensburg Power Company. The Department reviewed the request and has determined that it is consistent with 25 Pa. Code §§ 287.601—287.666.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), Act of July 28, 1988, (P. L. 556, No. 101) and regulations to operate solid waste processing or disposal area or site.

Regional Office: Northeast Regional Office, Regional Solid Waste Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Permit I. D. No. 101637. Wyoming Valley Recycling. Solid Waste Services d/b/a J. P. Mascaro & Sons, 320 Godshall Drive, Harleysville, PA 19438. An application for the operation of this municipal waste transfer facility, located in Hanover Township, **Luzerne County**. The application was received in the Regional Office on July 27, 1999; and as of February 3, 2000, the application was found to be administratively complete.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the

owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

35-399-032: Thomson Consumer Electronics, Inc. (200 Keystone Industrial Park, Dunmore, PA 18512) for operation of a glass cleaning operation in Dunmore Borough, **Lackawanna County**.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

OP-03-00179: Leading Technologies, Inc. (P. O. Box 628, Leechburg, PA 15656) for operation of metal coating in Parks Township, **Armstrong County**.

OP-63-00491: California University of Pennsylvania (2250 University Avenue, California, PA 15419) for operation of boilers in California Borough, **Washington County**.

OP-63-00498: Pittsburgh Flexicore Co., Inc. (401 Railroad Street, Monongahela, PA 15063) for operation of concrete product manufacturing in Monongahela, **Washington County**.

OP-11-00325: Maple Coal Co. (2591 Wexford-Bayne Road, Suite 204, Sewickley, PA 15143) for operation of

coal processing plant at Colver Refuse Processing Plant in Blacklick Township, **Cambria County**.

OP-26-00472: Assad Iron & Metal, Inc. (P. O. Box 76, Brownsville, PA 15417) for operation of metal recycling at Brownsville Plant in Jefferson Township, **Fayette County**.

OP-03-00193: Glacial Sand & Gravel Co. (P. O. Box 1022, Kittanning, PA 16201) for operation of coal crushing and screening at Bridgeburg Coal Tipple in East Franklin Township, **Armstrong County**.

OP-03-00217: TJS Mining, Inc. (R. D. 1, Box 260D, Shelocta, PA 15774) for operation of coal crushing at TJS No. 1 Deep Mine in South Bend Township, **Armstrong County**.

OP-11-00415: Greystone Materials, Inc. (R. D. 1, Box 950, Herndon, PA 17830) for operation of limestone crushing at Colver Processing Facility in Cambria Township, **Cambria County**.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Southeast Regional Office: Air Quality Program, 555 North Lane, Conshohocken, PA 19428, (610) 832-6242.

09-00037: CMS Gilbreth (3001 State Road, Croydon, PA 19021) located in Bristol Township, **Bucks County**. The facility's major emission points include: flexographic and rotogravure printing presses, electroplating operations and air pollution control devices which emit major levels of volatile organic compounds (VOCs).

46-00036: Ford Electronics & Refrigeration LLC (2750 Morris Road, Lansdale, PA 19446) located in Worcester Township, **Montgomery County**. The facility's major emission points include: six wave Soldering machines, five Selective Soldering machines, a Coil

Soldering-Serco and an In-line Package machine which emit major levels of volatile organic compounds (VOCs) and Nitrogen Oxides (NOx).

23-00030: Swarthmore College (500 College Ave., Swarthmore, PA 19081-1397) located in Swarthmore Borough, **Delaware County**. The facility's major emission points include: 14 boilers and 10 emergency generators which emit major levels of Nitrogen Oxides (NOx).

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

36-05015A: Dart Container (60 East Main Street, Leola, PA 17540) for conversion of some of the facility's production over to a new blowing agent to develop production techniques and product formulation. This modification will effectively increase the facility's potential Volatile Organic Compound (VOC) emissions by approximately 39 tons per year. Conditions in the permit will limit the yearly extruder throughput to 3,070,200 pounds, with VOC emission limited to less than 40 tons per year based on a 12-month rolling total. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

PLAN APPROVALS

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

48-313-087: Praxair Distribution, Inc. (145 Shimersville Road, Bethlehem, PA 18015) for construction of a nitric oxide generator and associated air cleaning device in Bethlehem, **Northampton County**.

48-399-045: Spray-Tek, Inc. (344 Cedar Avenue, Middlesex, NJ 08846) for construction of a spray drying operation and associated air cleaning device at 3010 Avenue B, Bethlehem, **Northampton County**.

52-328-001: Tennessee Gas Pipeline Co. (El Paso Energy, 1001 Louisiana Street, Houston, TX 77002) for construction of a gas turbine with low NOx technology in Lackawaxen Township, **Pike County**.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

60-310-007: Iddings Quarry, Inc. (900 Chestnut Street, Mifflinburg, PA 17844-1235) for construction of various pieces of limestone crushing, screening, and the like, equipment and associated air cleaning device (a water spray dust suppression system) in Limestone Township, **Union County**. Some (and possibly all) of the limestone crushing, screening, and the like, equipment is subject to Subpart OOO of the Federal Standards of Performance for New Stationary Sources.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

PA-04-226A: Wine Construction, Inc. (1000 Big Sewickley Creek Road, Sewickley, PA 15143) for installation of combination asphalt batch/drum asphalt plant in Economy Borough, **Beaver County**.

Public Hearing

CNG Transmission Corporation (625 Liberty Avenue, Pittsburgh, PA 15222) has submitted an application to the Department of Environmental Protection (Department) for approval to construct four internal combustion compressor engines, a pipeline heater, an emergency generator and a boiler at their Greenlick Compressor Station located in Stewardson Township, **Potter County**. The information provided by the applicant and the Department's own analysis indicates that the subject air contamination sources may potentially emit up to 39.44 tons per year of nitrogen oxides, 32.63 tons per year of carbon monoxide, 11.55 tons per year of volatile organic compounds and 2.91 tons per year of a combination of hazardous air pollutants (of which up to 1.91 tons per year will be formaldehyde). These air contamination sources will also emit negligible amounts of sulfur oxides and particulate matter. A preliminary review of the information submitted by the applicant indicates that the proposed construction will meet all applicable air quality requirements, including the New Source Review requirements specified in 25 Pa. Code §§ 127.201—127.217. Based on this finding, the Department proposes to approve the application and issue a plan approval to construct four 3,200 horsepower, natural gas-fired White Superior model No. 2416 internal combustion compressor engines equipped with Clean Burn III control systems and model 30"-M51S "Special" Maxim converter/silencers as well as to construct a 12.8 million Btu per hour natural gas-fired pipeline heater, a 536 horsepower natural gas-fired emergency generator and a 3.0 million Btu per hour natural gas-fired boiler.

To ensure compliance with all applicable standards, the Department proposes to place the following requirements in the respective plan approval.

1. The four internal combustion compressor engines, the pipeline heater, the emergency generator and the heater are to be constructed in accordance with the plans submitted with the application (as approved herein).

2. This plan approval is issued for the construction of four 3,200 horsepower, natural gas-fired White Superior model No. 2416 internal combustion compressor engines equipped with Clean Burn III control systems and model 30"-M51S "Special" Maxim converter/silencers as well as for the construction of a 12.8 million Btu per hour natural gas-fired pipeline heater, a 536 horsepower natural gas-fired emergency generator and a 3.0 million Btu per hour natural gas-fired boiler, as further described in the application and supplemental materials submitted for plan approval. The company shall submit the operating, design and air contaminant emission specifications of the pipeline heater, the emergency generator and the boiler within 15 days of finalizing the vendor selection for these sources to verify that the respective sources are equivalent to those described in the application and supplemental materials submitted for plan approval. If the Department determines that any of these sources are not equivalent, this plan approval is automatically null and void with respect to that source.

3. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the emission of nitrogen oxides (expressed as NO₂), carbon monoxide and volatile organic compounds from each of the four White Superior engines shall not exceed 6.35 pounds per hour, 1.98 pounds per hour and 1.38 pounds per hour, respectively. Additionally, the total combined emission of nitrogen oxides (expressed as NO₂), carbon monoxide and volatile organic compounds from the four engines shall not exceed

33.97 tons, 10.59 tons and 7.38 tons, respectively, in any 12 consecutive month period.

4. Under the best available technology provisions of §§ 127.1 and 127.12, the total combined operation of the four White Superior engines shall not exceed 10,700 hours in any 12 consecutive month period.

5. Under the best available technology provisions of §§ 127.1 and 127.12, the formaldehyde emissions from each of the four White Superior engines shall not exceed 0.49 pounds per hour. Additionally, the total combined emission of formaldehyde from the four engines shall not exceed 1.91 tons in any 12 consecutive month period and the total combined emission of all hazardous air pollutants from the four engines shall not exceed 2.91 tons in any 12 consecutive month period.

6. Under the best available technology provisions of §§ 127.1 and 127.12, the 12.8 million Btu per hour pipeline heater shall be equipped with a low NO_x burner and flue gas recirculation.

7. Under the best available technology provisions of §§ 127.1 and 127.12, the concentration of nitrogen oxides (expressed as NO_x) and carbon monoxide contained in the exhaust from the 12.8 million Btu per hour pipeline heater shall not exceed 300 ppm_{dv} at 3% O₂ and 400 ppm_{dv} at 3% O₂, respectively, and the volatile organic compound emissions from the pipeline heater shall not exceed 0.70 pound per hour. Additionally, the total emission of nitrogen oxides, carbon monoxide and volatile organic compounds from the pipeline heater shall not exceed 1.97 tons, 19.71 tons and 3.07 tons, respectively, in any 12 consecutive month period.

8. Under the best available technology provisions of §§ 127.1 and 127.12, the 536 horsepower emergency generator shall not be operated more than 1,000 hours in any 12 consecutive month period.

9. Under the best available technology provisions of §§ 127.1 and 127.12, the emission of nitrogen oxides, carbon monoxide and volatile organic compounds from the 536 horsepower emergency generator shall not exceed 4.38 pounds per hour, 3.70 pounds per hour and 1.48 pounds per hour respectively. Additionally, the total emission of nitrogen oxides, carbon monoxide and volatile organic compounds from the emergency generator shall not exceed 2.19 tons, 1.85 tons and 0.75 ton respectively in any 12 consecutive month period.

10. Under the best available technology provisions of §§ 127.1 and 127.12, the emission of nitrogen oxides, carbon monoxide and volatile organic compounds from the 3.0 million Btu per hour boiler shall not exceed 0.30 pound per hour, 0.11 pound per hour and 0.08 pound per hour respectively. Additionally, the total emission of nitrogen oxides, carbon monoxide and volatile organic compounds from the boiler shall not exceed 1.31 tons, 0.48 ton and 0.35 ton respectively in any 12 consecutive month period.

11. Under the best available technology provisions of §§ 127.1 and 127.12, all of the sources identified in condition 2 herein shall be fired only on pipeline quality natural gas.

12. Under the New Source Review provisions of §§ 127.201—127.717, the permittee shall be in possession of 59.20 tons of Department-approved volatile organic compound emission reduction credits prior to commencing operation of any of the air contaminant sources identified in condition 2 herein.

13. Under the provisions of § 127.211(b)(3)(iv), the natural gas-fired 6.5 million Btu per hour model No. 89-1160 NATCO pipeline heater currently existing at the Greenlick Compressor Station shall be shut down within 180 days of the start of operation of any source identified in condition 2 herein.

14. Within 120 days of startup of the White Superior engines, the permittee shall perform nitrogen oxides, carbon monoxide, volatile organic compound and formaldehyde testing upon each of the engines to determine the mass emission rate (expressed in pounds per hour) of the respective air contaminants. This testing shall be performed while the engines are operating at maximum capacity using test methods and procedures deemed acceptable by the Department.

15. At least 60 days prior to the performance of any testing required by condition 14 herein, the permittee shall submit three copies of a pretest protocol to the Department for review. The protocol shall include dimensioned drawings showing the location of the proposed sample ports, descriptions of the test methods and procedures to be used in the performance of testing and a description of the operating parameters to be recorded during the testing.

16. At least 10 days prior to the performance of any testing required by condition 14 herein, the permittee shall notify the Department of the actual dates and times that testing will occur so that Department personnel can arrange to be present during the testing. The Department is under no obligation to accept the results of any testing which was performed without proper prior notification having been given.

17. Within 60 days following the performance of any testing required by condition 14 herein, three copies of a test report shall be submitted to the Department. This report shall contain the results of the testing, descriptions of the test methods and procedures actually used in the performance of the testing, copies of all raw data and calculations, the horsepower and engine speed at which each engine operated during each test run and copies of all other engine operating parameters recorded during the testing.

18. The company shall maintain accurate and comprehensive records of the following:

- The number of hours that each of the White Superior engines is operated each month.
- The number of hours that the emergency generator is operated each month.

These records shall be retained for at least 5 years and be made available to the Department upon request.

19. Issuance of an operating permit for the aforementioned sources is contingent upon the sources being constructed, maintained and operated as described in the application and supplemental materials submitted for plan approval, as well as in accordance with all conditions contained herein, and upon satisfactory demonstration that any air contaminants emitted from the sources are in compliance with the requirements specified in all conditions contained herein and the applicable requirements specified in 25 Pa. Code §§ 123.1, 123.11, 123.13, and 123.41 as well as in compliance with the requirements specified in, or established under, any other applicable rule or regulation contained in Article III.

20. The 12.8 million Btu per hour pipeline heater is subject to Subpart Dc of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.40c—

60.48c. The permittee shall comply with all applicable requirements of this Subpart as well as any other applicable Subpart of the Standards of Performance, including any recordkeeping and reporting requirements. Under 40 CFR 60.4 of the Standards of Performance, the submission of all requests, reports, applications, submittals and other communications required by the Standards of Performance must be made to both the Department and the Environmental Protection Agency. The Environmental Protection Agency copies may be sent to Director, Air, Toxics and Radiation Division, U.S. EPA, Region III, 1650 Arch Street, Philadelphia, PA 19103-2029.

21. The permittee shall immediately notify the Department of any malfunction of the sources or associated air cleaning devices which results in, or may possibly be resulting in, the emission of air contaminants in excess of the limitations specified in, or established under any applicable rule or regulation contained in 25 Pa. Code Article III or in excess of the limitations specified in any condition contained herein or which otherwise results in, or may possibly be resulting in, noncompliance with the requirements specified in any condition contained herein.

22. This plan approval authorizes temporary operation of the sources covered by this plan approval for a period of up to 180 days from the date upon which operation commences.

23. Any notification required as a result of any condition herein should be directed to Joseph J. Dwyer, Air Pollution Control Engineer, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (570) 327-3642.

In accordance with § 127.45, the conditions listed in this plan approval do one or more of the following:

1. Identify the sources and location.
2. Establish allowable emission rates.
3. Establish monitoring, recordkeeping, testing and reporting requirements.
4. Ensure proper operation and adequate maintenance.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public inspection during normal business hours at the address listed.

Persons wishing to protest the issuance of plan approval or provide the Department with additional information which should be considered prior to the issuance of the plan approval may submit the protest or information to the Department at the address listed. A 30-day comment period, from the last date of publication, will exist for the submission of protests or comments. Each written protest or comment shall include the following: name, address and telephone number of the person submitting the comments; identification of the proposed Plan Approval No. OP-53-0003D; and a concise statement regarding the relevancy of the information or any objections to issuance of the plan approval.

A public hearing may be held, if the Department in their discretion, decides that such a hearing is warranted based on the information received. All persons protesting the issuance of plan approval, submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a newspaper of general circulation in the county in which the source is to be located or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. All protests, comments and re-

quests must be received by the Department no later than 30 days after final publication of this notice.

Written protests, comments or requests for a public hearing should be directed to David W. Aldenderfer, Regional Air Quality Program Manager, Department of Environmental Protection, Northcentral Region—Field Operations, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (570) 327-3648.

For additional information regarding the Department's analysis of the application, contact Joseph J. Dwyer, Air Pollution Control Engineer, Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (570) 327-3642.

Public Hearing

Graybec Lime, Inc. (P. O. Box 448, Bellefonte, PA 16823) has submitted an application to the Department of Environmental Protection (Department) for approval to construct limestone processing equipment, as well as install four fabric collectors, at their facility located in Spring Township, **Centre County**. The information provided by the applicant and the Department's own analysis indicates that the subject air contamination sources may potentially result in emission increases of up to 18.3 tons per year of particulate matter and 8.8 tons per year of PM-10 (particulate matter sized less than 10 microns). Although Graybec's application stated that the new air contamination sources would be subject to the Federal Prevention of Significant Deterioration requirements (40 CFR 52.21), the Department subsequently determined that the emissions to be associated with the new limestone processing equipment are not great enough in magnitude to constitute a "significant net emissions increase" and that the new limestone processing was consequently not subject to the Prevention of Significant Deterioration requirements. A preliminary review of the information submitted by the applicant indicates that the proposed construction and installation will meet all applicable air quality requirements. Based on this finding, the Department proposes to approve the application and issue plan approval to construct the respective limestone processing equipment which is comprised of an 8' x 24' triple deck screen and eight belt conveyors, as well as install four fabric collectors.

To ensure compliance with all applicable standards, the Department proposes to place the following requirements in the respective plan approval.

1. The limestone processing equipment is to be constructed in accordance with the plans submitted with the application (as approved herein).
2. This plan approval is issued for the construction of limestone processing equipment comprised of an 8' x 24' triple deck screen, three 36" belt conveyors, four 30" belt conveyors and a 24" belt conveyor, the air contaminant emissions from which shall be controlled by three of the four fabric collectors described as follows.

This plan approval is also issued for the installation of four reverse pulse fabric collectors.

- The first collector, designated as 12-D-112, shall have a minimum fabric area of 769 square feet and handle no more than 3,500 cubic feet of air per minute. It will control the air contaminant emissions from an existing Allis-Chalmers gyratory crusher, 42" belt conveyor and 30" belt conveyor.
- The second collector, designated as 12-D-324, shall have a minimum fabric area of 4,806 square feet and handle no more than 25,000 cubic feet of air per minute.

It will control the air contaminant emissions from an existing Symons cone crusher, 6' x 16' double deck screen, 48" belt conveyor, 42" belt conveyor, 36" belt conveyor, 30" belt conveyor, 24" belt conveyor and three 100 ton storage bins as well as the air contaminant emissions from the new 8' x 24' triple deck screen, the three new 36" belt conveyors and from one of the four new 30" belt conveyors.

- The third collector, designated as 12-D-328, shall have a minimum fabric area of 1,696 square feet and handle no more than 7,500 cubic feet of air per minute. It will control the air contaminant emissions from an existing 36" belt conveyor as well as the air contaminant emissions from three of the four new 30" belt conveyors.
- The fourth collector, designated as 13-D-20, shall have a minimum fabric area of 1,696 square feet and handle no more than 8,500 cubic feet of air per minute. It will control the air contaminant emissions from an existing 30" belt conveyor as well as the air contaminant emissions from one of the four new 30" belt conveyors and the new 24" belt conveyor.

The company shall submit operating and design specifications for the four fabric collectors within 15 days of finalizing the vendor selection to verify that the respective fabric collectors meet the design criteria specified herein. If the Department determines that any of the four fabric collectors do not meet the design criteria specified herein, this plan approval is automatically null and void with respect to that fabric collector as well as any new piece of limestone processing equipment to be controlled by that fabric collector.

2. Under the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the exhaust of the fabric collectors designated herein as 12-D-324, 12-D-328 and 13-D-20 shall not contain particulate matter in excess of 0.01 grains per dry standard cubic foot.

3. The fabric collectors identified herein shall be equipped with instrumentation to continuously monitor the differential pressure across each collector.

4. The air compressors associated with the fabric collectors identified herein shall be equipped with air dryers and oil traps.

5. The company shall keep on hand a sufficient quantity of spare fabric collector bags for the fabric collectors associated with the aforementioned sources to be able to immediately replace any bags requiring replacement due to deterioration resulting from routine operation of the sources and fabric collectors.

6. Issuance of an operating permit for the aforementioned sources is contingent upon the sources being constructed and the air cleaning devices being installed, and the sources and associated air cleaning devices being maintained and operated, as described in the application and supplemental materials submitted for plan approval, as well as in accordance with all conditions contained herein, and upon satisfactory demonstration that any air contaminants emitted from the sources are in compliance with the requirements specified in any condition contained herein, any applicable requirement contained in Subpart OOO of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.670—60.676, and the applicable requirements specified in 25 Pa. Code §§ 123.1 and 123.13 as well as in compliance with the requirements specified in, or established under other applicable rule or regulation contained in Article III.

7. The company shall immediately notify the Department of any malfunction of the sources or associated air

cleaning devices which results in, or may possibly be resulting in, the emission of air contaminants in excess of the limitations specified in any applicable requirement contained in Subpart 000 of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.670—60.676, or in excess of the limitations specified in, or established under any applicable rule or regulation contained in 25 Pa. Code Article III or in excess of the limitations specified in any condition contained herein or which otherwise results in, or may possibly be resulting in, noncompliance with the requirements specified in any condition contained herein.

8. The limestone processing equipment is subject to Subpart 000 of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.670—60.676. The company shall comply with all applicable requirements of this Subpart as well as any other applicable Subpart of the Standards of Performance, including any recordkeeping and reporting requirements. Under 40 CFR 60.4 of the Standards of Performance, the submission of all requests, reports, applications, submittals and other communications required by the Standards of Performance must be made to both the Department and the Environmental Protection Agency. The Environmental Protection Agency copies may be sent to Director, Air, Toxics and Radiation Division, U.S. EPA, Region III, 1650 Arch Street, Philadelphia, PA 19103-2029.

9. None of the limestone processing equipment identified in condition 2 herein shall be operated without the simultaneous operation of the fabric collector associated with the respective equipment.

10. This plan approval authorizes temporary operation of the sources covered by this plan approval for a period of up to 180 days from the date upon which operation commences.

11. Any notification required as a result of any condition herein should be directed to Joseph J. Dwyer, Air Pollution Control Engineer, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (570) 327-3642.

In accordance with § 127.45, the conditions listed in this plan approval do one or more of the following:

1. Identify the sources and location.
2. Establish allowable emission rates.
3. Establish monitoring, recordkeeping, testing and reporting requirements.
4. Ensure proper operation and adequate maintenance.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public inspection during normal business hours at the address listed.

Persons wishing to protest the issuance of plan approval or provide the Department with additional information which should be considered prior to the issuance of the plan approval may submit the protest or information to the Department at the address listed. A 30-day comment period, from the last date of publication, will exist for the submission of protests or comments. Each written protest or comment shall include the following: name, address and telephone number of the person submitting the comments; identification of the proposed Plan Approval No. OP-14-0004B; and a concise statement regarding the relevancy of the information or any objections to issuance of the plan approval.

A public hearing may be held, if the Department in their discretion, decides that such a hearing is warranted

based on the information received. All persons protesting the issuance of plan approval, submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a newspaper of general circulation in the county in which the source is to be located or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. All protests, comments and requests must be received by the Department no later than 30 days after final publication of this notice.

Written protests, comments or requests for a public hearing should be directed to David W. Aldenderfer, Regional Air Quality Program Manager, Department of Environmental Protection, Northcentral Region—Field Operations, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (570) 327-3648.

For additional information regarding the Department's analysis of the application, contact Joseph J. Dwyer, Air Pollution Control Engineer, Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701-6510, (570) 327-3642.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In

addition, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection. Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), requires the state to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Application received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Market Street State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Approvals to Use NPDES and Other General Permits

The following parties have submitted (1) Notices of Intent (NOIs) for Coverage under General NPDES Permits to discharge wastewater into the surface waters of the Commonwealth; (2) NOIs for coverage under General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8 and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision of 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

The Department has acted on the following requests for coverage under the specified General Permit as follows:

HAZARDOUS SITES CLEANUP

Under the Act of October 18, 1988

Settlement under the Hazardous Sites Cleanup Act

Naginey Quarry Site

Armagh Township, Mifflin County

The Department of Environmental Protection (Department) under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. §§ 6020.101—6020.1305), has entered into a proposed Consent Order and Agreement (COA) with Christopher J. and Kimba J. Swyers (Swyers), also doing business as Mifflin County Recycling

(collectively the Settlers) regarding response actions, response costs and access at the Naginey Quarry Site (site).

The site is 55 acres of land located in Armagh Township, Mifflin County, approximately 3 miles east of the town of Milroy. The site is located in a rural area bordered on the south and east by agricultural lands, on the west by private residences and on the north by the Mifflin County Recycling Center and a limestone quarry. Approximately 11 acres of the site are currently owned by others, but subject to an option-to-purchase agreement by Settlers (Naginey Property). The remaining acreage of the site was sold. Approximately 1.7 acre were sold to Joe Krentzman and Sons, Inc. in 1972 (Krentzman Property); approximately 11.67 acres were sold to Mr. Bonson in 1996 and resold to Eastern Industries; approximately 28.22 acres were sold to Settlers through a Purchase Agreement in 1996 (Swyers Property), along with the option referenced previously.

From 1972 to 1980, Krentzman leased its 1.7 acre to several related entities, the last being Independent Trading Corporation (ITC). The operations of these entities included the processing of spent batteries. These entities dumped battery casings and other solid waste both on the Krentzman Property and the Naginey Property.

Prior to Settlers owning or operating at the site, hazardous substances within the meaning of section 101(14) of CERCLA, 42 U.S.C.A. § 9601(14), and section 103 of HSCA, were disposed by others at the Naginey Property. Lead, arsenic and antimony have contaminated the surface water, groundwater, soil and/or sediments at the site. Based upon a Remedial Investigation, the Department has determined that further response actions are necessary to abate the release and threatened release of hazardous substances at the site. The Department's proposed response includes excavation of contaminated soils and off-site disposal.

The Department has information indicating that Charles H. and Constance C. Naginey, Independent Trading Corporation and Joe Krentzman and Sons, Inc. are responsible persons for the site within the meaning of section 107 of CERCLA, 42 U.S.C.A. § 9607, and section 701 of HSCA. The Department has settled with Charles H. and Constance C. Naginey concerning the site. This is documented in a Consent Order and Agreement dated July 27, 1998.

Based upon the information that the Department has obtained concerning Settlers and the site, and based upon the information certified to by Settlers, the Department has determined that Settlers: (1) did not conduct or permit the generation, transportation, storage, treatment or disposal of any hazardous substances at the site; (2) did not contribute to the release or threatened release of hazardous substances at the site through any act or omission; and (3) acquired the approximately 28 acre parcel of the property within the site with no actual or constructive knowledge that that 28 acre parcel of the property was used for the generation, transportation, storage, treatment or disposal of any hazardous substance, and (4) Settlers now intend to acquire the approximately 11 acre Naginey Property within the site after the date of this COA and after receiving the release and contribution protection afforded by this COA.

Based upon this, the Department has determined that it is in the public interest to resolve the foregoing matters without litigation and to enter into a de minimis settlement with Settlers section 122(g) of CERCLA, 42 U.S.C.A. § 9622(g), and section 70 of HSCA.

On February 28, 2000, the Department and the Settlers entered into a Consent Order and Agreement. Under the terms of the COA, the Settlers will pay the Department \$10, and upon purchase of the Naginey Property, shall grant the Department and its designated agents, including contractors and responsible persons under the direction of the Department, access to and entry upon the Naginey Property and Swyers Property to perform Response actions at the site.

This notice is provided under section 1113 of HSCA. This section provides that the settlement will become final upon the filing of the Department's response to any significant written comments. The proposed Consent Order and Agreement that contains the specific terms of the settlement is available for public review and comment. The proposed Consent Order and Agreement can be examined from 8 a.m. to 4 p.m. at the Department's office at 909 Elmerton Avenue, Harrisburg, PA 17110, by contacting Barbara Faletti at (717) 705-4864. The Administrative Record can also be reviewed at the Armagh Township Municipal Building, 224 College Avenue, Milroy, PA 17063, between the hours of 9 a.m. and 5 p.m. The Administrative record will be open for comment from the March 25, 2000, date of publication of this notice in the *Pennsylvania Bulletin* and will remain open for 60 days. Persons may submit written comments regarding this action to the Department before May 25, 2000, by mailing them to Barbara Faletti at the previously noted address.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Stafford, P.G., Groundwater and Environmental Services, Inc., 410 Eagleview Blvd., Suite 110, Exton, PA 19341, has submitted a Final Report concerning remediation of site soil contaminated with BTEX and petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

184 Pennsylvania Avenue Associates, Malvern Borough, **Chester County**. Michael S. Welsh, P.E., Applied Environmental Management, Inc., 16 Chester County Commons, Malvern, PA 19355, has submitted a Final Report concerning remediation of site soil contaminated with polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Hart Metals, Borough of Tamaqua, **Schuylkill County**. Peter D. Beyer, P.G., Project Manager, Environmental Resources Management, 855 Springdale Drive, Exton, PA 19341 has submitted a Final Report (on behalf of his client, Reade Manufacturing Company, 100 Ridgeway Boulevard, Lakehurst, NJ 08733) concerning the remediation of site soils, groundwater and surface water found or suspected to have been contaminated with volatile organic compounds, polycyclic aromatic hydrocarbons and/or metals. The report was submitted to document remediation of the site to meet the Statewide health standard.

Queen City Business Center, City of Allentown, **Lehigh County**. Jeff Obrecht, P.G., Division Manager, Apex Environmental, Inc., 301 W. Lancaster Avenue, Reading, PA 19607 has submitted a Remedial Investigation Report and two Final Reports (on behalf of his client, Queen Business Center, 1801 South 12th Street, Allentown, PA 18103) concerning the remediation of site soils and groundwater found or suspected to have been contaminated with solvents and/or metals. The reports were submitted to document characterization and remediation of the site to meet both the Statewide health and site-specific standards.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Crown American Logan Valley Mall, Logan Township, **Blair County**. Mountain Research, Inc., 825 25th Street, Altoona, PA 16601 has submitted a combined Remedial Investigation/Final Report concerning remediation of site soils and groundwater contaminated with lead, VOCs, PAHs and benzene. The report is intended to document remediation of the site to a combination of the site-specific and Statewide health standards.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Swissvale Auto Surplus Parts, Borough of Swissvale, **Allegheny County**. Keith Welks, Phoenix Land Recycling Company, 105 North Front Street, Suite 106, Harrisburg, PA 17101, and Frances Kalik, c/o Thomas Landye Esq., 3500 First Interstate Tower, Portland, OR 97201 has submitted a Final Report concerning remediation of site soil contaminated with PCBs, lead, heavy metals and Dioxin. The report is intended to document remediation of the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Standards Remediation Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediations Standards Act (act). Plans and reports required by provisions to the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

DEPARTMENT OF HEALTH

Application of Children's Hospital of Philadelphia for Exception to 28 Pa. Code § 101.54

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) gives notice that Children's Hospital of Philadelphia (CHOP)

has requested an exception to the requirements of 28 Pa. Code § 101.54 which requires that a license be issued for the bed complement within approved existing facilities. CHOP requests the exception so that it may utilize a 25 bed unit physically located within the Children's Seashore House (CSH) of the Children's Hospital of Philadelphia and included within CSH's licensed bed complement to provide inpatient care to CHOP patients. The Department had granted a similar previous request from CHOP for the fall and winter of 1999-2000. The present request is to extend the utilization of the CSH beds until June 15, 2000.

The request is on file with the Department. Persons may receive a copy of the request for exception by requesting a copy from: Division of Acute and Ambulatory Care, PA Department of Health, Room 532, Health and Welfare Building, Harrisburg, PA 17120, Telephone: (717) 783-8980, Fax: (717) 772-2163, E-mail: lvia@state.pa.us.

Those persons who wish to comment on this exception request may do so by sending a letter by mail, e-mail or facsimile to the Division and address listed.

Comments received by the Department within 5 days after the date of publication of this notice will be reviewed by the Department before it decides whether to approve or disapprove the request for exception.

Persons with a disability who wish to obtain a copy of the request and/or provide comments to the Department and require an auxiliary aide service or other accommodation to do so, should contact, Director, Division of Acute and Ambulatory Care at (717) 783-8980, V/TT: (717) 783-6154 for Speech and/or Hearing Impaired Persons or the Pennsylvania AT&T Relay Service at (800) 654-5984 [TT].

DEPARTMENT OF PUBLIC WELFARE

1999 Group Two Exception Requests Medical Assistance Long Term Care Participation Review

The Department of Public Welfare (Department), by statement of policy effective December 18, 1996, adopted an interim policy announcing that, as a general matter, it intended to exercise its discretion to terminate or to refuse to enter into an MA provider agreement with a provider of nursing facility services that sought to increase the number of MA certified nursing facility beds through enrollment or expansion, unless the Department granted an exception on a case-by-case basis to permit that provider to enroll or expand. Effective August 11, 1997, this statement of policy was revised to state that enrolled nursing facility providers are prohibited from expanding their licensed bed capacity, under any circumstances, without first receiving an exception from the Department. A statement of policy that sets forth the

guidelines the Department will use when making its case-by-case exception request decisions was published in the *Pennsylvania Bulletin* on January 10, 1998 (28 Pa.B. 138), and is codified at 55 Pa. Code § 1187.21a.

By this notice, published under 55 Pa. Code § 1187.21a(e)(4), the Department announces the 1999 Group Two exception requests covering the submission period of July 1, 1999 through December 31, 1999.

Payments to Nursing Facilities April 1, 2000 Proposed Rates

The purposes of this notice are to announce the proposed changes in payment rates for nursing facilities beginning April 1, 2000, and to identify the methodology and justification for these proposed rates. Under 42 U.S.C.A. § 1902(a)(13)(A), as amended by section 4711 of the Balanced Budget Act of 1997, P. L. 105-33, § 4711, a

state must use a public process when it proposes to make changes in payment rates or payment methodologies for nursing facility services under its approved Title XIX State Plan. The Department of Public Welfare (Department) is not proposing to amend its State Plan or to change its regulations, 55 Pa. Code Chapter 1187, relating to the rate-setting methodology used to set nursing facility payment rates. Rather, the Department is proposing to make changes in its nursing facility payment rates because those rate changes are required by the rate-setting methodology contained in its approved State Plan and regulations.

Rates

The proposed April 1, 2000, rates are available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout the Commonwealth, or by contacting Tom Jayson in the Policy Section of the Bureau of Long Term Care Programs at (717) 772-2570.

Methodology

The methodology that the Department used to set the proposed rates is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for the proposed rates is that they were set under the rate-setting methodology required by the Commonwealth's approved State Plan and the current regulations.

The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 1999-2000 is \$1.165 million (\$0.538 million in State funds).

Interested persons are invited to submit written comments about the proposed rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to: Department of Public Welfare, Attention: Suzanne Love, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

DEPARTMENT OF TRANSPORTATION

Finding Montgomery County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to replace the bridge, which carries S.R. 4008 (Kratz Road) over Skipack Creek in Evansburg State Park, Montgomery County. The proposed project involves the replacement of the existing three-span, stone/masonry arch structure with a two-span concrete box beam bridge on the existing alignment. The existing bridge has been closed to vehicular traffic since 1994.

The proposed project will require acquisition of approximately 0.10 acre of right-of-way from Evansburg State Park. Evansburg State Park overlaps the Evansburg Historic District, which is listed on the National Register of Historic Places (NRHP) and is located approximately 2.65 miles south of the Kratz Road Bridge. Additionally, the area encompassed by Evansburg State Park outside the NRHP listed Historic District is a NRHP eligible Historic District as an increase of the NRHP listed Evansburg Historic District. The Evansburg State Park, the NRHP listed Evansburg Historic District and the NRHP eligible Evansburg Historic District qualify for protection under Act 120, Section 2002. The Kratz Road Bridge is a contributing element within the NRHP eligible Evansburg Historic District.

Mitigation measures to be taken to minimize harm to the Section 2002 resources will be implemented as described in the CEE/Section 2002 Evaluation and in the Memorandum of Agreement (MOA), which has been written and will be executed between the U.S. Army Corps of Engineers (who will be issuing a Section 404 Permit for the project) and the Pennsylvania State Historic Preservation Office.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from the project.

BRADLEY L. MALLORY,
Secretary

Retention of Engineering Firms

Huntingdon County Project Reference No. 08430AG2522

The Department will retain an engineering firm to provide supplementary construction inspection staff of approximately seven (7) inspectors, under the Department's Inspector(s)-in-Charge for construction inspection and documentation services on the following projects:

1. S.R. 6022, Section 005, Huntingdon County
Local Name: Water Street Bypass
This project involves the relocation of 1.86 miles of S.R. 0022 and the construction of three new structures, bituminous roadway, traffic signals, and major drainage and intersection work.
2. S.R. 0022, Section 011, Huntingdon County
Local Name: Shaffers Run Bridge
This project involves the replacement of a single span, cement concrete bridge structure.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities and Department, District 9-0 and supervisory experience.
- b. Specialized experience in asphalt paving, drainage, earth-work, structures, CPM schedule usage, and Construction Documentation System (CDS).
- c. Number of NICET and NECEPT certified inspectors in each payroll classification.
- d. Understanding of Department's requirements, policies, and specifications.
- e. Ability to provide one (1) CDS operator or person capable of inputting data into personal computer, and one (1) licensed nuclear operator (TCI-M classification).
- f. Past performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 2 (TCM-2) (NICET Highway Construction Level 4 or equivalent)	1 (1)
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	1 (1)
Transportation Construction Inspector - Materials (TCI-Materials) (NICET Highway Materials Level 2 or equivalent)	1 (1)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	3 (2)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)

Failure to identify the number of inspectors indicated above will not result in disqualification but it will be a factor, except for the TA position, in the Department's evaluation.

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 2000:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCM-2)	\$54.35
(TCIS)	\$41.75
(TCI-Materials)	\$37.65
(TCI)	\$36.53
(TA)	\$25.12

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal workweek.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the

construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- 1 Nuclear Densometer Gauge/License at point of need when needed
- 1 Base Radio Station
- 4 Two-Way Radios
- 8 Pagers
- 1 Cellular Phone
- 1 Camera (digital)
- Safety Vests—High Visibility for Inspectors

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total Agreement price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCM-2 and TCIS positions, giving their approval to use their name in your letter of interest for this specific project.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-2	1
TCIS	2
TCI-M	2
TCI	5
TA	2

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Earl L. Neiderhiser, P.E., District Engineer
Engineering District 9-0
1620 North Juniata Street
Hollidaysburg, PA 16648

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to Mr. Kevin L. Stern, P.E., District 9-0, at (814) 696-7139, Fax Number (814) 696-7146.

**Lackawanna County
Project Reference No. 08430AG2523**

The Department will retain an engineering firm for a multi-phase, specific project agreement to perform environmental studies and preliminary engineering, final design, and services during construction (shop drawing

reviews, alternate design reviews, and consultation during construction) for the proposed new highway in Archbald and Jessup Boroughs, Lackawanna County. This agreement will be administered by Engineering District 4-0. The estimated construction cost is \$8.2 million.

The proposed project is a two (2) lane highway from S.R. 1012 (Salem Road) in Archbald Borough to S.R. 0247 (TR 247) in Jessup Borough, Lackawanna County.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting Letters of Interest:

- a. Specialized experience and technical competence of the firm.
- b. Project team composition.
- c. Project team experience (based on similar projects).
- d. Ability to expedite this project and maintain schedule and budget.
- e. Past performance (based on similar projects).
- f. Location of consultant with respect to the project and Engineering District 4-0 Office.

The firm selected may be required to provide a variety of engineering services as indicated below, but not limited to:

- a. All studies necessary for the preparation of an Environmental Assessment and associated documents including, but not limited to; wetland delineation, evaluation and mitigation; hazardous waste investigations and reports; Agency Coordination Meeting presentations; secondary impact analyses; terrestrial habitat investigations; threatened and endangered species analysis, etc. Section 106 requirements will be prepared by the Department.
- b. Preliminary engineering including, but not limited to field surveying; hydraulic and hydrologic analysis; utility investigations; type, size, and location drawings; right-of-way investigations; maintenance and protection of traffic drawings; erosion and sediment pollution control plans; soils and geological investigations; roadway and bridge design; and Design Field View Submission.
- c. Preparation of final roadway and structure drawings including, but not limited to right-of-way plans; roadway and structure borings; final design; utility relocation plans; and preparation of plans, specifications and estimates.
- d. Consultation during construction.

All engineering services for this project will be performed in accordance with current Department Metric Design Standards.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Charles M. Mattei, P.E., District Engineer
Engineering District 4-0
P. O. Box 111
Scranton, PA 18501
Attn: Mr. Carl A. Taddonio, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:00 P.M. prevailing time on the twentieth (20th) day following the date of this Notice.

The District will announce the firms that have been shortlisted at an open public meeting to be held in Engineering District 4-0, O'Neill Highway, Dunmore, PA 18512. All candidates that have submitted a Letter of Interest will be notified of the date. Specify a contact person in the Letter of Interest.

Any technical questions concerning the requirements for this project should be directed to Mr. Carl A. Taddonio, P.E., at (570) 963-4334, Fax Number (570) 963-4014.

**Lackawanna, Luzerne, Pike, Susquehanna,
Wayne, and Wyoming Counties
Project Reference No. 08430AG2524**

The Department will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 4-0, that is Lackawanna, Luzerne, Pike, Susquehanna, Wayne and Wyoming Counties. The Contract will include roadway and bridge construction projects, and material plant inspection. The Contract will be for a period of sixty (60) months, with a maximum cost of \$1 Million dollars.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Number of available inspectors in each payroll classification.
- b. Number of NICET certified inspectors in each payroll classification.
- c. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, and drainage.
- d. Understanding of Department's requirements, policies, and specifications.
- e. Past Performance.
- f. Workload.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the

following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	15 (15)

Failure to identify a minimum of fifteen (15) inspectors in your letter of interest will not result in disqualification but it will be a factor in the Departments evaluation.

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

A total of five (5) Transportation Construction Inspectors (TCI's) assigned to this contract must be certified in the Department's Construction Documentation System (CDS). Clearly indicate which inspector's meet this requirement in the Letter of Interest. Failure to provide a minimum of five (5)CDS certified inspectors will result in disqualification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 2000:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCI)	\$36.53

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified

personnel capable of climbing structures during painting, rehabilitation, or construction.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCI	18

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Charles M. Mattei, P.E., District Engineer
 Engineering District 4-0
 O'Neill Highway
 Dunmore, Pa. 18512
 Attn.: David Skrocki, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the twentieth (20) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to Joe Chilek, P.E., Construction Services Engineer, at (570) 963-4033, Fax Number (570) 963-4954.

**Chester County
 Project Reference No. 08430AG2525**

The Department will retain an engineering firm for a specified project contract to perform NBIS bridge safety inspections for 384 designated bridges on the State Highway system in Chester County in District 6-0. This contract will be for a period of thirty (30) months.

The selected firm is required to provide one bi-annual NBIS inspection for each bridge over a two (2) year period and other services related to NBIS bridge safety inspection. The firm will provide updated inspection reports. The report will include an inspection summary, field inspection Form D-450, updated BMS coding sheets and maintenance recommendations.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firm submitting letters of interest:

- a) Capabilities of the proposed teams to address the bridge inspection, engineering evaluations and recommendations, and related aspects identified in the advertisement.
- b) Number of NBIS certified inspectors and inspection teams available for the agreement.
- c) Review of inspectors' resumes with emphasis on bridge inspection capabilities.
- d) Understanding of the Department's requirements, policies and specifications.
- e) Current bridge inspection workload.
- f) Past performance.

g) Internal procedures for cost containment and quality assurance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart up (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section for additional requirements for the Letter of Interest).

The Letter of Interest submission shall be sent to:

Mr. Andrew L. Warren, District Administrator
Engineering District 6-0
7000 Geerdes Blvd.
King of Prussia, PA 19406-1525

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. John Ferry, District 6-0, at (610) 205-6620.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

1. The Letter of Interest must include the project reference number, the firm's legal name, and the firm's federal identification number.
2. Identify the project manager.
3. Identify subconsultants, if any, including DBE/WBE, if required.
4. Identify key project staff.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

FISH AND BOAT COMMISSION

Consideration of Changes to Special Regulation Designations

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

At the next Commission meeting on April 7 and 8, 2000, the Commission will consider designating or redesignating the following stream sections as waters subject to special fishing regulations under 58 Pa. Code Chapter 65:

58 Pa. Code § 65.1. Selective Harvest Program.

The Commission will consider redesignating the limits of the following water that is currently regulated and managed under the Selective Harvest Program:

<i>County</i>	<i>Water on which located</i>	<i>Description</i>
York	Codorus Creek	From the confluence with the West Branch of Codorus Creek downstream to the cable 0.5 mile downstream of T-374 (Hayrick Road), a distance of 3.1 miles.

This change, if approved by the Commission, will be effective upon publication in the *Pennsylvania Bulletin*.

58 Pa. Code § 65.5. Catch-and-Release Areas.

The Commission will consider adding the following stream section to the list of Catch-and-Release Areas designated under 58 Pa. Code § 65.5:

<i>County</i>	<i>Water on which located</i>	<i>Description</i>
Clinton	Fishing Creek	From the upper bridge on SR 2002 downstream to a point 1.3 miles upstream of the lower SR 2002 bridge, a distance of 2.2 miles.

This change, if approved by the Commission, will be effective January 1, 2001.

58 Pa. Code § 65.7. Trophy Trout Program.

The Commission will consider removing the following stream section from the list of waters regulated and managed under the Trophy Trout Program:

<i>County</i>	<i>Water on which located</i>	<i>Description</i>
Clinton	Fishing Creek	From the upper bridge on SR 2002 downstream to a point 1.3 miles upstream of the lower SR 2002 bridge, a distance of 2.2 miles.

The Commission will consider redesignating the limits of the following water that is currently regulated and managed under the Trophy Trout Program:

<i>County</i>	<i>Water on which located</i>	<i>Description</i>
Clinton	Fishing Creek	From the private lane bridge at the Tylersville Fish Culture Station downstream to the upper bridge on SR 2002, a distance of 0.7 mile.
Clinton	Fishing Creek	From a point 1.3 miles upstream of the lower SR 2002 bridge to Flemings Bridge (SR 2004), a distance of 2.1 miles.

These changes, if approved by the Commission, will be effective January 1, 2001.

At this time, the Commission is soliciting public input concerning the above designations or redesignations. Persons with comments, objections or suggestions concerning the designations/redesignations are invited to submit comments in writing to Executive Director, Pennsylvania Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 by no later than 4 p.m. on April 5, 2000. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations @ fish.state.pa.us." A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

Re-Opening of Fords Lake, Lackawanna County

On December 1, 1998, the Fish and Boat Commission (Commission) temporarily closed Fords Lake to all public access and use. Fords Lake, a 73-acre lake located 3 miles west of Clarks Summit in Lackawanna County, was closed to the public so that the Commission could draw down the lake to facilitate repairs to the dam.

Notice is hereby given that the repairs to the dam have been completed and Fords Lake is now open to the public.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Thursday, March 9, 2000, and took the following actions:

Regulations Approved:

Department of Public Welfare #14-466: Subsidized Child Day Care Eligibility (amends 55 Pa. Code Chapters 168 and 3040).

Commissioners Voting: John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson; Arthur Cocodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
March 9, 2000

Department of Public Welfare—Subsidized Child Day Care Eligibility; Regulation No. 14-466

Order

On February 17, 2000, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of Public Welfare (Department). This rulemaking amends 55 Pa. Code Chapters 168 and 3040. The authority for this regulation is 62 P.S. §§ 201—211, 401—493 and 701—703, and 42 U.S.C.A. §§ 9858—9858q. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The Department is expanding the opportunity for participation in the subsidized child day care program. It is increasing the initial income limits for a family's eligibility for subsidized child day care from 185 to 200% of the Federal Poverty Income Guidelines. The regulation also decreases certain co-payment levels, reduces income reporting requirements, and expands eligibility provisions for teen parents living in their parents' homes.

This regulation meets the criteria of the Regulatory Review Act.

Therefore, It Is Ordered That:

1. Regulation No. 14-466 from the Department of Public Welfare, as submitted to the Commission on February 17, 2000, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing, as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with their company's termination of the insured's automobile policy. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). These administrative hearings will be held in the Insurance Department's Regional Office in Harris-

burg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Theodore and Elizabeth Lorah; file no. 00-280-00128; AAA Mid-Atlantic Insurance Company; doc. no. PH00-03-012; April 11, 2000 at 10 a.m.;

Appeal of Martin Ortiz; file no. 00-188-00619; Reliance National Indemnity; doc. no. P00-03-011; April 13, 2000 at 10 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearings, and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

PENNSYLVANIA EMERGENCY MANAGEMENT AGENCY

Public Meetings and Availability of Draft Regulations

Prohibition of Nonessential Water Uses in a Commonwealth Drought Emergency Area, Local Water Rationing Plans, Philadelphia Drought Water Emergency Plan and Reductions of Major Water Use in the Delaware River Basin Drought Emergency Area

The Pennsylvania Emergency Management Agency (PEMA or Agency), in cooperation with the Department of Environmental Protection (DEP or Department), will hold public meetings to describe revisions it recommends be made to the drought emergency regulations found at 4 Pa. Code, Chapters 118, 119, 119a and 120. The draft revisions were developed based upon experience during

droughts in the past decade, and particularly the recent drought of 1998-99. In addition to revising Chapters 118, 119 and 120, the Agency is proposing to eliminate Chapter 119a, which applies specifically to the City of Philadelphia, and to incorporate the applicable provisions of Chapter 119a into Chapter 119.

A. Public Meetings

The Agency, in cooperation with the Department, will hold an informational meeting for the purpose of discussing the regulation revisions at the following locations, starting at 7:00 p.m.:

Wednesday, April 5, 2000
 Second Floor Auditorium
 Rachel Carson State Office Building
 400 Market Street
 Harrisburg, PA

Thursday, April 6, 2000
 Bethlehem Town Hall
 10 East Church Street
 Bethlehem, PA

Tuesday, April 18, 2000
 Department of Environmental Protection
 Southwest Regional Office
 400 Waterfront Drive
 Pittsburgh, PA

Persons with a disability in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact Marilyn Keifer at (717) 772-4048, or through the Pennsylvania AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) to discuss how the Agency may accommodate their needs.

B. Notice of Availability of Draft Regulations

Copies of the draft revised regulations are available from Robin Snyder at (717) 651-2224. The draft revisions are available electronically on the PEMA web site at <http://www.pema.state.pa.us> and on the DEP web site <http://www.dep.state.pa.us> by choosing "Subjects", then "Drought Information" and clicking on "Draft Revisions."

Written comments should be addressed to Mark Goodwin, Pennsylvania Emergency Management Agency, 2605 Interstate Drive, Harrisburg, PA 17110. Comments will not be accepted by facsimile. Comments must be received by April 30, 2000. A subject heading of the proposal and a return name and address must be included in each letter.

C. Background of the Draft Revisions to Drought Emergency Regulations

Introduction

The drought experience of 1998-99 offered insight into many ways in which the drought emergency regulations found at Chapters 118, 119, 119a and 120 have become outdated with the passage of nearly 20 years since they were initially written and nearly 10 years since they were last revised. Technology and social trends have advanced in ways that earlier drafters of the regulations could not have envisioned. As an example, irrigation practices have advanced with new technologies, and it may now be more efficient to irrigate with automated irrigation systems than to water with a hand-held hose in many cases.

Overall, our experience has also shown us the potential for more efficient ways to manage water use during drought emergencies. Experience has shown, for example, that a permanent Commonwealth Drought Coordinator, with authority to approve drought plans prior to a

drought, rather than during an emergency, would enable the Emergency Management Council to focus more closely on drought emergency operations, and at the same time provide for more meaningful reductions in and more efficient use of available water resources.

The proposed revisions will move the Commonwealth toward full-time drought preparedness and management. Implementation of actual emergency provisions of the regulations, including the nonessential water use bans, will only be effective during a declared emergency and within the declared emergency area, as before. However, the revised regulations will be effective at all times, rather than only during declared drought emergencies. They will also be effective Statewide, rather than only in the declared emergency area. This will enable the designation of a permanent Commonwealth Drought Coordinator (CDC) within the Department of Environmental Protection. It will authorize the CDC to receive and approve drought management plans on an ongoing basis from water users across the Commonwealth, thus allowing more opportunity to provide education and technical assistance to water users to guide them in the development of their individual drought plans. It will also allow more time for the CDC and Department staff to adequately review plans and to approve them prior to an actual emergency. This is in concert with new provisions in the regulations that require certain classes of water users, such as golf courses, to operate according to an approved plan during an emergency.

Chapter 118

The Chapter 118 regulations were originally written to apply only to the Delaware River Basin portion of the Commonwealth. References to the Delaware River Basin are being removed from the regulations in order to make them applicable Statewide. Many of the activities involved in submittal and review of drought contingency plans, as required by the regulations, included duplications of effort by both PEMA and the CDC. To the extent practicable, references to PEMA with regard to those activities are being removed from the regulations, and authority and responsibility for those activities are being delegated to the CDC, as agent for PEMA. In a similar manner, the current authorities and responsibilities of the Emergency Management Council in the appeal process, are being assigned to PEMA and further delegated to the extent practicable to the Public Utility Commission's administrative law judges or others.

Chapter 119

Chapter 119 contains the bans on nonessential water use, which are effective during a declared drought emergency. Many revisions are being proposed in Chapter 119. As in Chapter 118, to the extent practicable, responsibilities and authorities are being assigned from the Council to PEMA and delegated from PEMA to the CDC. These procedures again affect plan or variance submissions, reviews, approvals and appeals.

The effective emergency area is being expanded to include the complete service area of any public water supply agency whose source of water is located in the declared emergency area. This will eliminate problems experienced previously when public water supply service areas extended beyond an emergency county into a non-emergency county with the result that only a part of the service area was subject to emergency restrictions. In another effort to address public water supply inequities, the revisions provide that a public water supply agency whose sources are not in jeopardy, although located

within a declared emergency county, may request a variance from the nonessential use bans, if the agency is following a drought contingency plan that was approved by the CDC within the previous 3 years.

Definitions have been added or revised to clarify the meanings of athletic field, effective conservation, irrigation contractor, newly seeded and sodded grass, paved surface, and professional landscaper.

A new section is added to specifically address athletic fields, which were previously considered part of the "lawn" section. Regulations are provided separately for normal athletic fields and sand-based fields, because the sand-based fields (similar to golf greens) require more frequent and greater quantities of watering. Irrigation of sand-based fields will require metering and reporting and must be done according to a plan approved by the CDC. Normal athletic fields will be limited to watering one time per week; while sand-based fields will be limited to one and a half inches of water per week.

The golf course regulations have been completely rewritten. As with the sand-based athletic fields, irrigation of golf courses will require metering and reporting and must be done according to a plan approved by the CDC. The golf courses will be required to reduce their watering to 70% of the average daily quantity of water used, by month, in the previous 5 years, within lower and upper limits.

The grass and landscape/nursery sections of the regulations are being modified primarily to recognize the efficiencies in using automated irrigation systems, compared to the "hand-held bucket and hose" techniques allowed in the current regulations.

Recirculating fountains will be allowed to continue operating, until the water evaporates. Fountains or waterfalls necessary to sustain fish life will be allowed to operate; water will be allowed to be used to replenish fish ponds and water gardens to sustain fish and aquatic life.

Revisions in the mobile equipment and paved surface sections recognize the need to wash equipment or areas related to food vending and hauling. The use of a hand-held hose with automatic shutoff nozzle will be allowed, up to 2 minutes, for washing personal cars, recognizing that this will generally require less water than the "bucket" method allowed in the current regulations.

The fire hydrant regulations previously contained in Chapter 119a are being incorporated into Chapter 119; while Chapter 119a, which dealt specifically with Philadelphia, is being eliminated.

Chapter 119a

This chapter, which applies specifically to Philadelphia, is being eliminated and the section on fire hydrants is being incorporated into Chapter 119, as indicated above.

Chapter 120

This chapter applies solely to public and municipal water supply systems and allows either the municipality or the water supply agency to institute water rationing if the bans on nonessential water uses effected through Chapter 119 are insufficient to protect local water supplies. The suggested revisions to this chapter are primarily procedural in nature, some of them reflecting the proposed assignments and delegations of authority from the Council and/or PEMA to PEMA and/or the CDC. Again, the appeal processes reflect the intended use of Public Utility Commission administrative law judges as

hearing officers. In addition, procedures for amendment or repeal of an implemented rationing plan are being simplified.

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. JB Logistics, LLC;
Doc. No. A-00114516C9901

Complaint

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania, empowered to regulate motor carriers and brokers within this Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That JB Logistics, LLC, respondent, maintains a principal place of business at 2039 Northampton Street, Easton, PA 18042.
2. That all times relevant to this Complaint, respondent held a certificate of public convenience issued by this Commission at Application Docket No. A-00114516.
3. That pursuant to Section 512 of the Public Utility Code, 66 Pa.C.S. § 512, and 52 Pa. Code Chapter 32; respondent is required to maintain evidence of current insurance on file with this Commission.
4. That respondent has failed to maintain evidence of bodily injury and property damage liability insurance, in violation of the Public Utility Code and regulations cited in Paragraph 3 of this complaint.
5. That as a result of failure to maintain evidence of current insurance on file with this Commission, the Bureau of Transportation and Safety Prosecutory Staff requests that the Secretary of the Commission revoke respondent's certificate of public convenience.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Secretary of the Commission revoke the certificate of public convenience held by JB Logistics, LLC at Docket No. A-00114516, for failure to maintain current evidence of insurance on file with the Commission.

Respectfully submitted,

George T. Mahan, Director
Bureau of Transportation and Safety
P. O. Box 3265
Harrisburg, PA 17105-3265

Verification

I, George T. Mahan, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Notice to Plead

A. You must file an answer within twenty (20) days of the date of service. The date of service is the mailing date as indicated at the top of the Secretarial cover letter for this complaint and notice to plead. 52 PA Code § 1.56(a). The answer must raise all factual and legal arguments that you wish to claim in your defense and must include the docket number of this Complaint. Your answer must be verified and the original and two (2) copies sent to:

James J. McNulty, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

B. If you fail to answer this complaint within twenty (10) days of the date of service as identified in Paragraph A. above, the Bureau of Transportation and Safety will request that the Commission enter an order revoking your certificate of public convenience; contract carrier permit; or brokerage license or imposing such other remedy as may be appropriate.

C. In lieu of an answer, you may elect not to contest this Complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations. The proof of insurance must be

filed with the Secretary of the Commission at the address set forth in Paragraph A. Upon receipt of the proof of insurance from your insurer, the complaint proceeding shall be closed.

D. If you file an answer which either admits or fails to deny the allegations of the complaint, the Bureau of Transportation and Safety will request that the Commission enter an order revoking your certificate of public convenience; contract carrier permit; or brokerage license.

E. If you file an answer which contests the complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
