READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the Pennsylvania Consolidated Statutes provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the Laws of Pennsylvania are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the Laws of Pennsylvania to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

Requests for annual subscriptions for advance copies of statutes should be sent to the State Bookstore, State Records Center Building, 1825 Stanley Drive, Harrisburg, PA 17103, accompanied by a check or money order in the sum of \$20, payable to the "Commonwealth of Pennsylvania."

THE COURTS

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Joint General Court Regulation; Trial and Orphans' Court Divisions; No. 2000-02

Procedure for the Appointment of a Guardian and Obtaining Approval to Provide Medical Treatment for Alleged Incapacitated Persons and Minors Subject to the Jurisdiction of the Orphans' Court Division

Emergency requests for court authorization to perform medical procedures on alleged incapacitated persons, and in some cases involving minors, are being made with increasing frequency. In order to protect the rights of all parties involved, and to clarify the procedure to be utilized in seeking judicial intervention, the Court has adopted the policy set forth hereunder.

1. *Necessity for Court Intervention.* A minor is not sui juris, and thus may not provide informed consent. A parent or guardian must provide the requisite consent to authorize the performance of any medical procedures on the minor. Conversely, an adult is deemed to be competent to authorize any medical procedure. Only where the competency of an adult is at issue must the appointment of a guardian be sought.

(a) *Adults.* The jurisdiction of the court of common pleas over the adjudications of incompetency and the appointment of guardians must be exercised through the Orphans' Court Division. See 20 Pa.C.S. § 711. In Philadelphia County, the Orphans' Court Division is the only appropriate Division through which the appointment, control and removal of the guardian of the person of any incapacitated person may be exercised. See 20 Pa.C.S. § 712(2). Thus, requests for leave to perform medical treatment, if necessary due to the individuals' inability to give informed consent, must be filed in the Orphans' Court, in conjunction with the request to appoint a guardian for the person.

(b) *Minors.* Minors may be subject to the jurisdiction of the Family Court Division as well as the Orphans' Court Division. The within Joint General Court Regulation only controls those instances where the request to appoint a guardian is filed in the Orphans' Court Division. The current practice in the Family Court Division is not changed.

2. *Place to File the Request.*

(a) *During Court Hours.* All Petitions for the purposes set forth herein shall be filed in the Orphans' Court Division, through the Clerk of Orphans' Court, 415 City Hall, Philadelphia, PA.

(b) *After Normal Court Hours.* In the event of an unforeseen emergency occurring after normal court hours, a petition may be filed with the weekly emergency Common Pleas Court Judge, appointed by the President Judge of the Court of Common Pleas, by contacting the City Hall Operator at (215) 686-5665 and asking for the Common Pleas Court Emergency Judge. The Emergency Judge shall be advised by the petitioner, counsel or the caller whether proceedings involving the adult or minor were commenced or are pending in any Court, and

whether the request raised with the Emergency Judge has been addressed in any tribunal. If the petition is accepted by the Emergency Judge, a hearing must be held by the Emergency Judge before an order or decree may be issued.

3. *Petition Requirements.*

(a) *During Court Hours.* The petition shall be filed in compliance with the Pennsylvania Orphans' Court Rules, the Philadelphia County Orphans' Court Rules, and the applicable provisions of the Probate, Estates and Fiduciaries Code, 20 Pa.C.S. 101 et seq. At Petitioner's request, the Orphans' Court may appoint a limited or plenary guardian as authorized by 20 Pa.C.S. § 5512.1, or an emergency guardian, as authorized by 20 Pa.C.S. § 5513.

(b) *During Non-Court Hours.* The weekly Emergency Judge, exercising the jurisdiction of the Orphans' Court Division, may appoint an emergency guardian as provided by 20 Pa.C.S. § 5513 provided that: the request is made after non-court hours; a petition, substantially as required in section (3) (a), is filed with the Emergency Judge; a hearing is held; and a determination is made that clear and convincing evidence exists which establishes that the person lacks capacity, is in need of an emergency guardian and the failure to appoint an emergency guardian will result in irreparable harm to the alleged incapacitated person. Any such appointment will be in effect until the next court day, and the petition and Decree issued by the Emergency Judge must be filed with the Clerk of the Orphans' Court, together with any other appropriate petition to extend the appointment, if necessary.

4. *Decree Appointing Guardian.* The Decree appointing the guardian shall set forth the guardian's powers, duties and liabilities.

5. *Effective Date.* This Joint General Court Regulation shall become effective thirty (30) days after publication in the *Pennsylvania Bulletin*. Any Petition hereafter filed in the Trial Division seeking the relief set forth herein shall be administratively transferred to the Orphans' Court Division by the Prothonotary, or Civil Administration Clerks, and a notation shall be entered on the dockets that such transfer has been accomplished at the direction of the President Judge of the Court of Common Pleas as provided in this Regulation.

This General Court Regulation is promulgated in accordance with 20 Pa.C.S. §§ 711, 712(2), Pa. O.C. Rule 1.2 and Pa.R.Civ.P. No. 239. The original Joint General Court Regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas, and certified copies shall be submitted to the Clerk of Orphans' Court, the Civil Procedural Rules Committee, the Orphans' Court Procedural Rules Committee, the Administrative Office of Pennsylvania Courts, and the Legislative Reference Bureau. Copies of the Regulation shall also be submitted to American Lawyer Media, *The Legal Intelligencer*, Jenkins Memorial Law Library and the Law Library for the First Judicial District. The Joint General Court Regulation will also be posted on the First Judicial District's website at <http://courts.phila.gov>.

PHILADELPHIA COUNTY

Joint General Court Regulation; Trial and Orphans' Court Divisions; No. 2000-03

Distribution of Business within the Court of Common Pleas Nonprofit Corporations

The Pennsylvania Rules of Judicial Administration provide that the Orphans' Court Division of a Court of Common Pleas shall herein determine certain matters dealing with Nonprofit Corporations. See Pa.R.J.A. No. 2156. However, in certain instances, disputes concerning Nonprofit Corporations cannot, or ought not, be heard in the Orphans' Court Division, but rather should be heard in the Trial Division. The within Joint General Court Regulation is designed to clearly set forth the types of matters to be heard by the two divisions of the Court of Common Pleas of Philadelphia County.

1. *Matters to be heard by the Orphans' Court Division.* All matters wherein a Nonprofit Corporation is a party shall be heard in the Orphans' Court Division provided that a stated purpose of the Nonprofit Corporation is charitable.

2. *Matters to be heard by the Trial Division.* All matters wherein a Nonprofit Corporation is a party shall be heard in the Trial Division provided that the stated purposes of the Nonprofit Corporation is noncharitable.

3. *Effective Date.* This Joint General Court Regulation shall become effective thirty days after publication in the *Pennsylvania Bulletin*.

This General Court Regulation is promulgated in accordance with Pa.R.J.A. No. 2156, Pa.O.C. Rule No. 1.2 and Pa.R.Civ.P. No. 239. The original Joint General Court Regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas, and certified copies shall be submitted to the Clerk of Orphans' Court, the Civil Procedural Rules Committee, the Orphans' Court Procedural Rules Committee, the Administrative Office of Pennsylvania Courts, and the Legislative Reference Bureau. Copies of the Regulation shall also be submitted to American Lawyer Media, *The Legal Intelligencer*, Jenkins Memorial Law Library and the Law Library for the First Judicial District. RULES AND REGULATIONS

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CHS. 168 AND 3040]

Subsidized Child Day Care Eligibility

The Department of Public Welfare (Department), by this order, adopts amendments to Chapters 168 and 3040 (relating to transitional child care; and subsidized child day care), under the authority of Articles II, IV and VII of the Public Welfare Code (62 P. S. §§ 201—211, 401—493 and 701—703), and Title VI of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA), Pub. L. No. 104-193, known as the Child Care and Development Block Grant (CCDBG) (42 U.S.C.A. §§ 9858—9858q).

Proposed rulemaking is omitted because the amendments relate to Commonwealth grants and benefits. See section 204(1)(iv) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1)(iv)) (CDL). In addition, proposed rulemaking is omitted as unnecessary and contrary to public interest because these changes increase benefits to many families who are eligible for the subsidized child care program and make additional families eligible upon publication on or after April 1, 2000. See section 204(3) of the CDL. Therefore, the Department finds proposed rulemaking as unnecessary and contrary to public interest. By omitting proposed rulemaking, many families will receive increased benefits sooner.

Purpose of Amendments

Chapter 168—These amendments will change certain sections of Chapter 168 relating to the determination of the family co-payment and the parent's verification of child care costs. The family's co-payment will not increase between redeterminations based solely on increases in income. The child care provider may submit an invoice directly to the County Assistance Office (CAO) for payment of child care costs instead of the provider submitting the invoice to the parent for submission with the parent's monthly reporting form. Both changes will permit more timely payment to child care providers participating in the Department's child care vendor payment system.

Chapter 3040—These amendments will change certain sections of Chapter 3040 by increasing the income limits for low-income families to qualify for a child care subsidy at initial application; revising the weekly co-payment schedule; changing the reporting requirements for former welfare and low-income working families; and increasing teen parents' access to subsidized child care.

Background

The current regulations for subsidized child care are codified in Chapters 168 and 3040. They became effective on February 1, 1999, and were amended effective February 1, 2000, at 29 Pa.B. 6242 (December 11, 1999). Chapter 168 establishes eligibility criteria for child care benefits for families who are receiving cash assistance benefits under the Temporary Assistance for Needy Families (TANF) Program. Chapter 3040 establishes eligibility criteria for families who formerly received cash assistance and for other low-income working families.

The regulations adopted at 29 Pa.B. 271 (January 1, 1999) effective February 1999 set forth the rules for a

coordinated child care system called Child Care Works. Child Care Works provides subsidized child care to families who receive TANF benefits, those transitioning off TANF, and low-income working families, by using similar rules and procedures to provide a continuum of child care benefits to these families. Child Care Works included elimination of the income disregard system for TANF families; elimination of the 12-month limit for child care benefits for former TANF families; increased co-payments for former TANF and low-income working families; and a lower income limit for families to receive subsidized child care. In addition, one of the Department's goals in implementing Child Care Works was to reduce the number of children of low-income working families on the Statewide waiting list and the time that eligible children spend on the waiting list before receiving subsidized child care.

Since some of the changes in Child Care Works reduced benefits to some low-income working families who were receiving subsidized child care, the Department made a commitment to monitor the impact of the subsidized child care eligibility regulations on all families receiving subsidized child care. After monitoring the impact of the regulations, the Department noted a reduction in the Statewide waiting lists and observed large increases in the number of children receiving a child care subsidy. Even with more children being served, the Department determined that it had adequate resources to make modest changes to the subsidized child care program without jeopardizing the progress made in meeting the needs of families who are eligible for subsidized child care or returning to long waiting lists. These changes were promulgated at 29 Pa.B. 6242.

The Department continued its monitoring efforts and determined that the demand for subsidized child care from eligible low-income working families has leveled off. Also, in all but a few counties, waiting lists were eliminated, resulting in children waiting no more than a few weeks to receive a subsidy. The stabilization of the demand for subsidized child care and reduction of the waiting lists resulted in more funds being available for the subsidized child care program to serve additional children or make program revisions, or both.

In addition to monitoring the impact of the subsidized eligibility regulations, the Department heard concerns from child care providers caring for children of TANF families that delays in the TANF payment system result in hardships to many child care providers. In reviewing the providers' concerns, the Department noted unintended consequences of waiting for monthly reporting income calculations for TANF families in order to determine the child care co-payment. These calculations are frequently delayed several months while CAO staff await complete information from TANF families. Since these monthly calculations result in changes to the family co-payment, which determines the payment to child care providers, the payments to providers are delayed. The Department determined that the stabilization of the amount of the family's co-payment will enable regulated providers participating in the Department's vendor payment system to be paid more quickly.

The Department determined that because the demand for subsidized child care has stabilized, there are adequate resources to provide benefits to more families in the subsidized child care program, expand the benefits to

families who are receiving subsidized child care, and still meet the child care needs of TANF, former TANF and low-income working families without substantially increasing the waiting lists.

To that end, the Department will:

- Expand the number of families who are eligible for subsidized child care by raising the income limit for families at initial application from 185% of the Federal Poverty Income Guidelines (FPIG) (\$25,678 for a family of three) to 200% of the FPIG (\$27,760 for a family of three).

The Department determined that resources are available to serve additional families with an income between 185% and 200% of the FPIG who are currently ineligible for subsidized child care. The Department selected 200% of the FPIG as the entry level for subsidized child care based on data from estimates of the number of families in the general population that will need and be eligible for subsidized child care. By increasing the income limit for initial eligibility for subsidized child care, the Department will be able to provide for a child care subsidy to approximately 10,500 additional children annually.

- Revise the standards for determining the amount of the co-payment by lowering the cap on the percentage of annual income a family would be required to pay as the co-payment, from 13.5% to 11.0% at 235% of the FPIG and from 10% to 8% at 100% of the FPIG. As a result, the weekly co-payment will decrease by \$5 to \$15 per week for nearly 90,000 families who are receiving subsidized child care and pay more than the minimum co-payment of \$5 per week. In addition, the Department is revising the co-payment structure by increasing the income brackets from \$1,650 to \$2,000 annually. Each increase in income which puts a family in a higher income bracket results in a \$5 per week increase in co-payment.

The Department is revising the co-payment schedule because it has the resources available to lower the co-payment amounts for families, which provides families with more available income to meet their living expenses. Also, the Department is revising the co-payment schedule so that a family is able to realize a larger increase in income without being assessed a higher weekly co-payment.

- Change the requirements for reporting increases in earned income to reduce the amount of time a parent spends in reporting changes and simplify the administrative process for eligibility agents. To accomplish this change, the Department has determined that an increase in earned income that does not reflect a change in employment for TANF families, former TANF families and low-income working families will not result in a higher co-payment until the next redetermination. However, if the parent reports a decrease in income and requests a reevaluation of the weekly co-payment, the eligibility agent will recalculate the amount of the co-payment based on the decrease in income. If the recalculation results in a decrease in the parent's co-payment, the decrease in co-payment will be implemented without a redetermination of the family's eligibility.

The Department is changing the income reporting requirement. The current regulations require parents to report each change in earned income, which may result in changes in their co-payment. The Department anticipates that eliminating the requirement to report every increase in earnings will reduce the time parents spend reporting changes to the eligibility agent and the administrative process of assessing and collecting co-payments. The new

regulations stabilize the co-payment amount in between redeterminations. This change, along with other procedural changes in the CAO, will result in more timely payments to child care providers who are participating in the Department's vendor payment system and who serve TANF children. The regulation change also simplifies the administrative process of assessing and collecting co-payments.

- Change the eligibility requirements for a teen parent living at home with her mother or father, or both. With this change, a teen parent can apply for subsidized child care for her child without her parents' cooperation in the eligibility process.

In February 1999, the Department changed the subsidized child care regulations for teen parents who were not receiving TANF benefits to mirror the eligibility requirements for TANF benefits. Those eligibility requirements required teen parents to remain in school and reside with a responsible adult. Those requirements also mandated consideration of the circumstances of the teen parent's parents to receive TANF benefits. The subsidized child care regulatory change in February 1999 produced unintended consequences. The Department did not anticipate that many grandparents would not cooperate in the eligibility determination process to allow their teen parent's child to receive subsidized child care. Since February 1999, the Department has noted a decrease in the number of teen parents who apply for and receive subsidized child care.

The change in these regulations allow for a teen parent to be determined eligible for a child care subsidy without the consideration of the income of the teen parent's parents and availability of the grandparents to provide child care while the teen parent pursues an education program. In addition, teen parent's parents do not need to comply with the 25-hour-per-week work requirement. The new regulations provide that when determining a teen parent's eligibility for child care subsidy, the eligibility agent will consider only the teen parent's circumstances.

The Department wants teen parents to stay in school to get their high school diploma or pursue a General Equivalency Diploma (GED). A teen parent who has child care is more likely to remain in school. An individual with a high school diploma or GED is more likely to be employed and more likely to obtain employment at higher pay than an individual who has not completed high school. A teen parent who stays in school is also less likely to have subsequent unplanned pregnancies. The Department is making the regulatory change to assure that teen parents have access to subsidized child care.

Purpose of the Final-Form Regulations

The purpose of the final-form regulations is to increase the initial income limits for a family to qualify for the subsidized child care program from 185% to 200% of the FPIG; to cap the percentage of annual income a family pays as the co-payment at 11%; to stabilize a family's co-payment between redeterminations by not reevaluating the family's co-payment with each increase in earned income; and to provide increased access to a child care subsidy for teen parents as they pursue a high school diploma or a GED.

Summary of Changes

There are two changes in Chapter 168: 1) the TANF parent is not required to verify child care costs on a monthly basis; and 2) a TANF parent's co-payment will

not increase during the period between eligibility redeterminations based solely on increases in income.

There are four changes in Chapter 3040: 1) an increase in the initial income eligibility limits from 185% of the FPIG to 200% of the FPIG for a family to qualify for the subsidized child care program; 2) a revised co-payment schedule that increases the income brackets between co-payment levels from \$1,600 to \$2,000 for each additional \$5 increase in co-payment and reduces the percentage of family income used to pay the assessed co-payment, which reduces the weekly co-payment for families; 3) stabilization of the family co-payment during the period between eligibility redeterminations, which is achieved by changing the requirement of the family to report increases in earned income not associated with a change in employment status; and 4) a change in the eligibility requirements for subsidized child care for teen parents who are completing high school or getting their GED and who are living with their parents.

Chapter 168

Verification Requirements

Current Regulations—The current regulations require child care costs to be verified monthly by the parent.

New Regulations—Section 168.41(3). The Department is deleting the word “parent,” which results in allowing verification of child care costs to be provided by the child care provider.

Co-payment Stabilization

Current Regulations—The current regulations state that actual income as reported on the monthly reporting form, for the prior month, is used to establish the co-payment for the following month; that the TANF grant is excluded as countable income when prospectively determining the co-payment; and actual income is used to calculate the co-payment for each month of retroactive benefits.

New Regulations—Section 168.74. The Department is revising this section to allow the co-payment to be stabilized between redeterminations. The Department is revising paragraph (1) to clarify that the TANF grant is excluded as countable income in the second month after the first pay is received, when determining the co-payment. The Department is adding language in paragraph (2) to provide that in the third month in which pay is received, the co-payment is calculated using anticipated income and the TANF grant adjusted for earnings. The co-payment will not change during the eligibility redetermination period unless a client reports a change in the client’s employment or the client requests a review of the co-payment amount. The Department is also revising this section to state that when a client requests retroactive child care benefits or the CAO authorizes retroactive child care benefits, the co-payment for each retroactive month will be determined using actual income in the month of application, rather than the actual income as reported on the monthly reporting form.

Chapter 3040

Income Limit

Current Regulations—Sections 3040.32(f) and 3040.63(c) (relating to financial eligibility; and calculating a co-payment) provide that a family is ineligible for child care subsidy at initial determination of eligibility if the annual family income exceeds 185% of the FPIG.

New Regulations—The Department is revising §§ 3040.32(f) and 3040.63(c) to provide that a family is ineligible for child care subsidy at initial determination of eligibility if the annual family income exceeds 200% of the FPIG.

Determining Eligibility of a Teen Parent

Current Regulations—Section 3040.28(1) now provides that when a minor parent applies for subsidized child care, the family composition used to determine eligibility includes the parents and siblings of the minor parent.

New Regulation—The Department is deleting § 3040.28(1)(ii) (relating to composition of a family). The family composition that will be used to determine eligibility for subsidized child care will be the same regardless of the age of the parent applying for child care subsidy. The word “minor” has been deleted throughout the chapter to coincide with the deletion of § 3040.28(1)(ii). These related deletions appear in § 3040.34(a)(1), (4) and (6); § 3040.38(a); § 3040.40(a) and (b); § 3040.52(d)(8) and Appendix A, Part II, D.

Note: There is no change in the requirement that a parent under age 18 must be pursuing a high school diploma or GED to qualify for a subsidy. The Department is adding § 3040.34 to permit parents age 18 to 22 to pursue a high school diploma and be eligible for subsidized child care.

Reporting Requirements

Current Regulation—The current regulation in § 3040.35(1) and (3) (relating to reporting changes) requires a parent to report a change in the amount of income from employment.

New Regulation—The Department is modifying the reporting requirements in § 3040.35(1) and (3) to provide that the parent need not report an increase in the amount of earned income if the parent did not change jobs and the child care needs remain the same.

Co-payments

Current Regulation—The current regulation in § 3040.63(a)(3) (relating to calculating a co-payment) provides that a family’s annual co-payment may not exceed 13.5% of the family’s annual income. Section 3040.63(a)(4) provides that the co-payment may not exceed 10% of the family’s annual income if that income is 100% or less of the FPIG. Section 3040.63(d) provides annual income limits of 185% of the FPIG at initial determination of eligibility and 235% of the FPIG at redetermination of eligibility. The co-payment in Appendix B is calculated in \$5 increments for each \$1,650 of annual income.

New Regulation—The new regulation provides for a revision in the co-payment schedule. Section 3040.63(a)(3) provides that if a family’s annual income exceeds 100% of the FPIG and does not exceed 235% of the FPIG, the co-payment may not exceed 11% of the family’s annual income. Section 3040.63(a)(4) provides that if a family’s annual income is 100% of the FPIG or less, the co-payment may not exceed 8% of the family’s annual income. Section 3040.63(d) provides that if the annual income for the family does not exceed 200% of the FPIG at initial determination of eligibility or does not exceed 235% of the FPIG at redetermination of eligibility and the family is otherwise eligible, the eligibility agent shall determine the co-payment by using Appendix B. The weekly co-payment in Appendix B is calculated in \$5 increments for each \$2,000 of annual income. The Department is also revising the co-payment chart at Appendix B to reflect these changes.

Additional Changes

The Department made stylistic revisions in §§ 3040.3, 3040.34(a)(3) and 3040.71(b)(2) (relating to definitions; nonfinancial eligibility; and general requirements regarding notification) to maintain consistency and form throughout the regulations.

*Fiscal Impact**Public Sector*

Commonwealth—The Department will realize an increase in costs to the subsidized child care program of \$20 million annually to implement the revisions to the current co-payment schedule, to increase the income limits at initial application for a family to qualify for subsidized child care and to increase the number of teen parents eligible for subsidized child care. The Department can make this change given the current funds available for subsidized child care and the additional \$20 million in the Governors Proposed Budget for Fiscal Year 2000-01. These funds will enable the Department to expand services by an additional 7,000 slots for subsidized care, which will serve an additional 10,500 children on an annual basis; to continue services to children receiving subsidy; and to assure that no children are terminated from subsidy because of lack of available funds.

Political Subdivisions—Local governments will not have increased costs due to these final-form regulations.

Private Sector

Child care providers who participate in the vendor payment system will receive more timely payments for TANF children,

Nearly 90,000 families will realize a decrease in their weekly co-payment amounts based on the new co-payment schedule. In addition, families will not realize increases in their co-payment as quickly when their annual income increases because the Department has expanded the income brackets from \$1,650 to \$2,000 annually for each \$5 increment in co-payment. Families who are not receiving TANF are relieved of their responsibility to report increases in earned income (unless there is a job change) prior to their next eligibility redetermination.

General Public

There will be a benefit to the general public. Approximately 10,500 children whose family income falls between 185% and 200% of the FPIG will be eligible for subsidized child care. Teen parents will be able to apply for subsidized child care without considering the circumstances of their parents. Teen parents who are eligible for subsidized child care will be able to continue their pursuit of a high school diploma.

Paperwork Requirements

The CAOs and the eligibility agents, who are Child Care Information Services (CCIS) agencies, will experience a temporary increase in paperwork because they will need to recalculate a co-payment for all families in the program upon adoption of this rulemaking. In addition, more families will be eligible for the subsidized child care program, which will result in the processing of additional applications and eligibility determinations.

There will also be some decrease in paperwork for those families that have a fluctuation in their earnings between redetermination dates because they will no longer be required to report increases in earned income within 10 days of the change occurring. This will lead to some decrease in paperwork for the CCIS agencies who will not

have to recalculate co-payments for those families between redetermination dates.

Effective Date

The amendments are effective upon publication.

Sunset Date

No sunset date applies to these amendments.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 Pa. S. § 745.5a(c)), on February 17, 2000, the Department submitted a copy of these final-omitted regulations to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Committee on Public Health and Welfare and the House Committee on Aging and Youth. On the same date, the final-omitted regulations were submitted to the Office of the Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

In accordance with section 5.1(d) and (e) of the Regulatory Review Act, these final-form regulations were deemed approved by the Committees on March 8, 2000, and were approved by IRRC on March 9, 2000.

Contact Person

The contact person for these final-omitted regulations is Kathryn J. Holod, Director, Bureau of Child Day Care Services, Bertolino Building, 4th Floor, Harrisburg, PA 17102, (717) 787-8691.

Findings

The Department finds that:

(1) Public notice of intention to adopt the administrative regulations by this order is omitted because the regulations relate to Commonwealth grants and benefits and is unnecessary and contrary to public interest under section 204(1)(iv) and (3) of the CDL and the regulations thereunder, 1 Pa. Code § 7.4(1)(iv) and (3).

(2) The adoption of these regulations in the manner provided in this order is necessary and appropriate for the administration and enforcement of the Public Welfare Code.

Order

The Department, acting under the Public Welfare Code, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapters 168 and 3040, are amended by amending §§ 168.41, 168.74, 3040.3, 3040.28, 3040.32, 3040.34, 3040.35, 3040.38, 3040.40, 3040.52, 3040.63, 3040.71 and Appendices A and B, to read as set forth in Annex A to this order, with ellipses referring to the existing text of the regulations.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication.

PART II. PUBLIC ASSISTANCE MANUAL

Subpart C. ELIGIBILITY REQUIREMENTS

CHAPTER 168. CHILD CARE

VERIFICATION

§ 168.41. Verification requirements.

The applicant or recipient is required, as a condition of eligibility, to cooperate in providing necessary information and verification to establish eligibility.

(1) Before authorizing the initial child care payment, the CAO will determine the following:

- (i) Whether the child care is necessary to participate in a work-related activity.
- (ii) The expected charge.
- (iii) The date the service is needed by the participant.
- (iv) The date that payment for the service is required under the provider's usual payment policy or practice.

(2) When the parent/caretaker provides verification to the CAO that indicates a change in eligibility, payment will be reduced, terminated or increased, as appropriate, upon issuance of appropriate notice to the parent/caretaker, in accordance with §§ 133.4 and 168.101 (relating to procedures; and appeal and fair hearing).

(3) Child care costs shall be verified monthly on a form specified by the Department or by a written statement signed by the provider or by a collateral contact by the CAO and the child care provider.

(4) A collateral contact will be used whenever necessary to ensure that payment is made in advance of the date that payment is required by the child care provider consistent with § 168.1(b)(3) (relating to policy on payment of child care). When a child care allowance is authorized based on a collateral contact with or by a written statement from the provider, verification of the charge for child care on a form specified by the Department shall be submitted to the CAO within 30 days of the first day child care costs were incurred. The CAO will assist the client, as needed, to obtain a completed verification form from the provider. Failure to provide verification within the specified time period could result in nonauthorization of the child care payment.

(5) Verification of factors other than cost relating to the need for child care shall consist of collateral contacts with, or written statements from, employers, prospective employers, physicians, licensed psychologists, school offi-

cial, training providers, or pay stubs. Information previously verified need not be reverified unless it is subject to change.

PAYMENT DETERMINATION

§ 168.74. Determining monthly child care co-payment.

The co-payment is determined for a month, based upon gross monthly income and budget group size, using the co-payment sliding fee scale in Chapter 3040, Appendix B. Gross monthly income is determined based on anticipated or actual amounts as determined in accordance with Chapter 183 (relating to income).

(1) The co-payment is waived for the calendar month in which the first pay is received or until the date of discontinuance due to a prospective determination of ineligibility, in accordance with § 168.71 (relating to monthly payment determination). In the second month, the co-payment is determined using anticipated income, excluding the TANF grant as countable income.

(2) In the third month, the co-payment is determined using anticipated income and the TANF grant adjusted for earnings. This co-payment is used prospectively until the next redetermination, or the client requests a review of the co-payment amount, or there is a change in employment.

(3) If retroactive benefits are requested, the co-payment for each retroactive month will be determined using the actual income in the month of application.

**CHAPTER 3040. SUBSIDIZED CHILD DAY CARE
ELIGIBILITY**

INTRODUCTION

§ 3040.3. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Education program—An elementary school, middle school or high school program including a General Equivalency Diploma (GED) program.

* * * * *

GENERAL REQUIREMENTS

§ 3040.28. Composition of a family.

For the purpose of determining eligibility for child care subsidy, the following rules apply:

(1) A family includes the following individuals who live together:

(i) The child for whom subsidized child care is requested, the child's parent/caretaker.

(ii) The parent's/caretaker's spouse or live-in companion.

(iii) Biological, step or adoptive minor siblings of the child who are under 18 years of age, are not emancipated by marriage or by the court, or 18 years of age or older but under 22 years of age who are enrolled in a post-secondary program leading to a degree or diploma and who are wholly or partially dependent upon the income of the parent/caretaker and spouse or live-in companion of the parent/caretaker.

(iv) Biological, step or adoptive minor children of the parent/caretaker or live-in companion, or both.

(2) A foster child may be counted as either a separate family or as part of the foster family.

(3) A family whose parent/caretaker transfers from TANF is exempt from including the parent's/caretaker's live-in companion in the family for 6 months starting the day after the date TANF benefits end.

(4) An individual may not be included in more than one family unless the individual is a child who is in a shared custody arrangement and both families are seeking subsidized child care.

ELIGIBILITY REQUIREMENTS

§ 3040.32. Financial eligibility.

(a) The parent/caretaker shall provide paystubs indicating gross earned income for any 4 consecutive weeks within the most recent 6-week period for employed family members.

(b) Family members unable to provide paystubs because of exceptional employment circumstances shall provide documentation of earned income as follows:

(1) If paystubs are not available at the time of application because the employed family member has not been employed for 4 weeks, written documentation of anticipated gross earned income from the employer is sufficient evidence of earnings. The documentation is satisfactory until, but not after, the family member is employed for 8 consecutive weeks, at which time the family member shall present the paystubs.

(2) If income is received in cash, written employer documentation of gross earned income for 4 consecutive weeks within the most recent 6-week period is sufficient documentation.

(c) The eligibility agent shall require, and the parent/caretaker shall provide, documentation of all unearned family income unless specifically excluded in Appendix A, Part III (relating to income exclusions). See Appendix A, Part I (relating to income inclusions) which lists the unearned income included when computing the adjusted monthly income.

(d) The parent/caretaker shall seek all available income listed in Appendix A, Part I, except cash assistance.

(e) The parent/caretaker shall document all income deductions listed in Appendix A, Part II (relating to income deductions).

(f) The family is ineligible for child care subsidy at initial determination of eligibility if the annual family income exceeds 200% of FPIG.

(g) The family is ineligible for child care subsidy at redetermination if the annual family income exceeds 235% of FPIG.

§ 3040.34. Nonfinancial eligibility.

(a) A family shall meet the following nonfinancial eligibility conditions at each determination and redetermination of eligibility:

(1) The child shall need child care which coincides with the hours of the adult family members' employment or parent's education program.

(2) Each adult family member shall work for wages equal to or more than minimum wage. When calculating minimum wage, tips are included with hourly wages. The following groups of employees are exempt from the minimum wage requirement:

(i) Laborers on a farm.

(ii) Individuals granted a subminimum wage exception by the Department of Labor and Industry.

(3) Each adult family member shall have had at least 4 weeks of employment within the most recent 6-week period and shall work the number of hours required as follows. The eligibility agent may average the hours of employment in the 4-week period.

(i) The adult family members shall work at least 25 hours per week.

(ii) A parent/caretaker who transfers to the subsidized child care program from the TANF program shall be employed. The parent/caretaker has 6 months from the date his TANF benefits end to meet the requirement in subparagraph (i).

(iii) A parent under 22 years of age who is attending high school is exempt from work requirements.

(4) A parent who is under 18 years of age and who has not graduated from high school and does not have a GED shall be enrolled in an education program and attend on a full-time basis. Documentation of enrollment and attendance shall be on a form prescribed by the Department.

(5) The child shall need subsidized child care to permit uninterrupted sleep time necessary for the parent/caretaker to continue employment. The parent/caretaker shall document that the work shift ends between the hours of 2 a.m. and 9 a.m.

(6) A parent/caretaker shall certify that each child receiving subsidized child care has received age-appropriate immunizations or that each child is exempt from the immunization requirement based on the exceptions listed in § 3040.11(f) (relating to provision of subsidy). If the child does not have age-appropriate immunizations and is not exempt from immunization, the parent/caretaker has 90 days to obtain immunizations for the child and certify that the child has age-appropriate immunizations.

(b) A parent-caretaker shall provide the following documentation of nonfinancial eligibility for family members at the initial determination of eligibility:

(1) Proof that all family members are citizens of the United States, or aliens lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law. Proof may include a birth certificate, voter's registration card or a document provided by immigration and naturalization service.

(2) A Social Security number, or evidence of application for a Social Security number, for each family member.

(3) Written approval by the county children and youth agency who has responsibility for the foster child that the foster child may receive subsidized child care.

(4) Proof of employment for all employed family members, which shall be submitted on a form prescribed by the Department.

(5) Proof of self-employment may include a notarized statement of self-employment, or a statement signed by the self-employed family member in the presence of the eligibility agent, for all self-employed family members. The statement shall list the hours and days of self-employment and how often income is received.

(6) Consent for release of information, signed by each family member 18 years of age or older, which permits the eligibility agent and the Department or the Office of the Inspector General to obtain verification of eligibility information provided by the parent/caretaker.

(7) Proof that action has been taken to establish paternity and a child support order against any absent parent on behalf of a child for whom subsidized child care is sought, unless there is good cause for failing to do so as set forth in § 187.23 (relating to requirements). Proof of cooperation may include a court order or documentation from the domestic relations office. For the purpose of determining eligibility for subsidized child care under this chapter, the eligibility agent shall complete the responsibilities of the CAO as described in § 187.23. The requirements for applicants and recipients of cash, under § 187.23, apply to applicants and recipients of subsidized child care.

(c) A parent/caretaker shall provide identification which contains a photograph of himself to the eligibility agent at any face-to-face interview. Acceptable documents include:

- (1) An employer identification card.
- (2) A driver's license.
- (3) A military photoidentification card.
- (4) A passport.
- (5) Other verifiable photoidentification.

§ 3040.35. Reporting changes.

The parent/caretaker shall report financial or non-financial changes in the family to the eligibility agent within 10-calendar days following the date of the change. The parent/caretaker shall report all changes including the following:

- (1) Employment or self-employment, including changes in the days and hours worked.
- (2) Training status.
- (3) Family income, excluding an increase of earned income from employment or self-employment that is not a result of a change in employment.
- (4) Continuation or completion of an education program.
- (5) Marital status.
- (6) Family composition.
- (7) Maternity leave.
- (8) Temporary disability status.

(9) Layoffs or strikes.

(10) Change of address.

(11) Custody arrangement or foster care placement under a court order.

§ 3040.38. Prospective employment or a prospective education program for new applicants.

(a) A family in which an adult member has prospective employment or the parent has prospective enrollment in an education program as defined in § 3040.3 (relating to definitions) may be eligible for subsidized child care if the following requirements are met:

(1) The employment or education program begins within 30-calendar days following the date of application.

(2) Written verification of prospective employment or a prospective education program is provided on a form as prescribed by the Department.

(b) Subsidy may not begin until the parent/caretaker or his spouse or live-in companion begins employment or an education program.

(c) Eight weeks following enrollment of a child whose family was determined eligible based on the parent's/caretaker's or his spouse's or live-in companion's prospective employment or enrollment in an education program, the parent/caretaker shall provide verification of employment or participation in the education program for that 8-week period. Verification shall be on a form prescribed by the Department.

(d) If the parent/caretaker will not receive a payment from employment for more than 30 days from the starting date of employment, eligibility is established based on the anticipated income as estimated by the employer. Until payment for employment is received, the family is assessed the minimum co-payment for a family of its size. When payment for employment is received, the parent/caretaker shall notify the eligibility agent. Upon receipt of the payment notice from the parent/caretaker, the eligibility agent shall:

- (1) Complete a partial redetermination of eligibility within 10 days.
- (2) Adjust the family co-payment, if applicable, within 20 days.

(e) A parent/caretaker who has exhausted all available TANF benefits and who has not yet obtained employment may have 30 consecutive calendar days of subsidized child care to seek employment. The parent/caretaker shall request subsidized child care within 90 days following the date that TANF benefits ended.

§ 3040.40. Child care subsidy available to attend training.

(a) A family may qualify for subsidized child care for the hours the adult family member, or the parent who has graduated from high school or has a GED, is participating in a training program, if the following conditions are met:

(1) The adult family member or the parent meets the employment or education requirements in §§ 3040.32—3040.34 (relating to financial eligibility; self-employment; and nonfinancial eligibility).

(2) The training program is accredited by a State or National board of examiners or recognized by the Department.

(3) The training program provides skills that improve the employability of the individual for a particular job.

(b) A child may receive up to 12 additional hours of subsidized child care to coincide with the instructional hours that the adult family member, or parent who has graduated from high school or who has a GED, participates in a recognized training program.

ELIGIBILITY DETERMINATION PROCESS

§ 3040.52. Eligibility agent responsibilities.

* * * * *

(d) *Suspended subsidy.* Child care subsidy may be suspended if a child is unable to attend the provider's child care program for more than 10 consecutive enrollment days and will be absent for no more than 90 consecutive calendar days. On the 91st day of consecutive absence, the child is no longer eligible for subsidy. Subsidy may be suspended for any of the following situations:

- (1) The child is visiting the noncustodial parent/caretaker.
- (2) The child is ill or hospitalized for 5 or more service days.
- (3) The child accompanies the parent/caretaker on a trip because of family illness or emergency, and the illness or emergency is documented.
- (4) The child remains at home with his parent/caretaker during family leave.
- (5) The child care provider is closed because of licensing requirements.
- (6) The child's needs cannot be met by the child care provider.
- (7) The child's needs cannot be met by the child care provider, and subsidized child care funds are not available for the child to receive service at an alternative provider.
- (8) The child's parent is on break from attendance at an education program.

CO-PAYMENT

§ 3040.63. Calculating a co-payment.

(a) The determination of a family co-payment considers the following:

- (1) The family size and income.
- (2) The co-payment may not be less than \$5.
- (3) The family's annual co-payment may not exceed 11% of the family's annual income.
- (4) If the family's annual income is 100% of FPIG or less, the annual co-payment may not exceed 8% of the family's annual income.

(b) The eligibility agent shall determine a family's adjusted monthly income as follows:

(1) Determine the gross monthly income by using documentation of 4 consecutive weeks of income from employment within the most recent 6-week period. Include other sources of income in Appendix A, Part I (relating to sources of earned or unearned income to be included). Following is the conversion method to determine gross monthly income:

Frequency of income

- Daily
- Weekly
- Biweekly (every 2 weeks)
- Semimonthly (twice a month)
- Monthly
- Quarterly
- Annually
- Lump sum income

Conversion method

- Multiply the daily income by the number of work-days in a week, then multiply by 4.3
- Multiply by 4.3
- Divide by 2, then multiply by 4.3
- Multiply by 2 for monthly gross income.
- Use the figure given.
- Divide by 3.
- Divide by 12.
- Divide by 12.

(2) Determine the amount of the monthly income deductions listed in Appendix A, Part II.

(3) Determine the adjusted monthly income by subtracting the total monthly deductions from the total gross monthly income.

(4) Convert the adjusted monthly income to annual income by multiplying the adjusted monthly income by 12.

(c) If at initial application, the annual income for the family exceeds 200% of the FPIG or if at redetermination the annual income for the family exceeds 235% of the FPIG, the family is not eligible for subsidized child care.

(d) If the annual income for the family does not exceed 185% of the FPIG at initial determination of eligibility or does not exceed 235% of the FPIG at redetermination and the family is otherwise eligible, the eligibility agent shall determine the co-payment by using the co-payment chart in Appendix B. The co-payment as set forth in Appendix B is calculated in \$5 increments for each \$2,000 of annual income.

(e) If a family has only one child who is enrolled in school, including kindergarten, and who receives a total of fewer than 5 hours daily of before or after-school care, the family shall pay one-half the weekly amount derived from the chart in Appendix B.

(f) If the co-payment is equal to or exceeds the weekly reimbursement rate for care or if the Department's weekly payment to the provider would be less than \$5, the family is not eligible for child care subsidy with that provider.

NOTIFICATION REQUIREMENTS

§ 3040.71. General requirements regarding notification.

(a) The eligibility agent shall notify the parent/caretaker in writing of the results of the eligibility determination. Notification shall occur within 30-calendar days following the date the eligibility agent receives a signed and dated application from the parent/caretaker. The eligibility agent shall determine the family ineligible if the parent/caretaker does not provide all verification required to determine eligibility within 30-calendar days.

(b) The eligibility agent shall notify the parent/caretaker in writing of an eligibility determination which renders the family eligible for subsidy. The notification shall include the following:

- (1) The amount of the assessed co-payment.
- (2) The parent/caretaker responsibility to report changes in eligibility requirements cited in § 3040.35 (relating to reporting changes).

(3) The parent's/caretaker's right to appeal the decision and information about how to appeal.

(c) On a written notice form prescribed by the Department, the eligibility agent shall notify each parent/caretaker of a determination or redetermination resulting in ineligibility for subsidized child care.

(d) At least 10-calendar days before the action that adversely affects eligibility or the amount of the co-payment is effective, the eligibility agent shall hand deliver or mail the adverse action to the parent/caretaker. The 10-day period begins on the day following the day the written notice is postmarked or hand delivered to the parent/caretaker. The adverse action requirements relating to an overpayment are found in subsection (g).

(e) If the 10-day period ends on a holiday or a day when the eligibility agent is not open for business, the next business day is considered the 10th day.

(f) The eligibility agent shall, by written notice to the parent/caretaker, confirm the parent's/caretaker's voluntary withdrawal of a child from subsidized child care.

(g) The eligibility agent shall notify the parent/caretaker in writing of an overpayment. The notification may also include a notice of adverse action if the overpayment affects the amount of the co-payment or results in suspension or termination. The notice shall include the following:

- (1) The reason for the overpayment.
- (2) The period of the overpayment.
- (3) The amount of the overpayment.
- (4) The repayment methods as listed in § 3040.93 (relating to repayment).

(5) The right to request a Departmental fair hearing on the overpayment amount.

APPENDIX A

EARNED OR UNEARNED INCOME TO BE INCLUDED, DEDUCTED AND EXCLUDED IN DETERMINING GROSS MONTHLY INCOME

* * * * *

PART II. INCOME DEDUCTIONS.

The following are deducted when determining adjusted monthly income:

A. Voluntary or court-ordered support paid by the parent/caretaker or a family member to a present or former spouse not residing in the same household.

B. Voluntary or court-ordered child support paid by the parent/caretaker or family member to a person not residing in the same household.

C. A medical expense not reimbursed through medical insurance which exceeds 10% of the family gross monthly income. The medical expense must have been incurred within the 90-day period prior to the date the parent/caretaker notifies the eligibility agent of that expense and there must be an expectation that the expense will continue to be incurred for the 6 months following the outset of the expense. Medical expenses are based on the monthly expenses or monthly payment plan, or both. Medical expenses include bills for doctors, hospital costs, dental services, health care premiums, institutional care, medications, prosthetic devices, durable medical equipment or mental health services.

PART III. INCOME EXCLUSIONS.

PROPOSED RULEMAKING

BOARD OF CLAIMS

[61 PA. CODE CH. 899]
Rules of Procedure

The Board of Claims (Board), under 72 P. S. §§ 4651-1—4651-10 and section 204(1) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1)), intends to amend its rules of procedure, §§ 899.101—899.702, by final order, proposed rulemaking omitted.

The rules of procedure govern practice before the Board. The amendment will add a new rule which will provide that no motions for posthearing relief may be filed.

Interested persons may obtain a copy of the amendment from the Board of Claims, 200 North Third Street, Suite 700, Harrisburg, PA 17101-1518, or by contacting Connie Rode at (717) 787-3325, and may submit comments or suggestions within 15 days of the publication of this notice in the *Pennsylvania Bulletin*.

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 51, 53, 61, 93 AND 97]

Administration; Commission Property; Fishing and Boating

The Fish and Boat Commission (Commission) proposes to amend Chapters 51, 53, 61, 93 and 97 (relating to administrative provisions; Commission property; seasons, sizes and creel limits; registration and numbering; and operator provided equipment). The Commission is publishing these amendments as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The proposed amendments relate to the release of documents and records, restrictions on Commission property, fishing and boating.

A. Effective Date

The proposed amendments, if approved on final rulemaking, will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the proposed amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

The proposed amendments to § 51.9 (relating to release of documents and records) are published under the statutory authority of section 3 of the Right to Know Law (65 P. S. § 66.3) and section 506 of The Administrative Code

of 1929 (71 P. S. § 186). The proposed amendments to §§ 53.4, 53.10, 53.11, 53.15 and 53.18 are published under the statutory authority of section 741 of the code (relating to control of property). The proposed amendment to § 61.1 (relating to Commonwealth inland waters) is published under the statutory authority of section 2102 of the code (relating to rules and regulations). The proposed amendments to §§ 93.4 and 93.17 (relating to certificate of registration; and registration of abandoned boats) are published under the statutory authority of section 5122 of the code (relating to registration, licenses, permits, plates and statistics). The proposed amendments to § 93.110 (relating to boats that are junked, destroyed, lost, stolen or abandoned) are published under the statutory authority of section 5325 of the code (relating to rules and regulations). The proposed amendments to § 97.3 (relating to sound producing devices) are published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The proposed amendments are designed to update, modify and improve Commission regulations relating to the release of documents and records, Commission property, fishing and boating. The specific purpose of the proposed amendments is described in more detail under the summary of proposal. The Commission's Boating Advisory Board (Board) considered the amendments relating to boating and recommended that the Commission approve the publication of a notice of proposed rulemaking containing the changes.

E. Summary of Proposal

(1) *Section 51.9 (relating to the release of documents and records)*. The Commission's staff routinely receives and processes requests for release of documents and other information in Commission files. Sometimes these requests are made under the Right-to-Know Law (act) (65 P. S. §§ 66.1—66.4). The act contains a very specific definition of the term "public record." This definition has been given a liberal interpretation by the courts, but it is clear that many, if not most, documents in the Commission's files do not meet the statutory definition. Moreover, most law enforcement records are specifically excluded in that they would disclose the institution, progress or results of agency investigations. In addition to documents that meet the statutory definition of "public record," the Commission ordinarily has provided access to other documents, including correspondence with entities and individuals outside Commonwealth government, on request.

One of the issues that arises in dealing with requests for access to documents relates to fees for copying them. Under the act, requesters have the right to inspect, examine and copy public records subject to reasonable restrictions, but there is no requirement for agencies to make copies of records and send them to requesters. To follow more systematic procedures for the release of documents, the Commission has proposed the amendments to read as set forth at Annex A.

(2) *Sections 53.4, 53.15 and 53.18 (relating to limiting access to Commission property; Commission lakes or access areas under special time regulations; and additional restrictions)*. A recent review by Commission staff has revealed some overlap in the Commission's property regulations in §§ 53.4, 53.15 and 53.18. Therefore, the Commission proposes consolidating these regulations into one regulation (§ 53.4) and deleting §§ 53.15 and 53.18.

(3) *Sections 53.10 and 53.11 (relating to vehicles; and off-highway vehicles and snowmobiles).* The act of November 3, 1999 (P. L. 447, No. 41) (Act 41), which became effective on January 1, 2000, amended, among other things, the penalty provision of section 741 of the code. In light of this amendment, staff revisited the Commission's regulations relating to vehicles on Commission property. Commission staff also have received legislative inquiries regarding the legality of the use of registered all terrain vehicles (ATVs) on Commission property. In an effort to clarify the Commission's intent with regard to the use of vehicles on Commission property, the Commission proposes the amendments to §§ 53.10 and 53.11 to read as set forth at Annex A.

(4) *Section 61.1 (relating to Commonwealth inland waters).* A recent review of this regulation has revealed that a housekeeping correction is warranted. Therefore, the Commission proposes to amend this section to read as set forth at Annex A.

(5) *Section 93.4 (relating to certificate of registration).* One of the more common violations of the boating regulations is operating without the required registration certificate onboard. Often this is simply an oversight as the boater has left the certificate in the car, at the cottage or at home on the kitchen table. Commission policy is that citations usually are not issued when it is reasonable that the certificate is most likely available, just not on-board. An officer, however, must still be shown proof that the registration is valid. Current procedure requires that the owner produce an original certificate within a certain number of days for inspection by the officer. This sometimes causes inconvenience for both the officer and the violator as they arrange for verification.

The regulations provide a mail-in procedure for persons who are caught fishing without displaying a license. This procedure has been very successful and has resulted in greater efficiency and use of officer time. The Commission proposes to implement a similar procedure for boat registration certificates by adding a new subsection to § 93.4 to read as set forth at Annex A.

(6) *Sections 93.17 and 93.110 (relating to registration of abandoned boats; and boats that are junked, destroyed, lost, stolen or abandoned).* Although these regulations, as currently written, allow the Commonwealth, its agencies and political subdivisions to register or acquire title to any boat abandoned on areas under their ownership, the regulations do not extend to the Federal government and do not allow these entities to avail themselves of the salvor process. Therefore, the Commission proposes amending these sections to read as set forth at Annex A.

(7) *Section 97.3 (relating to sound producing devices).* As currently written, the requirement for sound producing devices contained in this section is different and, in some ways, inconsistent with the Federal Inland Navigation Rules. The purpose of sound producing devices is to allow motorboats to make the sound signals required by the Federal Navigation Rules. Boaters in this Commonwealth seldom use sound signals on small inland lakes and rivers. According to the Federal Inland Navigation Rules, the technical specifications for whistles and bells are only applicable to boats greater than 12 meters in length. Less than 400 of the 350,000 boats registered in this Commonwealth are 12 meters in length or greater. The current requirement in subsection (b)(1) is not complete, and the term bell is not defined in the Commission's regulations.

The current regulations go further than the Federal regulations by requiring unpowered vessels such as ca-

noes and kayaks to carry a mechanical means of making a sound signal. The Commission has received many complaints from unpowered boat owners (particularly boat livery operators) that this requirement places an inappropriate burden on paddlers and on businesses renting small, unpowered boats. There is little, if any, evidence that this requirement resolves a safety issue or that sound producing devices serve any real purpose on unpowered boats. Finally, the definitions in subsection (a) serve no purpose for regulating sound producing devices or providing useful information to the boating public.

The Commission proposes that § 97.3 be amended to remove those provisions that are inconsistent with the Federal rules, to add a general statement about the applicability of the Federal rules in this Commonwealth and to add a provision concerning sound device requirements for unpowered boats to read as set forth at Annex A.

F. Paperwork

The proposed amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed amendments will have no adverse fiscal impact on this Commonwealth or its political subdivisions. The proposed amendments to § 51.9 will impose modest costs on the private sector and the general public in that those who request copies of public records and other documents in the Commission's files will be charged 25¢ per letter or legal size page for such copies, \$1 per page or the actual cost of reproduction (whichever is greater) for oversize copies (in excess of legal size), \$2 for handling, plus the actual cost of postage or shipping. The other proposed amendments will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendments to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations@fish.state.pa.us." A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

PETER A. COLANGELO,
Executive Director

Fiscal Note: 48A-105. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart A. GENERAL PROVISIONS

CHAPTER 51. ADMINISTRATIVE PROVISIONS

Subchapter A. PRELIMINARY PROVISIONS

§ 51.9. Release of documents and records.

(a) **Consistent with the act of June 21, 1957 (P. L. 390, No. 212), known as Right-to-Know Law (65 P. S.**

§§ 66.1—66.4) and section 324 of the code (relating to Commission records), the Commission will make public records contained in its files available to citizens of this Commonwealth for inspection and examination at reasonable times and will allow requesters to make extracts and copies of the records subject to reasonable restrictions to safeguard the records and reasonable procedures on the time and place for making copies and extracts.

(b) Requests for release of public records contained in Commission files shall be made in writing and submitted to Executive Director, Pennsylvania Fish and Boat Commission, Post Office Box 67000, Harrisburg, Pennsylvania 17106-7000.

(c) If a photocopier or reproduction device under the control of the Commission is used to copy information released under this section, the requester will be charged 25¢ per letter or legal size page for the copies. If the Commission copies oversize pages (in excess of legal size), the charge will be \$1 per page or the actual cost of reproduction, whichever is greater. If the Commission mails copies of documents copied under this section to the requester, the requester will be charged \$2 for handling, plus the actual cost of postage or shipping. The charges shall be payable in advance by check or money order made payable to "Pennsylvania Fish and Boat Commission." The Commission may waive copy charges and mailing charges for good cause or in the public interest. When the total copying, handling and mailing charges for a request are \$10 or less, collection ordinarily will be waived.

CHAPTER 53. FISH AND BOAT COMMISSION PROPERTY

§ 53.4. Limiting access to Commission property and other restrictions.

(a) Commission-owned or -controlled property, including Commission lakes and access areas, may be closed to the public during hours as the Executive Director may direct. The Executive Director will publish a notice in the *Pennsylvania Bulletin* and will cause the hours to be posted at the site. Time restrictions imposed under this subsection will be effective upon publication in the *Pennsylvania Bulletin* and when posted at the site. It is unlawful for any person to enter or remain upon [the] Commission property during the times it is closed to public use, without the express written consent of the Executive Director or a designee.

* * * * *

(c) The Executive Director may impose additional restrictions on the use of Commission property, including prohibitions on use or possession of beer and alcoholic beverages and restrictions on fires at times and for periods as the Director deems appropriate for the protection and management of Commission-owned or -controlled property. The Executive Director will publish a notice in the *Pennsylvania Bulletin* and will cause the additional restrictions to be posted at the site. Additional restrictions imposed under this subsection will be effective upon publication in the *Pennsylvania Bulletin* and when posted at the site. It is unlawful to violate restrictions imposed by the Executive Director on behalf of the Commission under this subsection.

§ 53.10. Vehicles.

(a) *Registration required.* [A vehicle] Vehicles properly registered in conformity with 75 Pa.C.S. (relating to the Vehicle Code) [is], except all terrain vehicles (ATVs), are permitted on Commission-owned or -controlled property on those areas that are open to vehicular traffic, such as roadways, driveways, launch ramps and designated parking areas.

(b) *Prohibited vehicle operations.* It is unlawful to operate a vehicle on Commission property as follows.

* * * * *

(5) In a manner not in conformity with posted traffic control signs or devices.

(6) On forest lands, grass areas, wetlands and lands under cultivation.

(7) On frozen lakes, ponds, rivers and streams.

(c) *Parking regulations.* It is unlawful to park a vehicle on Commission property except in a designated parking area. It is unlawful to park in an area designated for handicapped parking unless the vehicle clearly displays a disability plate or disability parking placard.

§ 53.11. Off-highway vehicles and snowmobiles.

(a) *General rule.* Except as provided in subsection (c), the use of off-road motorized vehicles [which are not registered and which are capable of off-highway use], including trail bikes, Tote Gotes, all terrain vehicles (ATVs), air cushioned vehicles, track vehicles, hydrofoils and the like, is prohibited on Commission-owned or -controlled property.

(b) It is unlawful to operate a snowmobile on Commission-owned or -controlled property except in areas designated for use by the Executive Director and so posted. The Commission will maintain a list of areas when use is permitted. In those areas where use of snowmobiles is permitted, the following conditions apply:

* * * * *

(4) The operation of snowmobiles on frozen lakes, ponds, rivers and streams is prohibited.

(c) *Persons with disabilities.*

* * * * *

[(3)] (d) As used in this [subsection] section, the term, "off-road motorized vehicle," means a motorized vehicle specifically designed for this use. The term does not include a vehicle licensed or registered for on-road use, such as a 4 by 4 sport utility vehicle and the like.

§ 53.15. [Commission lakes or access areas under special time regulations] (Reserved).

[The Executive Director may designate Commission lakes and access areas to be closed to public use during certain times. The Executive Director will publish a notice of designation in the *Pennsylvania Bulletin* and will cause the hours to be posted at the site. It is unlawful to enter upon or remain in Commission property during the posted hours when it is closed to the public without the express written consent of the Executive Director or his designee.]

§ 53.18. [Additional restrictions] (Reserved).

[The Executive Director may impose additional restrictions on use of Commission property, including but not limited to, time restrictions, prohibitions on use or possession of beer and alcoholic beverages, and restrictions on fires at times and for periods as he deems appropriate for the protection and management of Commission-owned or -controlled property. Additional restrictions imposed under this section will be effective when posted at the site. It is unlawful to violate restrictions imposed by the Executive Director on behalf of the Commission under this section.]

CHAPTER 93. REGISTRATION AND NUMBERING

Subchapter A. REGISTRATION OF BOATS

§ 93.4. Certificate of registration.

(e) Boating without a certificate of registration onboard.

(1) When a resident of this Commonwealth is found operating a boat without the required certificate of registration onboard and claims that the boat is validly registered, the apprehending officer shall give the operator 7 days to produce the original certificate.

(2) If it is inconvenient for the operator to produce the certificate in person, the officer may permit the operator to mail the original certificate to the officer for verification. The operator shall provide a stamped self-addressed envelope for the return of the certificate. If the officer permits the operator to mail the original certificate to the officer, the officer shall provide the operator with a receipt or other documentation allowing continued operation of the boat during the period the original certificate is not in possession.

(3) If the operator fails to send the original certificate within the 7-day period, the officer shall institute summary proceedings against the operator in the manner prescribed by law.

§ 93.17. Registration of abandoned boats.

(b) Boats abandoned on private property. Subject to the following, a landowner, his lessee or his agent may register a boat that has been abandoned on his land or the waters immediately adjacent to his land for at least 3 months.

* * * * *

[(7) The Commonwealth, its agencies and political subdivisions may register any boat abandoned on areas under their ownership by proceeding in the manner set forth in this section.]

(c) Boats abandoned on [Commonwealth] public property or waters. A person finding a boat abandoned on [the waters of this Commonwealth (not private property)] public property or waters—that is, property or waters under the ownership or control of the Commonwealth, its agencies and political subdivisions or the Federal Government—shall notify the Commission of the description and location of the boat as well as the date on which it was found. A person may notify the Commission by completing Form PFBC-R3, "Notice of Abandoned Boat Found on Commonwealth Waters" and mailing the form to the Commission.

(1) The Commission may take possession of a boat abandoned on [the waters of this Commonwealth] public property or waters or may authorize a salvor to take possession provided the salvor complies with these provisions, is a vehicle salvage dealer as defined in 75 Pa.C.S. § 1337 (relating to use of "Miscellaneous Motor Vehicle Business" registration plates), and holds a current, valid certificate of authorization issued by the Department of Transportation under 75 Pa.C.S. § 7302 (relating to certification of authorization).

* * * * *

(8) The Commonwealth, its agencies and political subdivisions and the Federal Government may register any boat abandoned on areas under their ownership or control by proceeding under subsection (b) or may follow the procedure in this subsection.

§ 93.110. Boats that are junked, destroyed, lost, stolen or abandoned.

* * * * *

(b) Acquiring title to boats abandoned on private property.

* * * * *

[(9) The Commonwealth, its agencies and political subdivisions may acquire title to any boat abandoned on areas under their ownership by proceeding in the manner set forth in this subsection.]

(c) Acquiring title to boats abandoned on [Commonwealth] public property or waters.

(1) A person finding a boat abandoned on [the waters of this Commonwealth (not private property)] public property or waters—that is, property or waters under the ownership or control of the Commonwealth, its agencies, political subdivisions or the Federal Government—shall notify the Commission of the description and location of the found boat as well as the date on which it was found.

(2) The Commission may take possession of a boat abandoned on [the waters of this Commonwealth]

public property or waters or may authorize a salvor to take possession if the salvor complies with this section, is a vehicle salvage dealer as defined in [section 1337 of the code] 75 Pa.C.S. § 1337 (relating to use of ["miscellaneous motor vehicle business"] Miscellaneous Motor Vehicle Business registration plates) and holds a current, valid certificate of authorization issued by the Department of Transportation under [section 7302 of the code] 75 Pa.C.S. § 7302 (relating to certification of authorization).

* * * * *

(9) The Commonwealth, its agencies and political subdivisions and the Federal Government may acquire title to any boat abandoned on areas under their ownership or control by proceeding under subsection (b) or may follow the procedure in this subsection.

CHAPTER 97. OPERATOR PROVIDED EQUIPMENT

§ 97.3. Sound producing devices.

(a) [Definitions. The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Danger signal—A signal of five or more blasts. It is used to warn other boats of a potential danger.

Whistle—A sound signaling appliance capable of producing a sound.

(b) *Equipment for sound signals.*

(1) A vessel of 12 meters (39.4 feet) or more in length shall have a whistle and a bell.

(2) A vessel of less than 12 meters (39.4 feet) in length shall carry some mechanical means of making a sound signal audible for a distance of 1/2 mile. This device may be either hand, mouth or power operated. An athletic coaches whistle is an acceptable sound producing device.

(3) Sound signaling devices shall be readily accessible to the operator or a passenger of the boat.]

Motorboats 12 meters or more in length. A motorboat 12 meters (39.4 feet) or more in length shall carry sound producing devices as prescribed by the Inland Navigation Rules Act of 1980 (33 U.S.C.A. §§ 2001—2073).

(b) *Motorboats less than 12 meters.* A motorboat less than 12 meters (39.4 feet) in length shall carry some mechanical means of making a sound signal. This device may be hand, mouth or power operated. An athletic coach's whistle is an acceptable sound producing device for small motorboats.

(c) *Unpowered boats.* Unpowered boat operators are required to have some means of making an efficient oral or mechanical sound signal that can be heard by another boat operator in time to avoid a collision.

(d) *Device accessibility.* Sound signaling devices shall be readily accessible to the operator of the boat.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Title 237—JUVENILE RULES

JUVENILE COURT JUDGES' COMMISSION

[237 PA. CODE CH. 301]

Hearing Procedures

The juvenile court hearing is the central incident in the execution of 42 Pa.C.S. Chapter 63 (relating to Juvenile Act). The attitudes and decisions of judges, as conveyed through the hearing, greatly influence the attitudes and practices of probation officers, police and social agencies, as well as those of the general community.

The function of the juvenile court hearing is to determine jurisdiction, the facts of the case, and the most appropriate disposition of the matter.

However, the juvenile court hearing is modified by the fact that the subjects of these hearings are children, and by the philosophy of juvenile court law which embodies the special concern of society for children, the belief that children should be separate from the process of criminal law, and the conviction that society's welfare can be best served by their rehabilitation rather than their punishment.

The juvenile court administrative judge shall ensure that policies and procedures are in place to aid the child, the child's parents and the crime victim in understanding the hearing process.

This statement of policy shall take effect upon publication in the *Pennsylvania Bulletin*.

JAMES E. ANDERSON,
Executive Director

(*Editor's Note:* A statement of policy of the Juvenile Court Judges' Commission is added in 237 Pa. Code §§ 301.1—301.8, 301.21—301.27 and 301.41—301.48 to read as set forth in Annex A.

Fiscal Note: 23-SOP-2. No fiscal impact; (8) recommends adoption.

301.47.	Discharge and dismissal.
301.48.	Disposition.

INITIATION OF HEARINGS

§ 301.1. Initiation of hearing process.

The hearing process shall be formally initiated by the filing of a petition, as provided in 42 Pa.C.S. Chapter 63 (relating to Juvenile Act), which shall be entitled "in the interest of . . . , a minor," and shall be captioned and docketed as provided by general rule.

§ 301.2. Petition.

The petition may be brought by any person, shall be verified, and shall set forth plainly:

(1) The facts which bring the child within the jurisdiction of the Court and 42 Pa.C.S. Chapter 3 (relating to Juvenile Act), a statement that it is in the interest of the child and the public that the proceedings be brought and, if delinquency is alleged, that the child is in need of treatment, supervision or rehabilitation.

(2) The name, age and address of the child on whose behalf the petition is brought.

(3) The names and addresses, if known, of the parents, guardian or custodian and of the spouse, if any, of the child.

(4) Whether the child is presently in detention or shelter care, and, if so, the location of the facility where the child is in placement, and the time the child was taken into custody.

§ 301.3. Time for hearing.

After a petition has been filed alleging a child to be dependent or delinquent, the court shall fix a time for a hearing thereon.

§ 301.4. Child in detention or shelter care.

When a petition is filed alleging a child to be dependent or delinquent, and the child is in detention or shelter care, the hearing on the petition shall be held within 10 days after the filing of the petition. The child may be detained or kept in shelter care for an additional single period not to exceed 10 days when the Court, at a hearing, makes the determinations and findings required under 42 Pa.C.S. § 6335 (relating to release or holding of hearing).

§ 301.5. Child not detained or sheltered.

When a petition is filed alleging a child to be dependent or delinquent and the child is not in detention or shelter care, the hearing on the petition shall be held within 90 days after the filing of the petition.

(1) With the approval of the Court, this period may be extended, in a delinquency case, upon the agreement of the Commonwealth and the child. An extension may also be granted by the Court, in a dependency or delinquency case, when reasonable cause is shown for an extension. An extension granted by the Court shall be for a specific period of time.

(2) If a petition is reinstated alleging a child to be delinquent who is failing to fulfill the terms and conditions of a consent decree under 42 Pa.C.S. § 6340 (relating to consent decree), the hearing on the petition shall be held within 90 days of the reinstatement of the petition, subject to the conditions for extension of time set forth for hearings on new petitions.

§ 301.6. Appearance at hearing required.

(a) The Court shall direct the issuance of a summons to the parents, guardian or other custodian, or guardian ad

litem and other persons the Court identifies as necessary parties to the proceeding, requiring them to appear at the hearing.

(b) The summons shall also be directed to the child if he is 14 years of age or older or is alleged to be delinquent and a copy of the petition shall accompany the summons.

§ 301.7. Subpoena as requiring attendance of witnesses.

Upon application of a child, parent, guardian, custodian, probation officer, district attorney or other party to the proceedings, the Court shall issue, or may on its own motion issue, subpoenas requiring attendance of witnesses and production of papers at any hearing under 42 Pa.C.S. Chapter 63 (relating to Juvenile Act).

§ 301.8. Priority for child in detention or shelter.

In scheduling hearings under 42 Pa.C.S. Chapter 63 (relating to the Juvenile Act), priority shall be given to children in detention or shelter care.

CONDUCT OF HEARINGS

§ 301.21. Due process.

(a) The Court shall hear all cases without a jury in an informal but orderly manner which guarantees due process.

(b) The atmosphere of the hearing should encourage the maximum participation of all concerned. It should be evident that it is the intent of the judge to determine the facts of the case and provide a forum that is consistent with the public interest and is intended to arrive at a disposition that provides balanced attention to the protection of the community, imposition of accountability for offenses committed and development of competencies to enable the child to become a responsible and productive member of the community.

§ 301.22. District attorney to represent Commonwealth.

The district attorney shall represent the Commonwealth in delinquency proceedings.

§ 301.23. Record of proceedings.

Juvenile court proceedings shall be recorded by an official court reporter.

§ 301.24. Public excluded from hearings.

The general public shall be excluded from the juvenile court hearing process.

(1) Only the parties, their counsel, witnesses, the victim, counsel for the victim, other persons accompanying a party or a victim and other persons the Court finds have a proper interest in the proceeding or in the work of the Court may be admitted.

(2) The general public may not be excluded from any hearing pursuant to a petition alleging delinquency as follows:

(i) When the child was 14 years of age or older at the time of the alleged conduct and the conduct would be considered a felony if committed by an adult.

(ii) When the child was 12 years of age or older at the time of the alleged conduct and the conduct would constitute one or more of the following offenses if committed by an adult:

(A) Murder.

(B) Voluntary manslaughter.

(C) Aggravated assault as defined in 18 Pa.C.S. § 2702(a)(1) or (2) (relating to aggravated assault).

(D) Arson as defined in 18 Pa.C.S. § 3301(a)(1) (relating to arson and other related offenses).

(E) Involuntary deviate sexual intercourse.

(F) Kidnapping.

(G) Rape.

(H) Robbery as defined in 18 Pa.C.S. § 3701(a)(1)(i), (ii) or (iii) (relating to robbery).

(I) Robbery of motor vehicle.

(J) Attempt or conspiracy to commit any of the offenses in this paragraph.

(iii) Notwithstanding anything in this section, the proceedings shall be closed upon, and to the extent of, any agreement between the child and the attorney for the Commonwealth.

(iv) The Court at any disposition proceeding shall have discretion to maintain the confidentiality of mental health, medical or juvenile institutional documents or juvenile probation reports.

§ 301.25. Counsel.

(a) If a child appears for hearing without counsel, the Court shall ascertain whether that child knows of the right to be provided counsel by the Court if the child is unable to obtain counsel.

(b) The Court may continue the proceeding to enable a party to obtain counsel.

§ 301.26. Waiver of right to counsel.

A child may not waive his right to counsel unless the child has had the opportunity to consult with an interested and informed adult. The adult must be one who is primarily interested in the welfare of the accused child and aware of those fifth and sixth amendment rights guaranteed to the child.

§ 301.27. Conflict of interest with child.

When the interests of the parent, guardian or custodian may be in conflict with the interests of the child, or when the interests of two or more parties to a proceeding may conflict, separate counsel shall be provided.

PHASES OF THE HEARING ON THE PETITION

§ 301.41. Three phases of hearing.

The hearing on the petition shall be divided into three phases:

(1) The determination of jurisdiction.

(2) The adjudication of the issue.

(3) Disposition.

§ 301.42. Jurisdiction.

The Court shall in all cases initially determine whether the juvenile court has jurisdiction to hear the matter which has been petitioned for hearing.

§ 301.43. Evidence on the petition.

(a) Once it has been determined that the Court has proper jurisdiction over the matter before it and has assured that the child is fully aware of all constitutional rights, the Court shall entertain evidence on the petition.

(b) At any time after the filing of a petition and before the entry of an adjudication order, the Court, on proper motion, may suspend the proceedings and enter a consent decree continuing the child under supervision in the

child's own home under terms and conditions negotiated with the probation department and agreed to by all parties affected.

§ 301.44. Findings.

(a) After hearing the evidence on the petition, the Court shall make and file its findings as to whether the acts ascribed to the child were committed by him if the petition alleged delinquency; or, if dependency was alleged, whether the child is a dependent child.

(b) If the Court finds that the child is not a dependent child or that the allegations of delinquency have not been established, it shall dismiss the petition and order the child discharged from any detention or restriction which has been previously ordered.

§ 301.45. Finding of delinquency.

A finding that the child committed the acts by reason of which the child was alleged to be delinquent shall be made only on proof beyond a reasonable doubt, while a finding that a child is dependent shall be based on clear and convincing evidence.

§ 301.46. Finding of need for treatment, supervision or rehabilitation.

(a) When there is a finding that the child committed a delinquent act, the Court shall proceed immediately, or at a postponed hearing, to hear evidence as to whether the child is in need of treatment, supervision or rehabilitation and therefore delinquent, and to make and file its findings thereon.

(b) In the absence of evidence to the contrary, evidence of the commission of acts which constitute a felony shall be sufficient to sustain a finding that a child is in need of treatment, supervision or rehabilitation.

§ 301.47. Discharge and dismissal.

If the Court finds that the child is not in need of treatment, supervision or rehabilitation, it shall dismiss the proceeding and discharge the child from any detention or other previously ordered care.

§ 301.48. Disposition.

If the Court finds that a child is dependent, the Court shall proceed immediately or at a postponed hearing to make proper disposition of the case.

Title 52—PUBLIC UTILITIES

PENNSYLVANIA PUBLIC UTILITY COMMISSION Abbreviated Dispute Resolution Process

The following is Appendix E to the Pennsylvania Public Utility Commission's (Commission) Global Order of September 30, 1999, Docket Nos. P-00991648 and P-00991649 as amended November 5, 1999. Appendix E sets forth a new Abbreviated Dispute Resolution Process to address the disputes of competing telecommunications carriers in an expedited fashion so as to prevent adverse impact on consumers. The process is limited to disputes involving the action or inaction of a telecommunications entity that (1) allegedly affects the ability of an entity to provide a telecommunications service or group of related services to its customer; (2) allegedly compromises the ability of a party to provide uninterrupted service; (3)

allegedly is anticompetitive; (4) contains allegations of predatory pricing; or (5) involves collocation space limitation disputes. All parties to the above-referenced dockets advocated the same Abbreviated Dispute Resolution Process which is now being published for public comment. File comments at Docket Nos. P-00991648 and P-00991649 to the Pennsylvania Public Utility Commission Secretary's Bureau within 14 days of the date of publication in the *Pennsylvania Bulletin*. The filing address is James J. McNulty, Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265. The contact person regarding this matter is Elizabeth H. Barnes, (717) 772-5408.

Appendix E

XIX. Abbreviated Dispute Resolution Process.

The success of local competition in Pennsylvania is dependent on the efficiency and effectiveness of carrier interconnection in providing quality service at reasonable rates to customers. Given the fact that in addition to interconnecting with each other, carriers are also competing with each other, it is possible that disputes will arise which require expedited resolution by the Commission to prevent adverse impact on consumers. Recognizing that our current mediation, arbitration and emergency relief regulations may not address the specific needs of telecommunications competitors, we are persuaded at the request of both petitions to develop an alternative Abbreviated Dispute Resolution Process (ADRP). It will be published as interim guidelines, subject to review in 1 year. The ADRP is an asset to both the parties and the Commission in that it balances the need for the parties to be heard with the necessity that certain issues be decided quickly. The process is described in full detail as follows.

1. The Abbreviated Dispute Resolution Process described in the following will be limited to disputes which involve action or inaction of a telecommunications entity that (1) allegedly affects the ability of an entity to provide a telecommunications service or group of related services to its customer; (2) allegedly is anticompetitive; or (3) involves collocation space limitation disputes. Before a petition is referred to the ADRP, the petitioning party (a "Party or Parties") must engage in good faith negotiations with the answering party with respect to the dispute in question for at least 30 calendar days.

2. A Party directly involved in a dispute as defined in paragraph 1 that cannot be resolved through good faith negotiations may file a Petition for Resolution of Disputed Issues (Dispute Resolution Petition) with the Commission. If possible, such petitions should be submitted jointly by both parties. The Petition shall be served upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Commission's Office of Trial Staff (Public Advocates), and, if it is not a joint petition, upon the opposing party. As part of the ADRP, the petitioning party must provide detailed evidence that it has engaged in such good faith negotiations.

3. Any Party filing a Dispute Resolution Petition may also request an interim ruling on whether the party is entitled to relief pending the resolution of the merits of the dispute. The purpose of this procedure is to provide an interim remedy when the dispute compromises the ability of a party to provide uninterrupted service, unreasonably precludes the provisioning of scheduled service, contains allegations that a proposed tariff involves predatory pricing, or involves collocation space limitation.

a. Any requests for an interim ruling shall be filed at the same time and in the same document as the Dispute

Resolution Petition. A Dispute Resolution Petition that includes a request for interim relief need not allege that the petitioning party has engaged in good faith negotiations for at least 30 days; provided, however, that petitions that omit allegations of 30 days of good faith negotiations pursuant to this subparagraph shall be dismissed without prejudice if the request for interim relief is denied. The petitioning party shall give 24 hours notice to its opposing party prior to filing a request for interim relief.

b. A Dispute Resolution Petition that includes a request for an interim ruling shall include the phrase "Request for Interim Ruling" in the heading and shall clearly identify and set forth the specific grounds supporting the request for interim relief pending the resolution of the dispute, including a statement of the potential harm that may result if interim relief is not provided. A Dispute Resolution Petition that includes a request for interim ruling shall be verified by affidavit and served by hand-delivery, or by facsimile with telephonic confirmation of receipt, on the same day as the pleading is filed with the Commission. The certificate of service filed with the Dispute Resolution Petition shall state how the petitioning party has complied with this service requirement.

c. Within 3 business days of the filing and service of a Dispute Resolution Petition that includes a request for interim ruling, the Arbitrator assigned to the dispute pursuant to the ADRP shall conduct a hearing to determine whether interim relief should be granted during the ADRP. The Arbitrator will notify the parties of the date and time of the hearing by facsimile within 24 hours of the filing of a complaint and request for interim ruling. The Parties should be prepared to present their positions and evidence on factors including, but not limited to, the type of service requested, the economic and technical feasibility of providing that service, and the potential harm that may result if interim relief is not provided. The Arbitrator will issue an interim ruling on the request based on the evidence provided at the hearing within 24 hours of the close of the hearing and will notify the parties by facsimile of the ruling. In reaching a decision on interim relief, the Arbitrator may base his or her decision on whether the party has provided ample information to allow a full evaluation of the merits of the case. The petitioning party carries the burden of proof. The interim ruling will be effective throughout the dispute resolution proceeding until a final decision is issued pursuant to the ADRP. If the request for interim ruling is denied and the Dispute Resolution Petition contains the detailed evidence of 30 days of good faith negotiations as previously described in paragraph 1, the dispute resolution proceeding shall proceed under the procedures set forth herein. If the request for interim ruling is denied and the Dispute Resolution Petition does not contain such evidence, the petition shall be dismissed without prejudice and refiled only after a 30-day negotiation period.

4. The Parties will be the primary participants in the ADRP. The Public Advocates may participate in the proceeding but may not conduct formal discovery and are precluded from opposing the voluntary withdrawal of a Dispute Resolution Petition due to consummation of a settlement between the Parties. Each Dispute Resolution Petition will be assigned a separate docket number by the Commission's Secretary.

5. All Dispute Resolution Petitions will be assigned by the Commission to principal Arbitrators with subject matter expertise, designated as having continuing jurisdiction to resolve the above referenced disputes.

6. The Parties shall submit a joint filing, if possible, within 5 business days of the filing of a Dispute Resolution Petition which clearly and concisely sets forth the dispute between the parties and includes as an attachment all relevant documentation material to resolution of the dispute. The filings will be served on the Public Advocates and on the opposing party if not joint.

7. Within 14 calendar days of the filing of a Dispute Resolution Petition, a conference will be scheduled and held among the Parties, the participating Public Advocates and the Arbitrator.

8. At the conference, which will not be conducted as an evidentiary hearing, the Parties shall and the participating Public Advocates may informally present their positions to the Arbitrator and, with the assistance of the Arbitrator, shall attempt to resolve their differences. The conference will be open to the public, shall be transcribed and shall be subject to the traditional proprietary safeguards.

9. If differences remain at the close of the conference, the Arbitrator may issue an informal decision from the bench which resolves the dispute. If the Arbitrator determines not to issue an informal bench decision, the Arbitrator will issue an informal decision resolving the dispute within 5 business days of the conference. In either case, the Arbitrator's informal decision will be filed in the document file.

10. There will be a 5 business day appeal period to the Commission following issuance of the Arbitrator's informal decision. If no party or Public Advocate files an appeal within that time, the informal decision will become a final Commission order as evidenced by a Secretarial letter. The informal process is ended by an informal decision which either becomes a final Commission order by operation of law or, if appealed, is followed by a formal de novo hearing before an Administrative Law Judge who renders an Initial Decision.

11. If a matter is settled by the Parties at any point in the informal proceedings described previously, including during the 5-day appeal period, the Parties will have the choice of filing the settlement with the Commission for approval or withdrawing the Dispute Resolution Petition. This provision shall supersede the provisions of 52 Pa. Code §§ 5.94 and 1.82.

12. If the Parties choose to seek Commission approval of a settlement agreement, the Parties will file a joint petition for adoption of the settlement agreement with the Commission. The Public Advocates and any certified CLEC may file a response to the joint petition within 10 calendar days. An Administrative Law Judge will then issue an Initial Decision addressing the settlement petition within 15 calendar days of the filing of the petition.

13. Interested parties may file exceptions to the Initial Decision within 7 business days of issuance. Reply exceptions must be filed within 5 business days after the exceptions are filed. If no timely exceptions are filed and if two Commissioners do not "call up" the matter within 15 days of issuance, the Initial Decision will become a final order by operation of law. If timely exceptions are filed, the matter will be assigned to the Office of Special Assistants for preparation of a recommendation for Commission consideration at the earliest possible Public Meeting.

14. The filing of an appeal to an informal decision under paragraph 10 will commence de novo review of a Dispute Resolution Petition.

15. The filing of an appeal under paragraph 10 shall not automatically stay the Arbitrator's informal decision. Any party to the proceeding may file a motion for stay of the informal decision with the Commission's Secretary and provide a copy to the Office of Administrative Law Judge. Only if the motion is approved will the informal decision be stayed during the pendency of the appeal.

16. Upon the filing of an appeal under paragraph 10, interested parties other than the Parties may intervene, in the case of the Public Advocates, or seek intervention, in the case of other parties, in the proceedings.

17. De novo review shall consist of the conduct of an evidentiary hearing on the dispute. The presiding ALJ will conduct a hearing and issue an Initial Decision resolving the dispute within 30 calendar days of the filing of the appeal unless the ALJ extends the time frame for good cause shown recognizing an expeditious result is in the public's interest.

18. Participating parties may file exceptions to the Initial Decision of the ALJ within 7 business days of issuance. Reply exceptions must be filed within 5 business days after exceptions are filed.

19. If no exceptions are filed and if two Commissioners do not "call up" the matter within 15 days of issuance, the Initial Decision of the ALJ will become a final order by operation of law.

20. If exceptions are filed, the matter will be assigned to the Office of Special Assistants for preparation of a recommendation for Commission consideration at the earliest possible Public Meeting.

21. With the exception of 52 Pa. Code §§ 5.94 and 1.82, this dispute resolution process is not intended to replace or preclude any other remedies or procedures otherwise available to any of the parties, and a party's participation in this dispute resolution process shall not be considered a waiver of any available substantive or procedural rights.

22. This ADR process shall be posted as Interim Guidelines in the *Pennsylvania Bulletin* and shall be subject to review after a period of 1 year from the date of entry of this Order.

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CH. 23]
Processing Petitions

The Environmental Quality Board (Board) is soliciting public comments on proposed revisions to its policy for processing petitions. The policy is being amended to clarify a number of sections, particularly with respect to petitions for the redesignation of streams under Chapter 93 (relating to water quality standards) of the Depart-

ment of Environmental Protection's (Department) regulations and The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Summary of the Amendments

§ 23.1. Petitions.

This section is amended to clarify the information that petitioners must submit to meet the completeness requirements of the policy. Paragraph (5) contains the data submission requirements necessary for stream redesignation petitions. These requirements more closely reflect the provisions of the antidegradation regulations in 25 Pa. Code Chapter 93. Adding this information in § 23.1 negates the need for Appendix A, which has been deleted. In addition, the text of § 23.9 (relating to special procedures) is updated and relocated as new subsection (b).

§ 23.3. Notification.

Section 23.3 has been revised to clarify that the Department's determination that a petition is inappropriate for submittal to the Board is based on the petition not meeting each of the three conditions in § 23.2 (relating to Departmental review).

§ 23.6. Notice of acceptance and Department report.

This section adds language pertaining to the Department's responsibility to publish notice of acceptance of a petition in the *Pennsylvania Bulletin* within 30 days from the date of acceptance by the Board. Paragraph (1) clarifies the steps the Department will take in preparing an evaluation report for those petitions that are not stream petitions, and it maintains the 60-day time period for preparation of the report. Paragraph (2) is new and applies to stream redesignation petitions. It indicates that the Department will publish notice of its intent to assess the waters subject to the evaluation before a draft evaluation report is prepared. There is no time requirement for preparation of a draft evaluation report because the period of assessment for each stream will vary depending upon the amount of data that will need to be collected.

§ 23.8. Board consideration.

Section 23.8 clarifies that the Department will prepare a recommendation based on its report and any comments received from the petitioner following the petitioner's 30-day review opportunity on the report. The section further clarifies that the recommendation will be in the form of a proposed rulemaking if a change to a regulation is recommended. The proposed rulemaking is to be developed for Board consideration within 6 months from the date the report was mailed to the petitioner. If no change to a regulation is recommended, the Department will present its recommendation to the Board at the first meeting that is held at least 45 days after the Department has mailed its report to the petitioner.

DEPARTMENT OF AGRICULTURE

Guidelines for Distribution of Crop Insurance Assistance Funds under Act 57

The Department of Agriculture (Department) hereby gives notice that pursuant to the authority granted it under section 5102(b) (3 P. S. § 2250.5102(b)) of Act 57 of 1999, known as The Drought, Orchard and Nursery Indemnity and Flood Relief Act (act) it has created the Pennsylvania Crop Insurance Program (State Program). The act allotted \$5.6 million to the Department to help eligible Pennsylvania producers purchase Federal crop insurance.

The act established the application procedures and eligibility criteria which are reiterated in the State Program. In addition, the act directed the Department to supplement eligible producers in an amount up to 10% of the cost of their Federal crop insurance premiums and the total amount of all related fees for the years 2000 and 2001. The funds available for the State Program are limited to the \$5.6 million allotted by the act. Therefore, if sufficient funds are not available to provide for up to 10% of the cost of the Federal crop insurance premiums and the total amount of all related fees for eligible producers, the act directs the Department to distribute the funds on a prorata basis.

The act authorizes the State program for the years 2000 and 2001 only. All funds for the State Program must be encumbered by June 30, 2001, unless otherwise authorized. The statutory language establishing the State Program is self-executing. The following restates the statutory procedures and standards under which crop insurance assistance will be awarded under the State Program, outlines the general administration of the State Program, and provides references to sources of further information or assistance.

Authority: The Department of Agriculture (Department) under the authority granted it under section 5102(b) (3 P. S. § 2250.5102(b)) of Act 57 of 1999, known as The Drought, Orchard and Nursery Indemnity and Flood Relief Act (3 P. S. § 2250.101 et seq.) has created the Pennsylvania Crop Insurance Assistance Program (State Program). The State Program has been developed and will be administered through a Memorandum of Understanding with the United States Department of Agriculture, Federal Crop Insurance Corporation (FCIC) and insurance providers approved to underwrite Federal crop insurance policies under the Federal Crop Insurance Act (7 U.S.C.A. § 1501 et seq.), individual contracts between the Department and the approved insurance providers and these guidelines.

Purpose: The purpose of the State Program is to provide financial assistance to eligible Pennsylvania producers to help defray the cost of purchasing Federal crop insurance for crop years 2000 and 2001. The purchase of Federal crop insurance is a condition of receiving Federal crop loss assistance under the 1999 Federal Crop Disaster Program and crop insurance assistance under the State Program.

Definitions: The following definitions are consistent with those contained in the act and are listed for clarity and as a service to the applicant.

Crop. An eligible crop defined by the United States Department of Agriculture-Farm Service Agency for the 1999 Federal Crop Disaster Program.

Department. The Department of Agriculture of the Commonwealth.

Eligible Producer. Under the Federal Crop Disaster Program, a person that:

(1) Operated a farm in this Commonwealth which suffered a crop loss of at least 35% due to the drought of 1999; and

(2) Is engaged in the business of producing crops within this Commonwealth.

Federal Crop Disaster Program. The United States Department of Agriculture-Farm Service Agency 1999 Crop Disaster Program.

State Program. The Pennsylvania Crop Insurance Assistance Program established under section 5102(b) of the act.

USDA. The United States Department of Agriculture.

USDA-FSA. The United States Department of Agriculture-Farm Service Agency.

A. Assistance Program: The following criteria address the State Program:

I. General: The State Program will provide financial assistance to eligible Pennsylvania producers to help defray the cost of purchasing Federal crop insurance for crop years 2000 and 2001.

(a) **Eligibility.** The act appropriates \$5,600,000 to the Department to provide crop insurance assistance to eligible producers as defined in the act. To be eligible for the State Program, a Pennsylvania producer must meet the eligibility criteria of the act, purchase Federal crop insurance and qualify for assistance under the Federal Crop Disaster Program. A copy of the *Pennsylvania Crop Insurance Assistance Program* fact sheet which, presents an overview of the State Program is attached hereto as "Exhibit A" and made a part of these guidelines. The State Program eligibility criteria are based on criteria established by the Federal Crop Disaster Program. Pennsylvania producers who meet the eligibility requirements of the act and qualify under the Federal Crop Disaster Program will be eligible to receive assistance under the State Program. The Department will determine a producer's eligibility for crop insurance assistance under the State Program based on the criteria established by the act, these guidelines and the information contained in the producer's approved Federal Crop Disaster Program application and eligibility information released to the Department by the USDA-FSA.

(b) **Payment.** The act directs the Department to supplement eligible producers in an amount up to 10% of the cost of their crop insurance premiums and the total amount of all related fees. The \$5,600,000 available under the State Program is in addition to any assistance available under the Federal Crop Disaster Program or the Federal Crop Insurance Act. At the close of the sign up period for the Federal Crop Disaster Program and upon a determination of all eligible producers under the State Program, the Department will provide a list of eligible

producers to the FCIC. The FCIC will compile information regarding each eligible producer's crop insurance premium costs. The Department will make payment in an amount equal to up to 10% of the cost of all eligible producers' crop insurance premiums to FCIC. Each eligible producer's crop insurance billing statement will be reduced by an amount equal to up to 10% of that producer's gross premium cost. In addition, the Department will pay all related fees associated with an eligible producer's crop insurance policy. Payment for the fees will be made to the approved insurance company underwriting the eligible producer's crop insurance policy. The approved insurance company will deduct such fees from the eligible producer's crop insurance policy or if the eligible producer has already paid the fees, the approved insurance company will reimburse the eligible producer for those fees.

II. *Funds Available Basis.* There are limited funds available for the State Program. Crop insurance assistance payments under the State Program will be distributed to the extent funds are available. State Program crop insurance assistance payments will be distributed at the discretion of the Department under the criteria established by the Federal Crop Disaster Program, the act, the terms of the Memorandum of Understanding and the contracts entered into between the Department, the FCIC and the approved insurance providers and these guidelines. If sufficient funds are not available to provide for up to 10% of the cost of the crop insurance premiums and the total amount of all related fees, the Department will prorate the available funds among the eligible producers.

III. *Applications.*

(a) *Application.* The application procedure is the same as that for the Pennsylvania Drought Relief Program. A producer wishing to participate in the State Program must apply, in person, at a county USDA-FSA office, sign up for the Federal Crop Disaster Program and agree to purchase Federal crop insurance for crop years 2000 and 2001.

(b) *Waiver of confidentiality form.* When filling out an application for assistance under the Federal Crop Disaster Program, a producer must also fill out and sign a state "Drought Relief Program Application and Waiver of Confidentiality Form" (form). The form was developed by the Department, in consultation with the USDA, and distributed to all USDA-FSA offices in the Commonwealth. A copy of the form is attached hereto as "Exhibit B" and made a part of these guidelines. The form authorizes the USDA and the Department to share the producer's eligibility information for purposes of administering the State Program and serves as the producer's application for crop insurance assistance under the State Program. (Important Note: The producer's signatures on the form must appear exactly as it appears on all USDA forms. The USDA will only release information to the Department if the signature appearing on the form matches the legal entity appearing on all USDA forms. Without this information the Department will be unable to process a producer's application for crop insurance assistance under the State Program.)

IV. *Eligibility criteria.*

(a) *Sign-up Period.* The State Program will follow the Federal Crop Disaster Program sign-up schedule, which began December 13, 1999, and ended February 25, 2000.

(b) *Eligible producer.* To be eligible for crop insurance assistance under the State Program a producer must:

1) Meet the eligibility criteria of and be approved to receive assistance under the Federal Crop Disaster Program.

2) Purchase Federal crop insurance for crop years 2000 and 2001.

3) Meet the definition of an "Eligible Producer" under the act.

4) Properly fill out and sign a state "Drought Relief Program Application and Waiver of Confidentiality Form."

5) Have applied for a Federal Crop Disaster Program grant and submitted the proper documentation to USDA-FSA by February 25, 2000.

(c) *Review and processing of applications.* Upon receipt of the "Drought Relief Program Application and Waiver of Confidentiality Form" and all necessary approval and eligibility information from the USDA-FSA, the Department will review and determine the applicants eligibility. The approved applicants' information will be forwarded to FCIC. FCIC will compile information regarding each eligible producer's crop insurance premium costs and the Department will pay FCIC an amount equal to up to 10% of the cost of the eligible producer's crop insurance premium costs.

(d) *Approval Power.* An application for crop insurance assistance under the State Program may be approved, approved with special conditions or rejected in accordance with the general conditions and criteria established by the act and these guidelines. The Department shall have final approval and denial authority with regard to all State Program crop insurance assistance applications.

V. *Notice of Disposition of Application.* After the Federal Crop Disaster Program and the Federal crop insurance sign up periods close and upon receiving and reviewing all applications, the Department will render a decision approving, approving with special conditions or denying each application. Applicants will be notified in writing of the Department's final decision. This notice will be sent by regular mail to the address indicated by the applicant on the application form.

VI. *Payment schedule.* The Department will make a payment directly to FCIC for all producers approved for crop insurance assistance under the State Program. The payment will cover up to 10% of the cost of the approved producer's crop insurance premium. Each eligible producer's crop insurance billing statement will be reduced by an amount equal to up to 10% of that producer's gross premium cost. In addition, the Department will pay all related fees associated with an eligible producer's crop insurance policy. Payment for the fees will be made to the approved insurance company underwriting the eligible producer's crop insurance policy. The approved insurance company will deduct such fees from the eligible producer's crop insurance policy or if the eligible producer has already paid the fees, the approved insurance company will reimburse the eligible producer for those fees.

VII. *Additional Information.* Additional information regarding the State Program may be obtained by contacting the Department at (717) 787-4737 or by logging on to the Department's website at www.pda.state.pa.us.

EXHIBIT A

Fact Sheet

Pennsylvania Crop Insurance Assistance Program*Overview*

The Commonwealth of Pennsylvania has created a Crop Insurance Assistance Program to help defray part of the cost of purchasing crop insurance in 2000 and 2001. The purchase of crop insurance is a condition for receiving federal crop loss assistance under the 1999 Federal Crop Disaster Program (1999 CDP).

The \$5.6 million state program is in addition to any crop insurance assistance available under the federal Crop Insurance Program (CIP).

Who is Eligible?

Pennsylvania farmers who experienced a minimum of 35% crop loss and who are eligible for the 1999 CDP.

How Do I Apply?

The application procedure is the same as that for the Pennsylvania Drought Relief Program. To be considered, farmers must apply in person at the county USDA-FSA office and meet the eligibility criteria for the 1999 CDP. In addition, farmers must sign a PA Department of Agriculture (PDA) Drought Relief Program Application and Waiver of Confidentiality form, available at the county USDA-FSA office.

How Will My Payment be Determined?

If you qualify for a Crop Disaster Program payment under the federal program, PDA will provide a payment directly to the USDA-Risk Management Agency. The payment will cover up to 10% of the cost of the gross premium for crop insurance where applicable, plus the total amount of all related fees. If sufficient funds are not available to provide for up to 10% of the cost of the insurance premiums and the total amount of the related fees, the PA Department of Agriculture will prorate the available funds among the eligible producers.

What are the Eligibility Criteria?

The Pennsylvania program will follow the same eligibility criteria as the USDA-FSA 1999 CDP. Farmers must have a minimum of 35% crop loss to qualify.

When is the Sign-up Period?

The Pennsylvania program will follow the USDA-FSA 1999 CDP sign-up, which began December 13, 1999, and ends February 25, 2000. The insurance assistance remains available to eligible producers until the 2000 crop year sign-up period closes, which is approximately March 15 for most major crops. Check with your crop insurance agent regarding your specific crop closing dates.

Where Can I Obtain Additional Information?

For additional information regarding this state program, contact the PDA at (717) 787-4737 or our website at www.pda.state.pa.us.

DROUGHT RELIEF PROGRAM
APPLICATION AND WAIVER OF CONFIDENTIALITY FORM

Dear Producer:

Under Act 57 of 1999, known as The Drought, Orchard and Nursery Indemnity and Flood Relief Act, the Commonwealth of Pennsylvania has created an emergency drought relief program in the form of crop loss assistance for producers who suffered crop loss due to the drought of 1999. To be considered, you must apply to the USDA-FSA and meet the eligibility criteria for the federal 1999 Crop Disaster Program. In addition, you must complete and sign this application, which authorizes the USDA-FSA to share your eligibility information with the Commonwealth of Pennsylvania, Department of Agriculture (PDA). If you qualify for a grant under the federal program, PDA will use the eligibility information to calculate your state crop loss assistance. The amount of your state grant, if any, will not exceed 75% of the amount you receive under the federal program. Payment of grant money under the Commonwealth's emergency drought relief program will be mailed directly to the address listed on the USDA-FSA eligibility records received by the PDA.

The United States Department of Agriculture and its agents and instrumentalities (USDA), gathered information as part of its administration of the 1999 Crop Disaster Program (1999 CDP) authorized by the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2000, and the Omnibus Consolidated Appropriations Act, 2000.

I, _____, hereby authorize USDA to release to the Commonwealth of Pennsylvania, Department of Agriculture, the following information gathered by USDA as part of the 1999 CDP:

- 1. The data contained on Forms CCC-547, CCC-547A; CCC-547B; and CCC-547C;
2. The amount of money disbursed to me by USDA under the 1999 CDP; and
3. Any other information the Commonwealth of Pennsylvania, Department of Agriculture requests for the purpose of administering its drought relief program and my application thereunder.

I understand that I am authorizing the release of information under the Privacy Act (5 USC § 552a).

(IMPORTANT NOTE—Your signature and all other information required below must appear exactly as it appears on all USDA forms. If it does not, the USDA will not release your information and the PDA will be unable to process your application for grant funds under the Commonwealth's emergency drought relief program.)

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA Region III, Regional Administrator has waived his right to review or object to this proposed permit action under the waiver provision to 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law (Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is

addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

INDIVIDUAL PERMITS

(PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department's Regional Office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(l)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Southeast Regional Office: Air Quality Program, 555 North Lane, Conshohocken, PA 19428, (610) 832-6242.

23-00030: Swarthmore College (500 College Avenue, Swarthmore, PA 19081-1397) in Swarthmore Borough, **Delaware County**. The facility's major emission points include: 14 boilers and 10 emergency generators which emit major levels of nitrogen oxides (NOx).

09-00037: CMS Gilbreth (3001 State Road, Croydon, PA 19021) in Bristol Township, **Bucks County**. The facility's major emission points include: flexographic and rotogravure printing presses, electroplating operations and air pollution control devices which emit major levels of volatile organic compounds (VOCs).

46-00036: Ford Electronics & Refrigeration LLC (2750 Morris Road, Lansdale, PA 19446) in Worcester Township, **Montgomery County**. The facility's major emission points include: six wave soldering machines, five selective soldering machines, a coil soldering-servo

and an in-line package machine which emit major levels of volatile organic compounds (VOCs) and nitrogen oxides (NOx).

46-00041: Jefferson Smurfit Corp. (U.S.) (1035 Longford Road, Phoenixville, PA 19460) in Upper Providence Township, **Montgomery County**. The facility's major emission points include: six sheetfed, non-heatset, offset lithographic presses, two boilers, an emergency generator, and a finishing department which emit major levels of volatile organic compounds (VOCs).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

66-00001: Procter & Gamble Paper Products Co. (P. O. Box 32, Mehoopany, PA 18629) in Washington Township, **Wyoming County**. The facilities operate a paper manufacturing facility and primarily emit nitrogen oxides (NOx), sulfur oxides (SO₂), carbon monoxide (CO) and volatile organic compounds (VOCs).

54-00006: CIN CAP VI, LLC (US Route 209, P. O. Box 312, Tremont, PA 17981) in Frailey Township, **Schuylkill County**. The facilities major source of emissions are from one fluidized bed boiler that primarily emits nitrogen oxides (NOx) and sulfur oxides (SO₂).

48-00005: Hercules Cement Co. (501 Center Street, Stockertown, PA 18083) in Stockertown Borough, **Northampton County**. The facilities major sources of emissions include two dry process kilns that primarily emit nitrogen oxides (NOx) and sulfur oxides (SO₂).

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

TVOP-55-00001: Sunbury Generation, LLC (677 Baeton Road, Green Bay, WI 54304) for operation of a steam electric generating station in Shamokin Dam Borough, **Snyder County**. The facility's major sources include: six multi-fuel (coal, coke and #2 oil) fired boilers [four 525 MMBtu/hr boilers, one 1,100 MMBtu/hr boiler and one 1,360 MMBtu/hr boiler], two diesel fired combustion turbines, two diesel fired startup generators and coal and ash handling and storage operations. The facility has the potential to emit major quantities of Nitrogen Oxides (NOx), Sulfur Oxides (SOx), Particulate Matter <10 micrometers (PM₁₀), carbon monoxide (CO), Hazardous Air Pollutants (HAPs) and Volatile Organic Compounds (VOCs). As a result of these potential emissions, the facility is a major stationary source as defined in Title 1, Part D of the Clean Air Act Amendments. The facility is therefore subject to Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G. The facility is also subject to all applicable requirements of the Reasonably Available Control Technology (RACT).

TVOP-47-00001: PP&L, Inc., Montour SES (2 North Ninth Street, Allentown, PA 18101) for operation of a steam electric generating station in Derry Township, **Montour County**. The facility's major sources include: two coal fired boilers (7100 MMBtu/hr each), two turbines, two oil fired startup boilers, three diesel generators, fuel storage tanks and coal and ash processing and storage operations. The facility has the potential to emit major quantities of Nitrogen Oxides (NOx), Sulfur Oxides (SOx), Particulate Matter <10 micrometers (PM¹⁰), carbon monoxide (CO), Hazardous Air Pollutants (HAPs) and Volatile Organic Compounds (VOCs). As a result of these potential emissions, the facility is a major stationary source as defined in Title 1, Part D of the Clean Air Act Amendments. The facility is therefore subject to Title V

permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G. The facility is also subject to all applicable requirements of the Reasonably Available Control Technology (RACT).

Proposed Approval of Equivalency Operating Permits; Public Hearing

The City of Philadelphia, Department of Public Health, Air Management Services, will conduct a public hearing on Tuesday, April 18, 2000, which was originally scheduled for Wednesday, January 26, 2000, in the Auditorium of the Medical Examiners Office, Spelman Building, 321 University Avenue, beginning promptly at 6 p.m. and continuing to 8 p.m. or the conclusion of testimony. The hearing is being held to receive comments from the public on the proposed approval, by the Department, of an Equivalency Operating Permit, related to emissions of Volatile Organic Compounds (VOC), for the facility listed.

E-95-027: Model Finishing (4949 Cottman Avenue, Philadelphia, PA 19136) VOC emission limits have been established for affected emission sources at the facility.

The operating permit will be issued under 25 Pa. Code § 129.51(a)(6) as equivalency for the requirements of 25 Pa. Code § 129.52. With the authority under Title 25 of the Pennsylvania Code, Philadelphia Code Title 3 and Air Management Regulation XIII AMS will issue this permit to address the potential deficiencies of the Philadelphia portion of the Pennsylvania State Implementation Plan for Air Quality. The Final Equivalency Operating Permit will be submitted to the Department of Environmental Protection and the United States Environmental Protection Agency as formal revision to the Philadelphia portion of the Pennsylvania State Implementation Plan for Air Quality. Permit copies and other supporting information are available for public inspection at AMS, 321 University Ave., Philadelphia, PA 19104. For further information, contact Thomas Huynh at (215) 685-7572.

Anyone interested in testifying on the proposals at the public hearing is requested to call or write AMS (as indicated above) to be placed on the hearing agenda. It is also requested that written copies of testimony be provided for the hearing record. All written comments on the proposal must be received by AMS by April 18, 2000, in order to be considered.

Persons with a disability, who desire to attend the public hearing and may require an auxiliary aid, service or other accommodation to participate in the proceeding, should contact AMS at (215) 685-7572 to discuss how the Department may accommodate their needs.

Proposed Approval of Sulfur Dioxide Operating Permits; Public Hearing

The City of Philadelphia, Department of Public Health, Air Management Services, will conduct a public hearing on Tuesday, April 18, 2000, which was originally scheduled for Wednesday, January 26, 2000, in the Auditorium of the Medical Examiners Office, Spelman Building, 321 University Avenue, beginning promptly at 6 p.m. and continuing to 8 p.m. or the conclusion of testimony. The hearing is being held to receive comments from the public on the proposed approval, by the Department, of Sulfur Dioxide Operating Permits, related to emissions of Sulfur Dioxide (SO₂), for the facilities listed:

SO2-95-039: Sunoco, Inc. (R&M) (3144 Passyunk Avenue, Philadelphia, PA 19145) SO₂ emission limits have been established for combustion sources at the facility.

SO2-95-006: PECO Energy Co—Schuylkill Generating Station (2800 Christian Street, Philadelphia, PA

19146) SO₂ emission limits have been established for combustion sources at the facility.

SO2-95-002: Trigen Energy (2600 Christian Street, Philadelphia, PA 19146) SO₂ emission limits have been established for combustion sources at the facility.

SO2-95-002A: Grays Ferry Cogeneration Partnership (2600 Christian Street, Philadelphia, PA 19146) SO₂ emission limits have been established for combustion sources at the facility.

The operating permits will be issued as corrective action of potential exceedances of the National Ambient Air Quality Standards for Sulfur Dioxide shown in modeling analysis conducted during the review of the Philadelphia Naval Shipyard PSD Permit in 1996. With the authority under Title 25 of the Pennsylvania Code, Philadelphia Code Title 3 and Air Management Regulation XII AMS will issue these permits to address the potential deficiencies of the Philadelphia portion of the Pennsylvania State Implementation Plan for Air Quality. Final Sulfur Dioxide Operating Permits will be submitted to the Department of Environmental Protection and the United States Environmental Protection Agency as formal revisions to the Philadelphia portion of the Pennsylvania State Implementation Plan for Air Quality. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Thomas Huynh at (215) 685-7572.

Anyone interested in testifying on the proposals at the public hearing is requested to call or write AMS (as indicated above) to be placed on the hearing agenda. It is also requested that written copies of testimony be provided for the hearing record. All written comments on the proposals must be received by AMS by April 18, 2000, in order to be considered.

Persons with a disability, who desire to attend the public hearing and may require an auxiliary aid, service or other accommodation to participate in the proceeding, should contact AMS at (215) 685-7572 to discuss how the Department may accommodate their needs.

PLAN APPROVALS

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing

the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the act.

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Proposed Approval of Reasonably Available Control Technology Plans and Permits; Public Hearing

The City of Philadelphia, Department of Public Health, Air Management Services, will conduct a public hearing on Tuesday, April 18, 2000, which was originally scheduled for Wednesday, January 26, 2000, in the Auditorium of the Medical Examiners Office, Spelman Building, 321 University Avenue, beginning promptly at 6 p.m. and continuing to 8 p.m. or the conclusion of testimony. The hearing is being held to receive comments from the public on the proposed approval, by the Department, of Reasonably Available Control Technology (RACT) plans and permit amendments, related to emissions of nitrogen oxides (NOx) and volatile organic compounds (VOCs), submitted by the facilities listed:

PLID 01501: Sunoco, Inc. (R&M) (3144 Passyunk Avenue, Philadelphia, PA 19145) Sunoco shall install ultra-low NOx burners on six combustion sources and use combustion tuning on all other heaters and boilers. Sunoco shall follow good combustion practices to reduce NOx from its FCCU. Sunoco shall utilize a fugitive emissions leak detection and repair program for a tank farm and related piping. Sunoco shall utilize a monitoring/inspection and maintenance-monitoring program for VOC fugitive emissions from cooling towers.

PLID 01533: O'Brien Cogeneration—Northeast (O'Brien—NE) (Northeast Water Pollution Control Plant, 3900 Richmond Street, Philadelphia, PA 19137) O'Brien—NE is proposing to amend the previously issued RACT plan approval. The monitoring program for the diesel and gas engines no longer includes compression ratio as one of the operating parameters (determined

impractical and ineffective). A semiannual routine maintenance program, including the completion of a Generator Set Evaluation Report form, has been added for each engine.

PLID 01534: O'Brien Cogeneration—Southwest (O'Brien—SW) (Southwest Water Pollution Control Plant, 8200 Enterprise Avenue, Philadelphia, PA 19153) O'Brien—SW is proposing to amend the previously issued RACT plan approval. The monitoring program for the diesel and gas engines no longer includes compression ratio as one of the operating parameters (determined impractical and ineffective). A semiannual routine maintenance program, including the completion of a Generator Set Evaluation Report form, has been added for each engine.

PLID 01561: Aldan Rubber Co. (Aldan) (2701 East Tioga Street, Philadelphia, PA 19134) Aldan shall control VOC emissions from the Mixing Churns and Spread Coaters by using a Carbon Adsorber Unit.

PLID 02052: Sun Chemical (Sun) (3301 Hunting Park Avenue, Philadelphia, PA 19129) Sun shall place lids on all mixing tanks, excluding water based and paste inks. Covers will be placed over all storage vessels, except during filling and removing the contents, excluding water based and paste inks. Vapor return lines shall be used on the storage tanks when a delivery tank truck is equipped with a vapor return line connection.

PLID 02197: SBF Communication Graphics (SBF) (3747 Ridge Avenue, Philadelphia, PA 19132) SBF shall use material substitution for inks, fountain and cleaning solutions to reduce VOC emissions from the printing operations.

PLID 02255: Smith-Edwards-Dunlap Co. (2867 East Allegheny Avenue, Philadelphia, PA 19134) Smith-Edwards-Dunlap, Company is proposing to amend the previously issued RACT plan approval. Smith-Edwards-Dunlap, Company shall now use cleaning solutions that are less than 30% by weight as applied or contain a VOC composite partial vapor pressure less than 10 mm Hg at 68°F. The use of cleaning solutions not meeting either of these conditions is permitted provided that the quantity used does not exceed 55 gallons over any 12-month rolling period.

PLID 02260: Graphic Arts, Inc. (4100 Chestnut Street, Philadelphia, PA 19104) Graphic Arts, Inc. is proposing to amend the previously issued RACT plan approval. Graphic Arts, Inc. shall now use cleaning solutions that are less than 30% by weight as applied or contain a VOC composite partial vapor pressure less than 10 mm Hg at 68°F. The use of cleaning solutions not meeting either of these conditions is permitted provided that the quantity used does not exceed 55 gallons over any 12-month rolling period.

PLID 03679: Braceland Brothers, Inc. (7625 Suffolk Avenue, Philadelphia, PA 19153) Braceland Brothers, Inc. shall use material substitution for inks, fountain and cleaning solutions to reduce VOC emissions from the printing operations.

PLID 07721: Pearl Pressman Liberty (912 North Fifth Street, Philadelphia, PA 19123) Pearl Pressman Liberty is proposing to amend the previously issued RACT plan approval. Pearl Pressman Liberty shall now use cleaning solutions that are less than 30% by weight as applied or contain a VOC composite partial vapor pressure less than 10 mm Hg at 68°F. The use of cleaning solutions not meeting either of these conditions is permitted provided that the quantity used does not exceed 55 gallons over any 12-month rolling period.

ted provided that the quantity used does not exceed 55 gallons over any 12-month rolling period.

The RACT proposals have been submitted under requirements of Title 25 of the Pennsylvania Code, Chapter 129, Stationary Sources of NOx and VOCs (129.91—129.95). Final RACT plan and permit approval actions will be submitted to the Department of Environmental Protection and the United States Environmental Protection Agency as formal revisions to the Philadelphia portion of the Pennsylvania State Implementation Plan for Air Quality.

Copies of the proposals and other supporting information are available for public inspection at the offices of Air Management Services (AMS), 321 University Avenue, Philadelphia, PA 19104. For further information, please contact Thomas Huynh, Chief of Source Registration at (215) 685-7572.

Anyone interested in testifying on the proposals at the public hearing is requested to call or write AMS (as indicated above) to be placed on the hearing agenda. It is also requested that written copies of testimony be provided for the hearing record. All written comments on the proposals must be received by AMS by April 18, 2000, in order to be considered.

Persons with a disability, who desire to attend the public hearing and may require an auxiliary aid, service or other accommodation to participate in the proceeding, should contact AMS at (215) 685-7572 to discuss how the Department may accommodate their needs.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Greensburg District Office, R. R. 2, Box 603-C, Greensburg, PA 15601.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, please contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachment Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Southwest Regional Office: Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1300. Encroachment. **Municipality of Penn Hills**, 12245 Frankstown Road, Penn Hills, PA 15235. To construct and maintain a stream enclosure consisting of a pipe arch culvert having a span of 79 inches with an underclearance of 68 inches in the channel of an unnamed tributary to Plum Creek (WWF) to provide access to a proposed maintenance facility located on the south side of Leechburg Road, approximately 900 feet east from the intersection of Leechburg Road and Sentry Avenue (Braddock, PA Quadrangle N: 20.4 inches; W: 6.4 inches) in the Municipality of Penn Hills, **Allegheny County**.

E63-484. Encroachment. **Cherry Valley Lake Development Corporation**, P. O. Box 273, Atlasburg, PA 15004. To construct and maintain an arch culvert having a span of 21.3 feet with an underclearance of 7.8 feet in the channel of Raccoon Creek (WWF) to provide access for the Cherry Lake Residential Development located just

downstream from the Cherry Valley Reservoir (Midway, PA Quadrangle N: 15.3 inches; W: 11.4 inches) in Mount Pleasant Township, **Washington County**.

E65-755. Encroachment. **Premier Hospitality Group**, 2801 Freeport Road, Pittsburgh, PA 15238. To place and maintain fill in 0.1163 acre of wetlands (PEM) and to construct 0.117 acre (PEM) of replacement wetlands for the purpose of developing a motel. The project is located off of S. R. 3093 and Bair Boulevard (Mount Pleasant, PA Quadrangle N: 16.9 inches; W: 1.8 inches) in New Stanton Borough, **Westmoreland County**.

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E46-862. Encroachment. **Blue Route Industrial Center, Inc.**, 600 Old Elm Avenue, Conshohocken, PA 19428. To relocate approximately 2,700 linear feet of an intermittent segment of Plymouth Creek (WWF) and associated flood plain and to construct and maintain approximately 2,140 linear feet of new channel associated with the proposed Blue Route Industrial Center. This site is located approximately 5,000 feet southwest from the intersection of Ridge Pike and Alanwood Road, Norristown, PA Quadrangle; beginning at N: 16.35 inches; W: 8.7 inches and ending at N: 15.0 inches; W: 8.6 inches) in Plymouth Township, **Montgomery County**.

E23-395. Encroachment. **Harper Associates**, P. O. Box 384, Ridley Park, PA 19078-0384. To construct and maintain the following activities associated with the Ridley Shopping Center;

1) To extend and maintain the downstream side of an existing 10-foot × 5-foot stream enclosure by 990 linear feet in and along an unnamed tributary to Little Crum Creek.

2) To enclose and maintain 320 linear feet of an unnamed tributary to Little Crum Creek to facilitate stormwater management improvements.

3) To place fill in 0.24 acre of wetlands.

The site is located approximately 500 feet southeast of the intersection of MacDade Blvd. and Monte Vista Avenue, Lansdowne, PA USGS Quadrangle (N: 2.0 inches; W: 10.8 inches) in Ridley Township, **Delaware County**. The applicant proposes to construct 0.5 acre of replacement wetlands.

E46-861. Encroachment. **Lower Salford Township**, 474 Main Street, Harleysville, PA 19438. To enlarge an existing pond to serve as a stormwater management facility and to reroute stream flow through the proposed basin which will eliminate 125 linear feet of open channel along an unnamed tributary to the West Branch of Skippack Creek (TSF). This site is located at the proposed Lower Salford Township Municipal Building Facility located off of Sumneytown Pike (SR 0063) and Kulp Road (Perkiomenville, PA Quadrangle N: 4.9 inches; W: 0.5 inch) in Lower Salford Township, **Montgomery County**.

E15-638. Encroachment. **Southeast Chester County Refuse Authority**, P. O. Box 221, Kennett Square, PA 19348-2215. To place and maintain 640 linear feet of 12-inch perforated pipe and associated fill in an unnamed perennial tributary of the East Branch of White Clay Creek (CWF) and 0.11 acre of adjacent wetlands (PSS). This work will function as a "french drain" to facilitate the South Area expansion of the Southeastern Chester County Refuse Authority (SECCRA) Landfill. Work also includes modification to an existing non-jurisdictional dam and associated 0.48 acre of reservoir (POW). The

project is located approximately 2,500 feet southeast of the intersection of Waller Road and Gap-Newport Road (SR 0041) (West Grove, PA-DEL Quadrangle N: 20.9 inches; W: 12.8 inches) in London Grove Township, **Chester County**. The applicant proposes to compensate for adverse impacts to the wetlands and other regulated waters of the Commonwealth by constructing 640 linear feet of replacement stream channel, 046 acre of wetland and 1.03 acre reservoir (POW) as a mitigative measure.

E09-798. Encroachment. **Warrington Township**, 852 Easton Road, Warrington, PA 18976. To construct and maintain a low flow pedestrian footbridge spanning 33 feet across an unnamed tributary of the Little Neshaminy Creek (WWF, MF). This bridge will be constructed to facilitate a trail system at the Bradford Dam Park. The site is located approximately 2,750 feet north of the intersection of County Line Road and Park Road, (Ambler, PA USGS Quadrangle N: 19.9 inches; W: 5.4 inches) in Warrington Township, **Bucks County**.

Northeast Regional Office: Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

E40-542. Encroachment. **Edward Lukashewski**, R. R. 2, Box 177, Wapwallopen, PA 18660. To operate and maintain an existing peat mining operation in 9.9 acres of (PFO) wetlands. The project, known as the Lukashewski Peat Mining Project, is located on the north side of St. Mary's Road, immediately northeast of the Hollenback/Dorrance Township boundary line (Sybertsville, PA Quadrangle N: 16.8 inches; W: 6.6 inches), Dorrance Township, **Luzerne County** (Baltimore District, U. S. Army Corps of Engineers).

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System
Program (NPDES)]

**DISCHARGE OF CONTROLLED INDUSTRIAL
WASTE AND SEWERAGE WASTEWATER**

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does

not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

INDIVIDUAL PERMITS

(PAR)

Approvals to Use NPDES and/or Other General Permits

The following parties have submitted (1) Notices of Intent (NOIs) for coverage under General NPDES Permits to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection (Department) has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8, and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Spring Brook Township, Lackawanna County. The Department completed review of Spring Brook Township's Act 537 Plan Update Revision/Special Study dated September, 1999. The Department finds that the Plan Update Revision for the Pump Station DP-3 project is acceptable and hereby grants planning approval.

Spring Brook Township proposes this Special Study to avoid a potential overload condition at the Authority's DP-2 wastewater pumping station. The selected alternative involves construction of an intermediate pump station (DP-3) to be located next to the Township Municipal Building along S. R. 307. This will alleviate potential problems at the existing DP-2 Pump Station. Pump Station DP-3 will have a rated hydraulic capacity of 163 gpm (@ 75 ft. TDH) or 230,400 gpd. All wastewater from the project area will continue to be treated at the existing Spring Brook Township Sewer Authority wastewater treatment plant.

In accordance with the provisions of the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20(a)) (Act 537), and Chapter 71 of the Department's Regulations (25 Pa. Code Ch. 71), the Department will hold Spring Brook Township responsible for the complete and timely implementation of this Plan Update.

Any additional wastewater-related improvements, additions, deletions or changes outside of those explicitly described in the Special Study and this correspondence must be in compliance with the Department's regulations and be submitted to and approved by the Department in writing.

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

Foxburg Borough, Clarion County.

Foxburg Borough, P. O. Box 236, Foxburg, PA 16036. This approved plan documents capacity and agrees to accept flows from St. Petersburg Borough and Richland Township.

The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal.

St. Petersburg Borough and Richland Township, Clarion County.

St. Petersburg Borough Council, P. O. Box 115, Chestnut Street Ext., St. Petersburg, PA 16054, and Richland Township, R. R. 3, Box 220A, Emlenton, PA 16373. This approved project proposes construction of a sewage collection and conveyance system for St. Petersburg Borough and the Route 58 corridor in Richland Township. The new sewer system will be connected to the Foxburg Area Sewer and Water Authority with treatment of sewage at the Foxburg Sewage Treatment Plant.

The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal.

HAZARDOUS SITES CLEAN-UP

Under the Act of October 18, 1988

Notice of Prompt Interim Response Under the Hazardous Sites Cleanup Act

Perluke Cooperage Site

Nanticoke City, Luzerne County

The Commonwealth of Pennsylvania, Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), has initiated a prompt interim response at the Perluke Cooperage Site (site). This response has been undertaken under section 505(b) of HSCA (35 P. S. § 6020.505(b)). The site is located at 200 Mosier Street, Nanticoke City, Luzerne County, PA.

The site consisted of an abandoned beer keg wash/repair facility with drums, containers and cylinders of chemicals used at the facility. The Department has removed the following hazardous substances and/or contaminants at the site: caustic soda, nitric acid, various oils and sodium cyanide. The Department also removed cylinders of oxygen and acetylene and 60 linear feet of asbestos. Improper storage and disposal of such materials posed an ongoing threat to public health and safety and the environment.

The objective of the prompt interim response was to remove the hazardous substances and/or contaminants from the site and to safely dispose of them at offsite facilities that have regulatory approvals for the treatment and disposal of such hazardous substances and/or contaminants.

Given the specific circumstances at the site, the Department determined that offsite removal of the hazardous

substances and/or contaminants was the only viable alternative to implement at this site. This response action was needed in a prompt manner to protect public health and safety and the environment.

On February 6, 2000, the Department mobilized at the site to conduct an emergency response to address drums in the building which were exposed after the roof and walls of the building collapsed. The response included characterizing, stabilizing, removing, and disposing of the drums, containers and cylinders in the building. During the emergency response, the building was totally demolished to provide safe access to the drums. The response was completed on February 8, 2000.

This notice is being provided under sections 505(b) and 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of the response action, is available for public review and comment. The administrative record is located at the DEP Northeast Regional Office at 2 Public Square, Wilkes-Barre, Luzerne County and is available for review Monday through Friday from 8 a.m. to 4 p.m.

The administrative record will be open for comment from April 1, 2000 until June 30, 2000. Persons may submit written comments into the record during this time only, by sending them to Leonard Zelinka, Department Project Officer, at the Department's Northeast Regional Office at 2 Public Square, Wilkes-Barre, PA 18711, in Luzerne County or by delivering them to this office in person.

In addition, persons may present oral comments, for inclusions in the administrative record, at a public hearing. The Department has scheduled the hearing on May 16, 2000 at 10 a.m., at the Department's Northeast Regional Office, Fourth Floor, Lehigh Room. Persons wishing to present comments should register with Leonard Zelinka before May 2, 2000 by telephone at (570) 826-5441 or in writing to Leonard Zelinka at the Department's Northeast Regional Office.

If no person register to present oral comments, by May 2, 2000, the hearing will not be held. Persons interested in finding out if anyone has registered, and if the hearing will be held, should contact Leonard Zelinka.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should contact Leonard Zelinka or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediations Act (35 P. S. §§ 6026.101—6027.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling

and Environmental Remediations Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a plan or report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Hyde Park Foundry, Borough of Hyde Park, **Westmoreland County**. National Roll Company, Railroad Avenue, Avonmore, PA 15618 and Daniel J. Barton, Crouse and Company, 400 Penn Center Boulevard, Suite 600, Pittsburgh, PA 15235 have submitted a final report concerning remediation of site soil and groundwater contaminated with PCBs, lead, heavy metals, solvents, BTEX, PHCs and PAHs. The final report did not demonstrate attainment of the site specific standard and was disapproved by the Department on February 26, 2000.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Caterpillar Inc., Area A, Springettsbury Township, **York County**. Earth Tech, Two Market Plaza Way, Mechanicsburg, PA 17055 has submitted a combined remedial investigation/final report concerning the remediation of site soils contaminated with lead and heavy metals. The final report demonstrated attainment of the site-specific standard, and was approved by the Department on March 16, 2000.

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Proposed Home Depot Facility, Warrington Township, **Bucks County**. Gregory P. Smoot, NTH Consultants Ltd., 860 Springdale Road, Exton, PA 19341, has submitted a Final Report concerning remediation of site

soil contaminated with heavy metals, solvents and BTEX; and groundwater contaminated with solvents. The report demonstrated attainment of Statewide health and site-specific standards was approved by the Department on March 14, 2000.

Norquay Technology, Inc., City of Chester, **Delaware County**. John Van Wagenen, Coventry Environmental Associates, Inc., 991 Ridge Road, Bucktown, PA 19465, has submitted a revised Baseline Remedial Report concerning remediation of site soil contaminated with heavy metals, petroleum hydrocarbons and polycyclic aromatic hydrocarbons; and groundwater contaminated with solvents, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report was approved by the Department on March 7, 2000.

Transit America, Inc., City of Philadelphia, **Philadelphia County** and Lower Moreland Township, **Montgomery County**. Robert S. Hyams, Transit America, Inc., One Red Lion Road, Philadelphia, PA 19115, has submitted a Groundwater Final Report concerning remediation of site groundwater contaminated with BTEX and solvents. The report demonstrated attainment of site-specific standards and was approved by the Department on March 10, 2000.

2900 Samuel Drive Site, Bensalem Township, **Bucks County**. Darryl Borrelli, Manko, Gold & Katcher, LLP, Suite 500, 401 City Avenue, Bala Cynwyd, PA 19004, has submitted a Site Characterization/Risk Assessment/Cleanup Plan Report concerning remediation of site soil and groundwater contaminated with lead, heavy metals, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report was approved by the Department on March 10, 2000.

Christopher Baxter Residence, City of Philadelphia, **Philadelphia County**. Brian R. Evans, Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103, has submitted a Final Report concerning remediation of site soil contaminated with polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Statewide health standard was approved by the Department on March 10, 2000.

Heritage Nissan, Newtown Township, **Delaware County**. Eric S. Poulson, Poulson & Associates, 5 Camby Chase, Media, PA 19063, has submitted a Final Report concerning remediation of site soil contaminated with lead, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard and was approved by the Department on March 7, 2000.

Under section 224-A of the Pennsylvania Bituminous Coal Mine Act (52 P.S. 701—224-A), the Department has approved the following:

Section 201-A(c)—Inby and outby diesel-powered equipment may be used in underground mines if the inby or outby diesel-powered equipment uses an engine approved or certified by MSHA as applicable, for inby or outby use that, when tested at the maximum fuel-air ratio, does not require an MSHA Part 7 approval plate ventilation rate exceeding 75 cfm per rated horsepower.

Section 203-A(1)—Underground diesel-powered equipment shall include an exhaust emissions control and conditioning system that has been laboratory tested with the diesel engine, except as provided in paragraph (3), using the ISO 8178-1 test and has resulted in DPM emissions that do not exceed an average concentration of 0.12 mg over M to the third power when diluted by MSHA Part 7 approval plate ventilation rate for that diesel engine.

Section 204-A(d)—Section 204-A of the State law is unaffected by the MSHA Part 7 changes. However, since under Part 7, 203-A(1) now requires 100% of the MSHA Part 7 ventilating plate quantities relative to DPM emission levels, the minimum of 100% of the MSHA Part 7 approval plate quantity will be required for each unit operating in that split.

Air quantity measurements to determine compliance with this requirement shall be made at the most downwind unit of diesel-powered equipment that is being operated in that air split.

As of November 25, 1999, the Department will apply the methods noted above relative to Sections 201-A(c), 203-A(1), and 204-A(d) of the Act for all previously approved *Diesel-Powered Equipment Packages* and all future *Diesel-Powered Equipment Packages* in order to insure that the same level of health and safety protection afforded by the Act remains in place with the implemen-

tation of MSHA Part 7 Ventilation Quantity Requirements on November 25, 1999.

For further information either contact Allison Gaida at (724) 439-7469 or visit the Department of Environmental Protection, Bureau of Deep Mine Safety web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Under section 224-A of the Pennsylvania Bituminous Coal Mine Act (52 P. S. 701—224-A), the Department has approved the following requests from Brookville Mining Equipment Corporation.

1. Brookville's request dated October 25, 1999, relative to a Deutz MWMD916-6 engine and DST exhaust after-treatment system.

2. Brookville's request dated October 5, 1999, relative to a Caterpillar 3304 PCNA engine and DST exhaust after-treatment system.

The above listed engines (Deutz MWM D916-6 and Caterpillar 3304 PCNA) with the DST after-treatment system are approved, provided the *General Specifications of the Diesel-Powered Equipment Package* of each engine is strictly adhered to at all times including the new exhaust gas shut down temperature of 285°F.

For further information either contact Allison Gaida at (724) 439-7469 or visit the Department of Environmental Protection, Bureau of Deep Mine Safety web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Under section 224-A of the Pennsylvania Bituminous Coal Mine Act (52 P. S. § 701-224-A), the Department has approved the alternate test procedure for carbon monoxide (CO) sampling submitted by Brookville Mining Equipment Corporation dated December 1, 1999. This alternate test is approved only for the Caterpillar 3304 PCNA diesel engine that is used to power the Brookville Model 18M100D personnel carrier/locomotive.

For further information either contact Allison Gaida at (724) 439-7469 or visit the Department of Environmental Protection, Bureau of Deep Mine Safety web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Under section 224-A of the Pennsylvania Bituminous Coal Mine Act (52 P. S. § 701-224-A), the Department has approved the following request from Rohmac, Inc.

The Lister Petter LPU 2 MSHA-approved engine equipped with a Rohmac Dry Exhaust Condition (D.E.C.) system is approved with the following conditions:

—The altitude or "G" setting be checked and verified at east 100-hour test. Verification of this setting insures that the engine is operating as tested at 16.2 hp.

—The specifications for the Diesel-Powered Equipment Package dated October 20, 1999, are complied with at all times.

For further information either contact Allison Gaida at (724) 439-7469 or visit the Department of Environmental Protection, Bureau of Deep Mine Safety web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Health Board within 30 days of receipt of the written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 697.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(s)). (*Note:* Permits issued for Small Projects do not include 401 certification, unless specifically stated in the description.)

Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (www.dep.state.pa.us) at the Public Participation Center. The "2000 Inventory" heading is the

Governor's List of Non-regulatory Documents. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 2000.

Ordering Paper Copies of DEP Technical Guidance

The Department encourages the utilization of internet access to obtain guidance documents. If this option is not available, persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Draft Guidance—Substantive Revision

DEP ID: 383-3120-101 Title: Surveillance Strategy and Implementation Guidance Description: The Surveillance Strategy and Implementation Guidelines has been revised to include a "Certification of Responsibility" statement on the PWS Inventory and Brief Description Form (3800-FM-WSM0033). The addition of the statement is necessary to comply with the capability enhancement requirements of the 1996 amendments to the federal Safe Drinking Water Act. The amendments require that states obtain the legal authority or other means to ensure that all new community and nontransient noncommunity water systems commencing operation after October 1, 1999, demonstrate technical, managerial, and financial capability or lose 20% of the State Revolving Loan Fund monies to which they are entitled. The EPA has approved Pennsylvania's capability enhancement program for new systems. Comment Period Ends: May 1, 2000 Anticipated Effective Date: June 1, 2000. Contact: Trudy Troutman at (717) 783-3795, or E-mail at: Troutman.Trudy@dep.state.pa.us.

Notice to Rescind

DEP ID: 254-2163-742 Title: Management of Waste Tires Description: In 1996, the Pennsylvania Legislature enacted Act 190, the Waste Tire Recycling Act. This Act and the subsequent regulations developed to implement this Act make the original policy No. 254-2163-742 (1990) redundant and no longer necessary. Effective Date: April 1, 2000 Contact: Bill Pounds at (717) 787-7381, or E-mail at Pounds.William@dep.state.pa.us.

Final Guidance

DEP ID: 361-0300-002 Title: Field Application of Manure Description: This document is the second supplement to the nine sections of the Manure Management Manual. It describes approved practices for the application of livestock and poultry manure in Pennsylvania. It also works in conjunction with requirements under the Nutrient Management Act and the Pennsylvania Strategy

for Concentrated Animal Feeding Operations. Effective Date: April 1, 2000 Contact: Mohammed Farooq at (717) 783-7577.

Public Notice of Proposed Revision to Pennsylvania General NPDES Permit for Wet Weather Discharges from Combined Sewer Systems (PAG-6)

In compliance with the provisions of the Federal Clean Water Act, The Clean Streams Law (35 P. S. §§ 691.1—691.1001), Sections 1905-A, 1917-A and 1920-A of the Administrative Code of 1929 (71 P. S. §§ 510-5, 510-17 and 510-20), the Department of Environmental Protection (Department) by this notice seeks public comments on the proposed revisions to Pennsylvania General NPDES Permit for Wet Weather Discharges from Combined Sewer Systems (PAG-6), the Notice of Intent (NOI) and other related permit documents. The general permit being revised now was last issued June 17, 1995, and is scheduled to expire on June 16, 2000. The proposed revisions are necessary to reflect changes in State and Federal regulations and guidance affecting the discharges from CSO Systems. The revised documents set forth the effluent limitations and other terms and conditions of the permit and eligibility criteria to apply for coverage under the general permit. This general permit is not operative in waters designated for special protection and an individual permit will continue to be required for any discharges to waters designated for "Special Protection" in 25 Pa. Code Chapter 93.

The following paragraphs summarize proposed revisions to the current permit documents.

1. General update/edit of all permit documents (NOI, Instructions, Fact sheet, permit itself, Discharge Monitoring Reports (DMRs) and other reporting forms and the like) to reflect changes to Bureau organization, changes in regional names/addresses, and the like.

2. Addition of Compliance History Block on NOI and instructions; the NOI and Instructions have been revised to require submission of a compliance history with permits issued by the Department. This is a standard Department requirement for permits and is being added to permit documents as they are reviewed and revised.

3. General clarification that the CSO GP may be used by eligible small CSO systems (less than 75,000 population) as well as satellite CSO systems that do not own/operate a treatment plant. This is not a new requirement, it is only a clarification of how the permit is used now.

4. Revision of CSO Permit language. The proposed revision is necessary to address specific comments the Department received over time from the regulated communities and also to accurately reflect EPA's CSO Policy of 1994.

5. Addition of the GIF Form to the GP Package—This is a standard Department requirement for permits and is being added to permit documents as they are reviewed and revised.

6. Addition of a definition of "satellite CSO System" and updating other definitions—The addition of new and revision of existing definitions is intended to clarify the permit.

The draft permit document package has been completed and is on file in the Department's Central Office in the Division of Wastewater Management, Bureau of Water Quality Protection at the following location. The package can be obtained by writing to the following address or by calling: Department of Environmental Protection, Bureau of Water Quality Protection, Division of Wastewater Management, Rachel Carson State Office Building, P. O. Box 8774—11th Floor, Harrisburg, PA 17105-8774, (717) 787-8184, E-mail address: Miller.Mary@DEP.STATE.PA.US., World Wide Web Address: http://www.dep.state.pa.us/dep/deputate/watermgmt/Wqp/Forms/Forms_Home.htm.

The Department invites public comments on the proposed revisions and any other recommended changes that should be made to the general permit and related documents. All comments must be submitted within 30 days from the date of the publication of this notice in the *Pennsylvania Bulletin*. If there is significant public interest in the general permit or if requested, the comment period may be extended at the discretion of the Department for an additional 15-day period. Only the comments received within the specified period will be considered in the formulation of the final documents for this general permit. Persons wishing to comment should include their name, address and telephone number and a concise comment statement to inform the Department of the exact basis of the comment and the relevant facts upon which it is based. A public meeting or hearing may be held if the Department considers the public interest and/or comments significant.

Written comments should be submitted to the previously-noted address. The comments will also be accepted by electronic mail to be sent at Patel.Ratilal@DEP.STATE.PA.US. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Comments will not be accepted by facsimile or on voice mail. Following the specified comment period, the Department will review all submitted comments, prepare written comments and response document (CRD) and prepare final documents package for this permit. An availability of the final permit documents will be announced in the *Pennsylvania Bulletin*. Anyone wishing to also receive a copy of the final documents may request them by contacting the noted addresses or telephone numbers.

The Department will announce availability of the final permit in the *Pennsylvania Bulletin*. Once the availability of the final general permit is published for applicant's use, eligible CSO Systems that do not have a permit will be able to submit an NOI requesting coverage under the final general permit. The Department does not allow construction of a new combined sewer system and does not encourage existing individual NPDES permit holders with CSOs to apply for and obtain coverage under the revised general permit as terms and conditions of their individual permit should be identical to that of the CSO general permit. Any approval of permit coverage will be contingent upon the applicant's continued eligibility to apply for the general permit and a demonstrate compliance with prior permit terms and conditions. For CSO Systems with currently approved coverage, the Department may decide, individually, to revoke approval of existing coverage and re-issue the permittee the revised general permit.

DEPARTMENT OF PUBLIC WELFARE

Income Limits for the Categorically Needy Non-money Payment Medical Assistance Program

The Department of Public Welfare (Department) increased the income limits codified at 55 Pa. Code § 181.1(f)(1), (2) and (4) effective January 1, 2000.

The regulations at § 181.1(f)(1), (2) and (4) establish that the income limits for the Categorically Needy Nonmoney Payment (NMP) Medical Assistance (MA) Program for aged, blind and disabled persons are based on the Federal benefit rate payable under Title XVI of the Social Security Act (42 U.S.C.A §§ 1381—1383c). Effective January 1, 2000, the Federal benefit rate was increased due to the Federal cost-of-living increase.

As required under § 181.1(f), the Department revised the income limits for the Categorically Needy Nonmoney Payment Medical Assistance Program for aged, blind and disabled persons effective January 1, 2000. Those limits are set forth in Appendices A, B and D, which are recommended for codification in 55 Pa. Code Chapter 181. Appendix A is the Federal benefit rate plus the State supplement payable under Title XVI. Appendix B is 300%

of the Federal benefit rate payable under Title XVI. Appendix D is the Federal benefit rate payable under Title XVI. Item 1 of Appendix D is 1/2 of the Federal benefit rate for one person. Item 2 of Appendix D is 1/2 of the Federal benefit rate for two persons.

Payments to Nursing Facilities; January 1, 2000 Final Rates

The purpose of this notice is to announce final payment rates for nursing facilities beginning January 1, 2000, in accordance with section 1902(a)(13)(A) of the Social Security Act (42 U.S.C.A. § 1902(a)(13)(A)), as amended by section 4711 of the Balanced Budget Act of 1997 (P. L. No. 105-33). A January 1, 2000 Proposed Rates Notice was published at 30 Pa.B. 444 (January 22, 2000) and pro-

vided for a 30-day comment period. The Department did not receive any comments on the proposed January 1, 2000 rate notice.

Rates

The final January 1, 2000 rates are available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout this Commonwealth, or by contacting Tom Jayson in the Policy Section of the Bureau of Long Term Care Programs at (717) 772-2570.

Methodology

The methodology that the Department used to set the final rates is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for establishing the final rates is that the regulations at 55 Pa. Code Chapter 1187 and the Commonwealth's approved Title XIX State Plan require that rates be set on a quarterly basis.

The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 1999-2000 based on these final rates is \$9.156 million (\$4.230 million in State funds).

Interested persons are invited to submit written comments about the final rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to the Department of Public Welfare, Office of Medical Assistance Programs, Attention: Suzanne Love, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD Users) or (800) 654-5968 (Voice Users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

A prehearing telephone conference is scheduled for April 20, 2000 at 1 p.m. Each part shall provide to the Acting Docket Clerk on or before April 13, 2000 a telephone number to be used for future contact. The hearing is scheduled for April 27, 2000 at 1 p.m. Both the prehearing conference and the hearing will be held in the Capitol Associates Building, Administrative Hearings Office, Room 200, 901 North Seventh Street, Harrisburg, PA 17102. The proceedings in this matter will be governed by 2 Pa.C.S. §§ 501—508, 701—704 (relating to the Administrative Agency Law) and the General Rules of Administrative Practice and Procedure, 1 Pa. Code § 31.1 et seq. and the Insurance Department's Special Rules of Administrative Practice and Procedure, 31 Pa. Code Chapter 56.

No prehearing memoranda or other written submissions are required for the prehearing/settlement telephone conference; however, the parties are encouraged to discuss settlement and possible stipulations pending the conference. Except as established at the prehearing conference, both parties shall appear at the scheduled hearing, if necessary, prepared to offer all relevant testimony or other evidence. Each party must bring documents, photographs, drawings, claims, files, witnesses, and the like, to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party. Motions preliminary to those at hearing, protests, petitions to intervene or notices of intervention, if any, must be filed on or before April 13, 2000 with the Acting Docket Clerk, Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102. Answers to petitions to intervene, if any, shall be filed on or before April 13, 2000.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). These administrative hearings will be held in the Insurance Department's Office in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Lynn Jones; file no. 00-181-00865; Newark Insurance Company; doc. no. P00-03-016; April 18, 2000, at 10 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Ratification and Adoption of Amendments to Part 192 of Title 49 of the *Code of Federal Regulations*; Doc. No. M-00001347

Commissioners Present: Robert K. Bloom, Vice Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance Fitzpatrick

Public Meeting held
March 16, 2000

Order

By the Commission:

At 52 Pa. Code § 59.33(b) the Commission has adopted, excepted as otherwise indicated, the federal safety standards for gas transmission and distribution facilities. The federal standards are established by the United States Department of Transportation (DOT) at 49 U.S.C. §§ 60101, et seq., and are set forth in Parts 191, 192, 193 and 199 of Title 49 of the *Code of Federal Regulations*. Section 59.33(b) provides, in pertinent part, that amendments to Title 49 will become effective in Pennsylvania upon the date of entry of a Commission ratification order where that order is served upon all jurisdictional gas companies or, alternatively, upon the date of such order's publication in the *Pennsylvania Bulletin*.

A. On August 27, 1999 at 64 Fed. Reg. 46853, Amendment 192-86 was adopted and codified by the Federal Department of Transportation at 49 CFR 192.801, 192.803, 192.805, 192.807 and 192.809. The purpose of this amendment is to ensure a qualified work force and to reduce the possibility and consequence of incidents caused by human error. It requires pipeline operators to develop and maintain a written qualification program for individuals performing covered tasks on pipeline facilities.

B. On October 22, 1999 at 64 Fed. Reg. 56978, Amendment 192-87 was adopted and codified by the Federal Department of Transportation at 49 CFR 192.459. This amendment requires that when gas pipeline operators find harmful external corrosion on buried metallic pipelines that have been exposed, they must investigate further to determine if additional harmful corrosion exists in the vicinity of the original exposure. This new requirement may prevent accidents due to corrosion that might otherwise go undetected near an exposed portion of pipeline.

C. On December 14, 1999 at 64 Fed. Reg. 69660, Amendment 192-88 was adopted and codified by the Federal Department of Transportation at 49 CFR 192.309, 192.485, 192.487, 192.711, 192.713 and 192.717. The purpose of this amendment is to adopt safety performance standards for the repair of corroded or damaged steel pipe in gas pipelines and to encourage technological innovations and reduce repair costs without reducing safety.

Copies of the aforementioned *Federal Register* publications are attached hereto and are hereby made part of this order.

Keeping in mind the safety of the public, we have reviewed the above-referenced amendments in accordance with the provisions of 52 Pa. Code § 59.33. Based upon this review, we find the Department of Transportation amendments to be in the public interest and adopt them

as our own. The effective date of our adoption of the aforementioned amendments shall be the date upon which this order is entered.

Therefore It Is Ordered That:

1. The following amendments adopted by the United States Department of Transportation are hereby ratified and adopted in accordance with the provisions of 52 Pa. Code § 59.33(b):

(a) On August 27, 1999 at 64 Fed. Reg. 46853, Amendment 192-86 to 49 CFR 192.801, 192.803, 192.805, 192.807 and 192.809.

(b) On October 27, 1999 at 64 Fed. Reg. 56978, Amendment 192-87 to 49 CFR 192.459.

(c) On December 14, 1999 at 64 Fed. Reg. 69660, Amendment 192-88 to 49 CFR 192.309, 192.485, 192.487, 192.711, 192.713 and 192.717.

2. The Secretary shall serve copies of this order together with its attachments upon all jurisdictional gas utilities. Accordingly, the effective date shall be the entry date of this order. Concurrently, the Secretary shall cause this order, without attachments, to be published in the *Pennsylvania Bulletin*.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
