(b) If the deck of cards used by the certificate holder contains two jokers, the dealer and a floorperson shall ensure that only one joker is utilized and that the other joker is torn in half and placed in the box, envelope or container that the deck came from. After the cards are inspected, the cards shall be spread out face up on the table for visual inspection by the first player to arrive at the table. The cards shall be spread in horizontal fan shaped columns by deck according to suit and in sequence and shall include the one joker.

(c) After the first player is afforded an opportunity to visually inspect the cards, the cards shall be turned face down on the table, mixed thoroughly by a washing of the cards and stacked. § 575.5. Shuffle and cut of the cards; procedures for determining the starting position for dealing cards.

(a) Immediately prior to commencement of play, unless the cards were reshuffled in accordance with § 523.16(u) or (v) (relating to cards; receipt, storage, inspections and removal from use), after each round of play has been completed or when directed by the floorperson or above, the dealer shall shuffle the cards, either manually or by use of an automated card shuffling device, so that the cards are randomly intermixed. Upon completion of the shuffle, the dealer or device shall place the deck of cards in a single stack provided, however, that the certificate holder may use an automated card shuffling device which, upon completion of the shuffling of the cards, inserts the stack of cards directly into a dealing shoe.

(b) After the cards have been shuffled and stacked, the dealer shall:

(1) If the cards were shuffled using an automated card shuffling device, determine the starting position in accordance with subsection (g), then deal the cards in accordance with § 575.8, § 575.9 or § 575.10 (relating to procedures for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe).

(2) If the cards were shuffled manually or were reshuffled, cut the cards in accordance with subsection (c).

(c) If a cut of the cards is required, the dealer shall place the cover card in the stack at least ten cards in from the top of the stack. Once the cover card has been inserted, the dealer shall take all cards above the cover card and the cover card and place them on the bottom of the stack. The stack of cards shall then be inserted into the dealing shoe for commencement of play. The dealer shall then determine the starting position in accordance with subsection (g), and deal the cards in accordance with § 575.8, § 575.9 or § 575.10.

(d) After the cards have been cut and before any cards have been dealt, a floorperson or above may require the cards to be recut if the floorperson determines that the cut was performed improperly or in any way that might affect the integrity or fairness of the game.

(e) If there is no gaming activity at an Asia Poker table which is open for gaming, the cards shall be removed from the dealing shoe and discard rack and spread out on the table face down unless a player requests that the cards be spread face up on the table. After the first player arriving at the table is afforded an opportunity to visually inspect the cards, the procedures in § 575.4(c) (relating to opening of the table for gaming) and this section shall be completed.

(f) In lieu of the dealing and shuffling requirements in this section, a certificate holder may utilize a dealing shoe or other device designed to automatically reshuffle

the cards provided that the device and the procedures for dealing and shuffling the cards through use of this device are approved by the Bureau of Gaming Laboratory Operations.

(g) To determine the starting position for the dealing of cards, the certificate holder shall use one of the following:

(1) An Asia Poker shaker in accordance with the following procedures:

(i) The dealer shall shake the Asia Poker shaker at least three times to cause a random mixture of the dice.

(ii) The dealer shall then remove the lid covering the Asia Poker shaker and place the uncovered shaker on the designated area of the table layout. The dealer shall then total the dice and announce the total.

(iii) To determine the starting position, the dealer shall count each betting position in order, regardless of whether there is a wager at the betting position, beginning with the dealer as number one and continuing around the table in a counterclockwise manner, until the count matches the total of the three dice.

(iv) After the dealing procedures required under § 575.8, § 575.9 or § 575.10 have been completed, the dealer shall place the cover on the Asia Poker shaker and shake the shaker once. The Asia Poker shaker shall then be placed to the right of the dealer.

To determine the starting position, the dealer shall count each betting position in order, regardless of whether there is a wager at the betting position, beginning with the dealer as number one and continuing around the table in a counterclockwise manner, until the count matches the number displayed by the random number generator.

(3) If an automated card shuffling device and dealing shoe are used under § 575.10, a flat button to indicate the starting position. At the commencement of play, the button shall be placed in front of the dealer. Thereafter, the button shall rotate around the table in a clockwise manner after each round of play.

(a) Wagers at Asia Poker shall be made by placing value chips or plaques on the appropriate areas of the Asia Poker layout. Verbal wagers accompanied by cash may not be accepted.

(b) Only players who are seated at an Asia Poker table may wager at the game. Once a player has placed a wager and received cards, that player shall remain seated until the completion of the round of play. If a player leaves the table during a round of play, any wagers made by the player may be considered abandoned and may be treated as losing wagers.

(c) All wagers at Asia Poker must be placed prior to the dealer announcing “no more bets” in accordance with the dealing procedures in § 575.8, § 575.9 or § 575.10 (relating to procedures for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe). A wager may not be made, increased or withdrawn after the dealer has announced “no more bets.”

(d) To participate in a round of play and compete against the dealer’s high hand, medium hand and low hand, a player shall place an Asia Poker Wager.

(e) A certificate holder may, if specified in its Rules Submission under § 521.2 (relating to table games Rules Submissions), offer to each player who placed an Asia Poker Wager, the option of placing a Bonus Wager that the seven cards dealt to the player will form a hand with a rank of 9-high or better as described in § 575.6(d) (relating to Asia Poker rankings).

(f) A certificate holder may, if specified in its Rules Submission under § 521.2, permit a player to wager on two adjacent betting areas at an Asia Poker table. If a certificate holder permits a player to wager on adjacent betting areas, the cards dealt to each betting area shall be played separately. If the two wagers are not equal, the player shall set the hand with the larger wager before ranking and setting the other hand. If the amounts wagered are equal, each hand shall be played separately in a counterclockwise rotation with the first hand being ranked and set before the player proceeds to rank and set the second hand. Once a hand has been ranked, set and placed face down on the layout, the hands may not be changed.

§ 575.8. Procedures for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location approved by the Bureau of Casino Compliance. Once the procedures required under § 575.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe either by the dealer or by an automated card shuffling device.

(b) Prior to dealing any cards, the dealer shall announce “no more bets” and use one of the procedures authorized under § 575.5(g) to determine the starting position for dealing the cards.

(c) The dealer shall then deal the first card to the starting position as determined in subsection (b) and, continuing around the table in a clockwise manner, deal one card at a time to all other positions, regardless of whether there is a wager at the position, and the dealer, until each position and the dealer has seven cards. Each card dealt shall be removed from the dealing shoe with the hand of the dealer that is closest to the dealing shoe and placed face down on the appropriate area of the layout with the opposite hand.

(d) After seven cards have been dealt to each position and the dealer, the dealer shall remove the stub from the manual dealing shoe and determine whether four cards are left by spreading them face down on the layout. The four cards that remain may not be exposed to anyone and shall be placed in the discard rack.

(e) If more or less than four cards remain, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player position or the dealer has more or less than seven cards), all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(f) If the dealer determines the cards were dealt properly, the dealer shall collect any stacks dealt to a position where there was no wager and place them in the discard rack without exposing the cards.

§ 575.9. Procedures for dealing the cards from the hand.

(a) If the cards are dealt from the dealer’s hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 575.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards) have been completed, the dealer shall place the deck of cards in either hand. After the dealer has chosen the hand in which to hold the cards, the dealer shall continue to use that hand when holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(3) Prior to dealing any cards, the dealer shall announce “no more bets” and use one of the procedures authorized under § 575.5(g) to determine the starting position for dealing the cards. The dealer shall deal each card by holding the deck of cards in the chosen hand and shall use the other hand to remove the top card of the deck and place it face down on the appropriate area of the layout.

(b) The dealer shall then deal the first card to the starting position as determined in subsection (a) and, continuing around the table in a clockwise manner, deal one card at a time to all other positions, regardless of whether there is a wager at the position, and the dealer, until each position and the dealer has seven cards.

(c) After seven cards have been dealt to each position and the dealer, the dealer shall determine whether four cards are left by spreading them face down on the layout. The four cards that remain may not be exposed to anyone and shall be placed in the discard rack.

(d) If more or less than four cards remain, the dealer shall determine if the cards were misdealt. If the cards

were misdealt (a player position or the dealer has more or less than seven cards), all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(e) If the dealer determines the cards were dealt properly, the dealer shall collect any stacks dealt to a position where there was no wager and place them in the discard rack without exposing the cards.

§ 575.10. Procedures for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures under § 575.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the shoe dispensing any stacks of cards, the dealer shall announce "no more bets" and use one of the procedures authorized under § 575.5(g) to determine the starting position for dealing the cards.

(b) After the starting position for delivering the cards has been determined, the dealer shall deliver the first stack of cards dispensed by the automated dealing shoe face down to that position. As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack face down to each of the other positions, regardless of whether there is a wager at the position, and the dealer.

(c) After seven cards have been dispensed and delivered to each position and the dealer, the dealer shall remove the remaining cards from the shoe and determine whether four cards are left by spreading them face down on the layout. The four cards that remain may not be exposed to anyone and shall be placed in the discard rack.

(d) If more or less than four cards remain, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player position or the dealer has more or less than seven cards), all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(e) If the dealer determines the cards were dealt properly, the dealer shall collect any stacks dealt to a position where there was no wager and place them in the discard rack without exposing the cards.

§ 575.11. Procedures for completion of each round of play.

(a) After the dealing procedures required under § 575.8, § 575.9 or § 575.10 (relating to procedures for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at an Asia Poker table shall be responsible for setting his own hands and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player. If a player requests assistance in the setting of his hands, the dealer shall inform the player of the manner in which the

certificate holder requires the hands of the dealer to be set in accordance with the certificate holder's Rules Submission under § 521.2 (relating to table games Rules Submissions).

(2) Each player shall keep his seven cards in full view of the dealer at all times.

(3) Once each player has set his three hands and placed them face down on the appropriate area of the layout, the player may not touch the cards again.

(b) Each player shall set his hands by arranging the cards into a high hand, a medium hand and a low hand. When setting the three hands, the four-card high hand must be higher in rank than the two-card medium hand and the medium hand must be higher in rank than the one-card low hand. For example, if the two-card medium hand contains a pair of sevens, the four-card high hand must contain at least a pair of sevens and the two remaining cards.

(c) After all players have set their hands and placed the cards on the table, the seven cards of the dealer shall be turned over and the dealer shall set his hands by arranging the cards into a high hand, medium hand and low hand. The certificate holder shall specify in its Rules Submission under § 521.2 the manner in which the hands of the dealer shall be set. The dealer shall then place the three hands face up on the appropriate area of the layout.

(d) Unless a player has placed an optional Bonus Wager in accordance with § 575.7(e) (relating to wagers), a player may surrender his wager after the hands of the dealer have been set. The player shall announce his intention to surrender prior to the dealer exposing any of the three hands of that player as provided in subsection (e). Once the player has announced his intention to surrender, the dealer shall immediately collect the Asia Poker Wager from that player and collect the seven cards dealt to that player without exposing the cards to anyone at the table. The dealer shall verify that seven cards were collected by counting them face down on the layout prior to placing them in the discard rack.

(e) After the dealer has set a high hand, medium hand and a low hand, the dealer shall reveal all three hands of each player, beginning with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction. The dealer shall compare the high, medium and low hand of each player to the high, medium and low hand of the dealer and shall announce if the Asia Poker Wager of that player wins or loses.

(f) An Asia Poker Wager will:

(1) Lose and will immediately be collected if:

(i) Any two of the player's three hands are identical or lower in rank than the dealer's corresponding hands.

(ii) Any one of the player's three hands is identical in rank to the corresponding hand of the dealer and one of the player's remaining hands is lower in rank than the dealer's corresponding hand.

(iii) The high hand of the player was not set so as to rank higher than the medium hand of that player.

(iv) The medium hand of the player was not set so as to rank higher than the low hand of that player.

(v) The three hands of the player were not otherwise set correctly in accordance with this chapter.

(2) Win if any two of the player's three hands are higher in rank than the dealer's corresponding hands.

The dealer shall pay the winning Asia Poker Wager in accordance with the payout odds in § 575.12(a) (relating to payout odds; payout limitation).

(g) Except as provide in subsection (h), after settling the player's Asia Poker Wager, the dealer shall place the cards of the player in the discard rack.

(h) If a player placed a Bonus Wager, after settling the player's Asia Poker Wager, the dealer shall rearrange the seven cards of any player and form the highest ranking hand and shall be responsible for creating the hand for purposes of the Bonus Wager. If a player:

(1) Does not have a 9-high or better, as described in § 575.6(d) (relating to Asia Poker rankings), the dealer shall collect the Bonus Wager and place the cards of the player in the discard rack.

(2) Has a 9-high or better, the dealer shall pay the winning Bonus Wager in accordance with § 575.12(b) and place the cards of the player in the discard rack.

(i) All cards removed from the table shall be placed in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

(a) A certificate holder shall pay each winning Asia Poker Wager at odds of 1 to 1.
