Pennsylvania Malt and Brewed Beverage Industry Promotion Board; Grant Solicitation and Application Procedures for Act 39 of 2016 Funding

1. *Introduction.* Under Act 39 of 2016, the Pennsylvania Malt and Brewed Beverage Industry Promotion Board annually, or more frequently as the availability of funds permits, solicits proposals for grants to conduct promotion, marketing and research projects to increase the quality, profitability, production and sale of malt and brewed beverages produced in this Commonwealth. The Board was established by section 446.1 of the Liquor Code (47 P.S. § 4-446.1). The Pennsylvania Malt and Brewed Beverage Industry Promotion Board makes rec-

ommendations for the awarding of grants by the Liquor Control Board from funds provided through the Liquor Code (47 P.S. §§ 1-101—10-1001). This notice establishes the procedures by which grant applications will be solicited and reviewed, and grants awarded. Priority is being given to projects that will help support the Pennsylvania Beer Industry's recovery as it navigates and emerges from the novel coronavirus (COVID-19) pandemic. Applicants with projects aligned to COVID-19 recovery, with an outcome that would benefit Pennsylvania's wine and beer industries, and where the scope is warranted are encouraged to submit proposals to both the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board for joint funding. Projects submitted jointly to both boards will be reviewed and must be approved by each board independently.

2. *Grant Solicitation.* The Pennsylvania Malt and Brewed Beverage Industry Promotion Board will be accepting grant applications for the purposes, in the form and according to the schedule set forth herein for not less than 30 days beginning on the date of publication of this notice in the *Pennsylvania Bulletin*. Additional publication and dissemination of this notice shall be made and may include direct dissemination to State universities and State-supported universities located in this Commonwealth, universities with colleges of agricultural science located in this Commonwealth and individuals or entities who have requested notification from the Department of Agriculture or the Pennsylvania Malt and Brewed Beverage Industry Promotion Board of grant availability. Private sector parties are encouraged to apply if their project will have a positive macro impact on the industry.

3. *Process Overview.* The Pennsylvania Malt and Brewed Beverage Industry Promotion Board will employ the review process described as follows to select projects and funding levels to recommend to the Liquor Control Board for the making of a grant. In the event of a recommendation to the Liquor Control Board to make and fund a grant, the decision as to whether to award a grant will be made by the Liquor Control Board.

a. If the Liquor Control Board approves the grant recommendation, the terms and conditions of the grant will be governed by a grant agreement between the Liquor Control Board and the applicant, which shall be tendered to the applicant for execution by the Liquor Control Board, returnable to the Liquor Control Board in no more than 30 calendar days.

b. The Liquor Control Board grant agreement follows hereto as Addendum 1 and incorporated by reference. This grant solicitation will be incorporated by reference into, and become part of, the Liquor Control Board grant agreement that will govern all grants awarded under this grant solicitation. The terms are nonnegotiable; therefore, applicants shall carefully review the Liquor Control Board grant agreement to ensure that proposed projects are compliant with agreement requirements. Applicants who submit proposals to both the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board for joint funding will be required to enter into a separate agreement for funding from each board, with separate purchase orders for each funding source, and split invoices for reimbursement to reflect a 50/50 allocation of expenses to each funding source.

c. It is also recommended that applicants seek private counsel experienced in Pennsylvania liquor law to provide

guidance as it pertains to the Liquor Code and the Liquor Control Board's regulations at 40 Pa. Code §§ 1.1—17.41 (relating to liquor), to ensure the legality and viability of grant projects and proposed activities.

4. *Concept Paper and Application Deadlines.*

a. *Concept Paper.* Interested applicants must deliver a one-page concept paper, plus a one-page budget, by e-mail, as a PDF file, by 4 p.m. on Friday, February 26, 2021, to RA-AGCommodities@pa.gov. The file should not exceed 5MB. The concept paper must identify timeframes for proposed grant activities in conformance with the timeframes identified in paragraph 9, Term of Grants, as well as Addendum 1.

b. *Application.* Applicants whose concept papers are approved by the Pennsylvania Malt and Brewed Beverage Industry Promotion Board will be invited to submit a Project Proposal and Grant Application, in the form set forth in paragraph 6 of this notice, to the Pennsylvania Malt and Brewed Beverage Industry Promotion Board by 4 p.m. on Friday, June 4, 2021. Proposals should be sent electronically as a PDF file, to RA-AGCommodities@pa.gov. The file should not exceed 5MB.

c. *Presentations.* Applicants must be prepared to provide a brief 3-minute presentation of their proposal to the Pennsylvania Malt and Brewed Beverage Industry Promotion Board, and answer questions, either in person or by conference call, at the Pennsylvania Malt and Brewed Beverage Industry Promotion Board's next scheduled meeting on Wednesday, July 14, 2021, at 9 a.m. The meeting will be held virtually by means of Microsoft Teams.

Objectives are significant steps that must be completed to achieve the goal. Objective statements should focus on the outcome, rather than the methods used. Each goal should have one or more objectives. Describe at least one distinct, quantifiable and measurable outcome that directly and meaningfully supports the project's purpose. Typically, outcomes are those measures that are quantifiable, measure direct benefit and are documented through data or information collection.

i. *Preliminary Project Work Plan.* List the major tasks of the proposed project.

Any letters of support should be included in section 5.

h. Due to limitations of Commonwealth equipment and considering that all Liquor Control Board grant communications will be conducted electronically, applicants should not use color in any tables, graphs, charts or other material elements of the proposals. Black and white or gray-scale should be used in such elements to ensure ongoing document integrity.

7. *Scoring of Applications*. The Pennsylvania Malt and Brewed Beverage Industry Promotion Board will evaluate each complete and timely filed project proposal and grant application received in accordance with a 100-point scale as set forth in Addendum 2.

If any joint funding proposals are received per paragraph 1, the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board will each independently evaluate and score based on each board's criteria. For a recommendation for funding a joint proposal to be made to the Liquor Control Board, each board must independently approve the proposal for recommendation and then agree to joint funding with the other.

8. *Evaluation, Recommendations and Awards*. The Pennsylvania Malt and Brewed Beverage Industry Promotion Board reserves the right to request modifications or clarifications, or both, of project proposals and grant applications, including but not limited to additional detail of purpose, reduced or modified budgets, and the like. Upon completion of evaluations, the Pennsylvania Malt and Brewed Beverage Industry Promotion Board will prepare a record of each complete and timely-filed project proposal and grant application received, and the numerical score assigned to each. In the event of one or more recommendations to the Liquor Control Board to make and fund a grant, the Pennsylvania Malt and Brewed Beverage Industry Promotion Board will transmit to the Liquor Control Board the complete and final project proposal and grant application along with the score assigned by the Pennsylvania Malt and Brewed Beverage Industry Promotion Board and any other information deemed relevant by the Pennsylvania Malt and Brewed Beverage Industry Promotion Board or requested by the Liquor Control Board. Request will be made by the Pennsylvania Malt and Brewed Beverage Industry Promotion Board that the Liquor Control Board respond to all recommendations for grant approval within 30 days. The Liquor Control Board's three-member board will vote on these recommendations at a public meeting, and the Liquor Control Board will directly contact those applicants whose proposals were approved for funding. The Liquor Control Board is responsible for notifying applicants whose projects were recommended by the Pennsylvania Malt and Brewed Beverage Industry Promotion Board for Liquor Control Board funding, but which the Liquor Control Board determined not to fund.

9. *Term of Grants*. Grant Agreements will become effective on January 1, 2022, or the date of the last required Commonwealth approval, whichever is later (Effective Date). No reimbursements will be made by the Liquor Control Board for any grant activity beginning prior to the Effective Date.

b. A Notice to Proceed, Purchase Orders, fully executed agreements and invoicing instructions will be provided by the Liquor Control Board by means of e-mail.

Any jointly funded projects per paragraph 1 will require two separate grant agreements and two separate purchase orders with the Liquor Control Board, with funding split equally between Wine Marketing and Research funds and Malt and Brewed Beverage Industry Promotion funds. Grantees will be required to submit separate invoices for each funding stream, attributing half of each expenditure to each purchase order.

d. Final invoices shall be submitted to the Liquor Control Board within 60 days of contract end date as set forth in the Grant Agreement.

10. *Progress Reports.* Progress reports are to include the deliverables from paragraph 6.e. and be delivered by e-mail to RA-AGCommodities@pa.gov and RA-LBACT39GRANTS@pa.gov no later than October 1, and April 1, every year for the duration of the project, or as requested by the Board. Final reports should be submitted within 90 days of contract end date.

11. *Grant Agreement.* The Liquor Control Board will provide applicants with a grant agreement for execution and return by the Grantee within 30 calendar days. The Liquor Control Board will obtain the required signatures on the grant agreements, including any other required Commonwealth entities, and return a copy to the applicant. Unless otherwise stated in the executed grant agreement, no grant agreement is effective, and work should not begin until all required signatures have been applied to the grant agreement. Among the terms of the grant agreement shall be a requirement that the grant recipient provide the Pennsylvania Malt and Brewed Beverage Industry Promotion Board full and complete access to all records relating to the performance of the project and submit information as the Pennsylvania Malt and Brewed Beverage Industry Promotion Board may require.

12. *Cost-Reimbursement Grant and Indirect Costs Cap.* Payment of all grant funds will occur on a reimbursement basis only. Grant awards may include an allowance for indirect costs of up to 10%. In the case of graduate student participation, reasonable stipends will be allowed, and tuition will not be allowed.

13. *Funding Priorities.* In accordance with paragraph 5.d., the Pennsylvania Malt and Brewed Beverage Industry Promotion Board has identified the following funding priorities, listed in no particular order. The name given to each priority area is not intended to limit the intended scope and creative thought applied by applicants in developing projects that serve the purposes articulated in this notice. Additionally, these priorities should be linked to the COVID-19 recovery priority outlined in the introduction in paragraph 1.

a. *Agriculture:* Projects are sought that will lead to the expansion, through means including cultivation, value-added manufacturing and research, of beer industry-related raw material produced or grown, or both in the Commonwealth. Some examples of desired project scope include:

The proposer should illustrate the ability to:

i. Understand, interpret and transfer knowledge related to the current Liquor Code.

ii. Understand both the new opportunities as well as the threats presented to distributors as a result of 2016 changes to the Liquor Code.

iii. Have working knowledge of the beer industry trade and practices, the constraints on the industry, Standard Operating Procedures, financial models, and the like.

Identify and document best practices within the Commonwealth's beer industry (D license holders) regarding layout and design (shelf space, lighting, signage), hours of operation and staff models, promotions and displays, value added merchandise, and best practices in urban, suburban and rural markets.

v. In conjunction with existing industry stakeholders, like the Malt Beverage Distributors Association (MBDA), develop guidelines, standards and communicate best practices in a user-friendly format, as well as offer training and outreach conferences in appropriate locations throughout this Commonwealth.

The Pennsylvania Malt and Brewed Beverage Industry Promotion Board believes that innovation is the driving force behind the growth and success of the Commonwealth's beer industry. This category of funding is designed for projects and initiatives that demonstrate new thinking, ideas and approaches to promoting Pennsylvania beer—and do not fit into any other category.

Pursuant to section 446.1 of the Pennsylvania Liquor Code, 47 P.S. § 4-446.1, the PLCB shall allocate the amount of \$1,000,000 annually to be used to award grants to entities for the purpose of increasing the production of Pennsylvania-made malt and brewed beverages and enhancing the Pennsylvania malt and brewed beverages industry through promotion, marketing and research-based programs and projects.

2. The Pennsylvania Malt and Brewed Beverages Industry Promotion Board ("Beer Board") was established by the Pennsylvania Liquor Code and is statutorily charged with establishing procedures by which an entity may submit an application for grant funding pursuant to 47 P.S. § 4-446.0; reviewing all such grant applications; and making recommendations to the PLCB for the awarding of the grants.

The Beer Board is further statutorily charged with requiring grant recipients to provide full and complete access to all records relating to the performance of the grant; conducting a thorough annual evaluation of each program for which a grant is made; and submitting an annual report to the General Assembly detailing all actions of the Beer Board and the grants awarded pursuant to section 446.1 of the Liquor Code.

3. The PLCB has made the aforementioned allocation; the Beer Board has established the requisite procedures and process; the Beer Board has issued a competitive grant solicitation as posted on [Date] at [___ PaB. ___], incorporated by reference herein, and the Grantee has applied for a grant pursuant thereto; the Beer Board has recommended to the PLCB to make a grant to the Grantee as detailed in Appendix G, attached and incorporated by reference; and the PLCB has approved the award of the grant ("the Grant").

II. AGREEMENT

In consideration of the foregoing recitals, which are incorporated herein, and the mutual promises contained in this Grant Agreement, the Parties, intending to be legally bound, agree as follows:

1. SCOPE.

a. This Grant is for funding the Project Proposal and Grant Application ("the Project") summarily described as follows and in more detail in the documents attached hereto and incorporated herein as Attachment G.

b. No increases to the funding amount or changes to the approved overall scope of work will be permitted under any circumstance; however, minor revisions to the Project timeline, methodology and/or budget(s) contained in Attachment G may be approved by the PLCB at its sole discretion upon review of Grantee's written request and justification for same. Similarly, at the PLCB's sole discretion and in consideration of exigent circumstances, the PLCB may authorize changes to specific elements of an approved scope of work. By way of example only, if certain approved grant elements cannot be performed due to governmental restrictions related to a pandemic (e.g., in-person event), then Grantee may propose modifications to those elements (e.g., shift to virtual event), limited to what is reasonably necessary to achieve the approved project objectives and deliverables and within the original approved budget. Grantee shall submit all such requests via email to the PLCB's resource account at RA-LBAct39Grants@pa.gov ("the Resource Account"), and the PLCB will respond to the request via the same Resource Account within ten calendar days of its receipt of the request.

2. OPERATIONAL REQUIREMENTS

a. All communications between the Grantee and the PLCB, including but not limited to questions, notifications, requests, and invoice submissions, shall be conducted via email to and from the PLCB's aforementioned Resource Account. Grantee expressly accepts this method of electronic communication and is responsible to timely provide notice to the PLCB via the Resource Account if there are any changes or additions to the Grantee's contact information. The PLCB will utilize best efforts to respond to all inquiries from Grantee within five business days of receipt of an email, except as otherwise provided herein.

b. In order to be issued an approved Purchase Order and to receive Grant funds, if the Grantee does not have a valid PLCB Oracle Supplier Registration Number (which is different than other Commonwealth supplier/vendor numbers), Grantee is required to register with the PLCB's Supplier Unit using the following linked form which includes instructions: <https://www.lcb.pa.gov/JoinOurTeam/Documents/001698.pdf>.

3. EFFECTIVE DATE AND TERM

a. This Grant Agreement shall become effective on January 1, 2022 or on the date of the last required Commonwealth signature, whichever is later (the "Effective Date"). The Grant Activity Period, defined as the period of performance for which the Grantee can be reimbursed for activity performed in accordance with the Grant, shall be twelve months from the Effective Date for marketing, educational and/or promotions-related projects and eighteen months from the Effective Date for research projects. The Effective Date and the Grant Activity Period will be set forth with specificity on the Notice to Proceed letter and the PLCB Purchase Order, which will be sent to Grantee via the Resource Account with the fully executed Grant Agreement.

b. No later than sixty days prior to the expiration of the Grant Activity Period, Grantee may electronically submit a request to the PLCB via the Resource Account to extend the Grant Activity Period in order to complete the Project without increasing the Grant funding. At its sole discretion and by issuance of a written notice to extend by the PLCB, the PLCB may extend the Grant Activity Period for no more than ninety days. This written notice of an approved extension will be emailed to the Grantee via the Resource Account within ten calendar days of the PLCB's receipt of a compliant request. Except in the case of exigent circumstances as determined by the PLCB at its sole discretion, no additional extensions will be approved, although Grantee is not precluded from applying for a subsequent grant.

4. REIMBURSEMENT. The PLCB agrees to reimburse Grantee in the amount not to exceed \$ _____ for the purpose of completing the Project in accordance with the terms of this Grant Agreement. Payments hereunder may be made electronically through the Pennsylvania Electronic Payment Program, details of which are set forth and incorporated herein as Attachment A hereto. Under no circumstances will the PLCB reimburse the Grantee for any expenses incurred before the Effective Date or after the expiration date of the Grant.

5. CONTRIBUTION. The Grantee agrees to contribute and/or secure any additional necessary funds required to complete the Project, if any, in accordance with the terms of Attachment G.

6. PERMITTED EXPENDITURE.

a. Reimbursement funds provided by the PLCB shall be used for only those expenses outlined in this Grant Agreement, including its Attachments. The Grantee shall not purchase equipment of any type or kind under the terms of this Grant Agreement unless mandated by the nature of the work and explicitly approved by the PLCB in this Grant Agreement.

b. The Grantee expressly warrants that it shall request reimbursement of expenses solely allowable by the Grant

Agreement. Should the PLCB determine that the Grantee is not using Grant funds exclusively in conformance with the Grant Agreement, the PLCB shall have the absolute right, in addition to any other rights provided herein or by law, to terminate this Grant Agreement and to demand the repayment/return of Grant funds. Failure of Grantee to repay/return such funds within ten business days of the PLCB's written demand, sent electronically via the Resource Account, will result in referral of the matter to the Office of the Attorney General for investigation and possible prosecution.

7. INVOICING, RECORDS, REPORTS.

a. All payments of Grant funds hereunder shall be made on a reimbursement basis only and as set forth in the approved project budget in Attachment G. Invoices for expenses incurred shall be in accordance with Paragraph 6.

b. Grantee must electronically submit detailed reimbursement invoices to the Resource Account. The invoices must clearly indicate the PLCB Purchase Order number, the payee for each item, the total paid to that payee for each budget line item type for approved grant activities for the quarterly invoice period, a brief description of the expense item, and the date such payment was issued. The PLCB expects that Grantee will include reasonable supporting documentation of these expenses as every reimbursement invoice is compared to the approved grant agreement package, which includes the final proposal documents, to ensure that the expenses were within the approved project scope, timeline and budget.

c. These invoices are to be submitted within thirty days of the end of each quarter during the Grant Activity Period for work performed and expenses paid during that quarter. If there was no work performed or expenses paid during a given quarter of the Grant Activity Period, Grantee is to communicate that fact via email to the Resource Account within thirty days of the end of that quarter. The PLCB shall reject any invoices received more than sixty days following the end of the Grant Activity Period and Grantee shall have no claim against the PLCB or the Commonwealth for same.

d. In the event that a reimbursement invoice as submitted does not permit the PLCB to adequately discern the appropriateness of the reimbursement request, then the Grantee will receive a request via the Resource Account for additional supporting documentation to substantiate the invoice submitted and the funds expended. Grantee will have ten calendar days to respond to the Resource Account.

e. Grantee is required to file timely progress reports to the Beer Board at RA-AGCommodities@pa.gov, including but not limited to a final report. Grantee should copy the PLCB's Resource Account at RA-LBAct39Grants@pa.gov when submitting progress reports to the Beer Board. The PLCB reserves the right to withhold payment otherwise due under the terms of this Grant Agreement for Grantee's failure to submit reports to the Beer Board, until the Beer Board advises the PLCB that such reports have been submitted. The Grantee is responsible for ensuring that its required reports are timely submitted directly to the Beer Board and acknowledges that the PLCB has no involvement in the Beer Board's statutory reporting requirements.

f. Records of all expenditures shall be maintained for a period of two years after expiration of the term of this

Grant Agreement and shall be subject to audit by the PLCB and legally authorized officials of the Commonwealth of Pennsylvania. The Grantee shall provide the PLCB and the Commonwealth full and complete access to all records relating to the performance of any and all work hereunder and shall submit truthful and accurate information about the work performed hereunder if, and as, requested by the PLCB and/or the Commonwealth.

8. HOLD HARMLESS. The Grantee shall indemnify, hold harmless and defend the PLCB and the Commonwealth of Pennsylvania and their officers, employees and agents from and against any and all suits and judgments for damages for personal injury, death or damage to real or tangible personal property arising out of or in conjunction with the performance by the Grantee under this Grant Agreement and caused by the Grantee's negligence or intentional wrongful acts. This paragraph does not apply when the Grantee is a Commonwealth Agency, including but not limited to state-affiliated entities or state-related institutions.

9. ADDITIONAL COMPLIANCE REQUIREMENTS

a. The following additional compliance requirements are attached and incorporated into this Grant Agreement and made a part hereof. The Grantee shall comply with, and be bound by, the provisions set forth in these attachments:

i. Attachment A—Pennsylvania Electronic Payment Program

ii. Attachment B—Nondiscrimination/Sexual Harassment Clause, with respect to which the Grantee is the "Contractor."

iii. Attachment C—Contractor Integrity Provisions, with respect to which the Grantee is the "Contractor."

iv. Attachment D—The Americans With Disabilities Act provisions, with respect to which the Grantee is the "Contractor."

v. Attachment E—Right-to-Know Provisions, with respect to which the Grantee is the "Contractor."

vi. Attachment F—Contractor Responsibility Provisions, with respect to which the Grantee is the "Contractor."

b. The Grantee shall comply with all the terms, conditions and requirements set forth in the competitive grant solicitation posted on [Date] at [____ PaB. ____], which is incorporated by reference into this Grant Agreement as if fully set forth herein.

c. The Grantee agrees that in the performance of its obligations under this Grant Agreement it will comply with all applicable, federal, state and local laws and regulations. The Grantee expressly warrants that, as it relates to the performance of the Project that is the subject of this Grant Agreement, it shall at all times comply with the Pennsylvania Liquor Code, 47 P.S. § 1-101 et seq., and the PLCB's Regulations, 40 Pa. Code § 1.1 et seq.

d. Any forbearance by the PLCB in exercising any right or remedy hereunder or as otherwise afforded by applicable law shall not be a waiver of or preclude the exercise of any such right or remedy at any appropriate time.

e. The Grantee shall, in the performance of this Grant Agreement, act in an independent capacity and not as an officer, employee or agent of the PLCB or of the Commonwealth of Pennsylvania.

10. STATE TAX LIABILITY. The Grantee agrees that the Commonwealth of Pennsylvania may set-off the amount of any state tax liability or other debt of the Grantee or its subsidiaries, that is owed to the Commonwealth and not being contested on appeal, against any payments due the Grantee under this Grant Agreement.

11. TERMINATION AND ASSIGNMENT. If through any cause, the Grantee shall fail to fulfill in a timely and proper manner its obligations under this Grant Agreement, or in the event of violation of any of the covenants contained in this Grant Agreement, the PLCB thereupon has the right to terminate this Grant Agreement by giving thirty days written notice to the Grantee specifying the effective date of termination. If this Grant Agreement is so terminated, the Grantee shall be reimbursed for all expenses properly incurred under the terms of this Grant Agreement prior to receipt of notice, so long as Grantee properly submits valid invoices with supporting documentation within sixty days of the notice of termination. Failure by Grantee to timely submit final invoicing shall be considered a forfeiture of any claims to Grant funding. The Grantee shall not assign any interest to this Contract, nor shall any interest be transferred by novation or assignment without prior written consent of PLCB.

12. SEVERABILITY. The terms and provisions of this Grant Agreement are severable. In the event of the unenforceability or invalidity of any one or more of the terms, covenants, conditions or provisions of this Grant Agreement under federal, state or other applicable laws, such unenforceability or invalidity shall not render any other term, covenant, condition or provision hereof unenforceable or invalid.

13. ENTIRE AGREEMENT. This Grant Agreement constitutes the entire agreement between the parties. No amendment or modification hereof shall have any force or effect unless it is in writing and signed by all parties.

14. CONTINGENCY. The PLCB's obligation to make payments shall be subject to the availability and appropriation of funds.

15. APPLICABLE LAW. This Grant Agreement shall be governed by and interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania (without regard to any conflict of laws provisions) and the decisions of the Pennsylvania courts. The Grantee consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania, waiving any claim or defense that such forum is not convenient or proper. The Grantee agrees that any such court shall have in personam jurisdiction over it, and consents to service of process in any manner authorized by Pennsylvania law.

16. HEADINGS. All headings of the sections and subsections of this Agreement are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

IN WITNESS WHEREOF, the Parties hereto, with the intention of being legally bound hereby and each signatory having the requisite legal authority to bind its respective entity, have caused this Grant Agreement to be duly executed. If the signature below is submitted electronically or digitally, the signatory hereby expressly acknowledges and avers that he or she is the named individual and that he or she intends to sign this Grant Agreement document electronically or digitally.

Attachment B**NONDISCRIMINATION/SEXUAL HARASSMENT CLAUSE (Grants)**

The Grantee agrees:

1. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the Grant Agreement or any subgrant agreement, contract, or subcontract, the Grantee, a subgrantee, a contractor, a subcontractor, or any person acting on behalf of the Grantee shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the Pennsylvania Human Relations Act (PHRA) and appli-

cable federal laws, against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

2. The Grantee, any subgrantee, contractor or any subcontractor or any person on their behalf shall not in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any of its employees.

3. Neither the Grantee nor any subgrantee nor any contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, in the provision of services under the Grant agreement, subgrant agreement, contract or subcontract.

4. Neither the Grantee nor any subgrantee nor any contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate against employees by reason of participation in or decision to refrain from participating in labor activities protected under the Public Employee Relations Act, Pennsylvania Labor Relations Act or National Labor Relations Act, as applicable and to the extent determined by entities charged with such Acts' enforcement, and shall comply with any provision of law establishing organizations as employees' exclusive representatives.

5. The Grantee, any subgrantee, contractor or any subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees in writing of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily accessible and well-lighted places customarily frequented by employees and at or near where the Grant services are performed shall satisfy this requirement for employees with an established work site.

6. The Grantee, any subgrantee, contractor or any subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against any subgrantee, contractor, subcontractor or supplier who is qualified to perform the work to which the Grant relates.

7. The Grantee and each subgrantee, contractor and subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. The Grantee and each subgrantee, contractor and subcontractor further represents that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers' subject to Title VII of the Civil Rights Act of 1964, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The Grantee, any subgrantee, any contractor or any subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the granting agency and the Bureau of

Diversity, Inclusion and Small Business Opportunities for the purpose of ascertaining compliance with the provisions of this Nondiscrimination/Sexual Harassment Clause.

8. The Grantee, any subgrantee, contractor or any subcontractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subgrant agreement, contract or subcontract so that those provisions applicable to subgrantees, contractors or subcontractors will be binding upon each subgrantee, contractor or subcontractor.

9. The Granter's and each subgrantee's, contractor's and subcontractor's obligations pursuant to these provisions are ongoing from and after the effective date of the Grant agreement through the termination date thereof. Accordingly, the Grantee and each subgrantee, contractor and subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the Grant agreement, it becomes aware of any actions or occurrences that would result in violation of these provisions.

10. The Commonwealth may cancel or terminate the Grant agreement and all money due or to become due under the Grant agreement may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the granting agency may proceed with debarment or suspension and may place the Grantee, subgrantee, contractor, or subcontractor in the Contractor Responsibility File.

Attachment C

CONTRACTOR INTEGRITY PROVISIONS

It is essential that those who seek to contract with the Commonwealth of Pennsylvania ("Commonwealth") observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth contracting and procurement process.

1. DEFINITIONS. For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this Section:

a. "Affiliate" means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or (c) the entities have a common proprietor or general partner.

b. "Consent" means written permission signed by a duly authorized officer or employee of the Commonwealth, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the Commonwealth shall be deemed to have consented by virtue of the execution of this contract.

c. "Contractor" means the individual or entity, that has entered into this contract with the Commonwealth.

d. "Contractor Related Parties" means any affiliates of the Contractor and the Contractor's executive officers, Pennsylvania officers and directors, or owners of 5 percent or more interest in the Contractor.

e. "Financial Interest" means either:

(1) Ownership of more than a five percent interest in any business; or

(2) Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.

f. "Gratuity" means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. The exceptions set forth in the Governor's Code of Conduct, Executive Order 1980-18, the 4 Pa. Code § 7.153(b), shall apply.

g. "Non-bid Basis" means a contract awarded or executed by the Commonwealth with Contractor without seeking bids or proposals from any other potential bidder or offeror.

2. In furtherance of this policy, Contractor agrees to the following:

a. Contractor shall maintain the highest standards of honesty and integrity during the performance of this contract and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern contracting or procurement with the Commonwealth.

b. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to the Contractor activity with the Commonwealth and Commonwealth employees and which is made known to all Contractor employees. Posting these Contractor Integrity Provisions conspicuously in easily accessible and well-lit places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.

c. Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this contract, except as provided in this contract.

d. Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this contract, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Contractor's financial interest prior to Commonwealth execution of the contract. Contractor shall disclose the financial interest to the Commonwealth at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than Contractor's submission of the contract signed by Contractor.

e. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

(1) been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;

(2) been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;

(3) had any business license or professional license suspended or revoked;

(4) had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to

fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and

(5) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Commonwealth will determine whether a contract may be entered into with the Contractor. The Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to immediately notify the Commonwealth in writing if at any time during the term of the contract it becomes aware of any event which would cause the Contractor's certification or explanation to change. Contractor acknowledges that the Commonwealth may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.

f. Contractor shall comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S. § 13A01 et seq.) regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the Section 1641 of the Pennsylvania Election Code (25 P.S. § 3260a).

g. When Contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor's Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a Commonwealth officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the Commonwealth contracting officer or the Office of the State Inspector General in writing.

h. Contractor, by submission of its bid or proposal and/or execution of this contract and by the submission of any bills, invoices or requests for payment pursuant to the contract, certifies and represents that it has not violated any of these Contractor Integrity Provisions in connection with the submission of the bid or proposal, during any contract negotiations or during the term of the contract, to include any extensions thereof. Contractor shall immediately notify the Commonwealth in writing of any actions for occurrences that would result in a violation of these Contractor Integrity Provisions. Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of the State Inspector General for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.

i. Contractor shall cooperate with the Office of the State Inspector General in its investigation of any alleged Commonwealth agency or employee breach of ethical standards and any alleged Contractor non-compliance with these Contractor Integrity Provisions. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor,

upon the inquiry or request of an Inspector General, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Office of the State Inspector General to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refer to or concern this contract. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into in the course of the performance of this contract/agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between the Commonwealth and any such subcontractor, and no third-party beneficiaries shall be created thereby.

j. For violation of any of these Contractor Integrity Provisions, the Commonwealth may terminate this and any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

Attachment D

AMERICANS WITH DISABILITIES ACT

a. Pursuant to federal regulations promulgated under the authority of The Americans with Disabilities Act, 28 C.F.R. § 35.101 et seq., the contractor understands and agrees that it shall not cause any person with a disability to be excluded from participation in this Contract or from activities provided for under this Contract on the basis of the disability. As a condition of accepting this contract, the Contractor agrees to comply with the "General Prohibitions Against Discrimination," 28 C.F.R. § 35.130, and all other regulations promulgated under Title II of The Americans with Disabilities Act which are applicable to the benefits, services, programs, and activities provided by the Commonwealth of Pennsylvania through contracts with outside contractors.

b. The Contractor shall be responsible for and agrees to indemnify and hold harmless the Commonwealth of Pennsylvania from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against the Commonwealth of Pennsylvania as a result of the Contractor's failure to comply with the provisions of subparagraph (a) above.

Attachment E

RIGHT TO KNOW LAW—GRANT PROVISIONS—8-K-1580

a. Grantee or Subgrantee understands that this Grant Agreement and records related to or arising out of the Grant Agreement are subject to requests made pursuant to the Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, ("RTKL"). For the purpose of these provisions, the term "the Commonwealth" shall refer to the granting Commonwealth agency.

b. If the Commonwealth needs the Grantee's or Subgrantee's assistance in any matter arising out of the RTKL related to this Grant Agreement, it shall notify the Grantee or Subgrantee using the legal contact information provided in the Grant Agreement. The Grantee or Subgrantee, at any time, may designate a different contact for such purpose upon reasonable prior written notice to the Commonwealth.

c. Upon written notification from the Commonwealth that it requires Grantee's or Subgrantee's assistance in responding to a request under the RTKL for information related to this Grant Agreement that may be in Grantee's or Subgrantee's possession, constituting, or alleged to constitute, a public record in accordance with the RTKL ("Requested Information"), Grantee or Subgrantee shall:

1. Provide the commonwealth, within ten (10) calendar days after receipt of written notification, access to, and copies of, any document or information in Grantee's or Subgrantee's possession arising out of this Grant Agreement that the Commonwealth reasonably believes is Requested Information and may be a public record under the RTKL; and

2. Provide such other assistance as the Commonwealth may reasonably request, in order to comply with the RTKL with respect to this Grant Agreement.

d. If Grantee or Subgrantee considers the Requested Information to include a request for a Trade Secret or Confidential Proprietary Information, as those terms are defined by the RTKL, or other information that Grantee or Subgrantee considers exempt from production under the RTKL, Grantee or Subgrantee must notify the Commonwealth and provide, within seven (7) calendar days of receiving the written notification, a written statement signed by a representative of Grantee or Subgrantee explaining why the requested material is exempt from public disclosure under the RTKL.

e. The Commonwealth will rely upon the written statement from Grantee or Subgrantee in denying a RTKL request for the Requested Information unless the Commonwealth determines that the Requested Information is clearly not protected from disclosure under the RTKL. Should the commonwealth determine that the Requested Information is clearly not exempt from disclosure, Grantee or Subgrantee shall provide the Requested Information within five (5) business days of receipt of written notice of the Commonwealth's determination.

f. If Grantee or Subgrantee fails to provide the Requested Information within the time period required by these provisions, Grantee or Subgrantee shall indemnify and hold the Commonwealth harmless for any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of Grantee's or Subgrantee's failure, including any statutory damages assessed against the Commonwealth.

g. The Commonwealth will reimburse Grantee or Subgrantee for any costs associated with complying with these provisions only to the extent allowed under the fee schedule established by the Office of Open Records or as otherwise provided by the RTKL if the fee schedule is inapplicable.

h. Grantee or Subgrantee may file a legal challenge to any Commonwealth decision to release a record to the public with the Office of Open Records, or in the Pennsylvania Courts, however, Grantee or Subgrantee shall indemnify the Commonwealth for any legal expenses incurred by the Commonwealth as a result of such a challenge and shall hold the Commonwealth harmless for

any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of Grantee's or Subgrantee's failure, including any statutory damages assessed against the Commonwealth, regardless of the outcome of such legal challenge. As between the parties, Grantee or Subgrantee agrees to waive all rights or remedies that may be available to it as a result of the Commonwealth's disclosure of Requested Information pursuant to the RTKL.

i. The Grantee's or Subgrantee's duties relating to the RTKL are continuing duties that survive the expiration of this Grant Agreement and shall continue as long as the Grantee or Subgrantee has Requested Information in its possession.

Such notification shall be made within 15 days of the date of suspension or debarment.

4. The failure of the Contractor to notify the Commonwealth of its suspension or debarment by the Commonwealth, any other state, or the federal government shall constitute an event of default of the Contract with the Commonwealth.

Pennsylvania Wine Marketing and Research Board; Grant Solicitation and Application Procedures for Act 39 of 2016 Funding

1. *Introduction.* The Pennsylvania Wine Marketing and Research Program Board annually, or more frequently as the availability of fund permits, solicits applications for grants to conduct promotion, marketing and research projects to increase the quality, profitability, production and sale of wines, enhance the wine industry and benefit wine producers of this Commonwealth. The Pennsylvania Wine Marketing and Research Program Board was established by the Department of Agriculture (Department) under 3 Pa.C.S. §§ 4501—4513 (relating to Agricultural Commodities Marketing Act) (ACMA). Its composition, funding and duties were subsequently expanded by section 488.1 of the Liquor Code (47 P.S. § 4-488.1). The Pennsylvania Wine Marketing and Research Program

Board makes recommendations for the awarding of grants by the Liquor Control Board from funds provided through the Liquor Code (47 P.S. §§ 1-101—10-1001) for Liquor Control Board Act 39 of 2016 funding. This notice establishes the procedures by which grant applications will be solicited, reviewed and grants awarded. Priority is being given to projects that will help support the Pennsylvania Wine Industry's recovery as it navigates and emerges from the novel coronavirus (COVID-19) pandemic. Applicants with projects aligned to COVID-19 recovery, with an outcome that would benefit Pennsylvania's wine and beer industries, and where the scope is warranted are encouraged to submit proposals to both the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board for joint funding. Projects submitted jointly to both boards will be reviewed and must be approved by each board independently.

2. *Grant Solicitation.* The Pennsylvania Wine Marketing and Research Program Board will be accepting grant applications for the purposes, in the form and according

to the schedule set forth herein for not less than 30 days beginning on the date of publication of this notice in the *Pennsylvania Bulletin*. Additional publication and dissemination of this notice shall be made and may include direct dissemination to State universities and State-supported universities located in this Commonwealth, universities with colleges of agricultural science located in this Commonwealth and individuals or entities who have requested notification from the Department of Agriculture or the Pennsylvania Wine Marketing and Research Program Board of grant availability.

3. *Process Overview*. The Pennsylvania Wine Marketing and Research Program Board will employ the review process described as follows to select projects and funding levels to recommend to the Liquor Control Board for the making of a grant. In the event of a recommendation to the Liquor Control Board to make and fund a grant, the decision as to whether to award a grant will be made by the Liquor Control Board.

a. If the Liquor Control Board approves the grant recommendation, the terms and conditions of the grant will be governed by a grant agreement between the Liquor Control Board and the applicant, which shall be tendered to the applicant for execution by the Liquor Control Board, returnable to the Liquor Control Board in no more than 30 calendar days.

b. The Liquor Control Board grant agreement follows hereto as Addendum 1 and incorporated by reference. This grant solicitation will be incorporated by reference into, and become part of, the Liquor Control Board grant agreement that will govern all grants awarded under this grant solicitation. The terms are non-negotiable; therefore, applicants shall carefully review the Liquor Control Board grant agreement to ensure that proposed projects are compliant with agreement requirements. Applicants who submit proposals to both the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board for joint funding will be required to enter into a separate agreement for funding from each board, with separate purchase orders for each funding source, and split invoices for reimbursement to reflect a 50/50 allocation of expenses to each funding source.

c. It is also recommended that applicants seek private counsel experienced in Pennsylvania liquor law to provide guidance as it pertains to the Liquor Code and the Liquor Control Board's regulations at 40 Pa. Code §§ 1.1—17.41 (relating to liquor), to ensure the legality and viability of grant projects and proposed activities.

4. *Concept Paper and Application Deadlines*.

a. *Concept Paper*. Interested applicants must deliver a one-page concept paper, plus a one-page budget, by e-mail, as a PDF file, by 4 p.m. on Friday, February 26, 2021, to RA-AGCommodities@pa.gov. The file should not exceed 5MB. The concept paper must identify timeframes for proposed grant activities in conformance with the timeframes identified in paragraph 9, *Term of Grants*, as well as Addendum 1.

b. *Application*. Applicants whose concept papers are approved by the Pennsylvania Wine Marketing and Research Program Board will be invited to submit a Project Proposal and Grant Application, in the form set forth in paragraph 6 of this notice, to the Pennsylvania Wine Marketing and Research Program Board by 4 p.m. on Friday, June 4, 2021. Proposals should be sent electronically as a PDF file, to RA-AGCommodities@pa.gov. The file should not exceed 5MB.

c. *Presentations*. Applicants must be prepared to provide a brief 3-minute presentation of their proposal to the Pennsylvania Wine Marketing and Research Program Board, and answer questions, either in person or by conference call, at the Pennsylvania Wine Marketing and Research Program Board's next scheduled meeting on Tuesday, June 29, 2021, at 10 a.m. The meeting will be held virtually by means of Microsoft Teams.

5. *Format of the Concept Paper*. The concept paper shall include:

b. *Organization/Business Information*. List the organization/business name along with the contact information and the amount of grant funds the entity is requesting. In the event of a Liquor Control Board grant award, applicants will be required to have or obtain a Liquor Control Board Oracle Supplier Registration number using the name, full street address and tax identification number that matches the applicant information presented in the proposal/grant application.

c. *Project Coordinator/Qualifications*. Identify the person who will be directing the proposed project and clearly state their qualifications.

d. *Organization History*. Indicate whether the organization has previously received Malt and Brewed Beverage Industry Promotion Board or agriculture-related grant funds.

For purposes of Liquor Control Board grants, "Marketing" projects include advertising and promotions, educational/outreach projects, and technical support initiatives such as website development, equipment or process development, while "Research" projects include agricultural and research and development efforts.

h. *Expected Measurable Outcomes*. What are the goals and objectives of the project? How do the objectives support the goals? Goals are long-term broad visions and may take time to achieve. Objectives are significant steps that must be completed to achieve the goal. Objective statements should focus on the outcome, rather than the methods used. Each goal should have one or more objectives. Describe at least one distinct, quantifiable and measurable outcome that directly and meaningfully supports the project's purpose. Typically, outcomes are those measures that are quantifiable, measure direct benefit and are documented through data or information collection.

i. *Preliminary Project Work Plan*. List the major tasks of the proposed project.

j. *Draft Budget*. State the budget for the proposed project using the categories from paragraph 6.f. If a project is selected to submit a proposal, more detailed budget information will be required.

Section 1, titled Statement of Purpose, explaining or presenting: the purpose for which the grant funds would be utilized and identifying methods for measuring and reporting outcomes; details of the proposed project, including a statement of expected impact of outcomes, staffing for the project, and objectives and methodologies; and whether, how and to what anticipated extent, the proposed marketing or research project increases the quality, profitability, production and sale of wines, enhances the wine industry and benefits wine producers of this Commonwealth.

c. Section 2, titled Statement of Need, addressing: the need for the grant funds sought; any other partners or partner organizations that will be involved with the project; and any other funding or noncash resources that will be committed to the project and the sources thereof.

d. Section 3, titled Evaluation and Reporting, shall identify expected outcomes and outcome measures and include a narrative describing data collection to inform the outcome measures. This section must be clear and unambiguous as it will inform expectations of progress and final reports.

e. Section 4, titled Budget, presenting a detailed budget for the proposed project or program, including any other matching funds and the value of any noncash resources that will be included in the project. In the case of a proposal submitted jointly to the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board, the budget must reflect a 50/50 allocation of expenses to each program throughout.

For all applications, each and every item of direct expense to be incurred in the project shall be separately set forth, including all purchases of consumable or non-consumable goods or equipment, listing the disposition of all nonconsumable goods or equipment upon completion of the project; all travel by dates, purpose, destination, mode of transportation and rate; a full breakdown of other costs, if any, and the method used to calculate those costs. See also paragraph 11.

i. *Personnel*—Includes employed personnel. Those employed elsewhere should be listed as subcontractors or consultants in the contractual cost category. Provide detail of all personnel by name devoted to the project, their professional qualifications, the amount of time calculated by hours and the tasks to be performed by each of the named personnel.

iii. *Travel*—Calculate the costs for travel by considering destinations, number of trips, days traveling, transportation costs, estimated lodging and meal costs, and estimated mileage rate.

iv. *Supplies*—This could be anything from office supplies and software to education or field supplies.

v. *Contractual*—If contractual work will be involved with carrying out the work of the project, identify the total contractual expenses. When determining the total cost for this category, include the fees for the professional services, travel costs, lodging expenses, indirect costs as provided in paragraph 11, and any other related contractual expenses.

vi. *Other*—This category includes fees for conferences or meetings, facility and equipment rental costs, lodging and meal expenses, communication costs, speaker fees, publication costs and data collection.

f. Section 5, titled Industry Support, describing the extent of any support, participation and funding from this Commonwealth's wine industry, including any written confirmation of that support, participation or funding.

g. Due to limitations of Commonwealth equipment and considering that all Liquor Control Board grant communications will be conducted electronically, applicants should not use color in any tables, graphs, charts or other material elements of the proposals. Black and white or gray-scale should be used in such elements to ensure ongoing document integrity.

7. *Scoring of Applications.* The Pennsylvania Wine Marketing and Research Program Board will evaluate each complete and timely-filed project proposal and grant application it receives, which shall include a 100-point scale assessing:

a. Up to 20 points for the project needs statement.

e. Up to 20 points for support and participation from industry.

If any joint funding proposals are received per paragraph 1, the Wine Marketing and Research Board and the Pennsylvania Malt and Brewed Beverage Industry Promotion Board will each independently evaluate and score based on each board's criteria. For a recommendation for funding a joint proposal to be made to the Liquor Control Board, each Pennsylvania Wine Marketing and Research Program Board must independently approve the proposal for recommendation and then agree to joint funding with the other.

8. *Evaluation, Recommendations and Awards.* The Pennsylvania Wine Marketing and Research Program Board reserves the right to request modifications and/or clarifications of project proposals and grant applications, including but not limited to additional detail of purpose, reduced or modified budgets, and the like. Upon completion of evaluations, the Pennsylvania Wine Marketing and Research Program Board will prepare a record identifying each complete and timely filed project proposal and grant application received, and the numerical score assigned to each.

In the event of one or more recommendations to the Liquor Control Board to make and fund a grant, the

Pennsylvania Wine Marketing and Research Program Board will transmit to the Liquor Control Board the complete and final project proposal and grant application along with the score assigned by the Pennsylvania Wine Marketing and Research Program Board and any other information deemed relevant by the Pennsylvania Wine Marketing and Research Program Board or requested by the Liquor Control Board. Request will be made by the Pennsylvania Wine Marketing and Research Program Board that the Liquor Control Board respond to all recommendations for grant approval within 30 days. The Liquor Control Board's three-member board will vote on these recommendations at a public meeting, and the Liquor Control Board will directly contact those applicants whose proposals/applications are approved. The Liquor Control Board is responsible for notifying applicants whose projects were recommended by the Pennsylvania Wine Marketing and Research Program Board for Liquor Control Board funding, but which the Liquor Control Board determined not to fund.

a. *Term of Grants.* Grant Agreements will become effective on January 1, 2022, or the date of the last required Commonwealth approval, whichever is later (Effective Date).

Any jointly funded projects per paragraph 1 will require two separate grant agreements and two separate purchase orders with the Liquor Control Board, with funding split equally between Wine Marketing and Research funds and Malt and Brewed Beverage Industry Promotion funds. Grantees will be required to submit separate invoices for each funding stream, attributing half of each expenditure to each purchase order.

f. Final invoices shall be submitted to the Liquor Control Board within 60 days of contract end date as set forth in the Grant Agreement.

g. See Addendum 1 Grant Agreement for more details about the Liquor Control Board's grant administration practices.

9. *Progress Reports.* Progress reports are to include the deliverables from paragraph 6.e. and be delivered by e-mail to RA-AGCommodities@pa.gov and RA-LBACT39GRANTS@pa.gov no later than October 1, and April 1, every year for the duration of the project, or as requested by the Pennsylvania Wine Marketing and Research Program Board. Final reports should be submitted within 90 days of contract end date.

10. *Grant Agreement.* The Liquor Control Board will provide applicants with a grant agreement for Grantee's execution and return within 30 calendar days. The Liquor Control Board will obtain the required signature on the grant agreements, including any other required Commonwealth entities, and return a copy to the applicant. Unless otherwise stated in the executed grant agreement, no grant agreement is effective, and work should not begin until all required signatures have been applied to the grant agreement. Among the terms of the grant agreement shall be a requirement that the grant recipient provide the Pennsylvania Wine Marketing and Research

Program Board full and complete access to all records relating to the performance of the project and submit information as the Pennsylvania Wine Marketing and Research Program Board may require.

11. *Cost-Reimbursement Grant and Indirect Costs Cap.* Grants made hereunder do not require the applicant secure or devote a matching sum to the project. Payment of grant funds will occur on a reimbursement basis only. Grant awards may include an allowance for indirect costs of up to 10%. In the case of graduate student participation, reasonable stipends will be allowed, and tuition will not be allowed.

II. AGREEMENT

In consideration of the foregoing recitals, which are incorporated herein, and the mutual promises contained in this Grant Agreement, the Parties, intending to be legally bound, agree as follows:

1. SCOPE.

a. This Grant is for funding the Project Proposal and Grant Application (“the Project”) summarily described as follows and in more detail in the documents attached hereto and incorporated herein as Attachment G.

b. No increases to the funding amount or changes to the approved overall scope of work will be permitted under any circumstance; however, minor revisions to the Project timeline, methodology and/or budget(s) contained in Attachment G may be approved by the PLCB at its sole discretion upon review of Grantee’s written request and justification for same. Similarly, at the PLCB’s sole discretion and in consideration of exigent circumstances, the PLCB may authorize changes to specific elements of an approved scope of work.

By way of example only, if certain approved grant elements cannot be performed due to governmental restrictions related to a pandemic (e.g., in-person event), then Grantee may propose modifications to those elements (e.g., shift to virtual event), limited to what is reasonably necessary to achieve the approved project objectives and deliverables and within the original approved budget.

Grantee shall submit such requests via email to the PLCB’s resource account at RA-LBAct39Grants@pa.gov (“the Resource Account”), and the PLCB will respond to the request via the same Resource Account within ten calendar days of its receipt of the request.

2. OPERATIONAL REQUIREMENTS

a. All communications between the Grantee and the PLCB, including but not limited to questions, notifications, requests, and invoice submissions, shall be conducted via email to and from the PLCB’s aforementioned Resource Account. Grantee expressly accepts this method of electronic communication and is responsible to timely provide notice to the PLCB via the Resource Account if there are any changes or additions to the Grantee’s contact information. The PLCB will utilize best efforts to respond to all inquiries from Grantee within five business days of receipt of an email, except as otherwise provided herein.

b. In order to be issued an approved Purchase Order and to receive Grant funds, if the Grantee does not have a valid PLCB Oracle Supplier Registration Number (which is different than other Commonwealth supplier/vendor numbers), Grantee is required to register with the PLCB’s Supplier Unit using the following linked form which includes instructions: <https://www.lcb.pa.gov/JoinOurTeam/Documents/001698.pdf>.

3. EFFECTIVE DATE AND TERM

a. This Grant Agreement shall become effective on January 1, 2022 or on the date of the last required Commonwealth signature, whichever is later (the “Effective Date”). The Grant Activity Period, defined as the period of performance for which the Grantee can be reimbursed for activity performed in accordance with the Grant, shall be twelve months from the Effective Date for marketing, educational and/or promotions-related projects and eighteen months from the Effective Date for research projects. The Effective Date and the Grant Activity Period

will be set forth with specificity on the Notice to Proceed letter and the PLCB Purchase Order, which will be sent to Grantee via the Resource Account with the fully executed Grant Agreement.

b. No later than sixty days prior to the expiration of the Grant Activity Period, Grantee may electronically submit a request to the PLCB via the Resource Account to extend the Grant Activity Period in order to complete the Project without increasing the Grant funding. At its sole discretion and by issuance of a written notice to extend by the PLCB, the PLCB may extend the Grant Activity Period for no more than ninety days. This written notice of an approved extension will be emailed to the Grantee via the Resource Account within ten calendar days of the PLCB’s receipt of a compliant request. Except in the case of exigent circumstances as determined by the PLCB at its sole discretion, no additional extensions will be approved, although Grantee is not precluded from applying for a subsequent grant.

4. REIMBURSEMENT. The PLCB agrees to reimburse Grantee in the amount not to exceed \$ _____ for the purpose of completing the Project in accordance with the terms of this Grant Agreement. Payments hereunder may be made electronically through the Pennsylvania Electronic Payment Program, details of which are set forth and incorporated herein as Attachment A hereto. Under no circumstances will the PLCB reimburse the Grantee for any expenses incurred before the Effective Date or after the expiration date of the Grant.

5. CONTRIBUTION. The Grantee agrees to contribute and/or secure any additional necessary funds required to complete the Project, if any, in accordance with the terms of Attachment G.

6. PERMITTED EXPENDITURE.

a. Reimbursement funds provided by the PLCB shall be used for only those expenses outlined in this Grant Agreement, including its Attachments. The Grantee shall not purchase equipment of any type or kind under the terms of this Grant Agreement unless mandated by the nature of the work and explicitly approved by the PLCB in this Grant Agreement.

b. The Grantee expressly warrants that it shall request reimbursement of expenses solely allowable by the Grant Agreement. Should the PLCB determine that the Grantee is not using Grant funds exclusively in conformance with the Grant Agreement, the PLCB shall have the absolute right, in addition to any other rights provided herein or by law, to terminate this Grant Agreement and to demand the repayment/return of Grant funds. Failure of Grantee to repay/return such funds within ten business days of the PLCB’s written demand, sent electronically via the Resource Account, will result in referral of the matter to the Office of the Attorney General for investigation and possible prosecution.

7. INVOICING, RECORDS, REPORTS.

a. All payments of Grant funds hereunder shall be made on a reimbursement basis only and as set forth in the approved project budget in Attachment G. Invoices for expenses incurred shall be in accordance with Paragraph 6.

b. Grantee must electronically submit detailed reimbursement invoices to the Resource Account. The invoices must clearly indicate the PLCB Purchase Order number, the payee for each item, the total paid to that payee for each budget line item type for approved grant activities

for the quarterly invoice period, a brief description of the expense item, and the date such payment was issued. The PLCB expects that Grantee will include reasonable supporting documentation of these expenses as every reimbursement invoice is compared to the approved grant agreement package, which includes the final proposal documents, to ensure that the expenses were within the approved project scope, timeline and budget.

c. These invoices are to be submitted within thirty days of the end of each quarter during the Grant Activity Period for work performed and expenses paid during that quarter. If there was no work performed or expenses paid during a given quarter of the Grant Activity Period, Grantee is to communicate that fact via email to the Resource Account within thirty days of the end of that quarter. The PLCB shall reject any invoices received more than sixty days following the end of the Grant Activity Period and Grantee shall have no claim against the PLCB or the Commonwealth for same.

d. In the event that a reimbursement invoice as submitted does not permit the PLCB to adequately discern the appropriateness of the reimbursement request, then the Grantee will receive a request via the Resource Account for additional supporting documentation to substantiate the invoice submitted and the funds expended. Grantee will have ten calendar days to respond to the Resource Account.

e. Grantee is required to file timely progress reports to the Wine Board at RA-AGCommodities@pa.gov, including but not limited to a final report. Grantee should copy the PLCB's Resource Account at RA-LBAct39Grants@pa.gov when submitting progress reports to the Wine Board. The PLCB reserves the right to withhold payment otherwise due under the terms of this Grant Agreement for Grantee's failure to submit reports to the Wine Board, until the Wine Board advises the PLCB that such reports have been submitted. The Grantee is responsible for ensuring that its required reports are timely submitted directly to the Wine Board and acknowledges that the PLCB has no involvement in the Wine Board's statutory reporting requirements.

f. Records of all expenditures shall be maintained for a period of two years after expiration of the term of this Grant Agreement and shall be subject to audit by the PLCB and legally authorized officials of the Commonwealth of Pennsylvania. The Grantee shall provide the PLCB and the Commonwealth full and complete access to all records relating to the performance of any and all work hereunder and shall submit truthful and accurate information about the work performed hereunder if, and as, requested by the PLCB and/or the Commonwealth.

8. HOLD HARMLESS. The Grantee shall indemnify, hold harmless and defend the PLCB and the Commonwealth of Pennsylvania and their officers, employees and agents from and against any and all suits and judgments for damages for personal injury, death or damage to real or tangible personal property arising out of or in conjunction with the performance by the Grantee under this Grant Agreement and caused by the Grantee's negligence or intentional wrongful acts. This paragraph does not apply when the Grantee is a Commonwealth Agency, including but not limited to state-affiliated entities or state-related institutions.

b. The Grantee shall comply with all the terms, conditions and requirements set forth in the competitive grant solicitation posted on [Date] at [____ PaB. ____], which is incorporated by reference into this Grant Agreement as if fully set forth herein.

c. The Grantee agrees that in the performance of its obligations under this Grant Agreement it will comply with all applicable, federal, state and local laws and regulations. The Grantee expressly warrants that, as it relates to the performance of the Project that is the subject of this Grant Agreement, it shall at all times comply with the Pennsylvania Liquor Code, 47 P.S. § 1-101 et seq., and the PLCB's Regulations, 40 Pa. Code § 1.1 et seq.

d. Any forbearance by the PLCB in exercising any right or remedy hereunder or as otherwise afforded by applicable law shall not be a waiver of or preclude the exercise of any such right or remedy at any appropriate time.

e. The Grantee shall, in the performance of this Grant Agreement, act in an independent capacity and not as an officer, employee or agent of the PLCB or of the Commonwealth of Pennsylvania.

10. STATE TAX LIABILITY. The Grantee agrees that the Commonwealth of Pennsylvania may set-off the amount of any state tax liability or other debt of the Grantee or its subsidiaries, that is owed to the Commonwealth and not being contested on appeal, against any payments due the Grantee under this Grant Agreement.

11. TERMINATION AND ASSIGNMENT. If through any cause, the Grantee shall fail to fulfill in a timely and proper manner its obligations under this Grant Agreement, or in the event of violation of any of the covenants contained in this Grant Agreement, the PLCB thereupon has the right to terminate this Grant Agreement by giving thirty days written notice to the Grantee specifying the effective date of termination. If this Grant Agreement is so terminated, the Grantee shall be reimbursed for all expenses properly incurred under the terms of this Grant Agreement prior to receipt of notice, so long as Grantee properly submits valid invoices with supporting documentation within sixty days of the notice of termination. Failure by Grantee to timely submit final invoicing shall be considered a forfeiture of any claims to Grant funding. The Grantee shall not assign any interest to this Contract, nor shall any interest be transferred by novation or assignment without prior written consent of PLCB.

12. SEVERABILITY. The terms and provisions of this Grant Agreement are severable. In the event of the unenforceability or invalidity of any one or more of the terms, covenants, conditions or provisions of this Grant Agreement under federal, state or other applicable laws, such unenforceability or invalidity shall not render any other term, covenant, condition or provision hereof unenforceable or invalid.

13. ENTIRE AGREEMENT. This Grant Agreement constitutes the entire agreement between the parties. No amendment or modification hereof shall have any force or effect unless it is in writing and signed by all parties.

14. CONTINGENCY. The PLCB's obligation to make payments shall be subject to the availability and appropriation of funds.

15. APPLICABLE LAW. This Grant Agreement shall be governed by and interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania (without regard to any conflict of laws provisions) and the decisions of the Pennsylvania courts. The Grantee consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania, waiving any claim or defense that such forum is not convenient or proper. The Grantee agrees that any such court shall have in personam jurisdiction over it, and consents to service of process in any manner authorized by Pennsylvania law.

16. HEADINGS. All headings of the sections and subsections of this Agreement are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

IN WITNESS WHEREOF, the Parties hereto, with the intention of being legally bound hereby and each signatory having the requisite legal authority to bind its respective entity, have caused this Grant Agreement to be duly executed. If the signature below is submitted electronically or digitally, the signatory hereby expressly acknowledges and avers that he or she is the named individual and that he or she intends to sign this Grant Agreement document electronically or digitally.

NONDISCRIMINATION/SEXUAL HARASSMENT CLAUSE (Grants)**

The Grantee agrees:

1. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the Grant Agreement or any subgrant agreement, contract, or subcontract, the Grantee, a subgrantee, a contractor, a subcontractor, or any person acting on behalf of the Grantee shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the Pennsylvania Human Relations Act (PHRA) and applicable federal laws, against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

2. The Grantee, any subgrantee, contractor or any subcontractor or any person on their behalf shall not in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any of its employees.

3. Neither the Grantee nor any subgrantee nor any contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, in the provision of services under the Grant agreement, subgrant agreement, contract or subcontract.

4. Neither the Grantee nor any subgrantee nor any contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate against employees by reason of participation in or decision to refrain from participating in labor activities protected under the Public Employee Relations Act, Pennsylvania Labor Relations Act or National Labor Relations Act, as applicable and to the extent determined by entities charged with

such Acts' enforcement, and shall comply with any provision of law establishing organizations as employees' exclusive representatives.

5. The Grantee, any subgrantee, contractor or any subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees in writing of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily accessible and well-lighted places customarily frequented by employees and at or near where the Grant services are performed shall satisfy this requirement for employees with an established work site.

6. The Grantee, any subgrantee, contractor or any subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against any subgrantee, contractor, subcontractor or supplier who is qualified to perform the work to which the Grant relates.

7. The Grantee and each subgrantee, contractor and subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. The Grantee and each subgrantee, contractor and subcontractor further represents that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers' subject to Title VII of the Civil Rights Act of 1964, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The Grantee, any subgrantee, any contractor or any subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the granting agency and the Bureau of Diversity, Inclusion and Small Business Opportunities for the purpose of ascertaining compliance with the provisions of this Nondiscrimination/Sexual Harassment Clause.

8. The Grantee, any subgrantee, contractor or any subcontractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subgrant agreement, contract or subcontract so that those provisions applicable to subgrantees, contractors or subcontractors will be binding upon each subgrantee, contractor or subcontractor.

9. The Granter's and each subgrantee's, contractor's and subcontractor's obligations pursuant to these provisions are ongoing from and after the effective date of the Grant agreement through the termination date thereof. Accordingly, the Grantee and each subgrantee, contractor and subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the Grant agreement, it becomes aware of any actions or occurrences that would result in violation of these provisions.

10. The Commonwealth may cancel or terminate the Grant agreement and all money due or to become due under the Grant agreement may be forfeited for a violation of the terms and conditions of this

Nondiscrimination/Sexual Harassment Clause. In addition, the granting agency may proceed with debarment or suspension and may place the Grantee, subgrantee, contractor, or subcontractor in the Contractor Responsibility File.

Attachment C

CONTRACTOR INTEGRITY PROVISIONS

It is essential that those who seek to contract with the Commonwealth of Pennsylvania ("Commonwealth") observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth contracting and procurement process.

1. **DEFINITIONS.** For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this Section:

a. **"Affiliate"** means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or (c) the entities have a common proprietor or general partner.

b. **"Consent"** means written permission signed by a duly authorized officer or employee of the Commonwealth, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the Commonwealth shall be deemed to have consented by virtue of the execution of this contract.

c. **"Contractor"** means the individual or entity, that has entered into this contract with the Commonwealth.

d. **"Contractor Related Parties"** means any affiliates of the Contractor and the Contractor's executive officers, Pennsylvania officers and directors, or owners of 5 percent or more interest in the Contractor.

e. **"Financial Interest"** means either:

(1) Ownership of more than a five percent interest in any business; or

(2) Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.

f. **"Gratuity"** means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. The exceptions set forth in the Governor's Code of Conduct, Executive Order 1980-18, the 4 Pa. Code § 7.153(b), shall apply.

g. **"Non-bid Basis"** means a contract awarded or executed by the Commonwealth with Contractor without seeking bids or proposals from any other potential bidder or offeror.

2. In furtherance of this policy, Contractor agrees to the following:

a. Contractor shall maintain the highest standards of honesty and integrity during the performance of this contract and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern contracting or procurement with the Commonwealth.

b. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum,

the requirements of these provisions as they relate to the Contractor activity with the Commonwealth and Commonwealth employees and which is made known to all Contractor employees. Posting these Contractor Integrity Provisions conspicuously in easily accessible and well-lit places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.

c. Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this contract, except as provided in this contract.

d. Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this contract, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Contractor's financial interest prior to Commonwealth execution of the contract. Contractor shall disclose the financial interest to the Commonwealth at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than Contractor's submission of the contract signed by Contractor.

e. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

(1) been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;

(2) been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;

(3) had any business license or professional license suspended or revoked;

(4) had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and

(5) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Commonwealth will determine whether a contract may be entered into with the Contractor. The Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to immediately notify the Commonwealth in writing if at any time during the term of the contract it becomes aware of any event which would cause the Contractor's certification or explanation to change. Contractor acknowledges that the Commonwealth may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual

circumstances or were false or should have been known to be false when entering into the contract.

f. Contractor shall comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S. § 13A01 et seq.) regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the Section 1641 of the Pennsylvania Election Code (25 P.S. § 3260a).

g. When Contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor's Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a Commonwealth officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the Commonwealth contracting officer or the Office of the State Inspector General in writing.

h. Contractor, by submission of its bid or proposal and/or execution of this contract and by the submission of any bills, invoices or requests for payment pursuant to the contract, certifies and represents that it has not violated any of these Contractor Integrity Provisions in connection with the submission of the bid or proposal, during any contract negotiations or during the term of the contract, to include any extensions thereof. Contractor shall immediately notify the Commonwealth in writing of any actions for occurrences that would result in a violation of these Contractor Integrity Provisions. Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of the State Inspector General for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.

i. Contractor shall cooperate with the Office of the State Inspector General in its investigation of any alleged Commonwealth agency or employee breach of ethical standards and any alleged Contractor non-compliance with these Contractor Integrity Provisions. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor, upon the inquiry or request of an Inspector General, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Office of the State Inspector General to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refer to or concern this contract. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into in the course of the performance of this contract/agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between the Commonwealth and any such subcontractor, and no third-party beneficiaries shall be created thereby.

j. For violation of any of these Contractor Integrity Provisions, the Commonwealth may terminate this and

any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

Attachment D

AMERICANS WITH DISABILITIES ACT

a. Pursuant to federal regulations promulgated under the authority of The Americans with Disabilities Act, 28 C.F.R. § 35.101 et seq., the contractor understands and agrees that it shall not cause any person with a disability to be excluded from participation in this Contract or from activities provided for under this Contract on the basis of the disability. As a condition of accepting this contract, the Contractor agrees to comply with the "General Prohibitions Against Discrimination," 28 C.F.R. § 35.130, and all other regulations promulgated under Title II of The Americans with Disabilities Act which are applicable to the benefits, services, programs, and activities provided by the Commonwealth of Pennsylvania through contracts with outside contractors.

b. The Contractor shall be responsible for and agrees to indemnify and hold harmless the Commonwealth of Pennsylvania from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against the Commonwealth of Pennsylvania as a result of the Contractor's failure to comply with the provisions of subparagraph (a) above.

Attachment E

RIGHT TO KNOW LAW—GRANT PROVISIONS—8-K-1580

a. Grantee or Subgrantee understands that this Grant Agreement and records related to or arising out of the Grant Agreement are subject to requests made pursuant to the Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, ("RTKL"). For the purpose of these provisions, the term "the Commonwealth" shall refer to the granting Commonwealth agency.

b. If the Commonwealth needs the Grantee's or Subgrantee's assistance in any matter arising out of the RTKL related to this Grant Agreement, it shall notify the Grantee or Subgrantee using the legal contact information provided in the Grant Agreement. The Grantee or Subgrantee, at any time, may designate a different contact for such purpose upon reasonable prior written notice to the Commonwealth.

c. Upon written notification from the Commonwealth that it requires Grantee's or Subgrantee's assistance in responding to a request under the RTKL for information related to this Grant Agreement that may be in Grantee's or Subgrantee's possession, constituting, or alleged to constitute, a public record in accordance with the RTKL ("Requested Information"), Grantee or Subgrantee shall:

1. Provide the commonwealth, within ten (10) calendar days after receipt of written notification, access to, and copies of, any document or information in Grantee's or Subgrantee's possession arising out of this Grant Agreement that the Commonwealth reasonably believes is Requested Information and may be a public record under the RTKL; and

2. Provide such other assistance as the Commonwealth may reasonably request, in order to comply with the RTKL with respect to this Grant Agreement.

d. If Grantee or Subgrantee considers the Requested Information to include a request for a Trade Secret or Confidential Proprietary Information, as those terms are defined by the RTKL, or other information that Grantee or Subgrantee considers exempt from production under the RTKL, Grantee or Subgrantee must notify the Commonwealth and provide, within seven (7) calendar days of receiving the written notification, a written statement signed by a representative of Grantee or Subgrantee explaining why the requested material is exempt from public disclosure under the RTKL.

e. The Commonwealth will rely upon the written statement from Grantee or Subgrantee in denying a RTKL request for the Requested Information unless the Commonwealth determines that the Requested Information is clearly not protected from disclosure under the RTKL. Should the commonwealth determine that the Requested Information is clearly not exempt from disclosure, Grantee or Subgrantee shall provide the Requested Information within five (5) business days of receipt of written notice of the Commonwealth's determination.

f. If Grantee or Subgrantee fails to provide the Requested Information within the time period required by these provisions, Grantee or Subgrantee shall indemnify and hold the Commonwealth harmless for any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of Grantee's or Subgrantee's failure, including any statutory damages assessed against the Commonwealth.

g. The Commonwealth will reimburse Grantee or Subgrantee for any costs associated with complying with these provisions only to the extent allowed under the fee schedule established by the Office of Open Records or as otherwise provided by the RTKL if the fee schedule is inapplicable.

h. Grantee or Subgrantee may file a legal challenge to any Commonwealth decision to release a record to the public with the Office of Open Records, or in the Pennsylvania Courts, however, Grantee or Subgrantee shall indemnify the Commonwealth for any legal expenses incurred by the Commonwealth as a result of such a challenge and shall hold the Commonwealth harmless for any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of Grantee's or Subgrantee's failure, including any statutory damages assessed against the Commonwealth, regardless of the outcome of such legal challenge. As between the parties, Grantee or Subgrantee agrees to waive all rights or remedies that may be available to it as a result of the Commonwealth's disclosure of Requested Information pursuant to the RTKL.

i. The Grantee's or Subgrantee's duties relating to the RTKL are continuing duties that survive the expiration of this Grant Agreement and shall continue as long as the Grantee or Subgrantee has Requested Information in its possession.

Attachment F

Contractor Responsibility Provisions

For the purpose of these provisions, the term contractor is defined as any person, including, but not limited to, a bidder, offeror, loan recipient, Grantee or lessor, who has furnished or performed or seeks to furnish or perform, goods, supplies, services, leased space, construction or

other activity, under a contract, grant, lease, purchase order or reimbursement agreement with the Commonwealth of Pennsylvania (Commonwealth). The term contractor includes a permittee, licensee, or any agency, political subdivision, instrumentality, public authority, or other public entity in the Commonwealth.

1. The Contractor certifies, in writing, for itself and its subcontractors required to be disclosed or approved by the Commonwealth, that as of the date of its execution of this Bid/Contract, that neither the Contractor, nor any such subcontractors, are under suspension or debarment by the Commonwealth or any governmental entity, instrumentality, or authority and, if the Contractor cannot so certify, then it agrees to submit, along with its Bid/Contract, a written explanation of why such certification cannot be made.

2. The Contractor also certifies, in writing, that as of the date of its execution of this Bid/Contract it has no tax liabilities or other Commonwealth obligations, or has filed a timely administrative or judicial appeal if such liabilities or obligations exist, or is subject to a duly approved deferred payment plan if such liabilities exist.

3. The Contractor's obligations pursuant to these provisions are ongoing from and after the effective date of the Contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to inform the Commonwealth if, at any time during the term of the Contract, it becomes delinquent in the payment of taxes, or other Commonwealth obligations, or if it or, to the best knowledge of the Contractor, any of its subcontractors are suspended or debarred by the Commonwealth, the federal government, or any other state or governmental entity. Such notification shall be made within 15 days of the date of suspension or debarment.

4. The failure of the Contractor to notify the Commonwealth of its suspension or debarment by the Commonwealth, any other state, or the federal government shall constitute an event of default of the Contract with the Commonwealth.

5. The Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of State Inspector General for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the contractor. Such costs shall include, but shall not be limited to, salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.

DEPARTMENT OF AGRICULTURE

Temporary Order Designating Dangerous Transmissible Diseases

The Department of Agriculture (Department) issues this temporary order designating Chronic Wasting Disease (CWD), Viral Hemorrhagic Septicemia (VHS), the neurologic form of Equine Rhinopneumonitis or Equine Herpes Virus (EHV-1), *Brucella canis*, Tilapia lake virus (TiLV), *Streptococcus equi ssp. zooepidemicus* (*S. zooepidemicus*) in swine, Rabbit Hemorrhagic Disease (RHD), and *Leishmaniasis* as "dangerous transmissible diseases." These designations are made under the authority of the Domestic Animal Law (3 Pa.C.S. §§ 2301—2389).

This temporary order is the successor to a previous temporary order which was published in the June 20, 2020 *Pennsylvania Bulletin*. This temporary order will amend and replace the June 20, 2020 temporary order. The amendment adds an additional "dangerous transmissible disease," *Leishmaniasis*.

Under the Domestic Animal Law at, 3 Pa.C.S. § 2327(a) (relating to disease surveillance and detection), the Department has authority to monitor the domestic animal population of this Commonwealth to determine the prevalence, incidence and location of transmissible diseases of animals. Under the Domestic Animal Law at, 3 Pa.C.S. § 2321(d) (relating to dangerous transmissible diseases), the Department has authority to declare a disease that has not been specifically identified in that statute as a "dangerous transmissible disease" to be a dangerous transmissible disease through issuance of a temporary order making that designation. Under the authority of the Domestic Animal Law, set forth above, the Department hereby establishes the following diseases as "Dangerous Transmissible Diseases."

1. CWD

CWD is a disease of whitetail deer, elk and other cervids and is a member of the group of diseases known as transmissible spongiform encephalopathies (TSEs). Other more well-known TSEs are scrapie and bovine spongiform encephalopathy (BSE) or "mad cow" disease. All are thought to be caused by a protein that has converted to an abnormal infectious form known as a "prion." There is some evidence, in the case of BSE, that humans may become infected through consumption of meat products containing central nervous system tissues, thus there is a significant public health interest concerning all TSEs.

CWD has been identified in both captive and wild deer in this Commonwealth. The designation of CWD as a "dangerous transmissible disease" allowed the Department to facilitate the development and oversight of a surveillance program and quarantine orders that allowed for detection, tracing and containment of the CWD outbreak and allowed the Department to react and take action necessary to carry out its statutory duty under the Domestic Animal Law.

2. VHS

VHS virus is a serious pathogen of fresh and saltwater fish that is causing a disease in the Great Lakes region of the United States and Canada. VHS virus is a rhabdovirus (rod shaped virus) that affects fish of all size and age ranges. It does not pose any threat to human health. VHS can cause hemorrhaging of fish tissue, including internal organs, and can cause the death of

infected fish. Once a fish is infected with VHS, there is no known cure. Not all infected fish develop the disease, but they can carry and spread the disease to other fish. The World Organization of Animal Health has categorized VHS as a transmissible disease with the potential for profound socio-economic consequences.

3. Neurologic Form of EHV-1

EHV-1 is a highly contagious virus that is ubiquitous in horse populations worldwide. The age, seasonal and geographic distributions vary and are likely determined by immune status and concentration of horses. Infection with EHV-1 most commonly causes respiratory illness, characterized by fever, rhinopharyngitis and tracheobronchitis. Infection may also cause abortions in pregnant mares, following clinical or subclinical infection, and can be fatal to newborn foals. A further, infrequent clinical resultant effect of EHV-1 infection is the development of neurologic disease. Depending upon the location and extent of the lesions, signs of neurologic disease may vary from mild incoordination and posterior paresis to severe posterior paralysis with recumbency, loss of bladder and tail function, and loss of sensation to the skin in the perineal and inguinal areas, and even the hindlimbs. In exceptional cases, the paralysis may be progressive and culminate in quadriplegia and death.

Transmission of EHV-1 occurs by direct or indirect contact with infective nasal discharges, aborted fetuses, placentas or placental fluids. Transmission can occur by means of coughing or sneezing over a distance of up to 35 feet, as well as by direct contact with infected horses, feed and equipment.

There is currently no known method to reliably prevent the neurologic form of EHV-1 infection. Sound management practices, including isolation, are important to reduce the risk of infection with EHV-1. Maintaining appropriate vaccination protocols may also be prudent in an attempt to reduce the incidence of the respiratory form of EHV-1 infection, which may reduce the incidence of the neurologic form.

4. Canine Brucellosis (*Brucella canis*)

Canine brucellosis is an infectious disease of dogs caused by the *Brucella canis* (*B. canis*) bacteria. *B. canis* infection in breeding dogs is an important cause of reproductive failure, particularly in kennels. *B. canis* infection can result in abortions, stillbirths, epididymitis, orchitis and sperm abnormalities in breeding dogs. Infected dogs that have been spayed or neutered may develop other conditions such as ocular disease and discospondylitis.

Transmission of *B. canis* occurs through exposure to secretions during estrus or mating or by contact with infected tissues during birth or following abortion. In addition, infected dogs may spread the bacteria in blood, milk, urine, saliva, nasal and ocular secretions, and feces. Puppies can become infected in utero, during birth, through nursing, and by contact with contaminated surfaces. The bacteria can also be transmitted by fomites.

B. canis is considered to be a zoonotic organism, although its importance as a cause of human illness is still unknown. People in very close contact with infected dogs are thought to be more at risk of infection, including those who work in a breeding kennel, and veterinarians. Laboratory personnel handling the organism are also considered to have a higher risk of infection. The symptoms of this disease in humans are nonspecific and cases may not be reported. The 2012 National Association of State Public Health Veterinarians (NASPHV) document

“Public Health Implications of *B. canis* Infections in Humans” reports that there are documented cases of infection with *B. canis* leading to serious health problem. Those with compromised immune systems may be at higher risk of serious illness. Treatment with antibiotics may be effective.

Although infection in dogs can be treated with antibiotics, *B. canis* can persist in an animal even after treatment. Prevention is key, and all dogs entering a breeding kennel or used for breeding should first be test-negative or come from a brucella-negative source. Ongoing and regular testing is recommended, even in closed breeding facilities, and this is an essential component of recognition and prevention. Proper biosecurity and sanitation of breeding facilities is also recommended to prevent disease transmission. Infected puppies or dogs should not be purchased or adopted.

5. Tilapia lake virus (TiLV)

Tilapia lake virus (TiLV) is a serious viral pathogen of farmed and wild Tilapia which has caused large losses in farmed fish in other countries. This orthomyxo-like virus was detected in an aquaculture facility within the United States and spread to other fish farms before it was eradicated from the country. The entry of the virus was traced to the importation of infected fry (juvenile fish) from an endemic region.

Lesions associated with TiLV infection include discoloration, renal congestion, encephalitis, ocular degeneration and abdominal swelling. Mortality can range from 10 to 90%. Morbidity and mortality generally become apparent in farmed fish within 1 month of movement from the hatchery to grow-out cages—thus, the disease is commonly known as “tilapia one-month mortality syndrome.”

6. *Streptococcus equi subspecies zooepidemicus* (*S. zooepidemicus*) in swine

Streptococcus equi ssp. zooepidemicus (*S. zooepidemicus*) is an opportunistic bacteria that has recently caused major economic losses in the swine industry in China. Although *S. zooepidemicus* is most commonly known as the cause of severe respiratory or uterine infections in horses, it is able to infect many other species, including swine, cattle, rabbits, pigs, dogs, cats, and humans. In animals, symptoms can include fever, inflammation of lymph nodes, sepsis, mastitis, and bronchopneumonia.

To protect the swine industry in Pennsylvania, potential infections in swine should be investigated to determine how widespread this organism is in swine and to assist producers in reducing the risk of infection and spread of disease.

7. Rabbit Hemorrhagic Disease (RHD)

Rabbit hemorrhagic disease (RHD) is a fatal disease in rabbits and is considered a foreign animal disease in the United States. RHD is caused by a calicivirus and there are several strains which cause disease. Rabbit Hemorrhagic Disease Virus Serotype 2 (RHDV-2) has been detected in North America in recent years. RHDV-2 is highly contagious and affects both domestic and wild rabbits, including hares, jackrabbits and cottontails.

The virus causing RHD can be transmitted by direct contact with infected rabbits or indirectly through carcasses, food, water, and any contaminated materials, and it is very resistant to extreme temperatures. Infection may result in a peracute febrile disease which causes hepatic necrosis, enteritis, and lymphoid necrosis, followed by massive coagulopathy and hemorrhages in mul-

tiple organs. Rabbits often show few clinical signs and die within six to 24 hours after the onset of fever and may have blood visible around the nose from the internal hemorrhaging. Morbidity rate is often 100%, and the mortality rate is often 60%—90%.

RHD has not been shown to affect people or other mammals.

8. *Leishmaniasis*

Leishmaniasis is a zoonotic disease caused by infection with *Leishmania* parasites, affecting humans, dogs, and other mammals.

Leishmaniasis is most commonly reported in tropical and subtropical regions, including Asia, the Middle East, Africa, southern Europe, South and Central America, and southern Mexico. The disease has also been identified in foxhound populations in the United States and Canada and sporadic cases in other dogs have been reported in the United States.

Infection with *Leishmania* parasites can result in disease ranging from mild cutaneous lesions, a mucocutaneous form, or severe and often fatal visceral leishmaniasis in which internal organs such as the bone marrow, spleen, and liver may be affected. Approximately one million human cases, most with the cutaneous presentation, are reported worldwide annually. The visceral form of leishmaniasis is most often caused by the *Leishmania infantum* parasite in the Americas. The parasite is spread by infected female phlebotomine sandflies which feed on blood. The existence of competent insect vectors for *Leishmania* parasites in the United States has been documented and changing environmental factors may expand the geographic range of vectors in North America. Disease in humans caused by *Leishmania infantum* is reportedly a serious public health problem in those areas where canine leishmaniasis is endemic, and dogs have

been implicated as a reservoir of infection, transmitting the parasite to insect vectors when the insects take a blood meal. The importation of infected dogs to an area with competent vectors could lead to the spread of the parasite in animal and human populations.

Treatment may not clear the parasite, and recrudescence may occur. There is no vaccine available to prevent leishmaniasis in humans or other mammals.

DEPARTMENT OF BANKING AND SECURITIES

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of February 2021

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of February 2021, is 3 3/4%.

The interest rate limitations under the Commonwealth's usury statute were pre-empted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub.L. No. 96-221). Further pre-emption was instituted with the signing of Pub.L. No. 96-399, which overrode State interest rate

limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board or the United States Treasury, or both. The latest yield rate on long-term government securities is 1.35 to which was added 2.50 percentage points for a total of 3.85 that by law is rounded off to the nearest quarter at 3 3/4%.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101–6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Each of the Building 45 emergency generators will be restricted to 500 hours of operation per 12-month rolling period. The proposed engines incorporate lean-burn technology and are each equipped with turbochargers and aftercoolers to reduce NO_x emissions. The engines incorporate the following state-of-the-art combustion controls: electronic fuel injection, computer-controlled air supply, and controlled engine timing to optimize the combustion process. The generators will be subject to 40 CFR Part 60, Subpart JJJJ. Combined

emissions from the three generators will result in the following ton/year air contaminants: VOC—2.45; NO_x—3.50; CO—7.02; SO_x—0.007; PM/PM₁₀/PM_{2.5}—0.12; and HAP—0.85. The installation of these sources does not trigger NSR or PSD regulations for NO_x. However, the installation of these sources does trigger NSR for VOC on a 10-year look back from 2011 through 2020. This Plan Approval authorizes the transfer and use of the following VOC ERCs for offset purposes in accordance with 25 Pa. Code § 127.208(2):

<i>Source</i>	<i>Certified VOC ERCs (TPY)</i>
Merck, Sharp & Dohme West Point, Montgomery County	3.69 (ERC Registry)
Merck, Sharp & Dohme West Point, Montgomery County	1.12 (ERC Registry)
Exelon Generation Company, LLC Eddystone, Delaware County	5.81
Exelon Generation Company, LLC East Pikeland Township, Chester County	2.60
Exelon Generation Company, LLC Philadelphia, Philadelphia County	0.68
Quad Graphics, Inc. Atglen, Chester County	35.80

33.81 tons of the 49.7 tons of VOC ERCs will be used to offset proposed emission increases reflected under Plan Approval No. 46-0005AX, in accordance with 25 Pa. Code § 127.210 (relating to offset ratios). These VOC ERCs will provide emission offsets, at a ratio of 1.3 to 1, for emission increases of 26.01 tons of VOC. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91–96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30-days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30-days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. ACTIVE AND ABANDONED MINE OPERATIONS, DISTRICT MINING OPERATIONS

Request for Comment and Notice of Public Meeting.

*California District Mining Office, 25 Technology Drive,
Coal Center, PA 15423.*

Heritage Coal & Natural Resources, LLC, Shaw Mines Refuse Site **Permit No. 56180701, NPDES Permit No. PA0236489**, Summit and Elk Lick Townships, **Somerset County**.

California District Mining office has received a request for a public hearing concerning the application for the proposed Shaw Mines Refuse Site submitted by Heritage Coal & Natural Resources, LLC. In accordance with Governor Tom Wolf's emergency disaster declaration and based on advice from the Department of Health regarding the mitigation of the spread of the novel coronavirus (COVID-19), the DEP has scheduled a virtual public hearing for Wednesday, February 17, 2021, from 1:00 pm until 3:00 pm.

The draft NPDES permit includes effluent limitations for Outfalls 001 and 002 associated with the construction and operation of Shaw Mines Refuse Site:

Outfall 001 - Lat: 39° 47' 30.3" Long: -79° 03' 39.7"—
UNT 39266 of Casselman River

Outfall 002 - Lat: 39° 47' 30.3" Long: -79° 03' 39.7"—
UNT 39266 of Casselman River

The draft effluent limitations for the NPDES permit were published in the *Pennsylvania Bulletin* on September 19, 2020. The permit has not been issued and is pending. Copies of the draft NPDES permit and associated documents are on file for public review, by appointment, at the Department of Environmental Protection, District Mining Operations, 25 Technology Drive, California Technology Park, Coal Center, PA 15423, Phone: 724.769.1100.

The public hearing is being held at the request of Mountain Watershed Association and private citizens, to take testimony from citizens on the draft NPDES permit for the proposed Shaw Mines Refuse Site.

The new refuse disposal facility is proposed to be built in a location that was previously strip mined. The receiving stream is impaired for metals and pH and in a watershed that has a TMDL due to impacts from mining (Casselman River TMDL). This facility proposes a new mining related discharge to the impaired stream/watershed. The persons requesting the hearing believe DEP should be mitigating mining impacts in the area.

Individuals who wish to observe or present testimony at the hearing must contact community relations coordi-

nator Lauren Fraley at lfracley@pa.gov (421.442.4203) a minimum of 24 hours in advance of the event to reserve a time to present testimony. Individuals who register for the event will receive the link and instructions on how to join via email. Video demonstrations and screen sharing by witnesses will not be permitted. Testimony will be limited to three minutes. DEP asks that each organization designate one speaker per group and reminds those presenting that time may not be shared or relinquished to others. All comments, whether delivered orally during the virtual hearing or submitted in writing carry equal weight and consideration with DEP.

Final Technical Guidance; Minor Revision

DEP ID: 258-2182-773. **Title:** Management of Fill Policy. **Description:** A person placing solid waste onto the ground is generally required to obtain a permit under the Solid Waste Management Act (SWMA) (35 P.S. §§ 6018.101–6018.1003). A person is not required to obtain a permit under the SWMA if the person can demonstrate that the material qualifies as clean fill in accordance with the municipal and residual waste regulations, 25 Pa. Code §§ 271.101(b)(3) and 287.101(b)(6) (relating to permit requirement; and general requirements for permit). The Management of Fill Policy defines the universe of materials that qualify as “fill” and provides the Department’s procedures for determining whether fill is “clean fill,” as defined in the municipal and residual waste regulations in 25 Pa. Code §§ 271.1 and 287.1 (relating to definitions), respectively, or “regulated fill,” as defined in the policy.

The Department has made minor wording changes to pertinent portions of the Management of Fill Policy relating to the procedures for using fill that contains a concentration of total Polychlorinated biphenyls (PCB) greater than 2 parts per million (ppm) that may be subject to regulation under the Toxic Substances Control Act (15 U.S.C.A. §§ 2601–2697) and 40 CFR Part 761 (relating to polychlorinated biphenyls (PCBs) manufacturing, processing, distribution in commerce, and use prohibitions), which is administered and implemented by the United States Environmental Protection Agency (EPA). The revised policy recommends that users of fill containing a concentration of total PCBs greater than 2 ppm contact the EPA’s Region 3 office to determine whether fill can be used and obtain information relating to applicable procedures for collecting and analyzing samples.

Contact: Questions regarding this TGD can be directed to Ali Tarquino Morris at ra-epbenuseall@pa.gov or (717) 787-7381. Use “Management of Fill Policy” as the subject line in written communication.

Unemployment Compensation; Table Specified for Determination of Rate and Amount of Benefits

The purpose of this notice is to announce the Table Specified for the Determination of Rate and Amount of Benefits (Table) and the maximum weekly unemployment compensation (UC) benefit rate for the calendar year 2021.

The Table, contained in section 404(e)(1) of the Unemployment Compensation Law (law) (43 P.S. § 804(e)(1)), shall be extended or contracted annually to the point where the maximum weekly benefit rate for a calendar year equals 66 2/3% of the average weekly wage for the 36-month period ending on the previous June 30. 43 P.S. § 804(e)(2)(i). The Table was amended by the act of November 3, 2016 (P.L. 1100, No. 144) (Act 144), which imposed limitations on the maximum weekly benefit rate. For calendar year 2021, Act 144 limits the maximum weekly benefit rate to an amount that is no more than 2% of the maximum weekly benefit rate of the preceding year. 43 P.S. § 804(e)(2)(iii)(B). Because the maximum weekly benefit rate for calendar year 2020 was \$572, the maximum allowable weekly benefit rate for calendar year 2021 is \$583. As a result, the Department of Labor and Industry is extending the Table as published in this notice.

The Table, as amended by Act 144, was published at 47 Pa.B. 362 (January 21, 2017) and codified in 34 Pa. Code Chapter 65, Appendix A (relating to table specified for the determination of rate and amount of benefit). Under section 201(a) of the law (43 P.S. § 761(a)), section 404(e)(2) of the law and 34 Pa. Code § 65.111 (relating to benefit table), the Table for 2021 is being adopted by this notice and will be codified in 34 Pa. Code Chapter 65, Appendix A.

Under section 404(e)(2) of the law, this Table is effective for claimants whose benefit year begins on or after January 1, 2021.

Questions concerning this notice should be directed to William L. Trusky, Jr., Deputy Secretary for Unemployment Compensation Programs, 651 Boas Street, Room 1700, Harrisburg, PA 17121.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

Environmental Quality Board Regulation # 7-525 (IRRC # 3266)

Control of VOC Emissions from Gasoline Dispensing Facilities (Stage I and Stage II) December 30, 2020

We submit for your consideration the following comments on the proposed rulemaking published in the September 26, 2020 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (Act) (71 P.S. § 745.5b). Section 5.1(a) of the Act (71 P.S. § 745.5a(a)) directs the Environmental Quality Board (Board) to respond to all comments received from us or any other source.

1. Section 129.61a. Vapor leak monitoring procedures and other requirements for small gasoline storage tank emission control.—Economic or fiscal impacts; Clarity and lack of ambiguity; Implementation procedures.

In Subsection (k) (relating to low permeation hoses and enhanced conventional nozzles), the proposed regulation requires an owner or operator in Paragraph (2) to install enhanced conventional nozzles on each gasoline dispenser. Commenters assert that this requirement would have a negative fiscal impact on the owner or operator due to the high cost of these nozzles. Additionally, commenters state that the emission factor calculation for spillage does not account for nozzles with unreliable automatic shutoff mechanisms. We ask the Board to explain in the Preamble and Regulatory Analysis Form (RAF) of the final regulation how the benefits of enhanced conventional nozzles outweigh the negative fiscal and environmental impacts.

Subsection (o) (relating to record certifying the low permeation hoses and enhanced conventional nozzles) requires the owner or operator to maintain onsite at the gasoline dispensing facility a copy of the training schedule and written instructions. For this and other sections which require hard copies to be maintained onsite, would the Board allow electronic copies to meet these requirements? We ask the Board to revise the final form regulation or to explain why it is in the public interest to require hard copies to be maintained onsite.

2. Section 129.82a. Requirements to decommission a Stage II vapor recovery system.—Clarity and lack of ambiguity; Implementation procedures.

Under Subsection (g) (relating to retention of responsibilities under Section 129.61) and Subsection (h) (relating to retention of responsibilities under Section 129.61a), an existing decommissioned facility is subject to routine testing once in every 12-month period. Would the 12-month period begin with the effective date of publication of the final regulation or is the testing to take place once each calendar year? We ask the Board to clarify in the final regulation how the regulated community will satisfy this requirement.

3. Implementation procedures.

In response to Regulatory Analysis Form Question # 15 regarding who is affected by the regulation, the Board states that “small businesses that test vapor recovery systems exist, but it is impossible to determine their exact number” because “these companies are not required to register with the Department [of Environmental Protection (Department)].” However, the Board states that the regulation would require all testers and installers of vapor recovery equipment to be certified by the Department. How does the Board plan to publicize the certification requirement so that unregistered testers and installers are aware of the certification requirement? We ask the Board to explain in the Preamble and RAF of the final regulation how this requirement will be implemented.

4. Miscellaneous clarity.

In Section 121.1 (relating to definitions), does the term “Stage II vapor recovery system” include the terms “Stage II vacuum assist vapor recovery system” and “Stage II vapor balance vapor recovery system?” If so, we ask the Board to clarify the definition in the final form regulation.

GEORGE D. BEDWICK,
Chairperson
