READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

CLIENT-LAWYER RELATIONSHIP

Rule 1.8. Conflict of Interest: Current Clients: Specific Rules.

(j) A lawyer shall not have sexual relations with a client unless a consensual relationship existed between them when the client-lawyer relationship commenced. **“Sexual relations” includes, but is not limited to, communications of a sexual nature.**

Client-Lawyer Sexual Relationships

(17) The relationship between lawyer and client is a fiduciary one in which the lawyer occupies the highest position of trust and confidence. The relationship is almost always unequal; thus, a sexual relationship between lawyer and client can involve unfair exploitation of the lawyer’s fiduciary role, in violation of the lawyer’s basic ethical obligation not to use the trust of the client to the client’s disadvantage. In addition, such a relationship

presents a significant danger that, because of the lawyer’s emotional involvement, the lawyer will be unable to represent the client without impairment of the exercise of independent professional judgment. Moreover, a blurred line between the professional and personal relationships may make it difficult to predict to what extent client confidences will be protected by the attorney-client evidentiary privilege, since client confidences are protected by privilege only when they are imparted in the context of the client-lawyer relationship. Because of the significant danger of harm to client interests and because the client’s own emotional involvement renders it unlikely that the client could give adequate informed consent, this Rule prohibits the lawyer from having sexual relations with a client regardless of whether the relationship is consensual and regardless of the absence of prejudice to the client. **For purposes of this Rule, “communications of a sexual nature” means requesting or transmitting any content, images, audio, video, or messages that contain sexually explicit material or that are intended to arouse or gratify the sexual desire of the sender or recipient. Communications that contain sexually explicit content but are related to the client’s legal matter and are made in furtherance of the representation are not “communications of a sexual nature” for the purposes of this Rule.**

(18) Sexual relationships that predate the client-lawyer relationship are not prohibited. Issues relating to the exploitation of the fiduciary relationship and client dependency are diminished when the sexual relationship existed prior to the commencement of the client-lawyer relationship. However, before proceeding with the representation in these circumstances, the lawyer should consider whether the lawyer’s ability to represent the client will be materially limited by the relationship. See Rule 1.7(a)(2).

(19) When the client is an organization, paragraph (j) of this Rule prohibits a lawyer for the organization (whether inside counsel or outside counsel) from having a sexual relationship with a constituent of the organization who supervises, directs or regularly consults with that lawyer concerning the organization’s legal matters.

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT

Subpart A. PROFESSIONAL RESPONSIBILITY

CHAPTER 81. RULES OF PROFESSIONAL CONDUCT

Subchapter A. RULES OF PROFESSIONAL CONDUCT

§ 81.4. Rules of Professional Conduct.

The following are the Rules of Professional Conduct:

LAW FIRMS AND ASSOCIATIONS

Rule 5.5. Unauthorized Practice of Law; Multi-jurisdictional Practice of Law.

* * * * *

Comment:

* * * * *

(4) Other than as authorized by law or this Rule, a lawyer who is not admitted to practice generally in this jurisdiction violates paragraph (b) if the lawyer establishes an office or other systematic and continuous presence in this jurisdiction for the practice of law. Presence may be systematic and continuous even if the lawyer is not physically present here. Such a lawyer must not hold out to the public or otherwise represent that the lawyer is admitted to practice law in this jurisdiction. See also [**Rules 7.1(a) and 7.5(b)**] **Rule 7.1.**

* * * * *

(21) Paragraphs (c) and (d) do not authorize communications advertising legal services **to prospective clients** in this jurisdiction by lawyers who are admitted to practice in other jurisdictions. Whether and how lawyers may communicate the availability of their services **to prospective clients** in this jurisdiction is governed by Rules 7.1 to [**7.5**] **7.3.**

INFORMATION ABOUT LEGAL SERVICES

Rule 7.1. Communications Concerning a Lawyer's Services.

A lawyer shall not make a false or misleading communication about the lawyer or the lawyer's services. A communication is false or misleading if it contains a material misrepresentation of fact or law, or omits a fact necessary to make the statement considered as a whole not materially misleading.

Comment:

(1) This Rule governs all communications about a lawyer's services, including advertising [**permitted by Rule 7.2**]. Whatever means are used to make known a lawyer's services, statements about them must be truthful.

(2) [**Truthful**] **Misleading truthful** statements [**that are misleading**] are [**also**] prohibited by this Rule. A truthful statement is misleading if it omits a fact necessary to make the lawyer's communication considered as a whole not materially misleading. A truthful statement is [**also**] misleading if [**there is**] a substantial likelihood **exists** that it will lead a reasonable person to formulate a specific conclusion about the lawyer or the lawyer's services for which there is no reasonable factual foundation. **A truthful statement is also misleading if presented in a way that creates a substantial likelihood that a reasonable person would believe the lawyer's communication requires that person to take further action when, in fact, no action is required.**

(3) [**An advertisement**] **A communication** that truthfully reports a lawyer's achievements on behalf of clients or former clients may be misleading if presented so as to lead a reasonable person to form an unjustified expectation that the same results could be obtained for other clients in similar matters without reference to the specific factual and legal circumstances of each client's case. Similarly, an **unsubstantiated claim about a lawyer's or law firm's services or fees, or an unsubstantiated comparison of the lawyer's or law firm's services or fees with [the services or fees] those of other lawyers or law firms,** may be misleading if presented with such specificity as would lead a reasonable person to conclude that the comparison **or claim** can be substantiated. The inclusion of an appropriate disclaimer or qualifying language may preclude a finding that a statement is likely to create unjustified expectations or otherwise mislead the public.

(4) **It is professional misconduct for a lawyer to engage in conduct involving dishonesty, fraud, deceit or misrepresentation. See Rule 8.4(c).** See also Rule 8.4(e) for the prohibition against stating or implying an ability to **improperly** influence [**improperly**] a government agency or official or to achieve results by means that violate the Rules of Professional Conduct or other law.

(5) **Firm names, letterhead and professional designations are communications concerning a lawyer's services. A firm may be designated by the names of all or some of its current members, by the names of deceased or retired members where there has been a succession in the firm's identity or by a trade name if it is not false or misleading. A lawyer or law firm also may be designated by a distinctive website address, social media username or comparable professional designation that is not misleading. A law firm name or designation is misleading if it implies a connection with a government agency, with a deceased or retired lawyer who was not a former member of the firm, with a lawyer not associated with the firm or a predecessor firm, with a nonlawyer or with a public or charitable legal services organization. If a firm uses a trade name that includes a geographical name such as "Springfield Legal Clinic," an express statement explaining**

that it is not a public legal aid organization may be required to avoid a misleading implication.

(6) A law firm with offices in more than one jurisdiction may use the same name or other professional designation in each jurisdiction, but identification of the lawyers in an office of the firm shall indicate the jurisdictional limitations on those not licensed to practice in the jurisdiction where the office is located.

(7) Lawyers may not imply or hold themselves out as practicing together in one firm when they are not a firm, as defined in Rule 1.0(c), because to do so would be false and misleading.

(8) It is misleading to use the name of a lawyer holding a public office in the name of a law firm, or in communications on the law firm's behalf, during any substantial period in which the lawyer is not actively and regularly practicing with the firm.

(9) Rules 7.1 through 7.3 apply to a communication about a lawyer's nonlegal services. See Rule 5.7.

Rule 7.2. [Advertising] Communications Concerning a Lawyer's Services: Specific Rules.

(a) [Subject to the requirements of Rule 7.1, a] A lawyer may [advertise] communicate information regarding the lawyer's services through [written, recorded or electronic communications, including public media, not within the purview of Rule 7.3] any media.

[(b) A copy or recording of an advertisement or written communication shall be kept for two years after its last dissemination along with a record of when and where it was used. This record shall include the name of at least one lawyer responsible for its content.

(c) [(b) A lawyer shall not **compensate**, give or **promise** anything of value to a person for recommending the lawyer's services[,] except that a lawyer may [pay]:

(1) **pay** the reasonable [**cost**] **costs** of advertisements or [**written**] communications permitted by this Rule;

(2) **pay** the usual charges of a lawyer referral service or [**other**] legal service [**organization**] **plan**; and

(3) **pay** for a law practice in accordance with Rule 1.17.

(c) A lawyer may communicate the fact that the lawyer does or does not practice in particular fields of law. A lawyer shall not state or imply that the lawyer is a specialist in a particular field, except as follows:

(1) a lawyer who has been certified by an organization approved by the Supreme Court of Pennsylvania as a certifying organization in accordance with paragraph (d) may advertise the certification during such time as the certification of the lawyer and the approval of the organization are both in effect;

(2) lawyer who is currently certified as a specialist in a particular field of law under the regulations of the highest court of a state in which that lawyer

is licensed to practice may communicate that certification so long as the lawyer clearly designates the jurisdiction from which the certification was issued and, unless the lawyer is also certified as described in paragraph (1) above, the communication also states that the lawyer is not certified in Pennsylvania;

(3) a lawyer who is not certified as a specialist as described in paragraphs (1) or (2) above may not claim to be a specialist in a particular field of law unless the lawyer can objectively verify the claim based upon the lawyer's experience, specialized training or education, and the claim is not otherwise false or misleading in violation of Rule 7.1, see Comment (8);

(i) a lawyer who communicates a specialty under this paragraph (3) shall include a disclaimer stating that the lawyer is not certified in the claimed specialty;

(ii) a lawyer may not claim specialization in more than one field of law;

(4) a lawyer admitted to engage in patent practice before the United States Patent and Trademark Office may use the designation "patent attorney" or substantially similar designation; and

(5) a lawyer engaged in admiralty practice may use the designation "admiralty," "proctor in admiralty" or substantially similar designation.

(d) [No advertisement or public communication shall contain an endorsement by a celebrity or public figure.] Upon recommendation of the Pennsylvania Bar Association, the Supreme Court of Pennsylvania may approve for purposes of paragraph (c) an organization that certifies lawyers, if the Court finds that:

(1) advertising by a lawyer of certification by the certifying organization will provide meaningful information, which is not false, misleading or deceptive, for use of the public in selecting or retaining a lawyer; and

(2) certification by the organization is available to all lawyers who meet objective and consistently applied standards relevant to practice in the area of the law to which the certification relates.

The approval of the certifying organization shall be for such period not longer than five (5) years as the Court shall order, and may be renewed upon recommendation of the Pennsylvania Bar Association.

(e) An advertisement or public communication that contains a paid endorsement shall disclose that the endorser is being paid or otherwise compensated for his or her appearance or endorsement. **No advertisement or public communication shall contain an endorsement by a celebrity or public figure.**

(f) A non-lawyer shall not portray a lawyer or imply that he or she is a lawyer in any advertisement or public communication; nor shall an advertisement or public communication portray a fictitious entity as a law firm, use a fictitious name to refer to lawyers not associated together in a law firm, or otherwise imply that lawyers are associated together in a law firm if that is not the case. **An advertisement or public communication shall not contain a portrayal of a client by a non-client; the re-enactment of any events or**

scenes; or, pictures or persons, which are not actual or authentic, without a disclosure that such depiction is a dramatization.

[(g)] An advertisement or public communication shall not contain a portrayal of a client by a non-client; the re-enactment of any events or scenes; or, pictures or persons, which are not actual or authentic, without a disclosure that such depiction is a dramatization.

[(h)] **[(g)]** Every advertisement that contains information about the lawyer's fee shall be subject to the following requirements:

(1) Advertisements that state or indicate that no fee **[shall] will** be charged in the absence of recovery shall disclose that the client will be liable for certain expenses in addition to the fee, if such is the case.

(2) A lawyer who advertises a specific fee or hourly rate or range of fees for a particular service shall honor the advertised fee for at least ninety (90) days; provided that for advertisements in media published annually, the advertised fee shall be honored for no less than one (1) year following initial publication unless otherwise stated as part of the advertisement.

[(i)] **[(h)]** All advertisements and written communications shall disclose the geographic location, by city or town, of the office in which the lawyer or lawyers who will actually perform the services advertised principally practice law. If the office location is outside the city or town, the county in which the office is located must be disclosed.

[(j)] **[(i)]** A lawyer shall not, directly or indirectly (whether through an advertising cooperative or otherwise), pay all or any part of the costs of an advertisement by a lawyer not in the same firm or by any for-profit entity other than the lawyer's firm, unless the advertisement discloses the name and principal office address of each lawyer or law firm involved in paying for the advertisement and, if any lawyer or law firm will receive referrals from the advertisement, the circumstances under which referrals will be made and the basis and criteria on which the referral system operates.

[(k)] **[(j)]** A lawyer shall not, directly or indirectly, advertise that the lawyer or **[his or her] the lawyer's** law firm will only accept, or has a practice limited to, particular types of cases unless the lawyer or **[his or her]** law firm handles **[,] these types of cases** as a principal part of **[his, her or its] the lawyer's or law firm's** practice **[, all aspects of the cases so advertised from intake through trial. If a lawyer or law firm advertises for a particular type of case that the lawyer or law firm ordinarily does not handle from intake through trial, that fact must be disclosed]**. A lawyer or law firm shall not advertise as a pretext to refer cases obtained from advertising to other lawyers.

[(k)] Any communication made under this Rule must include the name and contact information of at least one lawyer or law firm responsible for its content.

Comment:

[(1)] To assist the public in learning about and obtaining legal services, lawyers should be allowed to make known their services not only through

reputation but also through organized information campaigns in the form of advertising. Advertising involves an active quest for clients, contrary to the tradition that a lawyer should not seek clientele. However, the public's need to know about legal services can be fulfilled in part through advertising. This need is particularly acute in the case of persons of moderate means who have not made extensive use of legal services. The interest in expanding public information about legal services ought to prevail over considerations of tradition. Nevertheless, advertising by lawyers entails the risk of practices that are misleading or overreaching.

[(2)] **[(1)]** This Rule permits public dissemination of information concerning a lawyer's **[name]** or **[firm] law firm's** name, address, email address, website, and telephone number; the kinds of services the lawyer will undertake; the basis on which the lawyer's fees are determined, including prices for specific services and payment and credit arrangements; a lawyer's foreign language ability; names of references and, with their consent, names of clients regularly represented; and other information that might invite the attention of those seeking legal assistance.

[(3)] Questions of effectiveness and taste in advertising are matters of speculation and subjective judgment. Some jurisdictions have had extensive prohibitions against television and other forms of advertising, against advertising going beyond specified facts about a lawyer, or against "undignified" advertising. Television, the Internet, and other forms of electronic communication are now among the most powerful media for getting information to the public, particularly persons of low and moderate income; prohibiting television, Internet, and other forms of electronic advertising, therefore, would impede the flow of information about legal services to many sectors of the public. Limiting the information that may be advertised has a similar effect and assumes that the bar can accurately forecast the kind of information that the public would regard as relevant. But see Rule 7.3(a) for the prohibition against a solicitation through a real-time electronic exchange initiated by the lawyer.

(4) Neither this Rule nor Rule 7.3 prohibits communications authorized by law, such as a notice to members of a class in class action litigation.

Record of Advertising

(5) Paragraph (b) requires that a record of the content and use of advertising be kept in order to facilitate enforcement of this Rule. It does not require that advertising be subject to review prior to dissemination. Such a requirement would be burdensome and expensive relative to its possible benefits, and may be of doubtful constitutionality.]

Paying Others to Recommend a Lawyer

[(6)] Subject to the limitations set forth **[(2)]** **Ex-cept as permitted** under paragraphs **[(c)]** and **[(j)]** **[(b)(1)—(b)(3)]**, a lawyer is **[allowed] not permitted** to pay **others** for **[advertising permitted by this Rule, but otherwise is not permitted to pay another**

person for] recommending the lawyer's services [or for channeling professional work in a manner that violates Rule 7.3]. A communication contains a recommendation if it endorses or vouches for a lawyer's credentials, abilities, competence, character, or other professional qualities. Directory listings and group advertisements that list lawyers by practice area, without more, do not constitute impermissible "recommendations."

(3) Paragraph [(c)(1), however,] (b)(1) allows a lawyer to pay for advertising and communications permitted by this Rule, including the cost of print [,] directory listings, on-line directory listings, newspaper ads, television and radio [air time] air-time, domain-name registrations, sponsorship fees, Internet-based advertisements, and group advertising. A lawyer may compensate employees, agents and vendors who are engaged to provide marketing or client-development services, such as publicists, public-relations personnel, business-development staff, television and radio station employees or spokespersons and website designers.

[Moreover, a] (4) A lawyer may pay others for generating client leads, such as Internet-based client leads, as long as the lead generator does not recommend the lawyer, any payment to the lead generator is consistent with Rules 1.5(e) (division of fees) and 5.4 (professional independence of the lawyer), and the lead generator's communications are consistent with Rule 7.1 (communications concerning a lawyer's services). To comply with Rule 7.1, a lawyer must not pay a lead generator that states, implies, or creates a reasonable impression that it is recommending the lawyer, is making the referral without payment from the lawyer, or has analyzed a person's legal problems when determining which lawyer should receive the referral. See Comment (2) (definition of "recommendation"). See also Rule 5.3 (duties of lawyers and law firms with respect to the conduct of nonlawyers) for the duties of lawyers and law firms with respect to the conduct of non-lawyers and Rule 8.4(a) (duty to avoid violating the Rules through the acts of another). [This restriction does not prevent an organization or person other than the lawyer from advertising or recommending the lawyer's services. Thus, a]

(5) A legal aid agency or prepaid legal services plan may pay to advertise legal services provided under its auspices. Likewise, a lawyer may participate in lawyer referral programs and pay the usual fees charged by such programs. [Paragraph (c) does not prohibit paying regular compensation to an assistant, such as a secretary, to prepare communications permitted by this Rule.] A "legal service plan" is a prepaid or group legal service plan or a similar delivery system that assists people who seek to secure legal representation.

(6) A lawyer who accepts assignments or referrals from a legal service plan or referrals from a lawyer referral service must act reasonably to assure that the activities of the plan or service are compatible with the lawyer's professional obligations. Legal service plans and lawyer referral services may communicate with the public, but such communication must be in conformity with these Rules. A

"lawyer referral service" is any person, group of persons, association, organization or entity that receives a fee or charge for referring or causing the direct or indirect referral of a potential client to a lawyer drawn from a specific group or panel of lawyers.

Communications About Fields of Practice

(7) Paragraph (c)(1) permits a lawyer to state that the lawyer is certified as a specialist in a field of law if such certification is granted by an organization approved by the Supreme Court of Pennsylvania. Paragraph (c)(2) permits a lawyer to state the lawyer is certified as a specialist under the regulations of the highest court of another state where the lawyer is licensed to practice, so long as the lawyer clearly states if the lawyer is not also certified in Pennsylvania. Certification signifies that an objective entity has recognized an advanced degree of knowledge and experience in the specialty area greater than is suggested by general licensure to practice law. Court approved certifying organizations may be expected to apply standards of experience, knowledge and proficiency to ensure that a lawyer's recognition as a specialist is meaningful and reliable. To ensure that consumers can obtain access to useful information about an organization granting certification, the name of the certifying organization must be included in any communication regarding the certification.

(8) Paragraph (c) of this Rule generally permits a lawyer to communicate that the lawyer does or does not practice in a particular area of law. Under paragraph (c)(3), a lawyer is permitted to state that the lawyer "concentrates in" or is a "specialist," practices a "specialty," or "specializes in" particular fields based on the lawyer's objectively verifiable experience, specialized training or education. Such communications are subject to the "false and misleading" standard applied in Rule 7.1 to communications concerning a lawyer's services. Authorizing such objectively verifiable statements comports with constitutional limitations on the regulation of commercial speech. Appropriate bases for a lawyer's claim of specialization under paragraph (c)(3) may include the proportion of the lawyer's practice devoted to the specialty, the years of experience practicing the specialty, the continued education acquired pertaining to the specialty, and the recency of the experience or education in the field of specialization.

(9) The Patent and Trademark Office has a long-established policy of designating lawyers practicing before the Office. The designation of Admiralty practice also has a long historical tradition associated with maritime commerce and the federal courts. A lawyer's communications about these practice areas are not prohibited by this Rule.

[Endorsements

(7) Paragraphs (d) and (e) require] (10) Paragraph (e) requires truthfulness in any advertising in which an endorsement of a lawyer or law firm is made. The prohibition against endorsement by a celebrity or public figure is consistent with the purpose of Rule 7.1 to avoid the creation of an unjustified expectation of a particular legal result on the part of a prospective client.

Portrayals

[(8)] (11) [Paragraphs] Paragraph (f) [and (g)], similarly, [require] requires truth in advertising when portrayals are made part of legal advertising. A portrayal, by its nature, is a depiction of a person, event or scene, not the actual person, event or scene itself. [Paragraphs] Paragraph (f) [and (g) were added to ensure] ensures that any portrayals used in advertising legal services are not misleading or overreaching. Creating the impression that lawyers are associated in a firm where that is not the case [was considered] is inherently misleading because it suggests that the various lawyers involved are available to support each other and contribute to the handling of a case. Paragraph (f) accordingly prohibits advertisements that create the impression of a relationship among lawyers where none exists, such as by using a fictitious name to refer to the lawyers involved if they are not associated together in a firm.

Disclosure of Fees and Client Expenses

[(9)] (12) Consistent with the public's need to have an accurate dissemination of information about the cost of legal services, paragraph [(h)] (g) requires disclosure of a client's responsibility for payment of expenses in contingent fee matters when the client will be required to pay any portion of expenses that will be incurred in the handling of a legal matter.

[(10)] (13) Under the same rationale, paragraph [(h)] (g) imposes minimum periods of time during which advertised fees must be honored.

Disclosure of Geographic Location of Practice

[(11)] (14) Paragraph [(i)] (h) requires disclosure of the geographic location in which the advertising lawyer's primary practice is situated. This provision seeks to rectify situations in which a person seeking legal services is misled into concluding that an advertising lawyer has his or her primary practice in the client's hometown when, in fact, the advertising lawyer's primary practice is located elsewhere. Paragraph [(i)] (h) ensures that a client has received a disclosure as to whether the lawyer he or she ultimately chooses maintains a primary practice located outside of the client's own city, town or county.

Disclosure of Payment of Advertising Costs

[(12)] (15) Paragraph [(j)] (i) prohibits lawyers and law firms from paying advertising costs of independent lawyers or other persons unless disclosure is made in the advertising of the name and address of each paying lawyer or law firm, as well as of the business relationship between the paying parties and the advertising parties.

[(13)] (16) Advertisements sponsored by advertising cooperatives (where lawyers or law firms pool resources to buy advertising space or time) are considered advertisements by each of the lawyers participating in the cooperative and accordingly will be subject generally to all of the provisions of these Rules on advertising. Advertising cooperatives have been referred to expressly in paragraph [(j)] (i) to make clear that references to "indirect" actions are intended to have a wide scope and include advertising cooperatives and similar arrangements. Thus, advertising cooperatives and similar arrangements are permissible, but only if the required disclosures are made. In the case of cooperative arrangements, the required disclosures must include the basis or criteria on which

lawyers or law firms participating in the cooperative will be referred cases, e.g., chronological order of calls, geographic location, etc.

[(14)] (17) Paragraph [(k)] (j) prohibits a lawyer from misleading the public by giving the impression in an advertisement that the lawyer or [his or her] the lawyer's law firm [specializes] practices in a particular area of the law unless the lawyer or [his or her] the law firm handles the type of case advertised as a principal part of the practice [of the lawyer or law firm]. For example, where a lawyer advertises for "personal injury cases" or "serious personal injury cases" or "death cases only" those types of cases must, in fact, constitute a principal part of the practice of the lawyer or [his or her] firm.

[(15)] (18) Paragraph [(k)] (j) also prohibits advertising for the primary purposes of obtaining cases that can be referred or brokered to another lawyer. Obviously, a lawyer is permitted and encouraged to refer cases to other lawyers where that lawyer does not have the skill or expertise to properly represent a client. However, it is misleading to the public for a lawyer or law firm, with knowledge that the lawyer or law firm will not be handling a majority of the cases attracted by advertising, to nonetheless advertise for those cases only to refer the cases to another lawyer whom the client did not initially contact. In addition, a lawyer who advertises for a particular type of case may not mislead the client into believing that the lawyer or law firm will fully represent that client when, in reality, the lawyer or law firm refers all of its non-settling cases to another law firm for trial.

Required Contact Information

(19) This Rule requires that any communication about a lawyer or law firm's services include the name of, and contact information for, the lawyer or law firm. Contact information includes a website address, a telephone number, an email address or a physical office location.

Rule 7.3. Solicitation of Clients.

(a) "Solicitation" or "solicit" denotes a communication initiated by or on behalf of a lawyer or law firm that is directed to a specific person the lawyer knows or reasonably should know needs legal services in a particular matter and that offers to provide, or reasonably can be understood as offering to provide, legal services for that matter.

[(a)] (b) A lawyer shall not solicit [in-person or by intermediary] professional employment [from a person with whom the lawyer has no family or prior professional relationship] by live person-to-person contact when a significant motive for the lawyer's doing so is the lawyer's or law firm's pecuniary gain, unless the [person contacted is a] contact is with a:

(1) lawyer [or has a]; or

(2) person who has a family, close personal, or prior professional relationship with the lawyer or law firm.

[The term "solicit" includes contact in-person, by telephone or by real-time electronic communication, but, subject to the requirements of Rule 7.1 and Rule 7.3(b), does not include written communi-

cations, which may include] **(c) A lawyer may utilize targeted, direct mail advertisements to solicit professional employment.**

[**(b)] (d) A lawyer [may contact, or send a written communication to, the target of the solicitation for the purpose of obtaining professional employment unless] shall not solicit professional employment even when not otherwise prohibited by paragraph (b), if:**

(1) the lawyer knows or reasonably should know that the physical, emotional or mental state of the [**person] target of the solicitation** is such that the person could not exercise reasonable judgment in employing a lawyer;

(2) the [**person] target of the solicitation** has made known to the lawyer a desire not to receive communications from the lawyer;

(3) the [**communication] solicitation** involves coercion, duress, or harassment; or

(4) the [**communication is a] solicitation is directed** to a party who has been named as a defendant or respondent in a domestic relations action. In such cases, the lawyer shall wait until proof of service appears on the docket before communication with the named defendant or respondent.

(e) This Rule does not prohibit communications authorized by law or ordered by a court or other tribunal.

(f) Notwithstanding the prohibitions in this Rule, a lawyer may participate with a prepaid or group legal service plan operated by an organization not owned or directed by the lawyer that uses live person-to-person contact to enroll members or sell subscriptions for the plan from persons who are not known to need legal services in a particular matter covered by the plan.

Comment:

(1) [**A solicitation is a targeted communication initiated by the lawyer that is directed to a specific person and that offers to provide, or can reasonably be understood as offering to provide, legal services. In contrast, a] Paragraph (b) prohibits a lawyer from soliciting professional employment by live person-to-person contact when a significant motive for the lawyer's doing so is the lawyer's or the law firm's pecuniary gain. A lawyer's communication [typically does not constitute] is not a solicitation if it is directed to the general public, such as through a billboard, an Internet banner advertisement, a website or a television commercial, or if it is in response to a request for information or is automatically generated in response to [Internet] electronic searches.**

(2) [**There is a potential for abuse when a solicitation involves direct in-person] "Live person-to-person contact" means in-person, face-to-face, live telephone [or] and other real-time [electronic contact by a lawyer with someone known to need legal services. These forms] visual or auditory person-to-person communications where the person is subject to a direct personal encounter without time for reflection. Such person-to-person contact includes**

text messages. Person-to-person contact does not include chat rooms or other written communications that recipients may easily disregard. A potential for overreaching exists when a lawyer, seeking pecuniary gain, solicits a person known to be in need of legal services. This form of contact [**subject] subjects a person to the private importuning of a trained advocate, in a direct interpersonal encounter. The person who may already feel overwhelmed by the circumstances giving rise to the need for legal services, may find it difficult to fully [to] evaluate all available alternatives with reasoned judgment and appropriate self-interest in the face of the lawyer's presence and insistence upon [being retained immediately] an immediate response. The situation is fraught with the possibility of undue influence, intimidation, and over-reaching.**

(3) [**This] The** potential for [**abuse] overreaching** inherent in [**direct in-person, live telephone or real-time electronic solicitation] live person-to-person contact**, justifies its prohibition, [**particularly] since lawyers have alternative means of conveying necessary information [to those who may be in need of legal services]. In particular, communications can be mailed or transmitted by email or other electronic means that [do not involve real-time contact and] do not violate other laws [governing solicitations]. These forms of communications [and solicitations] make it possible for the public to be informed about the need for legal services, and about the qualifications of available lawyers and law firms, without subjecting the public to [**direct in-person, telephone or real-time electronic] live person-to-person** persuasion that may overwhelm a person's judgment.**

(4) [**The use of general advertising and written, recorded or electronic communications to transmit information from lawyer to the public, rather than direct in-person, live telephone or real-time electronic contact, will help to assure that the information flows cleanly as well as freely. The contents of advertisements and communications permitted under Rule 7.2 can be permanently recorded so that they cannot be disputed and may be shared with others who know the lawyer. This potential for informal review is itself likely to help guard against statements and claims that might constitute false and misleading communications, in violation of Rule 7.1.] The contents of [direct in-person, live telephone or real-time electronic] live person-to-person contact can be disputed and may not be subject to third-party scrutiny. Consequently, they are much more likely to approach (and occasionally cross) the dividing line between accurate representations from those that are false and misleading.**

(5) There is far less likelihood that a lawyer would engage in [**abusive practices] overreaching** against a former client, or a person with whom the lawyer has a close personal or family relationship, or in situations in which the lawyer is motivated by considerations other than the lawyer's pecuniary gain. Nor is there a serious potential for [**abuse] overreaching** when the person contacted is a lawyer. Consequently, the general prohibition in Rule 7.3(a) is not applicable in those situations. [**Also, paragraph (a)] Paragraph (b)** is not intended to prohibit a lawyer from participating in constitutionally protected activities of public or charitable legal-service organizations or bona fide political, social, civic, fraternal,

employee or trade organizations whose purposes include providing or recommending legal services to their members or beneficiaries.

(6) **[But even permitted forms of solicitation can be abused. Thus, any]** A solicitation **[which]** that contains **false or misleading** information **[which is false or misleading]** within the meaning of Rule 7.1, **[which]** that involves coercion, duress or harassment within the meaning of **[Rule 7.3(b)(3)]** **Rule 7.3(d)(3)**, or **[which]** that involves contact with someone who has made known to the lawyer desire not to be solicited by the lawyer within the meaning of **[Rule 7.3(b)(2)]** **Rule 7.3(d)(2)** is prohibited. Moreover, if after sending a letter or other communication as permitted by Rule 7.2 the lawyer receives no response, any further effort to communicate with the recipient of the communication may violate the provisions of Rule 7.3(b). **Live, person-to-person contact of individuals who may be especially vulnerable to coercion or duress is ordinarily not appropriate, for example, the elderly, those whose first language is not English, or the disabled.**

(7) This Rule **[is]** **does** not **[intended to]** prohibit a lawyer from contacting representatives of organizations or groups that may be interested in establishing a group or prepaid legal plan for their members, insureds, beneficiaries or other third-parties for the purposes informing such entities of the availability of and details concerning the plan or arrangement which the lawyer or lawyer's firm is willing to offer. This form of communication is not directed to people who are seeking legal services for themselves. Rather, it is usually addressed to an individual acting in a fiduciary capacity seeking a supplier of legal services for others who may, if they choose, become prospective clients of the lawyer. Under these circumstances, the activity which the lawyer undertakes in communicating with such representatives and the type of information transmitted to the individual are functionally similar to and serve the same purpose as advertising permitted under Rule 7.2.

(8) In **[this instance]** **Rule 7.3(d)(4)**, the term "domestic relations actions" includes the actions governed by the Family Court Rules, *see* Pa.R.C.P. No. 1931(a), and actions pursuant to the Protection of Victims of Sexual Violence or Intimidation Act, *see* 42 Pa.C.S. §§ 62A03 *et seq.* In such cases, a defendant/respondent party's receipt of a lawyer's solicitation prior to being served with the complaint can increase the risk of a violent confrontation between the parties. The prohibition in **[RPC 7.3(b)(4)]** **RPC 7.3(d)(4)** against any solicitation prior to proof of service appearing on the docket is intended to reduce any such risk and allow for the plaintiff to take any appropriate steps.

(9) Communications authorized by law or ordered by a court or tribunal include a notice to potential members of a class in class action litigation.

(10) Paragraph (f) of this Rule permits a lawyer to participate with an organization which uses personal contact to enroll members for its group or prepaid legal service plan, provided that the personal contact is not undertaken by any lawyer who would be a provider of legal services through the plan. The organization must not be owned by or

directed (whether as manager or otherwise) by any lawyer or law firm that participates in the plan. For example, paragraph (f) would not permit a lawyer to create an organization controlled directly or indirectly by the lawyer and use the organization for the person-to-person solicitation of legal employment of the lawyer through memberships in the plan or otherwise. The communication permitted by these organizations must not be directed to a person known to need legal services in a particular matter, but must be designed to inform potential plan members generally of another means of affordable legal services. Lawyers who participate in a legal service plan must reasonably assure that the plan sponsors are in compliance with Rules 7.1, 7.2 and 7.3(d).

Rule 7.4. **[Communication of Fields of Practice and Specialization]** **[Reserved].**

[(a) A lawyer may communicate the fact that the lawyer does or does not practice in particular fields of law. A lawyer shall not state that the lawyer is a specialist except as follows:

(1) a lawyer admitted to engage in patent practice before the United States Patent and Trademark Office may use the designation "patent attorney" or a substantially similar designation;

(2) a lawyer engaged in admiralty practice may use the designation "admiralty," "proctor in admiralty," or a substantially similar designation;

(3) a lawyer who has been certified by an organization approved by the Supreme Court of Pennsylvania as a certifying organization in accordance with paragraph (b) may advertise the certification during such time as the certification of the lawyer and the approval of the organization are both in effect;

(4) a lawyer may communicate that the lawyer is certified in a field of practice only when that communication is not false or misleading and that certification is granted by the Supreme Court of Pennsylvania.

(b) Upon recommendation of the Pennsylvania Bar Association, the Supreme Court of Pennsylvania may approve for purposes of paragraph (a) an organization that certifies lawyers, if the Court finds that:

(1) advertising by a lawyer of certification by the certifying organization will provide meaningful information, which is not false, misleading or deceptive, for use of the public in selecting or retaining a lawyer; and

(2) certification by the organization is available to all lawyers who meet objective and consistently applied standards relevant to practice in the area of the law to which the certification relates.

The approval of the certifying organization shall be for such period not longer than five (5) years as the Court shall order, and may be renewed upon recommendation of the Pennsylvania Bar Association.

Comment:

(1) This Rule permits a lawyer to indicate areas of practice in communications about the lawyer's services; for example, in a telephone directory or

other advertising. If a lawyer practices only in certain fields, or will not accept matters except in such fields, the lawyer is permitted so to indicate. However, stating that the lawyer is a “specialist” is not permitted unless the lawyer has been certified as a specialist by a certifying organization approved under the procedure of paragraph (b). The standards in paragraph (b)(1) and (2) are intended to comply with the requirements for advertising claims of specialization set forth in *Peel v. Attorney Registration and Disciplinary Commission of Illinois*, 496 U.S. 91, 110 L.Ed.2d 83, 110 S.Ct. 2281 (1990).]

Rule 7.5. [Firm Names and Letterheads] [Reserved].

[(a) A lawyer shall not use a firm name, letterhead or other professional designation that violates Rule 7.1. A trade name may be used by a lawyer in private practice if it does not imply a connection with a government, government agency or with a public or charitable legal services organization and is not otherwise in violation of Rule 7.1. If otherwise lawful a firm may use as, or continue to include in, its name, the name or names of one or more deceased or retired members of the firm or of a predecessor firm in a continuing line of succession.

(b) A law firm with offices in more than one jurisdiction may use the same name or other professional designation in each jurisdiction, but identification of the lawyers in an office of the firm shall indicate the jurisdictional limitations on those not licensed to practice in the jurisdiction where the office is located.

(c) The name of a lawyer holding a public office shall not be used in the name of a law firm, or in communications on its behalf, during any substantial period in which the lawyer is not actively and regularly practicing with the firm.

(d) Lawyers shall not state or imply that they practice in a partnership or other organization unless that is the fact.

Comment:

(1) A firm may be designated by the names of all or some of its members, by the names of deceased members where there has been a continuing succession in the firm’s identity or by a trade name such as the “ABC Legal Clinic.” A lawyer or law firm may also be designated by a distinctive website address or comparable professional designation. Although the United States Supreme Court has held that legislation may prohibit the use of trade names in professional practice, use of such names in law practice is acceptable so long as it is not misleading. If a private firm uses a trade name that includes a geographical name such as “Springfield Legal Clinic,” an express disclaimer that it is a public legal aid agency may be required to avoid a misleading implication. It may be observed that any firm name including the name of a deceased partner is, strictly speaking, a trade name. The use of such names to designate law firms has proven a useful means of identification. However, it is misleading to use the name of a lawyer not associated with the firm or a predecessor of the firm, or the name of a nonlawyer.

(2) With regard to paragraph (d), lawyers sharing office facilities, but who are not in fact associated with each other in a law firm, may not denominate themselves as, for example, “Smith and Jones,” for that title suggests that they are practicing law together in a firm.]

Rule 7.7. [Lawyer Referral Service] [Reserved].

[(a) A lawyer shall not accept referrals from a lawyer referral service if the service engaged in communication with the public or direct contact with prospective clients in a manner that would violate the Rules of Professional Conduct if the communication or contact were made by the lawyer.

(b) A “lawyer referral service” is any person, group of persons, association, organization or entity that receives a fee or charge for referring or causing the direct or indirect referral of a potential client to a lawyer drawn from a specific group or panel of lawyers.

Comment:

(1) This Rule prevents a lawyer from circumventing the Rules of Professional Conduct by using a lawyer referral service or similar organization which would not be subject to the Rules of Professional Conduct. A lawyer may pay the usual charges of a lawyer referral service. A lawyer may not, however, share legal fees with a non-lawyer. See Rule 5.4(a).]

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 133]

Wildlife Classification; Birds

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its September 20, 2024, meeting amends § 133.21 (relating to classification of birds) to update the common and scientific name of Northern Goshawk (*Accipiter gentilis*) to American Goshawk (*Accipiter atricapillus*) on the Commonwealth's list of endangered birds.

This final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 54 Pa.B. 5621 (September 7, 2024).

1. Purpose and Authority

Based on current scientific findings and changes to accepted nomenclature, the Commission amends § 133.21 to update the common and scientific name of Northern Goshawk (*Accipiter gentilis*) to American Goshawk (*Accipiter atricapillus*) on the Commonwealth's list of endangered birds. Formerly considered a single species, goshawks in Europe and North America were split into separate species in the 64th Supplement to the American Ornithological Society's Checklist of North American Birds due to genetic and behavioral differences. The European species, Northern Goshawk (*Accipiter gentilis*), retained the original common and scientific names and the North American species, American Goshawk (*Accipiter atricapillus*) received new common and scientific names. These changes do not affect protection or management of goshawks within this Commonwealth but update the Commonwealth's list to reflect the current taxonomic resolution of each species, maintaining the agency's science-based approach to wildlife management.

Section 322(c)(8) of the code (relating to powers and duties of commission) specifically empowers the Commission to "[a]dd to or change the classification of any wild bird or wild animal." Section 2102(a) of the code (relating to regulations) provides that "[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 133.21 are adopted under this authority.

2. Regulatory Requirements

This final-form rulemaking amends § 133.21 to update the common and scientific name of Northern Goshawk (*Accipiter gentilis*) to American Goshawk (*Accipiter atricapillus*) on the Commonwealth's list of endangered birds.

3. Persons Affected

Persons concerned with the American Goshawk (*Accipiter atricapillus*) within this Commonwealth will be affected by this final-form rulemaking.

4. Comment and Response Summary

There were no official comments received on this final-form rulemaking.

5. Cost and Paperwork Requirements

This final-form rulemaking should not result in any additional cost or paperwork.

6. Effective Date

This final-form rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information about this final-form rulemaking, contact Jason L. DeCoskey, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202), referred to as the Commonwealth Documents Law, and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2 (relating to notice of proposed rulemaking required; and adoption of regulations).

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

Title 58—RECREATION**GAME COMMISSION****[58 PA. CODE CH. 147]****Special Permits; Falconry**

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its September 20, 2024, meeting amends § 147.103 (relating to classes) to decrease the minimum age eligibility threshold for a general class falconry permit from 18 years of age to 16 years of age.

This final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 54 Pa.B. 5622 (September 7, 2024).

1. Purpose and Authority

The Pennsylvania Falconry and Hawk Trust recently approached the Commission with a request to decrease the Commonwealth's minimum age eligibility threshold for a general class falconry permit from 18 years of age to 16 years of age. Under 50 CFR 21.82 (relating to falconry standards and falconry permitting), Federal regulations set the minimum age eligibility threshold at 16 years of age. While states cannot go below this threshold, they can raise the threshold higher. The Commonwealth historically maintained the minimum age eligibility threshold for a general class falconry permit at 18 years of age. The Commission has not identified a significant biological or safety concern that would necessitate maintaining the 18 years of age threshold. As a result, the Commission amends § 147.103 to decrease the minimum age eligibility threshold for a general class falconry permit from 18 years of age to 16 years of age.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to § 147.103 are adopted under this authority.

2. Regulatory Requirements

This final-form rulemaking amends § 147.103 to decrease the minimum age eligibility threshold for a general class falconry permit from 18 years of age to 16 years of age.

3. Persons Affected

Persons under 18 years of age who are interested in participating in falconry activities within this Commonwealth may be affected by this final-form rulemaking.

4. Comment and Response Summary

There were no official comments received on this final-form rulemaking.

5. Cost and Paperwork Requirements

This final-form rulemaking should not result in any additional cost or paperwork.

6. Effective Date

This final-form rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information about this final-form rulemaking, contact Jason L. DeCoskey, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202), referred to as the Commonwealth Documents Law, and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2 (relating to notice of proposed rulemaking required; and adoption of regulations).

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending § 147.103 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Executive Director of the Commission shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

PROPOSED RULEMAKING

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 503a, 815a AND 1119a]

Casino Self-Exclusion; Interactive Gaming Self-Excluded Persons; and Self-Exclusion

The Pennsylvania Gaming Control Board (board), under the authority of 4 Pa.C.S. §§ 1202(b)(30), 1516, 13B02(a)(12) and 3903, proposes to amend the self-exclusion provisions under Chapters 503a, 815a and 1119a, as outlined in Annex A.

Purpose of the Proposed Rulemaking

This proposed rulemaking standardizes the process for removals from self-exclusion lists and makes editorial corrections.

Explanation

The present self-exclusion under Chapter 503a (relating to casino self-exclusion) represents a framework which requires that after the selected self-exclusion period (1 or 5 years), an individual will remain on the self-exclusion list until they undertake affirmative steps to request removal. This is referred to in the field of compulsive and problem gambling as “active removal.” The regulatory framework governing the self-exclusion programs for the other lists (interactive gaming, fantasy contests and Video Gaming Terminals (VGT)) provide that when the time period selected has passed (1 or 5 years for interactive gaming or VGTs, or whatever number of years the individual selects for fantasy contests, the individual will automatically be removed from the respective self-exclusion list. This is referred to as “automatic removal.” The proposed regulatory revision will make consistent the removal process across all self-exclusion lists to a single, standardized process, wherein when the self-exclusion period has elapsed the individual will be automatically removed from the self-exclusion list.

Requiring individuals to take affirmative removal action after their selected period has elapsed results in individuals experiencing negative effects. Many individuals erroneously believe that once the time period selected for casino self-exclusion has passed, they are once again allowed to engage in gaming activities in this Commonwealth’s retail casinos. This comes from either not reading the self-exclusion paperwork that they sign clearly enough, or simply forgetting after several years that they must request removal. However, with these individuals remaining on the self-exclusion list, they are subject to trespass charges if caught in a licensed facility, and the confiscation of funds if they win while gaming.

This often results in individuals who incorrectly believed they were no longer on the self-exclusion list petitioning the board for the return of confiscated funds and winnings. Movement to a unified automatic removal process will eliminate confusion, reduce potential trespass actions and eliminate many administrative proceedings within the board relating to requests for the return of confiscated funds.

Finally, the proposed amendments incorporate editorial corrections of typographical errors discovered in the final published and codified regulatory language.

Fiscal Impact

Commonwealth. The board does not expect that this proposed rulemaking will have a fiscal impact on the board or other Commonwealth agencies. Alterations in workload created because of this proposed rulemaking will be handled by existing board staff.

Political subdivisions. This proposed rulemaking will not have a fiscal impact on political subdivisions of this Commonwealth.

Private sector. This proposed rulemaking is not anticipated to have a fiscal impact on the private sector.

General public. This proposed rulemaking will not have any fiscal impact on the general public.

Paperwork Requirements

The proposed amendments of this rulemaking do not alter paperwork requirements for licensees in their compliance with the board’s self-exclusion program. The proposed amendment offers some paperwork relief for individuals. Specifically, those individuals who have completed the time period they selected for self-exclusion from retail casinos will be removed from the self-exclusion list without needing to file paperwork requesting removal.

Effective Date

This proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*. The proposed amendments will not be applied retroactively. An individual who requests casino self-exclusion prior to the effective date of the final-form rulemaking will be required to comply with the current regulatory scheme and must request removal from the self-exclusion list. This is to ensure that any individual who previously signed up for the self-exclusion list will get the benefit of the bargain he or she agreed to when requesting self-exclusion.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin*. Public comments should be addressed to Robert Wood, Assistant Chief Counsel, Attention: Regulation # 125-250 Public Comment, Pennsylvania Gaming Control Board, 303 Walnut Street, 5th Floor, Harrisburg, PA 17101, or submitted by way of electronic mail, subject: Regulation # 125-250 to PGCBregs@pa.gov.

Public hearing. The Commission will conduct the public hearing virtually on November 6, 2024, beginning at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges and other projects that could have a substantial effect on the basin's water resources. A list of the projects scheduled for hearing, including project descriptions, along with links to draft docket approvals, will be posted on the Commission's web site at www.drbc.gov, in a long form of this notice at least 10 days before the hearing date.

Written comments on matters scheduled for hearing on November 6, 2024, will be accepted through 5 p.m. on Tuesday, November 12, 2024.

The public is advised to check the Commission's web site periodically during the 10 days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission's review. Items also may be added up to 10 days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission's review, which is ongoing.

Business meeting. The business meeting on December 5, 2024, will be held virtually beginning at 10:30 a.m. and will include: adoption of the minutes of the Commission's September 5, 2024, business meeting, announcements of upcoming meetings and events, a report on hydrologic conditions, reports by the Executive Director and the Commission's General Counsel and consideration of any items for which a hearing has been completed or is not required. The agenda is expected to include consideration of the draft dockets for withdrawals, discharges and other projects that were subjects of the public hearing on November 6, 2024.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to 1 hour of open public comment, an opportunity to address the Commission off the record on any topic concerning management of the Delaware River Basin's water resources outside the context of a duly noticed, on-the-record public hearing.

There will be no opportunity for additional public comment for the record at the December 5, 2024, business meeting on items for which a hearing was completed on November 6, 2024, or a previous date. Commission consideration on December 5, 2024, of items for which the public hearing is closed may result in approval of the item as proposed, approval with changes, denial or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public

input. Deferred items will be considered for action at a public meeting of the Commission on a future date.

Advance registration and sign-up for oral comment. Links for registration to attend and speak during the public hearing and for those who wish to speak during the open public comment session immediately following the business meeting will be posted at www.drbc.gov at least 10 days before each meeting date. DEPARTMENT OF AGRICULTURE

General Quarantine Order; 2025 Exhibition of Market Birds, Non-Poultry, Hatchlings, Feathers, and Eggs

Recitals

A. Avian influenza is designated a "dangerous transmissible disease" of animals under the provisions of the Domestic Animal Law (3 Pa.C.S.A. §§ 2301—2389), at 3 Pa.C.S.A. § 2321(a).

B. The Pennsylvania Department of Agriculture (Department) has broad authority under the Domestic Ani-

mal Law to regulate the keeping and handling of domestic animals in order to exclude, contain or eliminate dangerous transmissible diseases.

C. Avian Influenza has caused significant loss in the past to the Pennsylvania poultry industry and the current virulent forms of the disease have caused widespread loss to the poultry industry in states in which it has been detected and confirmed.

D. Certain influenza A viruses, including H5 and H7 viruses, can cause severe disease in poultry and other avian species and have also been identified as a cause of clinical disease in other animals, including dairy cattle, apacacs, juvenile goats, and others.

E. Highly Pathogenic Avian Influenza (HPAI) is of particular concern to the entire Pennsylvania poultry industry as it may cause widespread loss of poultry, severely limit the market for Pennsylvania product and cause severe economic damage to the poultry industry in Pennsylvania.

F. In February 2022 the United States Department of Agriculture (USDA) announced an outbreak of Highly Pathogenic Avian Influenza in a commercial poultry facility in the United States. Since then, additional outbreaks have been identified in commercial and backyard flocks in multiple states, including Pennsylvania.

G. In March 2024, an H5 influenza A virus was identified as a cause of a multistate outbreak of disease in dairy cattle. The ability of the H5 influenza A virus to be transmitted between poultry and cattle poses a threat to both the poultry and the cattle industries in Pennsylvania by threatening the safety or quality of the food supply and the economic wellbeing of the domestic animal and allied industries. In addition, H5 and H7 influenza A viruses in poultry and ruminants may pose a risk to public health due to their zoonotic potential.

H. The Department, under the provisions set forth in section 2329 (related to quarantine) of the Domestic Animal Law (3 Pa.C.S.A. § 2329) has the authority to establish three different types of quarantine orders—Interstate and International (3 Pa.C.S.A. § 2329(c)), General (3 Pa.C.S.A. § 2329(d)) and Special (3 Pa.C.S.A. § 2329(e)).

I. As set forth in section 2329(a) (relating to power to establish and enforce), the Department may establish a Quarantine Order, “Whenever a dangerous transmissible disease. . .exists anywhere within or outside of this Commonwealth, or whenever it is deemed advisable to test or treat any domestic animal upon the reasonable suspicion that it has contracted or been exposed to a dangerous transmissible disease. . .or whenever the testing or treatment of a domestic animal indicates that the domestic animal has been exposed to a dangerous transmissible disease. . .so as to render future accurate testing for recent exposure of that domestic animal to that dangerous transmissible disease. . .impractical or impossible, the department shall have the power to establish and enforce quarantines of any such infected, exposed, contaminated, suspected or susceptible domestic animal. In addition to the aforescribed domestic animals, a quarantine may apply to any goods, products, facilities, containers, vehicles or materials that may carry dangerous transmissible disease. . .and may be applied on or in or against any premises, area or locality as defined in this chapter.” (3 Pa.C.S.A. § 2329(a)).

J. The transportation of birds and avian products, and materials contacting birds, avian products, containers, conveyances and goods, in addition to the congregation of

birds and avian products at Venues and Fairs within the Commonwealth has the potential to transfer and spread Highly Pathogenic Avian Influenza.

K. Under the authority established in the Domestic Animal Law (3 Pa.C.S.A. §§ 2301—2389) and specifically the authority to establish general quarantine orders as set forth in section 2329 of the Domestic Animal Law (3 Pa.C.S.A. §§ 2329(a) and 2329(d)), the Pennsylvania Department of Agriculture (Department) hereby establishes a General Quarantine Order related to birds and avian products, at Venues and Fairs within the Commonwealth of Pennsylvania.

L. This General Quarantine Order is established to allow exhibition of birds and avian products which present a low risk of infection with avian influenza to backyard and commercial poultry and non-poultry flocks and dairy herds in Pennsylvania.

Order

1. The Department hereby enters a General Quarantine Order, incorporating the foregoing recitals as if fully set forth hereunder and establishing a temporary prohibition against the display, exhibit or presence of birds and avian products at any Venue or Fair within the Commonwealth of Pennsylvania unless the market birds, non-poultry, hatchlings, and avian products, including unfertilized and fertilized eggs and ornamental feathers, meet the standards established by section 8 (relating to general and initial standards) and section 9 (relating to specific standards) of this General Quarantine Order.

2. This General Quarantine Order is entered under authority of the Domestic Animal Law (3 Pa.C.S.A. § 2329) and § 1702 of the Administrative Code of 1929 (71 P.S. § 442), and establishes the following quarantine restrictions with respect to the presence or exhibition of birds and avian products at Venues and Fairs within the Commonwealth of Pennsylvania.

3. This General Quarantine Order repeals and rescinds the General Quarantine Order; Exhibition of Ornamental Feathers, Unfertilized Eggs, Market Poultry, and Feathers used for Arts and Crafts (54 Pa.B. 1682) (Saturday, March 30, 2024).

4. *Quarantine Area.* The area covered by this General Quarantine Order is the entire Commonwealth of Pennsylvania.

5. *Definitions.* The following terms when used in this General Quarantine Order have the following meanings:

A licensed veterinarian jointly accredited by USDA APHIS and the Department in the state the veterinarian is licensed to perform official duties on behalf of USDA APHIS or the Department in the state the veterinarian is licensed to practice veterinary medicine. See accreditation standards established by 9 CFR Parts 160 and 161 (relating to definition of terms; and requirements and standards for accredited veterinarians and suspension or revocation of such accreditation).

Avian Products. The term shall mean products of or made from domesticated fowl including chickens, turkeys, ostriches, emus, rheas, cassowaries, waterfowl, and game birds, (except doves and pigeons), including eggs, parts, and feathers.

health of the animal described therein, and validated by the chief livestock health official of the state of origin. A CVI shall be valid for 30 days following the date of inspection of the animal identified on the document. An accredited veterinarian completing a CVI shall forward a copy of the CVI to the PA Department of Agriculture within seven calendar days from the date of issue.

Market Birds. Birds destined for slaughter and moved directly from the exhibition facility to a Department or USDA licensed slaughter establishment.

Non-Poultry. Birds that are kept in a single household, the products of which are used within the same household exclusively, are not considered poultry, provided that they have no direct or indirect contact with poultry or poultry facilities. Birds that are kept in captivity for other reasons, including those that are kept for shows, racing, exhibitions, zoological collections, and competitions, and for breeding or selling for these purposes, as well as pet birds, are not considered poultry, provided that they have no direct or indirect contact with poultry or poultry facilities.

Poultry. All birds reared or kept in captivity for the production of any commercial animal products or for breeding for this purpose, fighting cocks used for any purpose, and all birds used for restocking supplies of game or for breeding for this purpose, until they are released from captivity.

Venue or Fair. Any Fair, show, exhibition, or other such venue within the Commonwealth of Pennsylvania which is sponsored by or receives funding from the Pennsylvania Department of Agriculture or receives funding pursuant to the Pennsylvania Agricultural Fair Act (act of July 8, 1986, P.L. 437, No. 92) (3 P.S. §§ 1501—1510).

6. *Purpose.* This General Quarantine Order allows for a proactive and deterrent approach to prevent the spread of Highly Pathogenic Avian Influenza related to the exhibition of birds or avian products at Pennsylvania Venues or Fairs while allowing limited exhibition of certain birds and avian products.

7. *Prohibition.* Notwithstanding the provisions of the General Quarantine Order; Cancellation of Exhibition of Poultry and Their Hatching Eggs Due to Highly Pathogenic Avian Influenza (52 Pa.B. 2223) (Saturday, April 16, 2022) this General Quarantine Order provides special standards under which the complete prohibitions established under 52 Pa.B. 2223 may be overcome. During the time period this General Quarantine Order is in effect, no poultry, market birds, non-poultry, hatchlings, or avian products, including unfertilized and fertilized eggs and ornamental feathers, shall be transported to, brought onto the premises of or displayed or exhibited or present at any Venue or Fair within the Commonwealth of Pennsylvania that is sponsored by or receives funding from the Pennsylvania Department of Agriculture or receives funding pursuant to the Pennsylvania Agricultural Fair Act (act of July 8, 1986, P.L. 437, No. 92)

(3 P.S. §§ 1501—1510) unless the poultry, market birds, non-poultry, hatchlings, and avian products, including unfertilized and fertilized eggs and ornamental feathers, meet the standards established by section 8 (relating to general and initial standard) and section 9 (relating to specific standards) of this General Quarantine Order.

8. *General and Initial Standards.* Market birds, non-poultry, hatchlings, and avian products, including unfertilized and fertilized eggs and ornamental feathers, as defined in this General Quarantine Order and as regulated under this section 8 and section 9 below may only be shipped into or within the Commonwealth of Pennsylvania and brought onto the premises of, or displayed or exhibited or present at any Venue or Fair, if the Department has determined that:

(a) The location of the Venue or Fair is not within an active HPAI control area (control zone) as described in the General Quarantine Order; Virus Control for Highly Pathogenic Avian Influenza Poultry, Poultry Litter, Conveyances, Feed, Refuse, Containers and Material Standards (52 Pa.B. 2597) (Saturday, April 30, 2022).

Special Conditions: Potential Impacts to EV Wetlands. 1. The permittee shall monitor water table elevations daily at each monitoring well identified in the approved PCSM Plan for EV wetlands for a minimum of five years. Reports providing water table elevations shall be submitted to DEP every six months, beginning in (October of the 2nd year of coverage). These reports shall be submitted by October 31st and April 30th each year. All monitoring wells should confirm the presence of a water table no deeper than 12-inches below the ground surface for a period of at least 14 consecutive days during the growing season (April 1—October 1 annually) at a minimum frequency of 3 of the 5 monitoring years, unless a longer timeframe for monitoring is extended by DEP in writing. If a water table is not observed at the previously stated depth and/or for a duration of at least 14 consecutive days in 3 of 5 monitoring years (or in accordance with an alternate monitoring timeframe approved by DEP in writing), the wetland will be considered adversely impacted by the project, unless information and/or data provided to DEP demonstrates otherwise and DEP concurs that the project did not adversely impact the wetland. 2. The permittee shall provide DEP with a running comparison of monitoring data for pre-construction and post-construction monitoring every six months, beginning in (October of the 3rd year after the date of coverage). These monitoring data reports shall be submitted by October 31st and April 30th each year. If the ground water table elevation is found to be lower in post-construction monitoring for the same time period, the wetland will be considered adversely impacted by the project, unless information and/or data provided to DEP demonstrates the cause is unrelated to the project and DEP concurs that the project did not adversely impact the wetland. 3. The permittee shall delineate the boundaries of the EV wetlands in the years (5 years from date of coverage) and (7 years from the date of coverage) using the Army Corps of Engineers' 1987 Wetland Delineation Manual and Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Eastern Mountains and Piedmont Region (Version 2.0). These wetland delineations shall be submitted to DEP on or before April 30th in the 5th year of permit coverage and on or before the permit expiration or termination date of this permit or the 7th year of permit coverage whichever is sooner, unless an alternate timeframe for submission of these delineations is approved by DEP in writing. Boundaries shall be surveyed and compared to the boundaries outlined on the approved plans. The data shall be submitted to DEP on or before April 30th of each year, beginning in (October of the 3rd year after the date of coverage). If a reduction in size of the wetland of greater than 0.05 acre is observed, the wetland will be considered adversely impacted by the project, unless a clear and unrelated cause of the reduction in size is demonstrated and DEP concurs that the project did not adversely impact the wetland. 4. The permittee shall provide reports identifying plant species in the EV wetlands during the growing season once a year for five years beginning in (April of the 3rd year after the date of coverage). Any observed reduction in the number of different species having a wetland indicator status of (identify indicator status appropriate for the wetland in question) shall be clearly identified in the report. If a reduction is observed, the wetland will be considered adversely impacted by the project unless another clear cause of the reduction in diversity is identified and DEP concurs that the project did not adversely impact the wetland. 5. The permittee shall inspect monitoring wells, including water level loggers, at least monthly to ensure that they are not damaged and are functioning properly. If a damaged or malfunctioning well is identified, DEP shall be contacted immediately in writing, and the well shall be restored to its design specifications within two weeks, unless weather conditions do not permit and/or is otherwise extended in writing by DEP. 6. In the event that the water table falls below the bottom of a monitoring well and the water level logger in that well becomes inoperable, the well shall be inspected at a minimum of once every two weeks and the data logger shall be re-installed once the water table is again observed in the well. 7. DEP may require the monitoring period to be extended to confirm or disprove potential adverse impacts to EV wetlands. DEP will review the monitoring information submitted by the permittee and if DEP determines that the EV wetlands have been adversely impacted, the permittee shall submit to DEP for review and approval a narrative identifying the cause(s) of the impact and plans to correct it within 3 months after DEP has determined that the wetlands have been adversely impacted. If the cause(s) cannot be identified or if correction of the impact is deemed infeasible, the permittee shall submit to DEP for review and approval plans and a schedule to create (identify required mitigation area) acres of (identify the wetland mitigation required) wetlands in or along the floodplain of (identify the receiving stream) or one of its tributaries within 6 months of DEP's determination of an adverse impact, unless an alternate location for wetland creation is approved and/or this deadline is extended in writing by DEP. Construction of the replacement wetlands shall begin no later than one year after DEP's determination of an adverse impact, unless an alternate deadline is established in writing by DEP.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publica-

tion will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Notice is hereby given pursuant to 25 Pa. Code §§ 127.44(b) and 127.424(b), that the Pennsylvania Department of Environmental Protection (DEP) intends to issue Plan Approval 24-00083AC to Mersen USA GS Corp for their St. Marys facility located at 1032 Trout Run Road, City of St. Marys, Elk County. The Plan Approval will subsequently be incorporated into the facility's Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval 24-00083AC authorizes the installation and temporary operation of new pulverizing equipment with dust collection. On February 26, 2024, the Department received Mersen USA's Plan Approval. Application and have developed Plan Approval 24-00083AC to address the changes Mersen USA is making to their St. Marys facility.

Proposed Plan Approval 24-00083AC will reestablish emission limits associated with the pulverizer. Final limits will not exceed the values used by Mersen USA in the PSD/NSR netting analysis performed in conjunction with Plan Approval 24-00083AC. The Plan Approval authorizes a 1.05 tpy increase in allowable PM₁₀ and a 0.60 tpy increase in allowable PM_{2.5} emissions. The Plan Approval authorizes that no person may permit the emission into the outdoor atmosphere of particulate matter in a manner that the concentration of particulate matter in the effluent gas exceeds 0.02 grain per dry standard cubic foot (gr/dscf). Proposed BAT for this installation will be the use of dust collection with fabric filters for the control of PM. The Plan Approval will contain additional reporting, recordkeeping, and work practice requirements designed to keep the facility operating within all applicable air quality requirements.

14-00002U, Graymont (PA), Inc., 375 Graymont Road, Bellefonte, PA 16823, Benner Township, Spring Township, **Centre County**. Application received: July 12, 2023. The Department plans to issue a major Title V facility plan approval application for the Graymont (PA), Inc. facility to establish the proposed Synthetic Minor HAP HCl emission limitations as well as other Federally enforceable permit conditions for their lime kiln and other individual HAP sources onsite at the Pleasant Gap, Bellefonte and Con-Lime locations. The authorization is also for reclassifying the kilns as an area source of Hazardous Air Pollutant (HAP) by the first major compliance date of EPA's new Lime MACT standards (40 CFR Part 63 subpart AAAAA (5A)). The contact regarding this

facility's plan approval application is John Maitland, Director North American E.H.S. Corp. Affairs, Graymont (PA), Inc., 375 Graymont Road, Bellefonte, PA 16823. The existing sources associated with the Graymont facility are located in Benner and Spring Townships, Centre County and it will continue to be a major Title V stationary source for other pollutants. As previously noted, the facility's plan approval application will limit HCl emissions from the existing lime kiln operations associated with Source IDs P408, P413 and P418, along with the other sources on a facility wide basis. The following is a description of the proposed conditions pursuant to 25 Pa. Code § 127.12b, relating to plan approval terms and conditions: The initial and rolling 12-month totals for HCl and combined HAPs emissions shall not exceed 9.95 and 24.9 tons in any twelve consecutive month period, respectively, on a combined, facility wide basis. Additionally, each other HAP emitted by the existing facility will be subject to limitation to ensure compliance. Additionally, Department-approved HCl CEMS monitoring will be required on each of the kilns associated with Source IDs P408, P413 and P418, as well as other performance testing to verify that the rates specified in the facility's plan approval application are representative. The Phase I application shall be submitted in accordance with 25 Pa. Code Chapter 139, including the Department's Continuous Source Monitoring Manual (CSMM). Moreover, the required HCl CEMS monitoring shall be installed and operated no later than 18 months after the date of plan approval issuance unless otherwise a written extension and justification are submitted and approved by the Department. In addition, the total HAP emissions calculations on a facility wide basis will also be required, along with the monitoring, recordkeeping and reporting consistent with all applicable requirements to verify compliance with the Synthetic Minor HAP proposal's specification submitted to the Department. As previously noted, the facility is a major Title V facility. Upon the sources establishing and maintaining compliance with the plan approval and all other applicable regulatory requirements, an operating permit modification shall be submitted to the Department. The Department reserves the authority to request a Title V operating permit modification application to incorporate the plan approval, rather than an administrative amendment, to ensure that the plan approval compliance requirements are incorporated in a manner consistent with 25 Pa. Code Chapter 127, Subchapters F and G, relating to the regulations on operating permits and Title V permits. All applicable requirements are derived from 25 Pa. Code Chapters 121—145 relating to Air Resources. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-3636.

56-00298, Garrett Limestone Co., Inc., 3307 Garrett Rd, Garrett, PA 15542, Black Township, Summit Township, **Somerset County**. Application received: June 6, 2023. Natural Minor Operating Permit is for a facility that produces limestone and crushed stone and is located in Black and Summit Townships, Somerset County. In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) has received an application and is providing notice that it intends to issue a renewed, facility-wide, State Only Operating Permit for the facility previously mentioned. Sources of emissions at the site consist of a stationary limestone processing plant, a sand/wash plant, and a 66 HP Caterpillar diesel engine. Emissions at the facility are primarily particulate matter (PM) emissions. PM emissions are controlled by water sprays. Emission estimates were provided by the applicant based on the EPA's AP-42 tables for the processing plants, material handling, and Tier 4 emission standards for diesel engine. Emissions shall not exceed 2.23 tons per year (TPY) NO_x + NMHC, 2.37 TPY CO, 0.59 TPY SO_x, 35.63 TPY PM₁₀, 105.02 TPY PM. It should be noted that PM (not PM₁₀) is a non-regulated NSR pollutant. At a minimum, the facility is required to conduct daily surveys of the site to ensure compliance with visible, fugitive, and malodor emission requirements and maintain records of those

surveys. In addition, fugitive particulate matter (PM) does not count towards a Title V determination per the definition of a Title V facility in 25 Pa. Code § 121.1. The air quality permit includes operation requirements, monitoring requirements, and recordkeeping requirements for the site. Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Natural Minor State-Only Operating Permit may submit the information to Tom Joseph, Environmental Engineering Manager, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit Chief, at the previously listed address. All comments must be received prior to the close of business 30 days after the date of this publication. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse

disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

Construct and maintain a new and additional, concrete stormwater inlet box to be connected to the inlet previously described in item 4 with approximately 6 LF of 30" PVC, to convey the UNT-2, resulting in a net loss of 6 LF of open channel. In addition, to place and maintain an additional 20-LF of grouted rock within UNT-2, upstream of the new and additional inlet, consisting of Class R-7 choked with R-4. Including the impacts from item 4, previously listed, the combined permanent watercourse impact to UNT-2 will be 103 LF, and with a combined temporary watercourse impact of 105 LF.

For the purpose of addressing a washout which occurred within segment 0070 of SR 0219, Section 035.

The overall project site is located along SR 219 (Mason Dixon Highway), and begins in between the intersections of School Street and Engles Mill Road (Meyersdale PA USGS topographic quadrangle; N: 39°, 46', 3.2395"; W: 79°, 3', 39.6373"; Sub-basin 19F; USACE Pittsburgh District), and continues along SR 219 to approximately 700 LF due south of the route's (SR 219) intersection with Old Route 219 (Ailton, PA USGS topograph quadrangle; N: 39°, 44', 13.0" ; W: 79°, 5', 8.8"; Sub-basin 19F; USACE Pittsburgh District), in Elk Lick Township, Somerset County.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701-704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION**UNDER ACT 2, 1995
PREAMBLE 2****The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).**

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of

the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

SPECIAL NOTICES

WATER PROGRAMS

Request For Comment: Proposed Total Maximum Daily Loads (TMDLs) for Deer Creek in York County.

Central Office: Bureau of Clean Water, P.O. Box 8774, Harrisburg, PA 17105-8774.

Contact: Michael Morris, 717-772-5670.

The Department of Environmental Protection will accept comments on the proposed “TMDLs” developed for a subwatershed of Deer Creek under Section 303(d) of the Clean Water Act. The Pennsylvania Integrated Water Quality Monitoring and Assessment Report included stream segments listed as impaired for Aquatic Life Use in the watershed. The impairments addressed by this document were listed as being caused by excessive siltation due to: urban runoff/storm sewers, agriculture and habitat modification.

There currently are no State or Federal in-stream numerical water quality criteria for sediment. Therefore, the Department utilized a reference watershed approach to implement the applicable narrative criteria. The proposed TMDL document sets allowable loading of sediment in the Deer Creek subwatershed. The “TMDLs” included allocations for: nonpoint sources; bulk reserves for point sources not assigned individual wasteload allocations and future point sources; and margin of safety factors. Nonpoint source load allocations were made for cropland, hay/pasture land and streambank erosion associated with development source sectors present in the watershed. Data used in establishing the TMDLs were primarily generated using a water quality analysis model (Model My Watershed) made available through the Stroud Water Research Center.

The following table shows the estimated current sediment loadings within the watershed, the prescribed “TMDL” values, and % reductions needed under annual average conditions.

<i>Summary of “TMDL”—Based Load Reductions (expressed as annual averages) in the Deer Creek subwatershed</i>				
<i>Watershed</i>	<i>Pollutant</i>	<i>Existing Load (lbs/yr)</i>	<i>“TMDL” (lbs/yr)</i>	<i>% Reduction</i>
Deer Creek	Sediment	12,011,300	3,909,428	67

The following table shows the estimated current sediment loading within the watershed, the prescribed “TMDL” values, and % reductions needed under 99th percentile daily loading conditions.

<i>Summary of “TMDL”—Based Load Reductions (expressed as 99th percentile daily loading) in the Deer Creek subwatershed</i>				
<i>Watershed</i>	<i>Pollutant</i>	<i>Existing Load (lbs/d)</i>	<i>TMDL (lbs/d)</i>	<i>% Reduction</i>

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Food Recovery Infrastructure Grant; Opening of Grant Application Period

The Department of Environmental Protection (Department) announces an opportunity to apply for up to \$50,000 in grant funding offered through the Food Recovery Infrastructure Grant Program (Grant Program). This funding is available for registered section 501(c)(3) non-profit organizations operating in this Commonwealth (26 U.S.C. § 501(c)(3)) for grant assistance for the proper management and operation of food waste reduction under the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P.S. §§ 4000.101—4000.1904).

Food recovery infrastructure grants will be awarded to registered nonprofit organizations for the procurement of equipment (refrigerators, freezers, refrigerant and non-refrigerant box trucks, cargo vans, pallet jacks, dollies, hand fork lifts, stoves, ovens and microwaves) to reduce food waste disposal from food retailers, wholesalers, agriculture organizations, farms and cooperatives (grocery stores and the like) by repurposing and redistributing apparently safe and wholesome foods to nonprofits in this Commonwealth that provide food to segments of the public.

The registered nonprofit organization must provide proof of their nonprofit status and describe their current food recovery operation and explain how the food infrastructure equipment will enhance their current program. The registered nonprofit organization must also provide a description of their proposed program and provide what food retailers, wholesalers, agriculture organizations, farms and cooperatives (grocery stores and the like) will be partners for the project. Additionally, the registered nonprofit organization must provide a description of how the program will be operated by staff and or volunteers, or both.

Grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 (53 P.S. §§ 4000.701 and 4000.702) and the availability of moneys in the Recycling Fund.

The maximum grant to a registered nonprofit organization cannot exceed \$50,000 for the procurement of food infrastructure equipment attributable exclusively to the grant project. Potential applicants are required to meet with their Department's Regional Planning and Recycling Coordinator prior to submitting an application for funding consideration.

Special consideration will be given to those applicants identified in Environmental Justice (EJ) Areas:

- The Department defines EJ Areas as “A geographic area characterized by increased pollution burden, and sensitive or vulnerable populations based on demographic and environmental data.”

Grant applications must be submitted through the Electronic Single Application web site, eGrants, at <https://grants.pa.gov>. Applications must be received by 11:59 p.m. on February 28, 2025, to be eligible for funding.

Inquiries concerning this notice and requests for more information about this Grant Program should be directed to Jessica Shilladay, Organics Recycling Coordinator, Department of Environmental Protection, Rachel Carson State Office Building, Bureau of Waste Management, Division of Waste Minimization and Planning, P.O. INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (IRRC) may issue comments within 30 days of the close of the public comment period. IRRC comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

IRRC has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg No.</i>	<i>Agency / Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>

Environmental Quality Board Regulation # 7-575 (IRRC # 3409)

Administration of the Land Recycling Program October 11, 2024

The Independent Regulatory Review Commission (Commission) submits for your consideration the following comments on the proposed rulemaking published in the July 13, 2024 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the RRA (71 P.S. § 745.5a(a)) directs the Environmental Quality Board (Board) to respond to all comments received from us or any other source.

1. Determining whether the regulation is in the public interest; Protection of the public health, safety, and welfare; Clarity, Implementation.

This regulation from the Board is proposed under 25 Pa.Code § 250.11 (relating to periodic review of (medium-specific concentrations (MSCs))) which requires that the Department of Environmental Protection (Department) review new scientific information that relates to the basis of the statewide health standard MSCs no more than 36 months after the effective date of the most recently promulgated MSCs and propose to the Board any changes to the MSCs as necessary. The Department's proposed Chapter 250 amendments were adopted by the Board at its meeting on March 12, 2024. In April, the United States Environmental Protection Agency (EPA) established a National Primary Drinking Water Regulation (NPDWR) final rulemaking, establishing maximum contaminant levels (MCLs) and health-based Maximum Contaminant Level Goals (MCLGs) for six per- and polyfluoroalkyl substances (PFAS) in drinking water. The EPA final rulemaking standards, which went into effect on June 25, 2024, differ from the standards approved by the Board in March and contained in this proposed regulation.

This issue of timing and discrepancy between the EPA rulemaking and the Board's proposed regulation is a

significant concern for all of the public commenters and this Commission. For clarity of implementation and protection of the public health, safety, and welfare, we ask the Board to amend the final regulation to align with federal standards. If the standards in the final regulation differ from the EPA final rulemaking, we ask the Board to explain how implementation of the final regulation is clear and protects the public health, safety, and welfare.

Commenters also raise a variety of other issues which we summarize below.

- The Department's review of and proposed changes related to PFAS MSCs are incomplete and out of sync with the rapidly evolving landscape of PFAS regulation at the federal level. A possible solution for this inconsistency is for the Department to amend the currently proposed MSC tables for certain PFAS to incorporate the new federal NPDWR MCLs as groundwater MSCs and to re-publish these changes in the *Pennsylvania Bulletin* for further public comment. If finalized in their current form, the regulated community will be left with an outdated and incomplete set of MSC tables for PFAS that do not otherwise incorporate the latest relevant and applicable standards for groundwater. The Department should at the same time provide compliance and enforcement clarifications. (Pennsylvania Chamber (PA Chamber), Pennsylvania Chemical Industry Council (PCIC))

- The Department should add perfluorohexanesulfonic acid (PFHxS) and perfluorononanoic acid (PFNA) to the regulated substances, and add soil to groundwater and direct contact soil MSCs for PFHxS and PFNA. (Joint comment from the Clean Air Council, Mountain Watershed Association, CREATE Lab, PennFuture, and The Breathe Project (CAC et al.), Form letter from 19 individuals (Form letter A))

- The Department should clarify how it will implement EPA's novel and unprecedented Hazard Index (HI) approach for PFAS groundwater MSCs and in the future for PFAS soil MSCs. (PA Chamber, PCIC)

- There is concern that overly stringent PFAS limits could lead to the unnecessary reopening of previously closed (Land Recycling and Environmental Remediation Standards Act (Act 2)) or (Comprehensive Environmental Response, Compensation, and Liability Act) sites. (PCIC)

- Other programs, such as the fill management program, rely on the MSCs pursuant to Act 2. Under the Management of Fill Policy, the numeric values on which cleanup standards for soils are based in Chapter 250 are incorporated by reference for purposes of determining the clean fill concentration limits and the regulated fill concentration limits. These concentration limits in turn affect virtually every project in Pennsylvania where fill materials are being imported or exported. The Department’s regulatory analysis of the benefits, costs, and compliance associated with the proposed regulation did not account for significant impacts on the regulated community and the confusion created through the incorporation of the PFAS MCLs as MSCs, as well as the use of the HI approach for a combination of PFAS. (PA Chamber, PCIC)

- The Department has not established generic soil-to-groundwater MSCs due to incomplete technical information. This is an important component of the MSC tables for soil-to-groundwater values and has significant ramifications for other Department programs, such as the Management of Fill Policy under the Solid Waste Management Act. (PA Chamber, PCIC)

- The Department should strengthen its due diligence component of the clean fill determination process to clarify that contaminants, including PFAS, do not need to be included in the suite of analytical parameters where they are not known or suspected to be present and to limit clean fill sampling analytes to parameters of potential concern identified during the due diligence process. Additionally, establishing a statewide background value would provide a more consistent baseline for assessing PFAS contamination in clean-fill materials, making it easier to determine whether they meet the necessary standards without conducting extensive and expensive background determinations at both the donor and receiving sites. (PA Chamber, PCIC)

- The Department’s proposed contamination standards for six carcinogenic polycyclic aromatic hydrocarbons create a cumulative cancer risk of 3 in 10,000. This is greater than the maximum cancer risk allowable for statewide health standards: 1 in 10,000. (CAC et al., Form letter A).

- The Department is still behind the most recent science regarding lead pollution. The Department is proposing to adopt a target blood lead level (TBLL) of 5 micrograms per deciliter (µg/dL), but in 2021 the Center for Disease Control updated its blood lead reference value to 3.5 µg/dL. There is no safe level of lead consumption and the Department should begin work to adopt a TBLL of 3.5 µg/dL. (Form letter A)

We ask the Board to address the concerns of commenters noted above and to explain how the final regulation protects the public health, safety, and welfare and how its implementation is clear for the regulated community. We will take into consideration the Board’s responses in determining whether the final regulation is in the public interest.

2. Section 250.707. Statistical tests.—Protection of the public health, safety, and welfare.

The Department proposes to add subparagraph (b)(1)(iv), which states:

For sites with a release of lead or lead compounds that has been remediated to attain an MSC for lead based on an ingestion numeric value calculated in accordance with the requirements of § 250.306(e) (relating to ingestion numeric values) and Appendix A, Table 7, the arithmetic average of all attainment samples, which shall be randomly collected in a single event from the site, shall be equal to or less than the applicable MSC.

Commenters assert that the Department should not add this subparagraph because all soil samples at a given site should be required to meet the Department’s standards for lead contamination in soil. The commenters explain that this new language, which provides for samples to be “randomly collected in a single event from the site” contradicts Section 250.703 which provides specific soil sampling procedures and allows the Department to require additional characterization if certain soil contamination conditions are met. Further, the commenters question whether a remediator could increase the number of samples at a site for the purpose of skewing the average of all attainment samples to make it appear that the samples show lead in an amount equal to or less than the applicable MSC. We ask the Board to explain how the statistical testing for lead or lead compounds in the final regulation protects the public health, safety, and welfare.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (IRRC) may issue comments within 30 days of the close of the public comment period. IRRC comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

IRRC has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

(IRRC # 3413)**

Hearings

October 9, 2024

We submit for your consideration the following comments on the proposed rulemaking published in the August 10, 2024 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the State Civil Service Commission (Commission) to respond to all comments received from us or any other source.

Section 105.12a. Appeal requests.—Clarity.

The title of this section references appeal requests, but the language of the section references hearings. To improve the clarity of this section, we suggest that the title of this section be changed to hearing requests.

Subsection (b) Time limits.

This subsection sets forth time limits for filing an appeal with the Commission. We have two concerns. First, Subsections (b)(1) and (b)(2) are entitled “Under 71 Pa.C.S. Section § 3003(7)(1)” and “Under 71 Pa.C.S. Section § 3003(7)(2)” respectively. To comply with these subsections, the regulated community would have to reference those sections of the statute. To improve the clarity of the rulemaking, we suggest that the Commission include the circumstances contained in the statutory

provisions to the final rulemaking. This would assist the regulated community in complying with regulation.

Second, Subsection (b)(2) includes two time limits for requesting a hearing. Subsection (b)(2)(i) addresses the time limit for employees or job seekers that received a notice of a challenged action. Subsection (b)(2)(ii) addresses the time limit for employees or job seekers that became aware of alleged discrimination. Since the time when an employee or job seeker receives notice and the time when an employee or job seeker becomes aware of alleged discrimination can differ, it is unclear which subsection will be applicable. We ask the Commission to clarify how it will administer these provisions in the final-form regulation.

Subsection (d)

Representative Ryan Mackenzie, Republican Chairman of the House Labor and Industry Committee, submitted a comment regarding § 105.12a(d)(1) and the meaning of the phrase, “Made in writing.” He suggests that this term, when read in conjunction with the new language of § 105.12b(b) regarding electronic signatures, lacks clarity. We ask the Commission to clarify what is meant by the phrase “made in writing” as it relates to the acceptance of electronic signatures in the final-form regulation.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Electric Generation Supplier License Cancellation of Companies with an Expired Financial Security, Insufficient Financial Security Amount or Language

Public Meeting held
October 10, 2024

Commissioners Present: Stephen M. DeFrank, Chairperson; Kimberly Barrow, Vice Chairperson; Ralph V. Yanora; Kathryn L. Zerfuss; John F. Coleman, Jr.

*Electric Generation Supplier License Cancellation of
Companies with an Expired Financial Security,
Insufficient Financial Security Amount or Language;
M-2024-3045251*

Tentative Order

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a bond or other approved security in the amount directed by the Commission has been obtained.

Each EGS must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA, 17120, prior to the EGS's current security expiration date. Each financial instrument must be an original document that displays a "wet" signature or digital signature, preferably in blue ink, and displays a "raised seal" or original notary stamp. The name of the principal on the original financial instrument must match exactly with the name that appears on the EGS's license issued by the Commission.

Failure to file before the financial security's expiration date may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company's electric supplier license, removal of each company's information from the Commission's website, and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

As of October 1, 2024, each EGS listed in the Supplier Table below has not provided proof to the Commission that it has a bond or other approved security in the amount or language directed by the Commission, to replace a bond which is expired, or which is non-compliant with Commission regulations.

Supplier Table—List of Electric Generation Suppliers

<i>Docket Number</i>	<i>Company Name</i>	<i>Financial Security Expiration Date</i>	<i>Commission Approved Amount or Language</i>
A-2016-2577373	BLUE SKY POWER, LLC	10/1/2024	Yes
A-2023-3043857	CLEARPATH ENERGY, LLC	9/28/2024	Yes

As part of its EGS license validation procedures, the Commission's Bureau of Technical Utility Services sent a 90-day Security Renewal Notice email to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security in the amount or language directed by the Commission, must be filed within 30-days prior to each entity's security expiration date. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to initiate the cancellation process for the EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest;

Therefore,

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier License of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary (i) serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & Enforcement, all electric generation distribution companies, and all of the Electric Generation Suppliers listed in the Supplier Table; (ii) publish a copy of this Tentative Order in the *Pennsylvania Bulletin* with a 30-day comment period; and (iii) file a copy of this Tentative Order at each Electric Generation Supplier's assigned docket number.

3. To the extent any of the Electric Generation Suppliers listed in the Supplier Table challenge the cancellation of their license, they must file comments within thirty (30) days after publication of this Tentative Order in the *Pennsylvania Bulletin*. Written comments referencing Docket No. M-2024-3045251 must be eFiled to the Pennsylvania Public Utility Commission through the Commission's eFiling System. You may set up a free eFiling account with the Commission at <https://efiling.puc.pa.gov/> if you do not have one. Filing instructions may be found on the Commission's website at http://www.puc.pa.gov/filing_resources.aspx. Comments containing confidential information should be emailed to Commission Secretary Rosemary Chiavetta at rchiavetta@pa.gov rather than eFiled.

4. Alternatively, Electric Generation Suppliers listed in the Supplier Table may provide the Commission an approved security up to and within thirty (30) days after publication in the *Pennsylvania Bulletin*. The Electric Generation Supplier must file an original bond, letter of credit, continuation certificate, amendment, or other ap-

proved financial instrument displaying a "wet" signature or digital signature, preferably in blue ink, and displaying a "raised seal" or original notary stamp with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA, 17120.

5. Absent the timely (i) filing of comments challenging the cancellation of the Electric Generation Supplier's license, or (ii) the filing of an approved security within 30-days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services, shall prepare a Final Order for entry by the Secretary revoking the license of each Electric Generation Supplier that fails to respond.

6. Upon entry of the Final Order, Electric Generation Suppliers that remain listed as not in compliance with 52 Pa. Code § 54.40(a) and (d) will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission's website, and notifications be sent to all electric distribution companies in which the Electric Generation Suppliers are licensed to do business.

7. Upon entry of the Final Order, Electric Generation Suppliers that fail to respond will be prohibited from providing electric generation supply services to retail electric customers. That upon entry of the Final Order described in Ordering Paragraph No. 5, each electric distribution company in which the Electric Generation Suppliers are licensed to do business, shall return the customers of the Electric Generation Suppliers to default service.
