# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

## *Pennsylvania Bulletin*

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

### **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

## **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

## ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

### **How to Find Rules and Regulations**

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at [www.pacodeandbulletin.gov](http://www.pacodeandbulletin.gov).

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at [www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde\\_index.cfm](http://www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm).

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at [www.pacodeandbulletin.gov](http://www.pacodeandbulletin.gov).

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

#### § 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

*(Editor's Note: Rule 1915.11-1, as printed in 231 Pa. Code reads "Official Note" rather than "Note.")*

#### Rule 1915.11-1. Parenting Coordination.

[ If a judicial district implements a parenting coordination program, the court shall maintain a roster of qualified individuals to serve as parenting coordinators and establish the hourly rate at which parenting coordinators shall be compensated. The parenting coordinator shall attempt to resolve issues arising out of the custody order by facilitating an agreement between the parties and, if unable to reach an agreement, recommend a resolution to the court.

##### (a) *Appointment of a Parenting Coordinator.*

(1) After a final custody order has been entered, a judge may appoint a parenting coordinator to resolve parenting issues in cases involving repeated or intractable conflict between the parties affecting implementation of the final custody order. A parenting coordinator should not be appointed in every case. The appointment may be made on the motion of a party or the court's motion.

(2) Unless the parties consent and appropriate safety measures are in place to protect the participants, including the parenting coordinator and other third parties, a parenting coordinator shall not be appointed if:

(i) the parties to the custody action have a protection from abuse order in effect;

(ii) the court makes a finding that a party has been the victim of domestic violence perpetrated by a party to the custody action, either during the pendency of the custody action or within 36 months preceding the filing of the custody action; or

(iii) the court makes a finding that a party to the custody action has been the victim of a personal injury crime, as defined in 23 Pa.C.S. § 3103, which was perpetrated by a party to the custody action.

(iv) If a party objects to the appointment of a parenting coordinator based on an allegation that the party has been the victim of domestic violence perpetrated by a party to the custody action, the court shall have a hearing on the issue and may consider abuse occurring beyond the 36 months provided in subdivision (a)(2)(ii).

(3) The appointment of a parenting coordinator shall be for a specified period, which shall not exceed 12 months. A party may petition the court for an extension of the appointment or the court in its discretion may extend the appointment for an additional period.

(4) If the parenting coordinator seeks to withdraw from service in a case, the parenting coordinator shall petition the court and provide a copy of the petition to the parties or the parties' attorneys.

(5) The parenting coordinator shall set forth in a separate written agreement with the parties:

(i) the amount of any retainer;

(ii) the hourly rate to be charged;

(iii) the process for invoices and payment for services;

(iv) information on the parenting coordination process; and

(i) shall sign an affidavit attesting that he or she has met the qualifications outlined in (b)(1);

(ii) shall submit the affidavit to the president judge or administrative judge of the judicial district where the parenting coordinator is seeking appointment; and

(d) *Scope of Authority of the Parenting Coordinator.* The parenting coordinator shall have the authority to recommend resolutions to the court on issues related to the custody order if the parties are unable to reach an agreement.

(1) To implement the custody order and resolve related parenting issues about which the parties cannot agree, the parenting coordinator is authorized to recommend resolutions to the court about issues that include, but are not limited to:

(i) places and conditions for custodial transitions between households;

(iv) a change in the residence (relocation) of the child(ren);

(v) determination of financial issues, other than allocation of the parenting coordinator's fees as set forth in subdivision (g)(1);

(vi) major decisions affecting the health, education, or religion of the child(ren); and

(vii) other issues limited by the appointing judge.

(3) Unless the parties consent, the parenting coordinator shall not contact collateral sources or speak with the child(ren) and to effectuate this provision, the parties shall execute releases, as necessary, authorizing the parenting coordinator to communicate with the appropriate individuals. Any communication with the collateral sources or child(ren) shall be limited to the issue(s) currently before the parenting coordinator.

(e) *Communications. No Testimony.*

(1) Communication between the parties or the parties' attorneys and the parenting coordinator is not confidential.

(2) A party or a party's attorney may communicate in writing with the parenting coordinator, but shall contemporaneously send a copy of the written communication to the other party or the other party's attorney. Documents, recordings, or other material that one party gives to the parenting coordinator shall be promptly made available to the other party or the other party's attorney for inspection and copying.

(3) The parties and their attorneys may receive, but not initiate, oral *ex parte* communication with the parenting coordinator. A parenting coordinator may initiate oral communication with a party or party's attorney, but shall promptly advise the other party or the other party's attorney of the communication.

(2) The parenting coordinator's recommendation shall be in writing on the Summary and Recommendation of the Parenting Coordinator form set forth in Pa.R.C.P. No. 1915.23 and sent to the court for review within two days after hearing from the

parties on the issues. The parenting coordinator shall serve a copy of the Summary and Recommendation on the parties or the parties' attorneys.

(3) A party objecting to the recommendation shall file a petition for a record hearing before the court within five days of service of the Summary and Recommendation of the Parenting Coordinator form. The petition must specifically state the issues to be reviewed and include a demand for a record hearing. A copy of the recommendation shall be attached to the petition. In accordance with Pa.R.C.P. No. 440, the objecting party shall serve the petition on the other party or the other party's attorney and the parenting coordinator.

- (i) approve the recommendation;
- (ii) approve the recommendation in part and conduct a record hearing on issues not approved;
- (iii) remand the recommendation to the parenting coordinator for more specific information; or
- (iv) not approve the recommendation and conduct a record hearing on the issues.

(5) As soon as practical, the court shall conduct a record hearing on the issues specifically set forth in the petition. The court shall render a decision within the time set forth in Pa.R.C.P. No. 1915.4(d).

(6) If a party makes a timely objection, the recommendation shall become an interim order of court pending further disposition by the court.

(g) *Fees.*

(1) The appointing judge shall allocate between the parties the fees of the parenting coordinator. The parenting coordinator may reallocate the fees, subject to the approval of the court, if one party has caused a disproportionate need for the services of the parenting coordinator.

**SUPREME COURT OF PENNSYLVANIA DOMESTIC RELATIONS PROCEDURAL RULES COMMITTEE**

**ADOPTION REPORT**

**Amendment of Pa.R.Civ.P. 1915.11-1, 1915.11-3, and 1915.23**

On December 23, 2024, the Supreme Court amended Pennsylvania Rules of Civil Procedure Pa.R.Civ.P. 1915.11-1, 1915.11-3, and 1915.23 governing parenting coordination. The Domestic Relations Procedural Rules Committee has prepared this Adoption Report describing the rulemaking process. An Adoption Report should not be confused with Comments to the rules. *See* Pa.R.J.A. 103, cmt. The statements contained herein are those of the Committee, not the Court.

Currently, Pa.R.Civ.P. 1915.11-1(a)(2) requires both party's consent to participate in parenting coordination if there is a history of abuse between the parties. The Committee received a request to amend this rule to require only the consent of the abused party. The dual consent requirement created the opportunity for an abuser to further control a victim by withholding consent to parenting coordination, and therefore requiring more costly litigation, rather than allowing these issues to be resolved with the help of a parenting coordinator.

Additionally, the Committee received a request that the summary and recommendation form be revised to include a check box indicating whether the parties agree and space to recite the parties' agreement. Another request was to permit a parenting coordinator to file a recommendation with the court when either or both parties fail to pay the parenting coordinator. Absent such a provision, the only course of action for the parenting coordinator is to withdraw.

The Committee agreed that permitting an abuser to withhold consent to preclude the use of parenting coordination does seem to perpetuate the abuse. Accordingly, the Committee proposed amending Pa.R.Civ.P. 1915.11-1(a)(2) to remove the dual consent provision and to require that the court hold a hearing before appointing parenting coordinators in all matters that involve domestic violence. This would allow the court to determine the appropriateness of parenting coordination and ascertain if appropriate safety measures are possible. The Committee also observed that parenting coordinators are required to attend domestic violence training and should be capable of working with parties having an abuse history.

Next, the Committee acknowledged there was no uniform method for parenting coordinators to identify and submit agreements to the court. The Committee proposed amending the form in Pa.R.Civ.P. 1915.23 to include a recitation of the parties' agreement if one is reached. The revised form would allow parenting coordinators to record the parties' agreement and assist the court by having a record of the agreement for purposes of enforcement and context in any subsequent modification or special relief proceedings.

The Committee also considered methods for parenting coordinators to enforce payment of their fees. Regarding fees, Pa.R.Civ.P. 1915.11-1(g) requires allocation between the parties and requires judicial districts to implement a program whereby low income and indigent parties can participate in parenting coordination at a reduced fee or no fee. The form order for the appointment of a parenting coordinator contains a provision for the allocation of fees, requires the judicial district's established hourly fee rate be set forth in a separate agreement between the parties

and the parenting coordinator, and requires the parties to pay a joint retainer. *See* Pa.R.Civ.P. 1915.22 (provision No. 8 (Allocation of Fees)).

The retainer requirement was intended to prevent a parenting coordinator from having to pursue payment from the parties. However, for good cause, a retainer requirement can be waived. *See, e.g.*, Chester County Family Court Rule 1915.11-1.A(d) at 53 Pa.B. 7919 (December 23, 2023).<sup>1</sup> Thus, there may be instances when a parenting coordinator has rendered services, but the parties have failed to pay in advance in the manner of a retainer for those services. In response, the Committee proposed amending Pa.R.Civ.P. 1915.11-1 to permit the parenting coordinator to file a recommendation with the court seeking an order compelling a recalcitrant party to pay for services rendered.

The Committee believed there would be merit in publicly providing a list of all counties that have adopted local rules related to parenting coordination. This information would assist attorneys, particularly those who have multiple county practices, in advising their clients on the availability of parenting coordination. Accordingly, the Committee proposed Pa.R.Civ.P. 1915.11-3, which would require certification by counties that have implemented parenting coordination procedures. Thereafter, the Committee would compile a list and post the list on the Committee's webpage. This approach is similar to the requirement that counties certify their conference procedures in support, custody, and divorce. *See* Pa.R.Civ.P. 1910.10, 1915.4-1, and 1920.55-1. Please note, unlike the rules governing conference procedures, proposed Pa.R.Civ.P. 1915.11-3 would not require judicial districts to affirmatively state that they do not have a parenting coordination program.

Within Pa.R.Civ.P. 1915.11-1, the Committee proposed adding language stating that the parenting coordinator's recommendation is binding pending the court's disposition regardless of whether objections are filed. Currently, the rule indicates that a recommendation becomes an interim order, and presumably enforceable, if a party objects and the court has not yet acted on the recommendation. The rule does not address the status of a recommendation if no objections are filed, and the court has yet to act on the recommendation. In the absence of procedural guidance, some parties or courts may interpret this omission as the parenting coordinator's recommendation having no effect until the court approves it. It seemed inconsistent for an objected-to recommendation to be enforceable but for an unobjected-to recommendation to not be enforceable.

Finally, the Committee proposed requiring that the court decision concerning a recommendation or objection be served on the parenting coordinator. Currently, there is no such requirement which may result in the parenting coordinator not being aware of the terms of the final order.

The proposal was published for comment at 53 Pa.B. 3696 (July 15, 2023). One commenter suggested that parenting coordinator qualifications include attorneys who have specialized in family law for a period of 20 years or more, without the need for specialized training. The Committee was not inclined to accept this suggestion because experience is not always an adequate substitute for specialized training. The specialized training includes not just the initial training of five hours in the parenting coordination process, ten hours of family mediation, and five hours of domestic violence, but also ten hours of

continuing education in each two-year period following the initial appointment, with a minimum of two hours in domestic violence. The importance of the training requirement is heightened with the proposed possibility of parties with a domestic violence history being able to access parenting coordination.

Another commenter suggested that proposed Pa.R.Civ.P. 1915.11-1(b)(1)(ii) be revised to state: "The appointment may be made on a party's petition or the court's motion." This revision would require a party to file a petition rather than a motion because there would be factual averments that require a record hearing and findings of fact by a judge. The Committee made this revision.

These amendments become effective on April 1, 2025.

**CHAPTER 12. COMMENCEMENT OF PROCEEDINGS, EMERGENCY CUSTODY, AND PRE-ADJUDICATORY PLACEMENT**

**PART A(1). COMMENCING PROCEEDINGS**

(Editor’s Note: Rule 1203 is new and is published in regular type to enhance readability.)

(This is an entirely new rule).

**Rule 1203. Indian Child.**

(a) *Inquiry.*

(1) At the commencement of the initial proceeding, including a court’s acceptance of either jurisdiction of a resident child from another state or supervision pursuant to another state’s order, the court shall inquire as to the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child. All responses shall be placed on the record.

(2) The court shall advise the participants of their obligation to report to the court if they subsequently receive information that provides a reason to know the child is an Indian child.

(b) *Finding of Court.* The court shall make a finding as to whether there is reason to know the child is an Indian child.

(c) *Additional Requirements.*

(1) If the court finds there is reason to know the child is an Indian child, but lacks sufficient evidence to determine whether the child is an Indian child, the court shall confirm due diligence has been used to make such determination, and the court shall treat the child as an Indian child until it can determine, from the record, that the child does not meet the definition of an Indian child.

(2) If the court has sufficient evidence to conclude the child is an Indian child, then the notification and rights under the Indian Child Welfare Act shall apply.

**Comment:**

The Indian Child Welfare Act, 25 U.S.C. §§ 1901 et seq. and the Bureau of Indian Affairs regulations, 25 C.F.R. § 23.107, require the court at the commencement of the initial proceeding to determine if any participant has reason to know whether the child is an Indian child.

For the definition of “Indian child,” see Rule 1120. Nothing in this rule is intended to prohibit the court from continuing to inquire at every subsequent proceeding. For determination of a reason to know whether a child is an Indian child, see 25 C.F.R. § 23.107. When a court knows or has reason to know that a child is an Indian child, see 25 C.F.R. § 23.111 for notice requirements. See also 25 C.F.R. § 23.11.

For additional requirements concerning the emergency removal or emergency placement of an Indian child, see 25 C.F.R. § 23.113. For additional requirements concerning the non-emergent placement of an Indian child, see 25 C.F.R. §§ 23.121-23.122. For the transfer of proceedings to the Indian child’s tribe, see 25 C.F.R. §§ 23.115—.119. For requirements concerning voluntary proceedings for the placement of an Indian child, see 25 C.F.R. §§ 23.124—.127. For the placement preferences of an Indian child, see 25 C.F.R. §§ 23.131-23.132.

[ B. ] (b) *Finding of [ court ] Court.*

(1) A child may be taken into protective custody by court order when the court determines that removal of the child is necessary for the welfare and best interests of the child.

(2) At the time the court issues a protective custody order, the court shall inquire as to whether family finding efforts pursuant to Rule 1149 have been initiated by the county agency, **and as to the efforts made by the applicant to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1203. All responses shall be placed on the record.**

(3) The order may initially be oral, provided that it is reduced to writing within [ **twenty-four** ] **24** hours or the next court business day.

- (5) the reasons for taking the child into protective custody;

- (7) a finding whether the reasons for keeping the child in shelter care and that remaining in the home is contrary to the welfare and best interests of the child; **[ and ]**

(8) findings and orders related to the requirements of Rule 1149 regarding family finding[ . ]; and

**(9) findings as to whether there is reason to know the child is an Indian child pursuant to Rule 1203.**

- (2) the manner in which the order is to be executed; and

Comment:

See 42 Pa.C.S. § 6324 for statutory provisions concerning taking into custody.

For a discussion of the due process requirements for taking a child into emergency custody, see *Patterson v. Armstrong County Children and Youth Services*, 141 F. Supp. 2d 512 (W.D. Pa. 2001).

The court is to determine whether reasonable efforts, including services and family finding efforts, were made to prevent placement or in the case of an emergency placement where services were not offered and could not have prevented the necessity of placement, whether this level of effort was reasonable due to the emergency nature of the situation, safety considerations and circumstances of the family. See 42 Pa.C.S. § 6332.

See also *In re Petition to Compel Cooperation with Child Abuse Investigation*, 875 A.2d 365 (Pa. Super. [ Ct. ] 2005).

**The court is required to inquire and determine whether any participants have reason to know whether the child is an Indian child. The court is also required to advise the participants of their obligation to report to the court if they subsequently receive information that provides a reason to know the child is an Indian child. See Pa.R.J.C.P. 1203.**

Pursuant to [ paragraph (D)(8) ] subdivision (d)(8), the county agency should be looking for family and kin as a resource to aid and assist the family to prevent removal of the child from the home. When removal of the child is necessary, placement with family and kin will help reduce the potential trauma of the removal from the home. See Rule 1149 regarding family finding requirements.

**PART C. SHELTER CARE**

**Rule 1240. Shelter Care Application.**

[ A. ] (a) *Filings.* A shelter care application may be oral or in writing. If oral, [ **within twenty-four hours of exercising protective custody pursuant to Rule 1210, ]** the county agency shall file a written shelter care

application **within 24 hours of exercising protective custody pursuant to Rule 1210.**

[ B. ] (b) *Application [ contents ] Contents.* Every shelter care application shall set forth:

- (1) the name of the applicant;
- (2) the name, date of birth, and address of the child, if known;
- (3) the name and address of the child's guardian, or if unknown, the name and address of the nearest adult relative;
- (4) the date that the child was taken into custody;
- (5) a concise statement of facts in support of the allegation of dependency;
- (6) a statement detailing family finding efforts and:

[ (a) ] (i) the reasonable efforts made to prevent placement; and

[ (b) ] (ii) why there are no less restrictive alternatives available;

(7) a verification by the applicant that the facts set forth in the petition are true and correct to the applicant's personal knowledge, information, or belief, and that any false statements are subject to the penalties of [ **the Crimes Code, ]** 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities;

(8) the signature of the applicant and the date of the execution of the application; [ and ]

(9) the whereabouts of the child unless the county agency has determined it would pose a risk to the safety of the child or the guardian, or disclosure is prohibited by the court[ . ]; and

**(10) whether the applicant has reason to know the child is an Indian child as defined in Rule 1120.**

Comment:

In lieu of a shelter care application, the county agency may file a petition as set forth in Rule 1330.

The primary focus of the shelter care application is to assert that protective custody is needed, and the child should remain in the custody of the county agency. A shelter care hearing is to be held within [ **seventy-two ]** 72 hours of taking the child into protective custody. See [ **Rule 1242(D) ]** Pa.R.J.C.P. 1242(d).

Pursuant to [ **paragraph (B)(6) ]** subdivision (b)(6), the application is to contain a statement detailing the reasonable efforts made to prevent placement and the specific reasons why there are no less restrictive alternatives available. This statement may include information such as: 1) the circumstances of the case; 2) family finding efforts made by the county agency; 3) contact with family members or other kin; 4) the child's educational, health care, and disability needs; and 5) any need for emergency actions.

See Rule 1149 regarding family finding requirements.

**Rule 1242. Shelter Care Hearing.**

[ **A.** ] (a) *Informing of [ rights ] Rights.* Upon commencement of the hearing, the court shall ensure that:

- (1) a copy of the shelter care application is provided to the parties; and
- (2) all parties are informed of the right to counsel.

[ **B.** ] (b) *Manner of [ hearing ] Hearing.*

(1) *Conduct.* The hearing shall be conducted in an informal but orderly manner.

(2) *Recording.* If requested, or if ordered by the court, the hearing shall be recorded by appropriate means. If not so recorded, full minutes of the hearing shall be kept.

(3) *Testimony and [ evidence ] Evidence.* All evidence helpful in determining the questions presented, including oral or written reports, may be received by the court and relied upon to the extent of its probative value even though not competent in the hearing on the petition. The child's attorney, the guardian, if unrepresented, and the attorney for the guardian shall be afforded an opportunity to examine and controvert written reports so received.

(4) *Advanced [ communication technology ] Communication Technology.* Upon good cause shown, a court may utilize advanced communication technology pursuant to Rule 1129.

[ **C.** ] (c) *Findings.* The court shall determine whether:

- (1) there are sufficient facts in support of the shelter care application;
- (2) the county agency has reasonably engaged in family finding;
- (3) custody of the child is warranted after consideration of the following factors:

[ (a) ] (i) remaining in the home would be contrary to the welfare and best interests of the child;

[ (b) ] (ii) reasonable efforts were made by the county agency to prevent the child's placement;

[ (c) ] (iii) the child's placement is the least restrictive placement that meets the needs of the child, supported by reasons why there are no less restrictive alternatives available; and

[ (d) ] (iv) the lack of efforts was reasonable in the case of an emergency placement where services were not offered;

(4) a person, other than the county agency, submitting a shelter care application, is a party to the proceedings; [ and ]

(5) there are any special needs of the child that have been identified and that the court deems necessary to address while the child is in shelter care[ . ]; and

**(6) the county agency has made efforts to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1203.**

[ **D.** ] (d) *Prompt [ hearing ] Hearing.* The court shall conduct a hearing within [ seventy-two ] 72 hours of taking the child into protective custody. The parties shall not be permitted to waive the shelter care hearing.

[ **E.** ] (e) *Court [ order ] Order.* At the conclusion of the shelter care hearing, the court shall enter a written order setting forth:

(1) its findings pursuant to [ paragraph (C) ] **subdivision (c)**;

(2) any conditions placed upon any party;

(3) any orders regarding family finding pursuant to Rule 1149;

(4) any orders for placement or temporary care of the child;

(5) any findings or orders necessary to ensure the stability and appropriateness of the child's education, and when appropriate, the court shall appoint an educational decision maker pursuant to Rule 1147;

(6) any findings or orders necessary to identify, monitor, and address the child's needs concerning health care and disability, if any, and if parental consent cannot be obtained, authorize evaluations and treatment needed; [ and ]

(7) any orders of visitation[ . ]; and

**(8) whether there is reason to know the child is an Indian child pursuant to Rule 1203.**

**Comment:**

Pursuant to [ paragraph (B)(4) ] **subdivision (b)(4)**, it is expected that the parties be present. Only upon good cause shown should advanced communication technology be utilized.

Pursuant to [ paragraph (C) ] **subdivision (c)**, the court is to make a determination that the evidence presented with the shelter care application under Rule 1240 is supported by sufficient facts. After this determination, the court is to determine whether the custody of the child is warranted by requiring a finding that: 1) remaining in the home would be contrary to the health and welfare of the child; 2) reasonable efforts were made by the county agency to prevent the placement of the child; 3) the child was placed in the least restrictive placement available; and 4) if the child was taken into emergency placement without services being offered, the lack of efforts by the county agency was reasonable. Additionally, the court is to state the reasons why there are no less restrictive alternatives available.

Family finding is to be initiated prior to the shelter care hearing. See Comment to Rule 1149 as to level of reasonableness.

Pursuant to [ paragraph (C)(2) ] **subdivision (c)(2)**, the court is to make a determination whether the county agency has reasonably engaged or is to engage in family finding in the case. The county agency will be required to report its diligent family finding efforts at subsequent hearings. [ See ] See Rule 1149 for requirements of family finding. [ See also Rules 1408(2), 1512(D)(1)(h), 1514(A)(4), 1608(D)(1)(h), ] See also Rules 1408(b),

**1512(D)(1)(h), 1514(a)(4), 1608(d)(1)(viii)**, and 1610(D) and their Comments for the court's findings as to the county agency's satisfaction of the family finding requirements and Rules [ **1210(D), 1409(C) and 1609(D)** ] **1210(d), 1409(c) and 1609(D)** and Comments to Rules 1408, 1409, 1512, 1514, 1515, **and** 1608 [ , **1609, 1610, and** ]—1611 on the court's orders.

Pursuant to [ **paragraph (C)(4)** ] **subdivision (c)(4)**, the court is to determine whether [ **or not** ] a person is a proper party to the proceedings. Regardless of the court's findings on the party status, the court is to determine if the application is supported by sufficient evidence.

**The court is required to inquire and determine whether any participants have reason to know whether the child is an Indian child. The court is also required to advise the participants of their obligation to report to the court if they subsequently receive information that provides a reason to know the child is an Indian child. See Pa.R.J.C.P. 1203.**

Under [ **paragraph (D)** ] **subdivision (d)**, the court is to ensure a timely hearing. Nothing in [ **paragraph (D)** ] **subdivision (d)** is intended to preclude the use of stipulations or agreements among the parties, subject to court review and acceptance at the shelter care hearing.

See 42 Pa.C.S. § 6332 (**Informal Hearing**).

Pursuant to [ **paragraph (E)** ] **subdivision (e)**, the court is to enter a written order. It is important that the court address any special needs of the child while the child is in shelter care. The child's attorney or the county agency is to present any educational, health care, and disability needs to the court, if known at the time of the hearing. These needs may include a child's educational stability, needs concerning early intervention, remedial services, health care, and disability. If the court determines a child is in need of an educational decision maker, the court is to appoint an educational decision maker pursuant to Rule 1147.

The court's order should address the child's educational stability, including the right to an educational decision maker. The order should address the child's right to: 1) educational stability, including the right to: a) remain in the same school regardless of a change in placement when it is in the child's best interest; b) immediate enrollment when a school change is in the child's best interest; and c) have school proximity considered in all placement changes, 42 U.S.C. §§ 675(1)(G) and 11431 *et seq.*; 2) an educational decision maker pursuant to Rule 1147, 42 Pa.C.S. § 6301, 20 U.S.C. § 1439(a)(5), and 34 C.F.R. § 300.519; 3) an appropriate education, including any necessary special education, early intervention, or remedial services pursuant to 24 P.S. §§ 13-1371 and 13-1372, 55 Pa. Code § 3130.87, and 20 U.S.C. §§ 1400 *et seq.*; 4) the educational services necessary to support the child's transition to successful adulthood pursuant to 42 Pa.C.S. § 6351 if the child is 14 or older; and 5) a transition plan that addresses the child's educational needs pursuant to 42 U.S.C. § 675(5)(H) if the child will age out of care within 90 days.

When addressing the child's health and disability needs, the court's order should address the right of: 1) a child to receive timely and medically appropriate screenings and health care services, 55 Pa. Code § 3800.32 and 42 U.S.C. § 1396d(r); and 2) a child with disabilities to receive necessary accommodations, 42 U.S.C. § 12132,

28 C.F.R. §§ 35.101 *et seq.*, Section 504 of the Rehabilitation Act of 1973, *as amended*, 29 U.S.C. § 794, and implementing regulations at 45 C.F.R. §§ 84.1 *et seq.*

Pursuant to the Juvenile Act, the court has authority to order a physical or mental examination of a child and medical or surgical treatment of a minor, who is suffering from a serious physical condition or illness which requires prompt treatment in the opinion of a physician. The court may order the treatment even if the guardians have not been given notice of the pending hearing, are not available, or without good cause inform the court that they do not consent to the treatment. **See** 42 Pa.C.S. § 6339(b).

Nothing in this rule prohibits informal conferences, narrowing of issues, if necessary, and the court making appropriate orders to expedite the case. The shelter care hearing may be used as a vehicle to discuss the matters needed and narrow the issues. The court is to ensure a timely adjudicatory hearing is held.

[ **See** ] **See** 42 Pa.C.S. § 6339 for orders of physical and mental examinations and treatment.

[ **See** ] **See** Rule [ **1330(A)** ] **1330(a)** for filing of a petition.

(8) the signature of the person and the date of the execution of the application for a petition.

[ **B.** ] (b) *Notice to County Agency.* Upon receipt of an application, the court shall provide a copy of the application to the county agency. The county agency shall thereafter receive notice of the hearing.

Comment:

Any person, other than the county agency, shall first file an application to file a petition under this [ **Rule** ] **rule**. Rule 1800 suspends 42 Pa.C.S. § 6334 to the extent it is inconsistent with this [ **Rule** ] **rule**.

See Rule 1321 for hearing on application.

This rule is not intended to preclude the county agency from seeking to intervene and participate in the hearing on the application. See [ **Rule** ] **Pa.R.J.C.P.** 1133 (Motion to Intervene).

**Rule 1321. Hearing on Application for Private Petition.**

[ **A.** ] (a) *Hearing.* The court shall conduct a hearing within [ **fourteen** ] **14** days of the presentation of the application for a petition to determine:

(1) if there are sufficient facts alleged to support a petition of dependency; [ **and** ]

(2) **the efforts made by the applicant to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1203; and**

(3) whether the person applying for the petition is a proper party to the proceedings.

[ **B.** ] (b) *Findings.*

(1) **The court shall make a finding as to whether there is reason to know the child is an Indian child pursuant to Rule 1203.**

(2) If the court finds sufficient facts to support a petition of dependency, then the applicant may file a petition pursuant to Rule 1330.

[ (2) ] (3) If the court finds the person making the application for a petition is a proper party to the proceedings, then the person shall be afforded all rights and privileges given to a party pursuant to law.

[ **C.** ] (c) *Joinder.* Following grant of an application under this rule, the county agency shall be joined as a party in any further proceedings upon filing and service of a private petition pursuant to Rules 1330 and 1331.

Comment:

Under [ **paragraph (A)** ] **subdivision (a)**, at a hearing, the court is to determine if: 1) there are sufficient facts alleged to support a petition of dependency; and 2) the applying person is a proper party to the proceedings. A petition of dependency may go forward [ **whether or not the applying person** ] **regardless of whether the applicant** is determined to be a party to the proceedings.

If a child is in custody, the hearing under [ **paragraph (A)** ] **subdivision (a)** may be combined with the shelter care hearing pursuant to Rule 1242.

**The court is required to inquire and determine whether any participants have reason to know whether the child is an Indian child. ## PART C. PETITION

**Rule 1330. Petition: Filing, Contents, Function, Aggravated Circumstances.**

[ **A.** ] (a) *Filings.*

(1) A dependency petition may be filed at any time; however, if a child is taken into custody, the requirements of [ **paragraph (A)(2)** ] **subdivision (a)(2)** shall be met.

(2) Within [ **twenty-four** ] **24** hours of the shelter care hearing, the county agency shall file a dependency petition with the clerk of courts [ **when** ] **if**:

[ (a) ] (i) the child remains in protective custody pursuant to Rule 1201, 1202 or 1210; or

[ (b) ] (ii) the child is not in protective custody but it is determined at a shelter care hearing pursuant to Rule 1242 that the filing of a dependency petition is appropriate.

[ **B.** ] (b) *Petition [ contents ] Contents.* Every petition shall set forth plainly:

(1) the name of the petitioner;

(2) the name, date of birth, and address of the child, if known;

(3) the name and address of the child's guardian, or if unknown, the name and address of the nearest adult relative;

(4) [ **if a child is Native American, the child's Native American history or affiliation with a tribe** ] **whether the petitioner has reason to know the child is an Indian child as defined in Rule 1120;**

(5) a statement [ **that** ]:

[ **(a)** ] **(i)** **that** it is in the best interest of the child and the public that the proceedings be brought; **and**

[ **(b)** ] **(ii)** **whether** the child is [ **or is not** ] currently under the supervision of the county agency;

(6) a statement detailing family finding efforts and [ **,** **if** ] **whether** the county agency is seeking placement:

(9) the signature of the petitioner and the date of the execution of the petition; and

[ **C.** ] **(c)** *Aggravated [ circumstances ] Circumstances.* A motion for finding of aggravated circumstances may be brought in the petition pursuant to Rule 1701(A).

#### **Comment:**

Petitions should be filed without unreasonable delay.

[ **Under paragraph (A)(2), a petition is to be filed twenty-four hours after the shelter care hearing if the requirements of (A)(2)(a) and (b) are met.** ] Rule 1800 suspends 42 Pa.C.S. § 6331 only as to the time requirement of when a petition is to be filed.

[ **Additionally, paragraph (A)(2) ] Subdivision (a)(2)** requires that the county agency file a petition. Any other person, other than the county agency, is to file an application to file a petition under Rule 1320. Rule 1800 suspends 42 Pa.C.S. § 6334, which provides any person may file a petition.

For the safety or welfare of a child or a guardian, the court may order that the addresses of the child or a guardian not be disclosed to specified individuals.

Pursuant to [ **paragraph (B)(6) ] subdivision (b)(6)**, when the county agency is seeking placement, the petition is to include the reasonable efforts made to prevent placement, including efforts for family finding, and why there are no less restrictive alternatives available. [ **See** ] **See** Rule 1149 for family finding requirements. [ **See also Rule 1242(C)(2) & (3)(b) & (c)** ] **See also Rule 1242(c)(2), (c)(3)(ii)-(c)(3)(iii)**, and Comments to Rules 1242, 1409, 1515, **and** 1608 [ **,** **1609, 1610, and** ]—1611 for reasonable efforts determinations.

If a petition is filed after the county agency has discontinued family finding for non-court cases, the county agency is to aver reasons for the discontinuance in the petition. *See* 67 Pa.C.S. § 7503.

A motion for finding of aggravated circumstances may be brought in a dependency petition. *See* [ **Rule Pa.R.J.C.P.** 1701(A). If aggravated circumstances are determined to exist after the filing of a petition, a written motion is to be filed pursuant to Rules 1701 and 1344.

The aggravated circumstances, as defined by 42 Pa.C.S. § 6302, are to be specifically identified in the motion for finding of aggravated circumstances.

#### **CHAPTER 14. ADJUDICATORY HEARING**

##### **Rule 1408. Findings on Petition.**

The court shall enter findings, within seven days of hearing the evidence on the petition or accepting stipulated facts by the parties:

[ **(1)** ] **(a)** by specifying which, if any, allegations in the petition were proved by clear and convincing evidence; [ **and** ]

[ **(2)** ] **(b)** [ **its findings** ] as to whether the county agency has reasonably engaged in family finding as required pursuant to Rule 1149 [ **.** ] **and**

**(c) as to the efforts made by the county agency to determine whether the child is an Indian child and whether any participant has reason to know the child is an Indian child pursuant to Rule 1203.**

#### **Comment:**

The court is to specify which allegations in the petition are the bases for the finding of dependency.

Pursuant to [ **paragraph (2) ] subdivision (b)**, the court is to [ **make a determination** ] **determine** whether the county agency has reasonably engaged in family finding in the case. The county agency will be required to report its diligent family finding efforts at subsequent hearings. [ **See** ] **See** Rule 1149 for requirements of family finding. **Rule 1409. Adjudication of Dependency and Court Order.**

**[ A. ] (a) *Adjudicating the [ child dependent ] Child Dependent.*** Once the court has made its findings under Rule 1408, the court shall enter an order whether the child is dependent.

(1) *Dependency.* If the court finds from clear and convincing evidence that the child is dependent, the court shall proceed to a dispositional hearing under Rule 1512.

(2) *No [ dependency ] Dependency.* If the court finds the child not to be dependent or the court finds a parent ready, willing, and able to provide proper parental care or control, the court shall:

**[ (a) ] (i)** dismiss the petition;

**[ (b) ] (ii)** order the child to be discharged from custody and any restrictions ordered in the proceedings; and

**[ (c) ] (iii)** enter an order identifying individual(s) who will have the legal and physical custody until such order is modified by further order of the court.

**[ B. ] (b) *Timing.***

(1) *Child in [ custody ] Custody.* If a child is removed from the home, the court shall enter an adjudication of dependency within seven days of the adjudicatory hearing and enter its findings pursuant to Rule 1408.

(2) *Child [ not in custody ] Not in Custody.* If a child is not removed from the home and if the court fails to enter an order of dependency, the court shall hold a status hearing every [ **thirty** ] **30** days.

**[ C. ] (c) *Court [ order ] Order.*** The court shall include the following in its court order:

(1) A statement pursuant to [ **paragraph (A) ] subdivision (a):**

**[ (a) ] (i)** as to whether the court finds the child to be dependent from clear and convincing evidence;

**[ (b) ] (ii)** including the specific factual findings that form the bases of the court's decision;

**[ (c) ] (iii)** including any legal determinations made; and

(2) Any orders directing the removal of a child from the home or change in the current residential status, including:

**[ (a) ] (i)** orders as to placement; [ **or** ]

**[ (b) ] (ii)** visitation; or

**[ (c) ] (iii)** change in custody; and

(3) Any orders as to any aids in disposition that may assist in the preparation of the dispositional hearing, including orders regarding family finding.

**(4) Whether there is reason to know the child is an Indian child pursuant to Rule 1203.**

**Comment:**

Before the court can find a child to be dependent, there must be clear and convincing evidence in support of the petition. The burden of proof is on the petitioner. The court's inquiry is to be comprehensive, and its findings

are to be supported by specific findings of fact and a full discussion of the evidence. *In re LaRue*, [ **244 Pa. Super. 218**, ] 366 A.2d 1271 (**Pa. The court is to specify which allegations in the petition are the bases for the finding of dependency pursuant to Rule 1408. 1408, and 1409**

On December 23, 2024, the Supreme Court adopted Pennsylvania Rule of Juvenile Court Procedure 1203 and amended Pennsylvania Rules of Juvenile Court Procedure 1120, 1210, 1240, 1242, 1320, 1321, 1330, 1408, and 1409 to implement the Bureau of Indian Affairs regulation, 25 C.F.R. § 23.107, promulgated pursuant to the Indian Child Welfare Act (“Act”), 25 U.S.C. §§ 1901 *et seq.* The Juvenile Court Procedural Rules Committee has prepared this Adoption Report describing the rulemaking process. An Adoption Report should not be confused with Comments to the rules. See Pa.R.J.A. 103, cmt. The statements contained herein are those of the Committee, not the Court.

Effective December 12, 2016, the Bureau of Indian Affairs amended regulations to, *inter alia*, add a new Subpart I regarding Indian Child Welfare Act proceedings. See 25 C.F.R. §§ 23.101—.144. The new Subpart is in a question-and-answer format and one of the questions under “pretrial requirements” is “how should a state court determine if there is a reason to know the child is an Indian child?” 25 C.F.R. § 23.107. To which, the regulation states:

State courts must ask each participant in an emergency or voluntary or involuntary child-custody proceeding whether the participant knows or has reason to know that the child is an Indian child. The inquiry is made at the commencement of the proceeding and all responses should be on the record. State courts must instruct the parties to inform the court if they subsequently receive information that provides reason to know the child is an Indian child.

*Id.* § 23.107(a).

Currently, the Pennsylvania Rules of Juvenile Court Procedure require dependency petitions to set forth “if a child is Native American, the child’s Native American history or affiliation with a tribe.” See, e.g., Pa.R.J.C.P. 1330(B)(4). The rules are otherwise silent on whether such an inquiry is made on the record. Further, there is no Indian child requirement in the shelter care application. After reviewing the regulations, the Committee concluded that rulemaking was warranted.

The Committee published a proposal at 47 Pa.B. 3962 (July 22, 2017). The proposal would replace “Native American,” with “Indian” to be consistent with the federal regulations. Further, “Indian child” would be included in the definitions under Pa.R.J.C.P. 1120 and the Comment would include the source of the definition.

The petitioner would be required to indicate whether it is known if the child is an Indian child in both the shelter care and dependency petitions. There would be a continuing requirement in other proceedings until it has been established that the child is not Indian.

The court would also be required to make a finding whether there is reason to know if the child is Indian

until such time as it is determined that the child is not Indian. Additionally, the court would inquire about the reasonable efforts made by the county agency to determine whether the child is an Indian child. If there was a reason to believe that a child is Indian, then the rules would refer the reader to the federal regulations for additional requirements.

A commenter suggested revising the proposed definition of “Indian child” in Rule 1120 to include “citizen/citizenship,” to reflect the definition in 25 C.F.R. § 23.2. The Committee noted that the federal statute does not include “citizen/citizenship.” See 25 U.S.C. § 1903(4). The Committee favored retaining a definition that more closely tracked the statute rather than the regulation, believing that the statutory definition is more static relative to the regulatory definition. Further, the Committee believed that membership and citizenship are synonymous. See 81 F.R. 38778, 38795 (June 14, 2016) (Bureau of Indian Affairs concluding that “citizen” and “citizenship” are synonymous with “member” and “membership” in the context of Tribal government).

Another suggestion was to change “reason to believe,” as it relates to whether the proceeding involves an Indian child, to “reason to know” to reflect the Bureau’s regulations. This suggestion was accepted, and the proposal was revised accordingly.

It was also suggested that the proposal be expanded to include requirements if more than one tribe is involved; to specify the burden of proof required for emergency placement; to include the level of proof needed to deny transfer of jurisdiction to a tribe; and to add references to placement preferences when the Act applies to a proceeding. Instead of attempting to replicate regulatory requirements, the Comment to Pa.R.J.C.P. 1203 would refer readers to federal legal authority. Additional citations to the Act and the Bureau’s regulations were added to the Comment.

Post-publication, the Committee reconsidered the originally proposed requirement of continuous judicial inquiry beyond the initial inquiry and advisement of participants to inform the court if they subsequently receive information that provides a reason to know the child is an Indian child. The Committee did not believe that continuous inquiry would be necessary given the advisement of the participants. See also 25 C.F.R. § 23.107(a); 81 F.R. 38778, 38805 (June 14, 2016) (“The final rule does not require an inquiry at each hearing. Instead, it requires that the State court should instruct parties to inform it if they later discover information that provides reason to know the child is an Indian child.”).

Accordingly, the proposal was revised to require inquiry and advisement at the commencement of five initial proceedings: 1) emergency custody; 2) shelter care; 3) application to file a private petition; 4) dependency adjudication; and 5) acceptance of jurisdiction or supervision from another state. Correlatively, amendments related to an inquiry requirement in subsequent proceedings were removed.

During the course of rulemaking, litigation arose concerning the constitutionality of the Act and validity of the BIA’s regulations. See *Brackeen v. Zinke*, 338 F.Supp.3d 514 (N.D. Tx. 2018). That litigation has since been resolved. See *Haaland v. Brackeen*, 599 U.S. 255 (2023).

# RULES AND REGULATIONS

## Title 4—ADMINISTRATION

### DEPARTMENT OF GENERAL SERVICES

#### [ 4 PA. CODE CH. 71 ]

#### Commonwealth Parking Facilities

The Department of General Services (department) amends Chapter 71 (relating to Commonwealth parking facilities), by amending §§ 71.1—71.6, 71.11, 71.21, 71.31, 71.41—71.44 and deleting §§ 71.12 and 71.46 to read as set forth in Annex A.

#### *Effective Date*

This final-omitted rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and compliance will be expected 30 days after publication.

#### *Statutory Authority*

The department's authority to promulgate this rulemaking is set forth in sections 506, 2401.1 and 2402(a) of The Administrative Code of 1929 (71 P.S. §§ 186, 631.1 and 632(a)). Section 506 provides the general authority for the heads of all administrative departments to prescribe rules and regulations, not inconsistent with law, for the government of their respective departments, the conduct of their employees, the performance of their business and the custody, use and preservation of property pertaining to their department. Section 2401.1(20) sets forth the specific powers and duties of the department, which includes "the issuance of general regulations implementing the act." Section 2402(a) grants the department the power and duty to control and supervise the State Capitol Building and public grounds and buildings within the City of Harrisburg connected with the State Capitol.

In addition, section 2416(e) of The Administrative Code of 1929 (71 P.S. § 646(e)) authorizes the Capitol Police "[t]o exercise the same powers as are now or may hereafter be exercised under authority of law or ordinance by the police of the [city] of Harrisburg[.]" Harrisburg City Police have the authority to enforce parking rules under Harrisburg City Ordinance § 3-131 (relating to stopping and parking generally).

#### *Omission of Proposed Rulemaking*

Under section 204(1) and (3) of the act of July 31, 1968 (P.L. 769, No. 240), referred to as the Commonwealth Documents Law (CDL) (45 P.S. §§ 1204(1) and (3)), the department is authorized to omit the procedures for proposed rulemaking in sections 201 and 202 of the CDL (45 P.S. §§ 1201 and 1202) if the department finds that the regulation relates to agency procedure or practice and Commonwealth property and that the specified procedures of rulemaking are impracticable, unnecessary or contrary to the public interest. The department has determined that publication of proposed rulemaking is unnecessary under the circumstances because the regulations deal with the department's procedure and practice as they relate to Commonwealth property, that is, parking facilities. These regulations are not contrary to the public interest.

#### *Background and Need for the Amendments*

Under the authority of section 2402 of The Administrative Code of 1929, as stated in 4 Pa. Code § 71.1 (relating to purpose), the department promulgated Chapter 71 "to

effect maximum utilization of parking facilities available for use by Commonwealth employees and to provide standard rules and regulations for the administration and management of the parking facilities." Chapter 71 was adopted in 1973 and has not been amended or updated in any way in over 50 years. Due to this passage of time, this final-omitted rulemaking requires an increase in the parking ticket fine amount along with updates based on operational changes. Most other state capitals, along with our Nation's capital, have parking ticket fine amounts that far exceed those currently set forth in Chapter 71. Moreover, the City of Harrisburg, which encompasses much of the Capital itself, has set its own base parking ticket fine amount at \$30, which is five times higher than the amount set in 1973. See Harrisburg City Ordinances § 3-131.11 (relating to charges for parking in prohibited parking zones). Amendments to Chapter 71 are required to deter misuse and abuse of Commonwealth parking spaces and places, modernize procedures, and ensure efficient and effective use of Commonwealth property. This includes the removal of superfluous, outdated, conflicting and unnecessary language. The public benefits from good stewardship and use of Commonwealth parking spaces and places, especially in our State Capitol. Without making these much-needed amendments, Commonwealth government is impacted based on the unavailability of parking spaces and the resources wasted on enforcing outdated provisions with little to no meaningful economic impact for those who violate the provisions of this final-omitted rulemaking.

#### *Description of the Amendments*

Chapter 71 is updated and amended by deleting superfluous, outdated, conflicting and unnecessary language and updating the amount for fines and the process by which those fines are paid. More specifically, §§ 71.1—71.6, 71.11, 71.21, 71.31 and 71.41—71.44 are updated to reflect modern day vernacular and to conform to the *Pennsylvania Code & Bulletin Style Manual*.

Section 71.2(c) (relating to general) is amended to require the email address for each Departmental Parking Officer to be supplied in addition to the other information that is already required.

The department deletes § 71.4(2) (relating to suggested priorities for parking assignments) which suggests prioritizing parking assignments for handicapped employees. When the regulation was drafted over 50 years ago this provision was necessary due to the state of parking regulations. However, in current times there is an abundance of handicap designated parking areas, making this provision unnecessary.

Reference to permits that are permanently affixed to vehicle bumpers is deleted from § 71.6(d) and (e) (relating to miscellaneous requirements and prohibitions), as this practice is no longer utilized in this Commonwealth.

The department amends § 71.11(a) (relating to general requirements) by deleting the practice of typewritten temporary parking permits that is no longer utilized and replacing it with the current practice of temporary permits that are initialed by the Departmental Parking Officer. Additionally, § 71.11(c) is deleted because there is no longer a need to prohibit temporary parking permits for areas numbered one, two, three or four.

Section 71.12 (relating to monthly report) is deleted as these reports are no longer necessary. Temporary permits are distributed by email and no longer require return to

the department and the records are maintained electronically, therefore, no longer requiring a monthly report.

Additionally, with regard to lost or stolen permits, § 71.21(c) and (d) (relating to reporting and investigating) are deleted to reflect the current practice when a permit is lost or stolen. The language currently states that Capitol Police will search for the lost or stolen permit for 30 days. However, with all the responsibilities of Capitol Police this simply is not practical. The current practice should be to gather as much information as possible before requesting an investigation by Capitol Police, as reflected in § 71.21(e).

This final-omitted rulemaking amends § 71.42(a)(1) (relating to instructions to permit holders) to delete references to pressure-sensitive bumper sticker permits that are no longer utilized by the Commonwealth. Additionally, § 71.42(a)(3) is deleted as temporary permits are not issued in a format that requires their return to the Departmental Parking Officer. Section 71.42(a)(4), is amended to include the reminder that if an employee leaves employment without returning their permit, the agency will receive an invoice for the replacement permit. Finally, § 71.42(a)(5) which discusses inappropriate places to load and unload passengers is deleted, as this is more appropriately addressed by 75 Pa.C.S. (relating to Vehicle Code).

The department reformats § 71.43 to place all the provisions that must be complied with when using the underground garages under subsection (a) and the penalty for violating the provisions under subsection (b), to provide additional clarity for those who utilize the underground garages. The department also deletes § 71.43(a)(8) and (9) (relating to underground garages) as they contain outdated information about the bottom level of the garage that does not reflect the state of the garage today.

This final-omitted rulemaking also amends § 71.44(c) (relating to compliance with procedure, parking violations, fines and penalties) to allow a Capitol Police Officer to issue a parking ticket and increase the fine amount from \$5 to \$30, with the failure to pay the fine increasing from \$6 to \$50. The amount of time to pay the parking ticket is also increased from 48 hours to 4 business days so as not to conflict with weekends or holidays. Additionally, § 71.44(d) is amended to reflect the same increase from \$6 to \$50. With the current cost of the fine being set at \$6, there simply is not a deterrent effect to prevent individuals from parking in spaces where they do not hold a permit to park. When an individual who holds a permit cannot park in their permitted spot it causes delays in the work of the Commonwealth and additional costs in finding another place for the individual to park.

Finally, § 71.46 (relating to parking areas—Capitol complex) is deleted as it is an inaccurate depiction of the current Capitol complex.

#### *Fiscal Impact and Paperwork Requirements*

This final-omitted rulemaking will have a fiscal impact on the regulated community, as the fine for parking in a prohibited area will increase from \$5 to \$30. As roughly 500 parking tickets are issued each year the total amount of fines will increase from \$2,500 to \$15,000. However, the fine is avoidable by simply not parking in a prohibited area and it is the Commonwealth's goal that the increased fine will have a deterrent effect on the regulated community so as to reduce the quantity of tickets issued on an annual basis. This regulation will not create additional paperwork for the general public or the Com-

monwealth's political subdivisions.

#### *Sunset Date*

The department will continuously monitor the effectiveness of these regulations. Therefore, no sunset date has been assigned.

#### *Regulatory Review*

Under section 5.1(c) of the Regulatory Review Act (71 P.S. § 745.5a(c)), on October 29, 2024, the department submitted a copy of the final-omitted rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the chairperson of the State Government Committee of the Senate and to the chairperson of the State Government Committee of the House of Representatives. On the same date, the department submitted a copy of the regulation to the Office of Attorney General under the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506).

Under sections 5.1(e) and (j.2) of the Regulatory Review Act (71 P.S. § 745.5a(e) and (j.2)), the regulations were deemed approved by the House and Senate committees on November 30, 2024. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 5, 2024, and approved the final-omitted rulemaking.

#### *Additional Information*

Further information regarding this final-omitted regulation may be obtained by contacting Juan A. Ruiz, Deputy Chief Counsel, Department of General Services, 401 North Street, Room 603, Harrisburg, PA 17120.

#### *Findings*

The department finds that:

(1) Public notice of the department's intention to amend the regulations under the procedures in sections 201 and 202 of the CDL has been omitted under section 204 of the CDL because publication of proposed rulemaking and public comment is unnecessary in that the rulemaking relates to agency procedure or practice and Commonwealth property.

(2) The promulgation of the regulations in the manner provided in this order is necessary and appropriate to effect maximum utilization of parking facilities available for use by Commonwealth employees and to provide standard rules and regulations for the administration and management of the Commonwealth's parking facilities.

#### *Order*

The department, acting under its authorizing statute, orders that:

(a) The regulations of the department, 4 Pa. Code Chapter 71, are amended by amending §§ 71.1—71.6, 71.11, 71.21, 71.31, 71.41—71.44 and deleting §§ 71.12 and 71.46, to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The department shall submit this final-omitted rulemaking to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The department shall submit this final-omitted rulemaking to IRRC, the House and Senate Committees as required by law.

(d) The department shall certify this final-omitted rulemaking and deposit it with the Legislative Reference Bureau as required by law.

(e) This final-omitted rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

**Annex A**

**TITLE 4. ADMINISTRATION**

**PART III. DEPARTMENT OF GENERAL SERVICES**

**Subpart D. AUTOMOBILES**

**CHAPTER 71. COMMONWEALTH PARKING FACILITIES**

**GENERAL PROVISIONS; ALLOCATION OF PARKING PERMITS**

**§ 71.1. Purpose.**

This chapter has been promulgated to effect maximum utilization of parking facilities available for use by Commonwealth employees and to provide standard rules and regulations for the administration and management of the parking facilities.

**§ 71.2. General.**

(a) The Commonwealth will recognize to the best of its ability its responsibility for providing parking facilities for those employees who are required to travel by privately owned vehicle to their place of employment. It should be realized, however, that the Commonwealth is unable to provide parking facilities for all employees.

(b) Parking permits will be allocated on the basis of Capitol Complex employee complement of each department, board or commission.

(c) The head of each department, board or commission with offices and employee complement in the Capitol Complex area shall name an individual to act as parking officer who is empowered to handle all matters peculiar to the administration and management of that part of the Commonwealth Parking System as pertains to the department, board or commission. The name, title, telephone number, email address and office address of the parking officer, hereafter referred to as Departmental Parking Officer, shall be furnished to the Commonwealth Parking Officer, Department of General Services.

**§ 71.3. Responsibilities.**

(a) The Commonwealth Parking Officer has the following duties:

(1) To allocate parking spaces for use of the Capitol Complex employee complement of Commonwealth departments, boards and commissions.

\* \* \* \* \*

(5) To procure and furnish Departmental Parking Officers with adequate supplies of permanent and temporary parking permits.

\* \* \* \* \*

(b) Departmental Parking Officers have the following duties:

(1) To assign allocated parking spaces to members of the employee complement of their department, board or commission. Parking permits, whether permanent or temporary, may be assigned only to agency allocations.

(2) To review parking assignments to ensure compliance with the purpose and intent of this chapter.

\* \* \* \* \*

**§ 71.4. Suggested priorities for parking assignments.**

The following priorities should be given prime consideration in the assignment of parking spaces:

(1) Officials requiring the car for performance of assigned duties, such as department heads or other officials using the car during the day for official business.

(2) {Reserved}.

(3) Individuals who commute from an area beyond public transportation and who cannot reach employment except by the individual's own car.

(4) Regularly assigned State cars that must be parked near the agency for daily business use. On the parking permits for State cars, the bureau, division or other unit designation must be listed in the name and address column along with the license number and category.

(5) Individuals who participate in a carpool. For carpools, a permit will be assigned to a principal driver and recorded as such by the Departmental Parking Officer, along with alternate drivers. An alternate driver may use this permit during any absence of the principal driver.

(6) Individuals with irregular working hours.

**§ 71.5. Trading assigned parking permits.**

(a) The Departmental Parking Officer shall approve or disapprove the trading of assigned permits between employees of the department.

(b) The trading of assigned permits between employees of different departments is prohibited and if it is found to have occurred, the Departmental Parking Officers will recall the parking permit from the assignee.

**§ 71.6. Miscellaneous requirements and prohibitions.**

(a) Types and styles of parking permits will vary with need. Specific instructions for the type and style of the permit will be furnished to the employee with the permit at the time of issue. These instructions are in addition to the requirements contained in this chapter.

(b) Departmental Parking Officers shall ensure that no employee has the use of more than one parking space on Commonwealth parking facilities.

(c) Vehicle operators shall be personally responsible for ensuring that parking permits are properly positioned or displayed on the vehicle they park on Commonwealth parking facilities.

(d) Parking permits shall be replaced when they are no longer legible. Damaged permits shall be returned to Departmental Parking Officers by the assignee with a request for a replacement.

(e) Parking permits shall be returned to the Departmental Parking Officer, agency of issue, when an employee departs State service, transfers to another State agency or at the request of the Departmental Parking Officer.

(f) Display of placards or signs designating "Official Business," "Messenger," "Mail Car," "Service Car" and similar statements instead of an official parking permit provided by the Department of General Services is not authorized and the operator will be cited for violation of the parking rules and regulations.

(g) The Commonwealth is not responsible for fire, theft or damage to any vehicle, or its contents, while it is parked on Commonwealth parking facilities.

(h) Unauthorized fabrication or duplication of official parking permits is unlawful, and offenders will be cited for violation of laws, rules and regulations.

(i) Parking permits will be issued for the nearest available parking area to the employee's place of employment, to the extent possible and practical.

### TEMPORARY PARKING PERMITS

#### § 71.11. General requirements.

(a) Temporary parking permits will be issued only against known vacancies in permanently allocated spaces. Temporary parking permits must be initialed by the Departmental Parking Officer.

(b) Upon the expiration of the time designated on the temporary permit, the temporary permit shall be returned to the Departmental Parking Officer by the assignee. Failure to do so will forfeit future parking privileges.

(c) {Reserved}.

(d) A temporary parking permit will not be issued to an employee who leaves a personal car parked in an assigned space for a State car. The permanent parking permit for the State car may be transferred to the personal car but must be returned to the State car when the State car is parked in its assigned area.

#### § 71.12. {Reserved}.

### LOST OR STOLEN PERMITS

#### § 71.21. Reporting and investigating.

(a) Lost or stolen permits shall be reported to the Commonwealth Parking Officer by giving the name of the person to whom the permit was issued and the permit and area numbers.

(b) A person using a State car shall be responsible for notifying the Departmental Parking Officer if the State car has no parking permit. Unless there is evidence of a theft through break-in, the person who operated the State car immediately preceding the report shall be responsible for the loss of the permit.

(c) {Reserved}.

(d) {Reserved}.

(e) The Departmental Parking Officer should require factual information concerning the reported lost or stolen permit before requesting an investigation by the Capitol Police.

### SPECIAL VISITOR PARKING

#### § 71.31. General requirement.

(a) Agency requirements for special visitor parking for conferences, committee meetings and other special purposes shall be submitted to the Departmental Parking Officer at least 4 working days prior to the date of requirement.

(b) The Departmental Parking Officer shall consider these special requirements in certain designated areas. Because the special visitor parking areas are limited, requests shall be honored on a first come, first served basis.

### USE OF PARKING FACILITIES

#### § 71.41. Surveys to ensure maximum utilization.

(a) Surveys shall be made periodically by the Commonwealth Parking Officer of the various parking facilities to ensure maximum utilization.

\* \* \* \* \*

#### § 71.42. Instructions to permit holders.

(a) Proper parking accommodations necessitate the cooperation of the employee, Capitol Police and the Departmental Parking Officer. Therefore, the following instructions are issued for the employee so that effective operation of the parking facilities may be achieved:

(1) A parking permit shall be displayed where it can be easily read through the windshield on the driver's side of the vehicle.

(2) Capitol Police Officers are not required to search for the permit or guess as to its information. Failure to comply with permit requirements constitutes unauthorized parking.

(3) {Reserved}.

(4) Upon leaving employment, even by transfer to another State agency, the employee's parking permit shall be returned to the Departmental Parking Officer and the new agency should be consulted for parking accommodations. Permits not returned upon separation shall be reported to the Capitol Police as stolen. The agency will be sent an invoice for the replacement permit.

(5) {Reserved}.

(b) Parking permits shall be issued by the Departmental Parking Officer on the basis of relative need. They can be recalled as circumstances and needs change throughout the year.

#### § 71.43. Underground garages.

(a) The following provisions shall be complied with by personnel using the underground garages:

(1) Parking spaces in the underground garages are assigned by individual stall numbers. The permit shows the stall number and does not authorize parking in any other stall. If the stall is found to be already occupied, report this to the Departmental Parking Officer and park only as directed. Do not park in someone else's assigned stall.

(2) Parking in the garage on any level is restricted to passenger vehicles and motorcycles.

(3) When entering the garage, follow the directional signs, arrows and the directions of the Capitol Police Officer on duty, as applicable.

(4) Radio antennas must be kept down to the roof level of the car due to low ceiling height.

(5) Vehicles may not be driven in excess of 10 miles per hour.

(6) Headlights must be turned on low beam at all times when the car is in motion.

(7) The horn may be sounded only to avoid an accident. Cars must be brought to a full stop before entering the garage.

(8) {Reserved}.

(9) {Reserved}.

(10) No engines are to be run unnecessarily. Engines may be run only to arrive and depart from a parking

position. To preclude unnecessary build-up of carbon monoxide and other gases, no preheating of cars during inclement weather is permitted.

(b) Violators will lose their indoor parking privilege for a violation of the provisions of this section.

**§ 71.44. Compliance with procedure, parking violations, fines and penalties.**

(a) *General.* Failure to comply with the procedures contained in this chapter and the posted parking instructions or restrictions at Commonwealth-owned or Commonwealth-leased parking areas constitutes unauthorized parking and operators of vehicles involved in the violation will be cited accordingly.

(b) *Parking violations.* Additionally, vehicle operators will be cited for violation when the vehicle they are operating, whether attended or unattended, is parked in any of the following:

- (1) No parking zone.
- (2) Bus zone.
- (3) Unloading zone or entrance ramp.
- (4) Reserved parking space or stall.

(c) *Fines and payment.* A person who receives from a Capitol Police Officer a parking ticket for violation of the parking rules and regulations contained in this chapter will be required to pay a fine of \$30 (increased to \$50 if not paid within 4 business days from date of violation). Instructions for payment of the fine are provided on the parking ticket. If the violator fails to pay the fine within the cited period, the record of violation will be forwarded to the Magisterial District Judge.

(d) *Penalty.* A person violating this chapter shall, upon summary conviction thereof, be sentenced to pay a fine of \$50 and costs of prosecution and in default of payment, may be subject to imprisonment for not more than 5 days.

(e) *Enforcement provisions.* Enforcement of the provisions of this chapter shall conform with the following:

(1) Informations charging violations of any of the summary provisions of this chapter, in such detail as the department may prescribe as being necessary for its records, shall be brought before the designated Magisterial District Judge within the city, borough, incorporated town or township in the county where the alleged violation occurred within 90 days after the commission of the alleged offense and not thereafter, except that when an information is filed against a person prima facie guilty of a summary offense, and it subsequently appears that a person other than the person named in the information was the offender or violator, an information may be filed against that other person within 30 days after that person's identity has been discovered, and not thereafter.

(2) A salaried member of the Capitol Police, when in uniform or exhibiting a badge or other sign of authority, whenever a violation of the rules and regulations described in this chapter is committed in their presence, is vested with the authority to present the alleged offender a printed notice citing the offense or violation, the reverse side of which contains the amounts of the fines and instructions for payment.

(3) The Commonwealth Parking Officer, upon accepting payment of the fine from an individual for a cited offense or violation, shall issue a receipt to the person acknowledging payment and shall record the payment upon the docket.

**PENNSYLVANIA GAMING CONTROL BOARD  
[ 58 PA. CODE CHS. 603a, 633a, 687a, 812a  
AND 819a ]**

**Table Game Equipment; Blackjack; DJ Wild Stud Poker; Interactive Gaming Player Accounts; and Interactive Gaming Progressives**

The Pennsylvania Gaming Control Board (board), under the authority of 4 Pa.C.S. §§ 1202(b)(30), 13A02(1) and (2) and 13B02(a)(3), (6), (7) and (9) (relating to general and specific powers; and regulatory authority), amends Subpart K (relating to table games) by adding §§ 603a.22 and 603a.23 (relating to Direct Bet Coupons; physical characteristics and issuance; and Direct Bet Coupon use), amending Chapters 633a and 687a (relating to Blackjack; and DJ Wild Stud Poker) and amending Subpart L (relating to interactive gaming) by amending § 812a.9 (relating to player account controls) and adding Chapter 819a (relating to interactive gaming progressives).

*Purpose of this Final-Form Rulemaking*

This final-form rulemaking finalizes regulatory language which provides standards for the issuance and use of Direct Bet Coupons, provides standards for interactive gaming progressive wagers and amends certain provisions in table games rules and interactive gaming player account controls.

*Explanation*

In Annex A, Chapter 603a (relating to table game equipment) finalizes the addition of §§ 603a.22 and 603a.23. These sections provide for the authorization and framework for the issuance and use of Direct Bet Coupons, a promotional product in brick-and-mortar casinos. Direct Bet Coupons operate similarly to Match Play Coupons, authorized under §§ 603a.20 and 603a.21 (relating to Match Play Coupons; physical characteristics and issuance; and Match Play Coupon use), except that Direct Bet Coupons do not require players to at least match the promotional play value with money out of their pockets. Direct Bet Coupons allow Pennsylvania licensees to offer a promotional product similar to those allowed by competing casinos in neighboring jurisdictions.

The Direct Bet Coupon regulations contemplate licensees utilizing computerized systems for instantaneous creation of Direct Bet Coupons (patron-operated kiosks or casino staff-operated computer/printer system) or Direct Bet Coupons printed by either gaming service providers or the licensees themselves (non-instantaneously produced). These non-instantaneously produced coupons represent "blanks" that may not contain all the required identifying information required under § 603a.22(d) while held in inventory but must contain subsection (d) information at the time they are being issued to a patron for use. Instantaneously produced coupons must contain all subsection (d) information at time of printing, as this also represents the time of issuance to the patron.

A distinguishing procedural consideration between instantaneously produced and non-instantaneously produced

duced coupons is that non-instantaneously produced coupons require additional inventory, control and reconciliation procedures to ensure the “blank” coupons are not accidentally or intentionally misplaced or misappropriated. Instantaneously produced coupons are printed, or produced, at the time of issuance, meaning there are not “blank” coupons to be inventoried, controlled, monitored and reconciled. Regardless of production method, all Direct Bet Coupons issued to patrons will be required to be accounted for in the Direct Bet Coupon ledger and the monthly reporting to the board.

Also in Annex A, Subpart L adds Chapter 819a. This addition to the interactive gaming regulations finalizes the framework for licensees to offer progressive wagers in the online gaming market. Specifically, § 819a.1 (relating to interactive gaming progressives) addresses an interactive gaming operator offering progressive wagers. Section 819a.2 (relating to interactive gaming wide area progressives) provides the framework by which interactive gaming progressive wagers will be allowed to be offered collaboratively between multiple interactive gaming operators. One edit from the proposed rulemaking is incorporated to correct a typo that referred to a slot system agreement rather than interactive gaming wide area progressive agreement.

Annex B of this final-form rulemaking finalizes edits to existing final-form regulations. The first edit updates § 633a.13(k) (relating to payout odds; payout limitation) to delete an antiquated payable to ensure that payouts to patrons reflect probabilities of occurrence of events—namely that winning events with lower probabilities of occurrence (harder hands to achieve) should be rewarded with greater potential payouts.

Next, two edits are being made to Chapter 687a, which provides the table game rules for DJ Wild Stud Poker. The first edit is to the Two-Way Bad Beats Bonus Wager, under § 687a.11(f)(3) (relating to procedures for completion of each round of play). The revision corrects the regulatory language to provide that when either the player’s or dealer’s hand is comprised of a three-of-a-kind or better and loses, then the Two-Way Bad Beats Bonus Wager shall be deemed to have won. This edit corrects the language to ensure the Two-Way Bad Beats wager operates as originally intended. The second edit is to Paytable 1 under § 687a.12(c) (relating to payout odds; progressive wager configuration). The amendment corrects an error in the published seed/re-seed amount.

The final amendment in Annex B changes the 30-minute timeout under § 812a.9(c)(1) to a 15-minute timeout. This amendment makes the failure to receive a response timeout under § 812a.9(c)(1) match the requirement that a player re-enter their password after 15 minutes of player inactivity as provided by § 812a.3(a)(6) (relating to account security).

#### *Responses to Comments*

No public comments were received on the proposed rulemaking.

#### *Fiscal Impact*

*Commonwealth.* The board does not expect that this final-form rulemaking will have a fiscal impact on the board or other Commonwealth agencies. Work created because of this final-form rulemaking will be handled by existing board staff.

*Political subdivisions.* This final-form rulemaking will not have fiscal impact on political subdivisions of this Commonwealth.

*Private sector.* This final-form rulemaking will provide the regulated gaming market with increased promotion and game/wager options, while additionally providing clarifications with corrective edits. To the extent that the private sector may experience a fiscal impact, it is anticipated to be a positive fiscal impact.

*General public.* This final-form rulemaking will not have fiscal impact on the general public.

#### *Paperwork Requirements*

Licensees seeking to operate a Direct Bet Coupon program are required to maintain a Direct Bet Coupon ledger and make periodic reports to the board regarding Direct Bet Coupon issuance and usage. Additionally, licensees are required to make submissions for laboratory review software and hardware systems that would facilitate their Direct Bet Coupon programs and are required to submit appropriate forms to the board for product review. These forms constitute the same paperwork requirement for any board laboratory submission.

Licensees seeking to operate an interactive gaming wide area progressive system are required to submit for Board review and approval an interactive gaming wide area progressive agreement. This agreement will outline the roles and responsibilities of participating parties. This submission and the board review and approval requirement is consistent with the process required for slot machine wide area progressive systems under 58 Pa. Code § 461a.13 (relating to wide area progressive systems).

Other provisions of this final-form rulemaking will not create paperwork requirements beyond the established procedures for table games submissions or laboratory review submissions, or both.

#### *Effective Date*

This final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

#### *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on March 20, 2024, the board submitted a copy of the notice of proposed rulemaking, published at 54 Pa.B. 2085 (March 20, 2024) and a copy of the Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the chairperson of the Community, Economic and Recreational Development Committee of the Senate and the chairperson of the Gaming Oversight Committee of the House of Representatives for review and comment. A copy of the materials was made available to the public including being available on the board’s website at [www.gamingcontrolboard.pa.gov](http://www.gamingcontrolboard.pa.gov).

Under section 5(c) of the Regulatory Review Act, IRRC and the Senate and House committees are provided with copies of comments received during the public comment period, as well as other documents when requested. With regard to this final-form rulemaking, no comments were received from the public nor from the Senate and House committees.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. IRRC did not provide any comments, recommendations or objections. Under section 5a(j.2) of the Regulatory Review Act (71 P.S. § 745.5a), on October 23, 2024, this final-form rulemaking was deemed approved by the Senate and House

committees. IRRC met on October 24, 2024, and approved the regulations in accordance with section 5a(3) of the Regulatory Review Act.

*Findings*

The board finds that:

(1) Public notice of intention to adopt these amendments was given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240), referred to as the Commonwealth Documents Law (45 P.S. §§ 1201 and 1202) and the regulations thereunder and 1 Pa. Code §§ 7.1 and 7.2 (relating to notice of proposed rulemaking required; and adoption of regulations).

(2) This final-form rulemaking is necessary and appropriate for the administration and enforcement of 4 Pa.C.S. Parts II and III (relating to gaming; and video gaming).

*Order*

The board, acting under 4 Pa.C.S. Part II and Part III, orders that:

(1) The regulations of the board, 58 Pa. Code Chapter 603a, are amended by adding §§ 603a.22 and 603a.23 and adding Chapter 819a, §§ 819a.1 and 819a.2, as set forth in Annex A.

(2) The regulations of the board, 58 Pa. Code Chapters 633a, 687a and 812a, are amended by amending §§ 633a.13, 687a.11, 687a.12 and 812a.9, as set forth in Annex B with ellipses referring to the existing text of the regulations.

(3) The chairperson of the board shall certify this order, Annex A and Annex B and deposit them with the Legislative Reference Bureau as required by Law.

(4) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

## Title 52—PUBLIC UTILITIES

### PENNSYLVANIA PUBLIC UTILITY COMMISSION

[ 52 PA. CODE CH. 56 ]

#### Sunset of Chapter 14, Title 66 of the Pennsylvania Public Utility Code

Public Meeting held  
December 12, 2024

*Commissioners Present:* Stephen M. DeFrank, Chairperson; Kimberly Barrow, Vice Chairperson; Kathryn L. Zerfuss; John F. Coleman, Jr.; Ralph V. Yanora

*Sunset of Chapter 14, Title 66 of the Pennsylvania Public Utility Code; Docket No. M-2024-3052328*

#### Statement of Policy

On November 30, 2004, former Pennsylvania Governor Edward Rendell, signed into law Act 201 of 2004, S.B. 677, P.L. 1578, Regular Sess. (Pa. 2004), the Responsible Utility Consumer Protection Act (Act 201). Act 201 amended the Public Utility Code (Code) by adding Chapter 14, 66 Pa.C.S. §§ 1401—1419. With the addition of Chapter 14 of the Code, the General Assembly sought to eliminate opportunities for customers capable of paying to avoid the timely payment of utility bills and to provide utilities with the means to reduce their uncollectible accounts by modifying the procedures for delinquent account collections. This was the first significant change to rules regarding utilities' residential service standards with respect to billing and related issues in more than 25 years. 66 Pa.C.S. § 1402(1). The General Assembly determined that the rules had not successfully managed the issue of bill payment and that increasing amounts of unpaid bills threatened paying customers with higher rates due to other customers' delinquencies. *Id.* Accordingly, the goal of adding Chapter 14 to the Code was to increase timely collections, while ensuring that service is available to all customers based on equitable terms and conditions. 66 Pa.C.S. § 1402(3).

Since the addition of Chapter 14 resulted in certain of the Commission's then-existing regulations regarding standards and billing practices for residential public utility service, codified at Chapter 56 of Title 52 of the *Pennsylvania Code*, being superseded, the Public Utility Commission (Commission) initiated a rulemaking at Docket No. L-00060182 to amend Chapter 56 so that it could effectively and fully administer and enforce Chapter 14. See Rulemaking to Amend the Provisions of 52 Pa. Code, Chapter 56 to Comply with the Provisions of 66 Pa.C.S. Chapter 14; General Review of Regulations, Docket No. L-00060182 (Revised Final Rulemaking Order entered June 13, 2011). As the result of this rulemaking, the Commission promulgated final-form regulations that revised Chapter 56 to ensure that the regulations codified therein complied with Chapter 14 of the Code. The final-form regulations became effective upon publication in the *Pennsylvania Bulletin* on October 8, 2011. 41 Pa.B. 5473 (October 8, 2011).

When it enacted Chapter 14, the General Assembly established a sunset of Chapter 14 in ten years unless reenacted. Chapter 14 was reenacted in 2014, again with another ten-year sunset provision. 66 Pa.C.S. § 1419. The Commission amended Chapter 56 in response to the 2014 reauthorization of Chapter 14, and these final-form regu-

lations became effective upon publication in the *Pennsylvania Bulletin* on June 1, 2019. 49 Pa.B. 2815 (June 1, 2019).

Chapter 14 of the Code is scheduled to sunset on December 31, 2024.<sup>1</sup> In order to provide certainty to the utilities, consumers and all affected stakeholders regarding the continuing viability of its regulations codified at Chapter 56 upon the sunset of Chapter 14 of the Code, the Commission hereby issues this Statement of Policy<sup>2</sup> to clarify that its regulations codified at 52 Pa. Code Chapter 56 that govern the existing procedures by which residential utility service may be terminated by the applicable jurisdictional utilities remain in effect until amended. These Chapter 56 regulations relate to rates charged and services provided by public utilities that are governed by Chapters 13 and 15 of the Code. See 66 Pa.C.S. §§ 1301, 1304, 1305, 1501—1504. Thus, the Commission will continue its obligations under the Code to ensure that utility rates and tariffs are just and reasonable. The Commission will also continue to ensure that public utility service is provided on a reasonably continuous basis without unreasonable interruptions or delay and that every public utility tariff governing the conditions of service are reasonable to ensure that the utility maintains adequate, efficient, safe, and reasonable service.

Based upon our analysis of the Code, the Commission has both the duty and obligation under the Code to enforce the Commission Orders issued pursuant to Chapter 14 of the Code. 66 Pa.C.S. §§ 501, 502, 503, 3301. Moreover, Sections 703(e) and (g) of the Code provide that final orders are presumed to remain in effect unless reversed on appeal or amended after notice and opportunity to be heard. Thus, it is the Commission's present view and statement of policy herein that all final orders issued pursuant to Chapter 14 of the Code remain in effect and are enforceable by the Commission unless reversed on appeal or amended by the Commission after notice and opportunity to be heard. 66 Pa.C.S. § 703(e), (g).

Additionally, with regard to the provision of payment arrangements, and without prejudging any future matters that may come before us, the Commission will maintain its application of the four-tiered process establishing the length of payment arrangements currently articulated in Chapter 14. This includes principles provided in Section 1405(b) and the relevant definitions of "change in income" and "significant change in circumstance" as provided in Section 1403 of the Code, 66 Pa.C.S. §§ 1403, 1405(b).

As Chapter 14 currently requires, the length of time for a customer to resolve an unpaid balance that is investigated by the Commission and is entered into by a public utility and a customer shall not extend beyond:

(1) Five years for customers with a gross monthly household income level not exceeding 150% of the Federal poverty level.

(2) Three years for customers with a gross monthly household income level exceeding 150% and not more than 250% of the Federal poverty level.

<sup>1</sup> On November 30, 2024, in accordance with 101 Pa. Code § 7.24(b) (Sine die Adjournments and recesses), the Pennsylvania General Assembly adjourned its regular session without reauthorizing Chapter 14 of the Code, 66 Pa.C.S. §§ 1401—1419, which will now expire on December 31, 2024. 66 Pa.C.S. § 1419.

<sup>2</sup> While the Commission is providing guidance to the regulated community with this statement of policy, it is not a policy statement codified in Chapter 69 of the Commission's regulations.

(3) One year for customers with a gross monthly household income level exceeding 250% of the Federal poverty level and not more than 300% of the Federal poverty level.

(4) Six months for customers with a gross monthly household income level exceeding 300% of the Federal poverty level.

66 Pa.C.S. § 1405(b). The principles of Section 1405 and definitions of Section 1403 will continue after the expiration of Chapter 14 on December 31, 2024.<sup>3</sup>

Relevant legal authority to support the continuation of payment arrangements includes the Commission's jurisdiction and authority over the regulation of public utilities generally under Section 501, reports by public utilities under Section 504, just and reasonable rates under Section 1301, discrimination in rates under Section 1304, the advance payment of rates under Section 1305, the character and service of facilities under Section 1501, discrimination in service under Section 1502, the discontinuance of service under Section 1503, and the standards of service and facilities under Section 1504. 66 Pa.C.S. §§ 501, 504, 1301, 1304, 1305, 1501—1504. The Commission also has relevant authority under Sections 308.1 regarding consumer protection and information, including informal complaints, Section 505 regarding the duty to furnish information to the Commission, Section 506 regarding the inspection of facilities and records, Section 701 regarding complaints, and Section 1509 regarding billing procedures. 66 Pa.C.S. §§ 308.1, 505, 506, 701, 1509.

Furthermore, our regulation at 52 Pa. Code § 56.151 (relating to public utility company dispute procedures) provides:

Upon initiation of a dispute covered by this section, the public utility shall . . . (3) Make a diligent attempt to negotiate a reasonable payment agreement if the customer or occupant is eligible for a payment arrangement and claims a temporary inability to pay an undisputed bill. Factors which shall be considered in the negotiation of a payment agreement include, but are not limited to: (i) The size of the unpaid balance. (ii) The ability of the customer to pay. (iii) The payment history of the customer. (iv) The length of time over which the bill accumulated.

52 Pa. Code § 56.151(3); see also 52 Pa. Code § 56.381(3). Likewise, Section 56.97 of our regulations, 52 Pa. Code § 56.97 (relating to procedures upon customer or occupant contact prior to termination), provides:

The public utility shall exercise good faith and fair judgment in attempting to enter a reasonable payment agreement or otherwise equitably resolve the matter. Factors to be taken into consideration when attempting to enter into a reasonable payment agreement include the size of the unpaid balance, the ability of the customer to pay, the payment history of the customer and the length of time over which the bill accumulated.

52 Pa. Code § 56.97(b); see also 52 Pa. Code § 56.337(b). These provisions remain in effect and are not changed by the sunset of Chapter 14.

By way of further example, the Commission intends to continue to enforce many important Chapter 56 provisions,

including but not limited to the medical certification protections, 52 Pa. Code §§ 56.111—56.118, see also 52 Pa. Code §§ 56.351—56.358; the Protection From Abuse protections, 52 Pa. Code §§ 56.36, 56.91, 56.191, see also 52 Pa. Code §§ 56.251, 56.252, 56.286; and the winter moratorium, 52 Pa. Code § 56.100, see also 52 Pa. Code § 56.340.

In addition to providing certainty to the utilities, consumers and all affected stakeholders, the Commission finds that continuing to enforce the Chapter 56 regulations mitigates unnecessary expenses and administrative burdens for the utilities and the Commission by maintaining the existing regulatory paradigm. Thus, this statement of policy for the regulated community, statutory and consumer advocates, consumers, and the Commission provides temporary guidance to all involved until such time as the Chapter 56 regulations are amended or new legislation is passed into law. Maintaining the existing regulatory posture will also provide a reasonable backstop to allow more time for the General Assembly to continue deliberating the reauthorization of Chapter 14 next year.

It is the Commission's obligation to protect consumers by availing them of just and reasonable access to utility service and associated payment terms. However, the Commission must also maintain equitable service provisions for utilities to ensure they have reasonable tools to recover their costs. Maintaining the "status quo" in this regard is in the public interest as it protects the interests of utilities, customers, and statutory advocates, and this Commission during the pendency of continued Chapter 14 reauthorization discussions by the General Assembly.

If necessary, the Commission can take action to amend the Chapter 56 regulations through the initiation of a rulemaking process, including an advanced notice and notice of proposed rulemaking and a final rulemaking order wherein all stakeholders will be given notice and an opportunity to be heard. See 45 P.S. §§ 1201—1202. However, until such time as the Commission takes such future action, it is the Commission's present view and statement of policy herein that the Chapter 56 regulations that govern existing procedures regarding residential utility service remain in effect until amended, the Commission will maintain its application of the four-tiered process establishing the length of payment arrangements currently articulated in Chapter 14, and all final orders issued pursuant to Chapter 14 remain in effect and are enforceable by the Commission until the Commission abides by the specific process to amend an existing final order as prescribed by Chapter 7 of the Code. Accordingly, the Commission will apply this statement of policy in all proceedings related to issues in Chapter 14 until further direction is provided; *Therefore,*

*It Is Ordered:*

1. That a copy of this Statement of Policy be served upon the following:

- a. all jurisdictional electric distribution companies,
- b. all jurisdictional natural gas distribution companies,
- c. all jurisdictional steam heat utilities,
- d. Philadelphia Gas Works,
- e. Energy Association of Pennsylvania,
- f. all jurisdictional water public utilities and wastewater public utilities,
- g. Pittsburgh Water,

<sup>3</sup> Consistent with Chapter 14 at present, after December 31, 2024, utility customers will be eligible for one payment arrangement on arrearages accrued while not on a customer assistance program under such terms, subject to a change in income or a significant change in circumstance as again outlined in the existing statute. See 66 Pa.C.S. § 1405(c).

In the event of a recommendation to the Secretary to make and fund a grant, the decision as to whether to award a grant will be made by the Secretary.

a. If the Department approves the grant recommendation, the terms and conditions of the grant will be governed by a grant agreement between the Department and the applicant, which shall be tendered to the applicant for execution by the Department, returnable to the Department in no more than 30 calendar days from the date the agreement is sent.

b. *Grant Agreement Available.* The Department grant agreement is available by contacting the Department instead of attachment to this notice. This grant agreement is the contract that will govern all grants awarded under this grant solicitation. The essential terms are nonnegotiable. With certain limited exceptions for university applicants, the terms are nonnegotiable. Applicants

may wish to carefully review the grant agreement to ensure that proposed projects are compliant with agreement requirements. Applicants who are unable to agree to the terms and conditions should not submit an application. For questions regarding the grant agreement, contact Patrick Andrews at (717) 772-1429 or Michael Keefe at (717) 307-3243.

c. The Grantee expressly warrants that, as it relates to the performance of the Project that is the subject of this Grant Agreement, it shall at all times comply with the Liquor Code and the Liquor Control Board's regulations at 40 Pa. Code §§ 1.1—17.41 (relating to liquor). For proposals which involve the sale, distribution or any other physical interaction with alcohol, it is recommended that applicants seek private counsel experienced in the Liquor Code to provide guidance as it pertains to the Liquor Code and the Liquor Control Board's regulations to ensure the legality and viability of grant projects and proposed activities. Approval of a grant is not a defense to any violations involving the Liquor Code.

#### 4. *Concept Paper and Application Deadlines.*

a. *Concept Paper.* Interested applicants must deliver a one-page concept paper, plus a one-page budget, in the form set forth in paragraph 5 of this notice, to the Board by 4 p.m. on Friday, February 21, 2025. Applicants will need to create a Keystone login and submit their proposals through the Single Application for Assistance located at <https://grants.pa.gov/Login.aspx>.

b. *Application.* Applicants whose concept papers are preliminarily approved by the Board will be invited to submit a Project Proposal and Grant Application, in the form set forth in paragraph 6 of this notice, to the Board by 4 p.m. on Friday, May 30, 2025. Proposals should be sent electronically as a PDF file to RA-AGCommodities@pa.gov. The file should not exceed 5MB.

c. *Presentations.* Applicants must be prepared to provide a brief 3-minute presentation of their proposal to the Board, and answer questions, either in person or by conference call, at the Board's next scheduled meeting on Thursday, June 26, 2025, at 10 a.m. The meeting will be held virtually by means of Microsoft Teams.

5. *Format of the Concept Paper.* Failure to follow this format could cause the proposal to be rejected. The concept paper will be submitted on the provided template which is downloaded from the Single Application for Assistance at <https://grants.pa.gov/Login.aspx>. Additionally, up to three pages should be uploaded along with the concept paper template as an addendum. Follow the following formatting to create the concept paper.

a. *Project Coordinator/Qualifications.* Identify the person who will be directing the proposed project and clearly state their qualifications including:

i. *Research projects*—Full and complete literature references to (up to) five key published journal articles directly related to proposed research/outreach.

ii. *Marketing projects*—Sample images from (up to) three previous marketing campaigns along with a description of in-market implementation plan (including types of medium such as print, digital, display, TV/radio, out-of-home and the like) and performance metrics to include both impressions and cost-per-conversion.

iii. *Organization history.* Indicate whether the organization has previously received a Board or agriculture-related grant fund.

b. *Area of Focus.* Select a funding priority from paragraph 14. of this notice.

c. *Project Purpose.* In one or two paragraphs, clearly state the specific issue, problem, interest or need and how the project will address it. Explain why the project is important and timely.

d. *Estimated Timeline.* State the estimated timeline for the proposed project. The timeline may not extend beyond the term of the grant as set forth in more detail at paragraph 10.

e. *Expected Measurable Outcomes.* What are the goals and objectives of the project? How do the objectives support the goals? Goals are long-term broad visions and may take time to achieve. Objectives are significant steps that must be completed to achieve the goal. Objective statements should focus on the outcome, rather than the methods used. Each goal should have one or more objectives. Describe at least one distinct, quantifiable and measurable outcome that directly and meaningfully supports the project's purpose. Typically, outcomes are those measures that are quantifiable, measure direct benefit and are documented through data or information collection. In the case of research projects, it is important that this section is written for a nontechnical audience.

f. *Preliminary Project Work Plan.* List the major tasks of the proposed project.

g. *Draft Budget.* State the budget for the proposed project using the categories from paragraph 6.f. If a project is selected to submit a proposal, more detailed budget information will be required.

6. *Format of the Project Proposal and Grant Application.* Failure to follow this format could cause the proposal to be rejected. The project proposal, grant application and budget must be completed within the templates that will be provided with the notice to proceed. The Narrative section of the template must include the following:

a. Section 1, titled Statement of Purpose, addressing: the purpose for which the grant funds would be utilized; how the project links, supports and benefits the industry in this Commonwealth; methodology and evaluation, a qualitative or quantitative estimate of economic impacts (direct, indirect, induced); and the sectors of the industry that will receive this benefit.

b. Section 2, titled Statement of Need, addressing: the need for the grant funds sought; any other partners or partner organizations that will be involved with the project; and any other funding or noncash resources that will be committed to the project and the sources thereof.

c. Section 3, titled Evaluation and Reporting, shall identify expected measurable outcomes previously identified in the concept paper, and outcome measures and include a narrative describing data collection to inform the outcome measures. This section must be clear and unambiguous as it will inform expectations of progress and final reports.

d. Section 4, titled Industry Support, addressing the extent of support, participation and funding from the Commonwealth's distilled spirits industry, including associations, organizations or agencies with an interest in the project outcome. Letters or written confirmation of that support, participation or funding should be included in this section.

e. Section 5, titled Budget Narrative, there is a separate section in the template for the Budget Narrative that proceeds the Narrative. Applicants will provide details of how they arrived at the estimated expenses in the budget

and describe how each expense will lead to the success of the project. A separate section inside the Budget Narrative shall discuss in detail, the source and usage of any required matching funds, if that requirement applies to the proposal.

f. Section 6, titled Budget, there is a separate template provided for the Budget. Applicants will show a detailed budget for the proposed project or program, including any other matching funds and the value of any noncash resources that will be included in the project. Applicants must also complete the section of the template for matching funds if that requirement applies to their proposal. For all applications, each and every item of direct expense to be incurred in the project shall be separately set forth, including all purchases of consumable or nonconsumable goods or equipment, listing the disposition of all nonconsumable goods or equipment upon completion of the project; all travel by dates, purpose, destination, mode of transportation and rate; a full breakdown of other costs, if any, and the method used to calculate those costs.

i. *Personnel*—Includes employed personnel. Those employed elsewhere should be listed as subcontractors or consultants in the Contractual cost category. Provide detail of all personnel by name devoted to the project, their professional qualifications, the amount of time calculated by hours and the tasks to be performed by each of the named personnel. In the case of graduate student participation, reasonable stipends will be allowed and tuition will not be allowed.

ii. *Fringe benefits*—For personnel of the Grantee only, provide the rate of fringe benefits for each project participant's salary or wages. Identify the total for all funded fringe benefits.

iii. *Travel*—For personnel of the Grantee only, calculate the costs for travel by considering destinations, number of trips, days traveling, transportation costs, estimated lodging and meal costs, and estimated mileage rate.

iv. *Supplies*—These are consumables procured for and used in furtherance of the projects and include such items as lab or field equipment.

v. *Contractual*—Those costs paid to other non-employee individuals or entities to perform specific work or to provide specific services in accordance with the approved project. By way of example, this could include speaker fees, facility and equipment rental costs, software subscriptions, and costs for social media placement and data collection. If contractual work will be involved with carrying out the work of the project, identify the total contractual expenses. When determining the total cost for this category, include the fees for the professional services, contractor travel costs and any other related contractual expenses.

vi. *Other*—This category includes fees for conferences or meetings, membership dues, honorarium, scholarships, postage/shipping fees and publication costs.

vii. *Indirect costs*—Grant awards may include an allowance for indirect costs of up to 10% of the total direct costs. Total direct costs are defined as the total of the above six budget categories (Personnel, Fringe Benefits, Travel, Supplies, Contractual and Other) and are often referred to by Grantee entities as Facilities and Administration or Overhead.

g. Addendum, titled Demonstrated Qualifications, should be attached as a maximum 3-page addendum and should include the following:

i. List industry partners that are involved with the marketing proposal that will provide insight to the distilled spirits industry in this Commonwealth.

ii. Describe how the marketing plan is accountable to the distilled spirits industry in this Commonwealth.

iii. Provide documented success of previous marketing campaigns that the applicant or their subcontractor have conducted for other large-scale industries.

7. *Scoring of Applications.* The Board will evaluate each complete and timely filed project proposal and grant application received in accordance with a 100-point scale as set forth here.

a. *Feasibility*—up to 20 points.

b. *Support and Participation from the Industry*—up to 20 points.

c. *Innovation*—up to 20 points.

d. *Expected Impacts and Outcomes*—up to 20 points.

e. *Methodology and Evaluation*—up to 20 points.

The purpose of the program is to advance the industry Statewide. In the past, this and similar Boards have received project proposals which were designed to, or would have the primary effect of, benefiting only one individual entity or small group of entities, with only tangential, secondary benefits to the industry as a whole. Thus, any proposal containing a request to fund the purchase of equipment must clearly and accurately describe, in detail: (1) how the equipment is necessary to the proposed research or project being conducted; (2) why the proposed research equipment or project equipment must be funded by the program; (3) what the primary purpose of the equipment is; (4) how the applicant plans to use the equipment to benefit the industry as a whole, rather than just an individual entity or small group of entities; (5) the timeframe during which the equipment is expected to provide a benefit to the industry; and (6) plans for the disposition of the equipment at the conclusion of its use under the project. The Board reserves the right to downgrade or to refuse to recommend funding any application that does not meet these requirements. Industry-wide shared use will be prioritized over any individual profit. If any costs are charged for shared use, they will be limited to expenses incurred in facilitating access to the equipment (for example, transportation, reasonable staff cost to operate equipment and the like). To reiterate, the applicant should also demonstrate that the equipment will, in fact, benefit the industry as a whole rather than an individual entity.

8. *Required Matching Funds.* Applicants submitting a proposal may be required to commit a percentage of documented matching funds at the discretion of the Board. These contributed matching funds may be used for contractual expenses but not for personnel expenses. In-kind contributions will not be considered.

9. *Evaluation, Recommendations and Awards.* The Board reserves the right to request modifications or clarifications, or both, of project proposals and grant applications, including but not limited to, additional detail of purpose, reduced or modified budgets, and the like. Upon completion of evaluations, the Board will prepare a record of each complete and timely filed project proposal and grant application received and the numerical score assigned to each. In the event of one or more recommendations to the Department to make and fund a grant, the Board will transmit to the Department the complete and final project proposal and grant application along with the score assigned by the Board and any other information deemed relevant by the Board or requested

by the Department. The Department will directly contact those applicants whose proposals were approved for funding. The Department is responsible for notifying applicants whose projects were recommended by the Board for the Department funding, but which the Department determined not to fund.

10. *Term of Grants.*

a. Grant Agreements will become effective on the date of the last required Commonwealth approval and can span up to 2 years. Expenses that occurred prior to the effective date of the contract may be reimbursed as long as they were included in the original proposal, Attachment G.

b. A Notice to Proceed, Purchase Orders, fully executed agreements and invoicing instructions will be provided by the Department by means of email.

c. Final invoices shall be submitted to the Department within 60 days of contract end date as set forth in the Grant Agreement.

d. See Addendum 1 Grant Agreement for more details about the Department's grant administration practices.

11. *Progress Reports.* Progress reports are to include the deliverables from paragraph 6.c. and be delivered by email to RA-AGCommodities@pa.gov no later than October 1, and April 1, every year for the duration of the project, or as requested by the Board. Final reports should be submitted within 90 days of contract end date. Failure to meet these deadlines constitutes a breach of the grant agreement, will result in nonpayment of invoices and could jeopardize future grant awards.

12. *Grant Agreement.* The Department will provide applicants with a grant agreement for execution and return by the Grantee within 30 calendar days. The Department will obtain the required signatures on the grant agreements, including any other required Commonwealth entities, and return a copy to the applicant. Grant agreements are not effective, and work should not begin until all required signatures have been applied to the grant agreement and a Notice to Proceed is issued. Among the terms of the grant agreement shall be a requirement that the grant recipient provide the Board and the Department full and complete access to all records relating to the performance of the project and submit information as the Board or the Department, or both, may require.

13. *Cost-Reimbursement Grant.* Payment of all grant funds will occur on a reimbursement basis only. In the case of graduate student participation, reasonable stipends will be allowed and tuition will not be allowed.

14. *Funding Priorities.* In accordance with paragraph 5.e., the Board has identified the following funding priorities, listed in no particular order. The name given to each priority area is not intended to limit the intended scope and creative thought applied by applicants in developing projects that serve the purposes articulated in this notice.

a. *Marketing:* Projects are sought from organizations interested in building upon and further developing the Statewide marketing and branding efforts of the distilled spirits industry.

b. *Agriculture:* Projects are sought that will lead to the expansion, through means including cultivation, value-added manufacturing and research, of distilled spirits industry-related raw material produced or grown, or both in this Commonwealth.

c. *Local Supply Chain Development*: Projects are sought that will build the local supply chain or raw ingredients, packaging (glass and the like) and any other material relevant to the distilled spirits industry.

d. *Innovation*: The Board will consider projects that do not fall into any of the other funding priorities but nevertheless offer unique approaches to supporting, promoting or developing distilled spirits in this Commonwealth. The Board believes that innovation is the driving force behind the growth and success of this Commonwealth's distilled spirits industry.

### Pennsylvania Malt and Brewed Beverage Industry Promotion Board; Grant Solicitation and Application Procedures for Act 57 of 2024 Funding

Under Act 39 of 2016, the Pennsylvania Malt and Brewed Beverages Industry Promotion Board (Board) annually, or more frequently as the availability of funds permits, solicits proposals for grants to conduct promotion, marketing and research projects to increase the quality, profitability, production and sale of malt and brewed beverages produced in this Commonwealth.

The Board was established by section 446.1 of the Liquor Code (47 P.S. § 4-446.1). The Board makes recommendations for the awarding of grants by the Liquor Control Board (LCB) from funds provided through the Liquor Code (47 P.S. §§ 1-101—10-1001). This notice establishes the procedures by which grant applications will be solicited and reviewed, and grants awarded.

1. *Grant Solicitation.* The Board will be accepting grant applications for the purposes, in the form and according to the schedule set forth herein for not less than 30 days beginning on the date of publication of this notice in the *Pennsylvania Bulletin*. Additional publication and dissemination of this notice shall be made and may include direct dissemination to State universities and State-supported universities located in this Commonwealth, universities with colleges of agricultural science located in this Commonwealth and individuals or entities who have requested notification from the Department of Agriculture (Department) or the Board of grant availability. Private sector parties are encouraged to apply if their project will have a positive macro impact on the industry. There is a \$700,000 pool of funds for marketing proposals as detailed in paragraph 14.a. An additional \$700,000 is available for the various types of projects detailed in section 14.b.—14.f.

2. *Process Overview.* The Board will employ the review process described as follows to select projects and funding levels to recommend to the Secretary of Agriculture (Secretary) for the making of a grant. In the event of a recommendation to the Secretary to make and fund a grant, the decision as to whether to award a grant will be made by the Secretary.

a. If the Department approves the grant recommendation, the terms and conditions of the grant will be governed by a grant agreement between the Department and the applicant, which shall be tendered to the applicant for execution by the Department, returnable to the Department in no more than 30 calendar days.

b. The Department grant agreement is attached hereto as Addendum 1 and incorporated by reference. This grant solicitation will be incorporated by reference into, and become part of, the Department grant agreement that will govern all grants awarded under this grant solicitation. With certain limited exceptions for university appli-

cants, the terms are non-negotiable; therefore, applicants must carefully review the Department grant agreement to ensure that proposed projects are compliant with agreement requirements.

c. The Grantee expressly warrants that, as it relates to the performance of the project that is the subject of this Grant Agreement, it shall at all times comply with the Liquor Code and the Liquor Control Board's regulations at 40 Pa. Code §§ 1.1—17.41 (relating to liquor). For proposals which involve the sale, distribution or any other physical interaction with alcohol, it is recommended that applicants seek private counsel experienced in the Liquor Code to provide guidance as it pertains to the Liquor Code and the LCB's regulations, to ensure the legality and viability of grant projects and proposed activities. Approval of a grant is not a defense to any violations involving the Liquor Code.

### 3. *Concept Paper and Application Deadlines.*

The concept paper will be submitted on the provided template which is downloaded from the Single Application for Assistance. Up to three pages should be uploaded along with the concept paper template as an addendum. Applicants should follow the following formatting to create the application.

a. *Project Coordinator/Qualifications.* Identify the person who will be directing the proposed project and clearly state their qualifications including:

i. *Research projects*—Full and complete literature references to (up to) five key published journal articles directly related to proposed research/outreach.

ii. *Marketing projects*—Sample images from (up to) three previous marketing campaigns along with a description of in-market implementation plan (including types of medium such as print, digital, display, TV/radio, out-of-home and the like) and performance metrics to include both impressions and cost-per-conversion.

b. *Organization History.* Indicate whether the organization has previously received Board or agriculture-related grant funds.

c. *Area of Focus.* Select a funding priority from paragraph 13. of this notice.

d. *Project Purpose.* In one or two paragraphs, clearly state the specific issue, problem, interest or need, and how the project will address it. Explain why the project is important and timely.

e. *Estimated Timeline.* State the estimated timeline for the proposed project. The timeline may not extend beyond the term of the grant as set forth in more detail at paragraph 9 as follows.

f. *Expected Measurable Outcomes.* What are the goals and objectives of the project? How do the objectives support the goals? Goals are long-term broad visions and may take time to achieve. Objectives are significant steps that must be completed to achieve the goal. Objective statements should focus on the outcome, rather than the methods used. Each goal should have one or more objectives. Describe at least one distinct, quantifiable and measurable outcome that directly and meaningfully supports the project's purpose. Typically, outcomes are those measures that are quantifiable, measure direct benefit and are documented through data or information collection. In the case of research projects, it is important that this section is written for a non-technical audience.

g. *Preliminary Project Work Plan.* List the major tasks of the proposed project.

h. *Draft Budget.* State the budget for the proposed project using the categories from paragraph 5.f. If a project is selected to submit a proposal, more detailed budget information will be required.

5. *Format of the Project Proposal and Grant Application.* Failure to follow this format could cause the applicant's proposal to be rejected. The project proposal, grant application and budget must be completed within the templates that will be provided with the notice to proceed. The narrative section of the template must include the following:

a. Section 1, titled Statement of Purpose, addressing the purpose for which the grant funds would be utilized; how the project links, supports and benefits the industry in this Commonwealth; methodology and evaluation, a qualitative or quantitative estimate of economic impacts (direct, indirect, induced); and the sectors of the industry that will receive this benefit.

b. Section 2, titled Statement of Need, addressing the need for the grant funds sought; any other partners or partner organizations that will be involved with the project; and any other funding or noncash resources that will be committed to the project and the sources thereof.

c. Section 3, titled Evaluation and Reporting, shall identify expected measurable outcomes previously identified in the concept paper and outcome measures and include a narrative describing data collection to inform the outcome measures. This section must be clear and unambiguous as it will inform expectations of progress and final reports.

d. Section 4, titled Industry Support, addressing the extent of support, participation and funding from the Commonwealth's distilled spirits industry, including associations, organizations or agencies, or both, with an interest in the project outcome. Letters or written confirmation of that support, participation or funding should be included in this section.

e. Section 5, titled Budget Narrative, there is a separate section in the template for the Budget Narrative that proceeds the Narrative. Applicants will provide details of how they arrived at the estimated expenses in the budget and describe how each expense will lead to the success of the project. A separate section inside the Budget Narra-

tive shall discuss in detail, the source and usage of any required matching funds, if that requirement applies to the proposal.

f. Section 6, titled Budget, there is a separate template provided for the Budget. The applicant will show a detailed budget for the proposed project or program, including any other matching funds and the value of any noncash resources that will be included in the project. Applicants must also complete the section of the template for matching funds if that requirement applies to their proposal. For all applications, each and every item of direct expense to be incurred in the project shall be separately set forth, including all purchases of consumable or nonconsumable goods or equipment, listing the disposition of all nonconsumable goods or equipment upon completion of the project; all travel by dates, purpose, destination, mode of transportation and rate; a full breakdown of other costs, if any, and the method used to calculate those costs.

i. *Personnel*—Includes employed personnel. Those employed elsewhere should be listed as subcontractors or consultants in the Contractual cost category. Provide detail of all personnel by name devoted to the project, their professional qualifications, the amount of time calculated by hours and the tasks to be performed by each of the named personnel. In the case of graduate student participation, reasonable stipends will be allowed, and tuition will not be allowed.

ii. *Fringe benefits*—For personnel of the Grantee only, provide the rate of fringe benefits for each project participant's salary or wages. Identify the total for all funded fringe benefits.

iii. *Travel*—For personnel of the Grantee only, calculate the costs for travel by considering destinations, number of trips, days traveling, transportation costs, estimated lodging and meal costs and estimated mileage rate.

iv. *Supplies*—These are consumables procured for and used in furtherance of the projects and include items as lab or field equipment.

v. *Contractual*—Those costs paid to other nonemployee individuals or entities to perform specific work or to provide specific services in accordance with the approved project. By way of example, this could include speaker fees, facility and equipment rental costs, software subscriptions, and costs for social media placement and data collection. If contractual work will be involved with carrying out the work of the project, identify the total contractual expenses. When determining the total cost for this category, include the fees for the professional services, contractor travel costs and any other related contractual expenses.

vi. *Other*—This category includes fees for conferences or meetings, membership dues, honorarium, scholarships, postage/shipping fees and publication costs.

vii. *Indirect costs*—Grant awards may include an allowance for indirect costs of up to 10% of the total direct costs. Total direct costs are defined as the total of the above six budget categories (Personnel, Fringe Benefits, Travel, Supplies, Contractual and Other) and are often referred to by Grantee entities as Facilities and Administration or Overhead.

6. *Scoring of Applications*. The Board will evaluate each complete and timely filed project proposal and grant application received in accordance with a 100-point scale as set forth in Addendum 1.

The purpose of the program is to advance the industry Statewide. In the past, the Board has received project

proposals which were designed to, or would have the primary effect of, benefiting only one individual entity or small group of entities, with only tangential, secondary benefits to the industry as a whole. Thus, any proposal containing a request to fund the purchase of equipment must clearly and accurately describe, in detail: (1) how the equipment is necessary to the proposed research or project being conducted; (2) why the proposed research equipment or project equipment must be funded by the program; (3) what the primary purpose of the equipment is; (4) how the applicant plans to use the equipment to benefit the industry as a whole, rather than just an individual entity or small group of entities; (5) the timeframe during which the equipment is expected to provide a benefit to the industry; and (6) plans for the disposition of the equipment at the conclusion of its use under the project. The Board reserves the right to downgrade or to refuse to recommend funding any application that does not meet these requirements. Industry-wide shared use will be prioritized over any individual profit. If any costs are charged for shared use, they will be limited to expenses incurred in facilitating access to the equipment (for example, transportation, reasonable staff cost to operate equipment and the like) To reiterate, the applicant should also demonstrate that the equipment will, in fact, benefit the industry as a whole rather than an individual entity.

7. *Required Matching Funds*. Applicants submitting a proposal may be required to commit a percentage of documented matching funds at the discretion of the Board. These contributed matching funds may be used for contractual expenses but not for personnel expenses. In-kind contributions will not be considered.

8. *Evaluation, Recommendations and Awards*. The Board reserves the right to request modifications or clarifications, or both, of project proposals and grant applications, including but not limited to additional detail of purpose, reduced or modified budgets, and the like. Upon completion of evaluations, the Board will prepare a record of each complete and timely-filed project proposal and grant application received, and the numerical score assigned to each. In the event of one or more recommendations to the Department to make and fund a grant, the Board will transmit to the Department the complete and final project proposal and grant application along with the score assigned by the Board and any other information deemed relevant by the Board or requested by the Department. The Department will directly contact those applicants whose proposals were approved for funding. The Department is responsible for notifying applicants whose projects were recommended by the Board for the Department funding, but which the Department determined not to fund.

#### 9. *Term of Grants*.

a. Grant Agreements will become effective on the date of the last required Commonwealth approval and can span up to 2 years. Expenses that occurred prior to the effective date of the contract may be reimbursed as long as they were included in the original proposal, Attachment G.

b. A Notice to Proceed, Purchase Orders, fully executed agreements and invoicing instructions will be provided by the Department by email.

c. Final invoices shall be submitted to the Department within 60 days of contract end date as set forth in the Grant Agreement.

d. See Addendum 2 Grant Agreement for more details about the Department's grant administration practices.

10. *Progress Reports.* Progress reports are to include the deliverables from paragraph 5.c. and be delivered by email to RA-AGCommodities@pa.gov no later than October 1, and April 1, every year for the duration of the project, or as requested by the Board. Final reports should be submitted within 90 days of contract end date. Failure to meet these deadlines constitutes a breach of the grant agreement, will result in nonpayment of invoices and could jeopardize future grant awards.

11. *Grant Agreement.* The Department will provide applicants with a grant agreement for execution and return by the Grantee within 30 calendar days. The Department will obtain the required signatures on the grant agreements, including any other required Commonwealth entities, and return a copy to the applicant. No grant agreement is effective, and work should not begin until all required signatures have been applied to the grant agreement and a Notice to Proceed is issued. Among the terms of the grant agreement shall be a requirement that the grant recipient provide the Board and the Department full and complete access to all records relating to the performance of the project and submit information as the Board or the Department, or both, may require.

12. *Cost-Reimbursement Grant.* Payment of all grant funds will occur on a reimbursement basis only. In the case of graduate student participation, reasonable stipends will be allowed and tuition will not be allowed.

13. *Funding Priorities.* The Board has identified the following funding priorities. The name given to each priority area is not intended to limit the intended scope and creative thought applied by applicants in developing projects that serve the purposes articulated in this notice.

a. *Statewide Marketing Campaign:* This Commonwealth boasts a diverse malt beverage industry with historic breweries, vibrant craft brewers and a rich brewing heritage. The Commonwealth lacks a unified brand that encapsulates its malt beverage industry's quality, diversity and innovation. This initiative seeks to develop a brand that aligns the industry under one identity, creating a powerful, recognizable narrative that can be utilized by breweries, retailers, tourism agencies and other stakeholders to drive revenue growth. Marketing projects should:

i. Develop a cohesive brand architecture for the malt beverage industry in this Commonwealth that resonates with target audiences, including consumers, breweries, distributors, retailers and tourism partners.

ii. Create a unique brand identity that reflects the distinct beer culture, history and craftsmanship in this Commonwealth.

iii. Build brand messaging and assets that are adaptable for various applications (for example, events, tourism campaigns, digital platforms and merchandise).

iv. Provide strategic guidance and tactical recommendations for launching and sustaining the brand.

v. Proposals should include the following in their structure:

1. *Discovery and Research*

a. Conduct comprehensive research on the malt beverage industry in this Commonwealth, focusing on:

i. Market trends, consumer demographics and audience insights.

ii. Competitive analysis with key insights from leading beer regions.

iii. Review of existing brands, regional identities and marketing materials.

iv. Gather input from key stakeholders, including breweries, distributors, industry associations, tourism officials and consumers, to understand their values and needs.

2. *Brand Strategy Development*

a. Develop a brand positioning statement that highlights this Commonwealth's unique place in the malt beverage industry.

i. Create brand pillars that serve as the foundation of the brand, emphasizing the core values, identity and unique characteristics of beer in this Commonwealth.

ii. Define target audiences and personas that will inform brand messaging and activation strategies.

3. *Brand Identity and Messaging*

a. Develop the brand name, tagline and visual identity that convey the unique beer culture in this Commonwealth.

c. Sample messaging for different platforms and target audiences (for example, advertising, social media and website content).

4. *Brand Activation and Tactical Plan*

a. Develop a tactical plan with recommended strategies for launching and promoting the new brand, both regionally and Nationally.

b. Outline potential tactics and campaigns that can amplify the brand across digital, social media, events, public relations and partnerships.

c. Recommend a social media and content strategy that supports ongoing brand engagement with target audiences.

5. *Brand Toolkit Development*

a. Create a comprehensive brand toolkit that includes:

b. Brand guidelines detailing the use of logos, colors, typography, messaging and brand tone.

c. Templates and assets for use in marketing materials, social media and events.

d. Guidelines for breweries, retailers and tourism partners to adopt and incorporate the brand in their own promotions.

6. *Training and Support*

a. Conduct training sessions with Malt Beverage Board and key stakeholders to ensure a clear understanding of brand standards.

e. *Brand Toolkit*:

i. Complete brand guidelines for internal and external use.

ii. Design templates and visual assets for consistent application.

f. *Training Sessions and Documentation*: Training materials and sessions for all stakeholders.

b. *Agriculture*: Projects are sought that will lead to the expansion, through means including cultivation, value-added manufacturing and research, of beer industry-related raw material produced or grown, or both, in this Commonwealth. Some examples of desired project scope include:

i. Research and development that will increase the production, quality or yield, or both, of Pennsylvania-produced raw agricultural commodities (hops, barley and the like) used by the beer industry.

ii. Research that will identify growing conditions for hop production and evaluate each of the Commonwealth's 67 counties on the criteria.

iii. Outreach and support to encourage existing agricultural producers to consider hop production.

iv. Matching funds for small Commonwealth-based start-up businesses or ventures focused on agricultural related cultivation (hops and barley) or value-added manufacturing of beer related raw materials (malting).

i. Development of beer tourism and beer trails (using and expanding upon the "Bourbon Trails" model).

ii. Regional integration of breweries and brewery visitation with existing attractions, destinations and the regional hospitality industry.

d. *Distributor Licensee Outreach*: Projects are sought that will assist "D" license holders in efforts to change existing business models and remain viable, competitive and profitable within the parameters of the Liquor Code, including providing consultation, training and business plan development to interested "D" licensees to assist them in transforming their business models. The proposer should illustrate the ability to:

i. Understand, interpret and transfer knowledge related to the current Liquor Code.

ii. Understand both the new opportunities as well as the threats presented to distributors as a result of 2016 changes to the Liquor Code.

iii. Have working knowledge of the beer industry trade and practices, the constraints on the industry, standard operating procedures, financial models and the like.

iv. Identify and document best practices within the Commonwealth's beer industry (D license holders) regarding layout and design (shelf space, lighting, signage), hours of operation and staff models, promotions and

displays, value added merchandise, and best practices in urban, suburban and rural markets.

v. In conjunction with existing industry stakeholders, like the Malt Beverage Distributors Association (MBDA), develop guidelines, standards and communicate best practices in a user-friendly format, as well as offer training and outreach conferences in appropriate locations throughout this Commonwealth.

vi. In conjunction with existing industry stakeholders like the MBDA, the project may include efforts to create special grants or business loans made available to retailers to implement new business models.

e. *Beer Industry Research*: The Board seeks research and the development of quantitative data on the beer industry in this Commonwealth, such as:

i. Research that will identify and map the size and impacts of the Commonwealth's macro beer industry (production, wholesale and retail) identifying direct, indirect, induced impacts.

ii. Research that will identify the upstream and downstream economic opportunities related to this Commonwealth's beer industry.

iii. Research that can measure the economic impacts on this Commonwealth's beer industry of 2016 changes to the Liquor Code.

iv. Research that will offer guidance on public policy and best practices to benefit the beer industry in this Commonwealth and improve regulatory efficiency.

f. *Technical Assistance, Support and Research and Development*: Projects are sought that will advance best practices, technology transfer, research and development, workforce development and training in the Commonwealth's brewing industry. The Board is interested in funding projects that will: increase beer knowledge/science; advance best practices in brewing; provide education/training opportunities related to beer production, quality, packaging, marketing and sales; and promote innovation in the brewing and manufacturing processes. Examples could include:

i. Engagement of consultants, speakers and subject matter experts for industry related training, presentations or problem solving in conjunction with conferences, technical work groups and association members.

ii. Research and development projects on relevant topics concerning brewing and manufacturing processes.

iii. Customized training/education in areas related to: differing levels of brewery, wholesale and retail management; sales and marketing; brewery—wholesaler relationships; beer market best practices; and industry recognized certifications.

g. *Innovation*: The Board will consider projects that do not fall into any of the other funding priorities but nevertheless offer unique approaches to supporting and promoting Pennsylvania beer. The Board believes that innovation is the driving force behind the growth and success of the Commonwealth's beer industry. This category of funding is designed for projects and initiatives that demonstrate new thinking, ideas and approaches to promoting Pennsylvania beer—and do not fit into any other category.

RUSSELL REDDING,  
Secretary

### Pennsylvania Wine Marketing and Research Board; Grant Solicitation and Application Procedures for Act 57 of 2024 Funding

The Pennsylvania Wine Marketing and Research Program Board (Board) annually, or more frequently as the availability of fund permits, solicits applications for grants to conduct promotion, marketing and research projects to increase the quality, profitability, production and sale of wines, enhance the wine industry and benefit wine producers of this Commonwealth. The Board was established under 3 Pa.C.S. §§ 4501—4513 (relating to Agricultural Commodities Marketing Act) (ACMA). Its composition, funding and duties were subsequently expanded by section 488.1 of the Liquor Code (47 P.S. § 4-488.1). The Board makes recommendations for the awarding of grants by the Department of Agriculture (Department) from funds provided through the Liquor Code (47 P.S. §§ 1-101—10-1001), Act 39 of 2016 and Act 57 of 2024. This notice establishes the procedures by which grant applications will be solicited, reviewed and grants awarded.

1. *Grant Solicitation.* The Board will be accepting grant applications for the purposes, in the form and according to the schedule set forth herein, for not less than 30 days beginning on the date of publication of this notice in the *Pennsylvania Bulletin*. Additional publication and dissemination of this notice shall be made and may include direct dissemination to State universities and State-supported universities located in this Common-

wealth, universities with colleges of agricultural science located inside or outside this Commonwealth and individuals or entities who have requested notification from the Department or the Board of grant availability.

2. *Process Overview.* The Board will employ the review process described as follows to select projects and funding levels to recommend to the Secretary of Agriculture (Secretary) for the making of a grant. In the event of a recommendation to the Secretary to make and fund a grant, the decision as to whether to award a grant will be made by the Secretary.

a. If the Department approves the grant recommendation, the terms and conditions of the grant will be governed by a grant agreement between the Department and the applicant, which shall be provided to the applicant for signature, returnable to the Department in no more than 30 calendar days from the date the agreement is sent.

b. *Grant Agreement Available.* The Department grant agreement is available by contacting the Department instead of attachment to this notice. This grant agreement is the contract that will govern all grants awarded under this grant solicitation. The essential terms are non-negotiable. With certain limited exceptions for university applicants, the terms are non-negotiable. Therefore, applicants may wish to carefully review the grant agreement to ensure that proposed projects are compliant with agreement requirements. Applicants who are unable to agree to the terms and conditions should not submit an application. For questions regarding the grant agreement, contact Patrick Andrews at (717) 772-1429 or Michael Keefe at (717) 307-3243.

c. The Grantee expressly warrants that, as it relates to the performance of the Project that is the subject of this Grant Agreement, it shall at all times comply with the Liquor Code and the Liquor Control Board's regulations at 40 Pa. Code §§ 1.1—17.41 (relating to liquor). For proposals which involve the sale, distribution or any other physical interaction with alcohol, it is recommended that applicants seek private counsel experienced in the Liquor Code to provide guidance as it pertains to the Liquor Code and the Liquor Control Board's regulations, to ensure the legality and viability of grant projects and proposed activities. Approval of a grant is not a defense to any violations involving the Liquor Code.

### 3. *Concept Paper and Application Deadlines.*

By way of example, this could include speaker fees, facility and equipment rental costs, software subscriptions and costs for social media placement and data collection. If contractual work will be involved with carrying out the work of the project, identify the total contractual expenses. When determining the total cost for this category, include the fees for the professional services, contractor travel costs and any other related contractual expenses.

vi. *Other*—This category includes fees for conferences or meetings, membership dues, honorarium, scholarships, postage/shipping fees and publication costs.

vii. *Indirect costs*—Grant awards may include an allowance for indirect costs of up to 10% of the total direct costs. Total direct costs are defined as the total of the above six budget categories (Personnel, Fringe Benefits, Travel, Supplies, Contractual and Other) and are often referred to by Grantee entities as Facilities and Administration or Overhead.

6. *Scoring of Applications.* The Board will evaluate each complete and timely filed project proposal and grant application received in accordance with a 100-point scale assessing:

- a. Up to 20 points for the project needs statement.
- b. Up to 20 points for the expected impact of project outcomes.
- c. Up to 20 points for the promotion, marketing or research methodology.
- d. Up to 20 points for overall project evaluation.
- e. Up to 20 points for support and participation from industry.

7. *Evaluation, Recommendations and Awards.* The Board reserves the right to request modifications or

clarifications, or both, of project proposals and grant applications, including but not limited to additional detail of purpose, reduced or modified budgets, and the like. Upon completion of evaluations, the Board will prepare a record of each complete and timely-filed project proposal and grant application received, and the numerical score assigned to each. In the event of one or more recommendations to the Department to make and fund a grant, the Board will transmit to the Department the complete and final project proposal and grant application along with the score assigned by the Board and any other information deemed relevant by the Board or requested by the Department. The Department will directly contact those applicants whose proposals were approved for funding. The Department is responsible for notifying applicants whose projects were recommended by the Board for the Department funding, but which the Department determined not to fund.

#### 8. *Term of Grants.*

a. Grant Agreements will become effective on the date of the last required Commonwealth approval and can span up to 2 years. Expenses that occurred prior to the effective date of the contract may be reimbursed as long as they were included in the original proposal, Attachment G.

b. A Notice to Proceed, Purchase Orders, fully executed agreements and invoicing instructions will be provided by the Department by means of email.

c. Final invoices shall be submitted to the Department within 60 days of contract end date as set forth in the Grant Agreement.

d. The Grant Agreement contains more details about the Department's grant administration practices.

9. *Progress Reports.* Progress reports are to include the deliverables from paragraph 5.c. and be delivered by email to RA-AGCommodities@pa.gov no later than October 1, and April 1, every year for the duration of the project, or as requested by the Board. Final reports should be submitted within 90 days of contract end date. Failure to meet these deadlines constitutes a breach of the grant agreement, will result in nonpayment of invoices and could jeopardize future grant awards.

10. *Grant Agreement.* The Department will provide applicants with a grant agreement for signature and return by the Grantee within 30 calendar days. The Department will obtain the required signatures on the grant agreements, including any other required Commonwealth entities and return a copy to the applicant. Grant agreements are not effective and work should not begin until all required signatures have been applied to the grant agreement and a Notice to Proceed is issued. Among the terms of the grant agreement shall be a requirement that the grant recipient provide the Board and the Department full and complete access to all records relating to the performance of the project and submit information as the Board or the Department, or both, may require.

11. *Cost-Reimbursement Grant.* Payment of all grant funds will occur on a reimbursement basis only. In the case of graduate student participation, reasonable stipends will be allowed and tuition will not be allowed.

## DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

### Retention of Professional Engineering Firms for Building Inspection Services Project Reference No. FDC-500-820

The Department of Conservation and Natural Resources (Department) is issuing this Request for Proposals (RFP) from interested and qualified professional engineering firms (Consultant or Offeror) for an open-end contract or contracts to perform building inspection services for various projects located in State forests and State parks throughout this Commonwealth. The services will include inspection of building construction including associated site improvements. The contract or contracts will be for a 12-month period with four 12-month exten-

sions possible. Projects will be assigned on an as needed basis to ensure proper and safe operations of the Department's infrastructure and facilities. The contract or contracts will be managed by the Department's Bureau of Facility Design and Construction (Bureau).

The number of open-end contracts and the dollar amount of each contract will be at the discretion of the Department for the first year. The extent of the work for the subsequent 4 years of the contract will be dependent on the availability of additional funds and additional projects for those years, also at the discretion of the Department.

Proposals will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering wishes to submit a proposal, said individual, firm or corporation

may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering in this Commonwealth.

#### *Background*

Established on July 1, 1995, the Department is charged with: maintaining and preserving the 124 State parks; managing the 2.2 million acres of State forest land; providing information on the ecological and geologic resources in this Commonwealth; and establishing community conservation partnerships with grants and technical assistance to benefit rivers, trails, greenways, local parks and recreation, regional heritage parks, open space and natural areas.

The Bureau provides multidisciplinary facility and infrastructure technical support to the other bureaus in the Department in the areas of project design, project inspections, construction management, contract administration, surveying, and other technical advice and consultation. This Bureau is comprised of three divisions: Dams, Bridges and Roadways Engineering; Environmental Engineering and Architecture; and Field Engineering and Contracts Management.

The Bureau's Central Office (located in Harrisburg) is responsible for the development of architectural, landscape architectural, water and sanitary, bridge and roadway, and civil and environmental projects required to support the Department's facility construction and maintenance program. The Central Office is comprised of five design sections: Architectural Design; Landscape Design; Sanitary and Water Management; Bridges and Road Management; and Civil Design. In addition to project design, staff also provides technical architectural and engineering support and advice to assist field operation in State parks and State forests.

The Bureau also has four field offices: Northcentral Office in Emporium; Western Office in Moraine State Park; Southcentral Office in Shawnee State Park; and Eastern Office in Nockamixon State Park. Each office is responsible for providing direct engineering and technical support to the State parks and State forests field operation staff in their area. Staff is responsible for project inspection and construction management to ensure contractor compliance with the construction contract documents as well as some project design.

I-4. *Type of Contract.* The type of contract as a result of this RFP will be an open-end, requirements contract. The Department will assign work on an as needed basis as determined by the Department. Reimbursement for services will be based upon hours of service and qualifying expenses. Reimbursement type will be at the Department's discretion. Bureau staff will review and, when applicable, approve the work. The selected Offerors will be expected to enter into an agreement for professional services with the Department in substantially the same form as the contract found at <https://www.pa.gov/agencies/dcnr/programs-and-services/business/construction-bids.html>.

I-5. *Small Business Certification.* Consultants must hold a current small business certification from the Department of General Services (DGS). The Offeror must enter its DGS Small Business Certificate Number on the Proposal Cover Sheet (Appendix A) where indicated. Contractors of the Commonwealth must certify that they are in compliance with all applicable State labor and workforce safety laws. The certification must be made through the Worker Protection and Investment Certification Form (BOP-2201) and submitted with the proposal. See Part II, Section II-1, J.

I-7. *Rejection of Proposals.* The Issuing Office may, in its sole and complete discretion, reject any proposal received as a result of this RFP.

I-8. *Incurring Costs.* The Issuing Office is not liable for any costs the Offeror incurs in preparation and submission of its proposal, in participating in the RFP process or in anticipation of award of the contract.

I-9. *Questions and Answers.* If an Offeror has any questions regarding this RFP, the Offeror must submit the questions in the Q&A section of the Bid Express website at <https://bidexpress.com/solicitations/>. Questions must be submitted as individual questions. Questions must be submitted no later than 7 days prior to the proposal response date. Offerors shall not attempt to contact the Issuing Officer for questions by any other means. Questions and responses are considered an addendum to, and part of, this RFP. The Issuing Office is not bound by any verbal information, nor is it bound by any written information that is not either contained within the RFP or formally issued by the Issuing Office. The Issuing Office does not consider questions to be a protest of the specifications or the solicitation.

I-10. *Addenda to the RFP.* If the Department deems it necessary to revise any part of this RFP before the proposal response date, the Issuing Office will post an addendum to Bid Express at <https://bidexpress.com/solicitations/>. It is the Offeror's responsibility to periodically check the website for any new information or addenda to the RFP.

I-11. *Response Date.* To be considered for selection, electronic proposals must be submitted on or before the time and date specified. The Issuing Office will reject any late proposals.

I-12. *Notification of Selection.* The Department will notify offerors whose proposals are not selected when the Department has successfully completed contract negotiations and has received the final negotiated contract signed by the selected Offeror.

I-13. *Debriefing Conference.* The Department will not offer a debriefing session to the unsuccessful Offerors.

## PART II PROPOSAL REQUIREMENTS

Offerors must submit their proposals in the format, including heading descriptions, outlined as follows. To be considered, the proposal must respond to all requirements in this part of the RFP. Offerors should provide any other

Proposals must be signed by an official who is authorized to bind the Offeror to its provisions.

Offerors must submit a complete proposal. Failure to include any of the required information or forms will delay evaluation of the proposal and may, at the Commonwealth's sole discretion, result in its rejection.

II-3. *Offeror's Representations and Authorizations.* By submitting its proposal, each Offeror understands, represents and acknowledges that:

A. The Offeror's information and representations in the proposal are material and important, and the Issuing Office may rely upon the contents of the proposal in awarding the contracts. The Commonwealth will treat any misstatement, omission or misrepresentation as fraudulent concealment of the true facts relating to the proposal submission, punishable under 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities).

B. The Offeror has not attempted, nor will it attempt, to induce any firm or person to refrain from submitting a proposal on this contract.

C. The Offeror makes its proposal in good faith and not under any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive proposal.

D. To the best knowledge of the person signing the proposal for the Offeror, the Offeror, its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the last 4 years been convicted or found liable for any act prohibited by Federal or State law in any jurisdiction, involving conspiracy or collusion with respect to bidding or proposing on any public contract, except as the Offeror has disclosed in its proposal.

E. To the best of the knowledge of the person signing the proposal for the Offeror and except as the Offeror has otherwise disclosed in its proposal, the Offeror has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any State tax liability not being contested on appeal or other obligation of the Offeror that is owed to the Commonwealth.

F. The Offeror is not currently under suspension or debarment by the Commonwealth, any other Federal or State government, and if the Offeror cannot so certify, then it shall submit along with its proposal a written explanation of why it cannot make the certification.

G. The Offeror has not made, under separate contract with the Issuing Office, any recommendations to the Issuing Office concerning the need for the services described in its proposal or the specifications for the services described in the proposal.

H. Each Offeror, by submitting its proposal, authorizes Commonwealth agencies to release to the Commonwealth

information concerning the Offeror's taxes in this Commonwealth, unemployment compensation and workers' compensation liabilities.

I. Until the selected Offeror receives a fully executed and approved written contract from the Issuing Office, there is no legal and valid contract, in law or in equity and the Offeror shall not begin to perform.

J. The Offeror is not currently engaged in and will not, during the duration of the contract, engage in a boycott of a person or an entity based in or doing business with a jurisdiction which the Commonwealth is not prohibited by Congressional statute from engaging in trade or commerce.

### PART III SELECTION AND AWARD

III-1. *Selection Criteria.* The Department will evaluate proposals based on the following criteria:

A. Consultant's and subconsultant's experience on past projects of similar scope, type and size.

B. Consultant's staff qualifications, experience and ability to perform the required services, including available manpower to perform the required services. This includes the qualifications, experience and abilities of subconsultant's staff.

The Issuing Office may reject all proposals or cancel this RFP at any time prior to the time a contract is fully executed when it is in the best interests of the Commonwealth. The reasons for the rejection or cancellation will be made part of the contract file.

**DEPARTMENT OF CONSERVATION  
AND NATURAL RESOURCES**

**Retention of Professional Engineering Firms for  
Infrastructure Construction Inspection Services  
Project Reference No. FDC-500-819**

The Department of Conservation and Natural Resources (Department) is issuing this Request for Proposals (RFP) from interested and qualified professional engineering firms (Consultant or Offeror) for an open-end contract or contracts to perform infrastructure construction inspection services for various projects located in State forests and State parks throughout this Commonwealth. The services will include inspection of construction activities for rehabilitation and replacement of bridges, roads and drainage, dams, swimming pools, sewage and water treatment systems and marinas. The contract or contracts will be for a 12-month period with four 12-month extensions possible. Projects will be assigned on an as needed basis to ensure proper and safe operations of the Department's infrastructure and facilities. The contract or contracts will be managed by the Department's Bureau of Facility Design and Construction (Bureau).

The number of open-end contracts and the dollar amount of each contract will be at the discretion of the Department for the first year. The extent of the work for the subsequent 4 years of the contract will be dependent on the availability of additional funds and additional projects for those years, also at the discretion of the Department.

Proposals will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering wishes to submit a proposal, the individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering in this Commonwealth.

*Background*

Established on July 1, 1995, the Department is charged with: maintaining and preserving the 124 State parks; managing the 2.2 million acres of State forest land; providing information on the ecological and geologic resources in this Commonwealth; and establishing community conservation partnerships with grants and technical

assistance to benefit rivers, trails, greenways, local parks and recreation, regional heritage parks, open space and natural areas.

The Bureau provides multidisciplinary facility and infrastructure technical support to the other bureaus in the Department in the areas of project design, project inspections, construction management, contract administration, surveying, and other technical advice and consultation. This Bureau is comprised of three divisions: Dams, Bridges and Roadways Engineering; Environmental Engineering and Architecture; and Field Engineering and Contracts Management.

The Bureau's Central Office (located in Harrisburg) is responsible for the development of architectural, landscape architectural, water and sanitary, bridge and roadway, and civil and environmental projects required to support the Department's facility construction and maintenance program. The Central Office is comprised of five design sections: Architectural Design; Landscape Design; Sanitary and Water Management; Bridges and Road Management; and Civil Design. In addition to project design, staff also provides technical architectural and engineering support and advice to assist field operation in State parks and State forests.

The Bureau also has four field offices: Northcentral Office in Emporium; Western Office in Moraine State Park; Southcentral Office in Shawnee State Park; and Eastern Office in Nockamixon State Park. Each office is responsible for providing direct engineering and technical support to the State parks and State forests field operation staff in their area. Staff is responsible for project inspection and construction management to ensure contractor compliance with the construction contract documents as well as some project design.

I-4. *Type of Contract.* The type of contract as a result of this RFP will be an open-end, requirements contract. The Department will assign work on an as-needed basis as determined by the Department. Reimbursement for services will be based upon hours of service and qualifying expenses. The reimbursement type will be at the Department's discretion. Bureau staff will review and when applicable, approve the work. The selected Offerors will be expected to enter into an agreement for professional

services with the Department in substantially the same form as the contract found at <https://www.pa.gov/agencies/dcnr/programs-and-services/business/construction-bids.html>.

I-5. *Small Business Certification.* Consultants must hold a current small business certification from the Department of General Services (DGS). The Offeror must enter its DGS Small Business Certificate Number on the Proposal Cover Sheet (Appendix A) where indicated. The Offeror also must provide a copy of its current DGS small business certification along with its proposal. See Part II, Section II-1, H.

I-6. *Worker Protection and Investment.* Under Executive Order 2021-06, Worker Protection and Investment (October 21, 2021), the Commonwealth is responsible for ensuring that every worker in this Commonwealth has a safe and healthy work environment and the protections afforded them through labor laws. Contractors of the Commonwealth must certify that they are in compliance with all applicable Commonwealth State labor and workforce safety laws. The certification must be made through the Worker Protection and Investment Certification Form (BOP-2201) and submitted with the proposal. See Part II, Section II-1, J.

I-7. *Rejection of Proposals.* The Issuing Office may, in its sole and complete discretion, reject any proposal received as a result of this RFP.

I-8. *Incurring Costs.* The Issuing Office is not liable for any costs the Offeror incurs in preparation and submission of its proposal, in participating in the RFP process or in anticipation of award of the contract.

I-9. *Questions and Answers.* If an Offeror has any questions regarding this RFP, the Offeror must submit the questions in the Q&A section of the Bid Express website at <https://bidexpress.com/solicitations/>. Questions must be submitted as individual questions. Questions must be submitted no later than 7 days prior to the proposal response date. Offerors shall not attempt to contact the Issuing Officer for questions by any other means. Questions and responses are considered an addendum to, and part of, this RFP. The Issuing Office is not bound by any verbal information, nor is it bound by any written information that is not either contained within the RFP or formally issued by the Issuing Office. The Issuing Office does not consider questions to be a protest of the specifications or the solicitation.

I-10. *Addenda to the RFP.* If the Department deems it necessary to revise any part of this RFP before the proposal response date, the Issuing Office will post an addendum at <https://bidexpress.com/solicitations/>. It is the Offeror's responsibility to periodically check the website for any new information or addenda to the RFP.

I-11. *Response Date.* To be considered for selection, electronic proposals must be submitted on or before the time and date specified. The Issuing Office will reject any late proposals.

I-12. *Notification of Selection.* The Department will notify Offerors whose proposals are not selected when the Department has successfully completed contract negotiations and has received the final negotiated contract signed by the selected Offeror.

I-13. *Debriefing Conference.* The Department will not offer a debriefing session to the unsuccessful Offerors.

## PART II PROPOSAL REQUIREMENTS

Offerors must submit their proposals in the format, including heading descriptions, outlined as follows. To be

Offerors must submit a complete proposal. Failure to include any of the required information or forms will delay evaluation of the proposal and may, at the Commonwealth's sole discretion, result in its rejection.

II-3. *Offeror's Representations and Authorizations*. By submitting its proposal, each Offeror understands, represents and acknowledges that:

A. The Offeror's information and representations in the proposal are material and important, and the Issuing Office may rely upon the contents of the proposal in awarding the contracts. The Commonwealth will treat any misstatement, omission or misrepresentation as fraudulent concealment of the true facts relating to the Proposal submission, punishable under 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities).

B. The Offeror has not attempted, nor will it attempt, to induce any firm or person to refrain from submitting a proposal on this contract.

C. The Offeror makes its proposal in good faith and not under any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive proposal.

D. To the best knowledge of the person signing the proposal for the Offeror, the Offeror, its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the last 4 years been convicted of or found liable for any act prohibited by Federal or State law in any jurisdiction, involving conspiracy or collusion with respect to bidding or proposing on any public contract, except as the Offeror has disclosed in its proposal.

E. To the best of the knowledge of the person signing the proposal for the Offeror and except as the Offeror has otherwise disclosed in its proposal, the Offeror has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any State tax liability not being contested on appeal or other obligation of the Offeror that is owed to the Commonwealth.

F. The Offeror is not currently under suspension or debarment by the Commonwealth, any other Federal or State government, and if the Offeror cannot so certify, then it shall submit along with its proposal a written explanation of why it cannot make the certification.

G. The Offeror has not made, under separate contract with the Issuing Office, any recommendations to the Issuing Office concerning the need for the services described in its proposal or the specifications for the services described in the proposal.

H. Each Offeror, by submitting its proposal, authorizes Commonwealth agencies to release to the Commonwealth information concerning the Offeror's taxes in the Commonwealth, unemployment compensation and workers' compensation liabilities.

I. Until the selected Offeror receives a fully executed and approved written contract from the Issuing Office, there is no legal and valid contract, in law or in equity and the Offeror shall not begin to perform.

J. The Offeror is not currently engaged in and will not, during the duration of the contract, engage in a boycott of a person or an entity based in or doing business with a jurisdiction which the Commonwealth is not prohibited by Congressional statute from engaging in trade or commerce.

III-1. *Selection Criteria*. The Department will evaluate proposals based on the following criteria:

A. Consultant's and subconsultant's experience on past projects of similar scope, type and size.

**DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES**

**Retention of Surveying Firms; Project Reference No. FDC-500-821**

The Department of Conservation and Natural Resources (Department), is issuing this Request for Proposals (RFP) from interested and qualified surveying professional firms (Consultant or Offeror) for an open-end contract or contracts to perform surveying for various projects located in State forests and State parks throughout this Commonwealth. The contract or contracts will be for a 12-month period with four 12-month extensions possible. Projects will be assigned on an as needed basis to ensure proper and safe operations of the Department's infrastructure and facilities. The contract or contracts will be managed by the Department's Bureau of Facility Design and Construction (Bureau).

The number of open-end contracts and the dollar amount of each contract will be at the discretion of the Department for the first year. The extent of the work for the subsequent 4 years of the contract will be dependent on the availability of additional funds and additional projects for those years, also at the discretion of the Department.

Proposals will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of surveying. If an individual, firm or corporation not authorized to engage in the practice of surveying wishes to submit a proposal, the individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of surveying in this Commonwealth.

*Background*

Established on July 1, 1995, the Department is charged with maintaining and preserving the 124 State parks; managing the 2.2 million acres of State forest land; providing information on the ecological and geologic resources in this Commonwealth; and establishing community conservation partnerships with grants and technical assistance to benefit rivers, trails, greenways, local parks and recreation, regional heritage parks, open space and natural areas.

The Bureau provides multidisciplinary facility and infrastructure technical support to the other bureaus in the Department in the areas of project design, project inspections, construction management, contract administration, surveying and other technical advice and consultation. This Bureau is comprised of three divisions: Dams, Bridges and Roadways Engineering; Environmental Engineering and Architecture; and Field Engineering and Contracts Management.

The Bureau's Central Office (located in Harrisburg) is responsible for the development of architectural, landscape architectural, water and sanitary, bridge and roadway, and civil and environmental projects required to support the Department's facility construction and maintenance program. The Central Office is comprised of five design sections: Architectural Design; Landscape Design; Sanitary and Water Management; Bridges and Road Management; and Civil Design. In addition to project design, staff also provides technical architectural and engineering support and advice to assist field operations in State parks and State forests.

The Bureau also has four field offices: Northcentral Office in Emporium; Western Office in Moraine State Park; Southcentral Office in Shawnee State Park; and Eastern Office in Nockamixon State Park. Each office is responsible for providing direct engineering and technical support to the State parks and State forests field operation staff in their area. Staff is responsible for project inspection and construction management to ensure contractor compliance with the construction contract documents as well as some project design.

**PART I  
GENERAL INFORMATION**

I-1. *Issuing Office.* The Department has issued this RFP on behalf of the Commonwealth. The sole point of contact for this RFP will be the Issuing Officer listed as follows. Refer all inquiries to the Issuing Officer at <https://bidexpress.com/solicitations/>.

Issuing Officer:  
Ryan B. Rhoades, PE  
Department of Conservation and Natural Resources  
Bureau of Facility Design and Construction

I-2. *Purpose.* Services to be provided primarily will be topographic surveying for the design of bridges, roads, dams, various buildings and sanitary systems or boundary/property surveys. The latter could include all

necessary subdivision requirements. They may occasionally include other related surveying work such as plot topography and cross sections, or title and record research to determine ownership and boundary locations.

The Department will make project assignments through individual Work Orders. Projects will be located throughout this Commonwealth. The Consultant will be required to travel to the project sites.

The Consultant will be required to submit project data and documents in both written and electronic form. Drawings will be required to comply with the Department's computer aided drafting (CAD) standard.

I-3. *Qualifications.* The Consultant shall have staff available to provide rapid services associated with assigned projects. The Consultant may be called upon to provide services on multiple projects at the same time.

The following minimum qualifications will be required of all Consultants:

- Possess current professional registrations required to perform required services.
- Be licensed to conduct business in this Commonwealth.
- Have sufficient staff or subconsultants experienced in the various required services.
- Have an established quality control and assurance program that includes all members of the team including subconsultants, for checking documents for accuracy, consistency, coordination, quality and compliance with all necessary codes and regulations and Department standards.
- Have drafting capabilities in digital format (AutoCAD).

I-4. *Type of Contract.* The type of contract as a result of this RFP will be an open-end, requirements contract. The Department will assign work on an as needed basis as determined by the Department. Reimbursement for services will be by either fixed fee percentage based upon project allocation or hours of service per task and qualifying expenses. Reimbursement type may vary from project to project and will be at the Department's discretion. Bureau staff will review and, when applicable, approve the work. The selected Offerors will be expected to enter into an agreement for professional services with the Department in substantially the same form as the contract found at <https://www.pa.gov/agencies/dcnr/programs-and-services/business/construction-bids.html>.

I-5. *Small Diverse Business and Veteran Business Enterprise Information.* For projects where the scope of work is estimated at \$600,000 or greater, the Department may include requirements regarding Small Diverse Business (SDB) or Veteran Business Enterprise (VBE) participation through the setting of SDB and VBE participation goals. Those goals will be calculated for each individual Work Order based upon the scope of the design work and available SDB or VBE firms, but they will not be greater than 16% for SDB participation and 3% for VBE participation. SDB and VBE participation goals—and commitments made toward meeting those goals—will be calculated based upon the cost of the Work Order for that project. For a Consultant to be retained for the Work Order, the Consultant must agree to meet both project-specific goals in full or receive an approved waiver for any unmet portion of the goals. Commitments to utilize SDBs and VBEs for a project will become contractual obligations of the Consultant for that Work Order.

Only those firms that have received a Department of General Services (DGS) issued SDB or VBE verification as of the Work Order submittal date and time can be used towards meeting SDB and VBE participation goals. Because the SDB and VBE verification process can take up to 6 months and the Department anticipates that the response times for these projects may be very short, the Department encourages firms who may be eligible for SDB or VBE verification to begin the process immediately. Information regarding SDB or VBE verification is available at <https://www.dgs.pa.gov/Small%20Diverse%20Business%20Program/Documents/Small%20Business%20Application%20Guide.pdf>.

Offerors can locate DGS-verified SDBs and VBEs within the Supplier Search database at <http://www.dgs.internet.state.pa.us/suppliersearch>.

Additional information regarding the SDB and VBE participation requirements will be provided along with each project scope.

I-6. *Worker Protection and Investment.* Under Executive Order 2021-06, Worker Protection and Investment (October 21, 2021), the Commonwealth is responsible for ensuring that every worker in this Commonwealth has a safe and healthy work environment and the protections afforded them through labor laws. Contractors of the Commonwealth must certify that they are in compliance with all applicable State labor and workforce safety laws in this Commonwealth. The certification must be made through the Worker Protection and Investment Certification Form (BOP-2201) and submitted with the proposal. See Part II, Section II-1, J.

I-7. *Rejection of Proposals.* The Issuing Office may, in its sole and complete discretion, reject any proposal received as a result of this RFP.

I-8. *Incurring Costs.* The Issuing Office is not liable for any costs the Offeror incurs in preparation and submission of its proposal, in participating in the RFP process or in anticipation of award of the contract.

I-9. *Questions and Answers.* If an Offeror has any questions regarding this RFP, the Offeror must submit the questions at <https://bidexpress.com/solicitations/>. Questions must be submitted as individual questions. Questions must be submitted no later than 7 days prior to the proposal response date. Offerors shall not attempt to contact the Issuing Officer for questions by any other means. Questions and responses are considered an addendum to, and part of, this RFP. The Issuing Office is not bound by any verbal information, nor is it bound by any written information that is not either contained within the RFP or formally issued by the Issuing Office. The Issuing Office does not consider questions to be a protest of the specifications or the solicitation.

I-10. *Addenda to the RFP.* If the Department deems it necessary to revise any part of this RFP before the proposal response date, the Issuing Office will post an addendum at <https://bidexpress.com/solicitations/>. It is the Offeror's responsibility to periodically check the website for any new information or addenda to the RFP.

I-11. *Response Date.* To be considered for selection, electronic proposals must be submitted on or before the time and date specified. The Issuing Office will reject any late proposals.

I-12. *Notification of Selection.* The Department will notify Offerors whose proposals are not selected when the Department has successfully completed contract negotia-

tions and has received the final negotiated contract signed by the selected Offeror.

I-13. *Debriefing Conference.* The Department will not offer a debriefing session to the unsuccessful Offerors.

## PART II PROPOSAL REQUIREMENTS

Offerors must submit their proposals in the format, including heading descriptions, outlined as follows. To be considered, the proposal must respond to all requirements in this part of the RFP. Offerors should provide any other information thought to be relevant, but not applicable to the enumerated categories, as an appendix to the proposal.

II-1. *Technical Submittal.* Proposals must include the following items and information:

- A. Proposal Cover Sheet (Appendix A).
- B. A description of the Offeror's understanding of the Department's needs and the services required. This description must include why and how the Offeror is qualified to provide these services.
- C. A description of the Offeror's project approach and methodology, including the approach to the managerial, technical and administrative aspects of the project. Describe how the scope, budget and quality of a project are managed and controlled. Address communication and coordination strategies internal to the team, with subconsultants, with the client and with other outside agencies.
- D. A detailed description of the Offeror's quality control and assurance program, including how subconsultants are included in this program. Provide the name of the person responsible for quality control and describe their qualifications to perform this task.
- E. A description of the Offeror's qualifications to complete the required services. Include firm history and experience on similar projects. Describe the resources of the firm, including number/discipline of personnel. Include roles and experience of proposed subconsultants.
- F. Resumes of personnel who will be involved in providing the services described in this RFP to the Department. Describe their relevant experience, years of experience, what roles they will fill in providing the required services and percent of time they will be committing to Department-assigned projects. The resumes must include their professional education and professional registrations and licenses. Provide resumes of subconsultant's personnel.
- G. A description of the Offeror's ability to work on multiple projects of various sizes at the same time.
- H. A list of at least three of the Offeror's most recent completed projects similar to the projects anticipated under the contract. In addition to photographs and a descriptive narrative, the list must include the client, contact person and contact information, the completion date, the firm's Project Manager and the names of all of the firm's personnel who made contributions to the project.
- I. A standard Design Professional Selection Application for Professional Services Form (Appendix B), indicating the individual in charge. Additional information pertinent to the Offeror's qualifications to do the work of this contract may be included on this form.
- J. Worker Protection and Investment Certification Form (BOP-2201) (Appendix C), certifying that the Offeror is in compliance with all applicable State labor and workforce safety laws.

II-2. *Proposal Submission.* Offerors must submit their proposals electronically at <https://bidexpress.com/solicitations/>. Proposals must be signed by an official who is authorized to bind the Offeror to its provisions.

Offerors must submit a complete proposal. Failure to include any of the required information or forms will delay evaluation of the proposal and may, at the Commonwealth's sole discretion, result in its rejection.

II-3. *Offeror's Representations and Authorizations.* By submitting its proposal, each Offeror understands, represents and acknowledges that:

- A. The Offeror's information and representations in the proposal are material and important, and the Issuing Office may rely upon the contents of the proposal in awarding the contracts. The Commonwealth will treat any misstatement, omission or misrepresentation as fraudulent concealment of the true facts relating to the proposal submission, punishable under 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities).
- B. The Offeror has not attempted, nor will it attempt, to induce any firm or person to refrain from submitting a proposal on this contract.
- C. The Offeror makes its proposal in good faith and not under any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive proposal.
- D. To the best knowledge of the person signing the proposal for the Offeror, the Offeror, its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the last 4 years been convicted of or found liable for any act prohibited by Federal or state law in any jurisdiction, involving conspiracy or collusion with respect to bidding or proposing on any public contract, except as the Offeror has disclosed in its proposal.
- E. To the best of the knowledge of the person signing the proposal for the Offeror and except as the Offeror has otherwise disclosed in its proposal, the Offeror has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any State tax liability not being contested on appeal or other obligation of the Offeror that is owed to the Commonwealth.
- F. The Offeror is not currently under suspension or debarment by the Commonwealth, any other Federal or state government, and if the Offeror cannot so certify, then it shall submit along with its proposal a written explanation of why it cannot make the certification.
- G. The Offeror has not made, under separate contract with the Issuing Office, any recommendations to the Issuing Office concerning the need for the services described in its proposal or the specifications for the services described in the proposal.
- H. Each Offeror, by submitting its proposal, authorizes Commonwealth agencies to release to the Commonwealth information concerning the Offeror's taxes in this Commonwealth, unemployment compensation and workers' compensation liabilities.
- I. Until the selected Offeror receives a fully executed and approved written contract from the Issuing Office, there is no legal and valid contract, in law or in equity, and the Offeror shall not begin to perform.
- J. The Offeror is not currently engaged and will not, during the duration of the contract, engage in a boycott of a person or an entity based in or doing business with a

jurisdiction which the Commonwealth is not prohibited by Congressional statute from engaging in trade or commerce.

**PART III  
SELECTION AND AWARD**

III-1. *Selection Criteria.* The Department will evaluate proposals based on the following criteria:

A. Consultant's understanding of the problem and the services required.

B. Consultant's staff qualifications, experience and ability to perform the required services, including the qualifications, experience and abilities of subconsultant's staff.

C. Consultant's professional personnel in firm and subconsultant.

D. Consultant's project approach and methodology.

E. Consultant's available manpower to perform the required services.

F. Consultant's quality control and assurance program and procedures.

G. Equitable distribution of contracts.

III-2. *Final Ranking and Award.* The Issuing Office will rank responsible Offerors according to the total overall score assigned to each, in descending order. It is the intent of the Department to select more than one Offeror for projects to be assigned on a regional basis. The Issuing Office may reject all proposals or cancel this RFP at any time prior to the time a contract is fully executed when it is in the best interests of the Commonwealth. The reasons for the rejection or cancellation will be made part of the contract file.

### Applications, Actions and Special Notices

#### APPLICATIONS

### THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

### APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit [www.dep.pa.gov](http://www.dep.pa.gov) and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

<i>Section</i>	<i>Category</i>

II	Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs
III	Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.

- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP's website at [www.dep.pa.gov/CWPublicNotice](http://www.dep.pa.gov/CWPublicNotice).

Section II identifies individual NPDES permit applications received and draft permits indicating DEP’s tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP’s tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP’s website at [www.dep.pa.gov/CWPublicNotice](http://www.dep.pa.gov/CWPublicNotice). Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

**LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995 PREAMBLE 1**

**Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to

Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

### PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit

number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001–4015), 25 Pa. Code Chapters 121–145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401–7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

**MINING ACTIVITY NPDES DRAFT PERMITS**

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

*Effluent Limits for Coal Mining Activities*

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l

pH must always be greater than 6.0; less than 9.0.

Alkalinity must always be greater than acidity.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

*Effluent Limits for Noncoal Mining Activities*

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

The applicant is proposing to place and maintain a maximum of approximately 950,000 cubic yards of dredged material and concrete rubble at select open water placement sites (described as follows) within the Ohio River (WWF, N), for the purpose of incrementally restoring the riverbed, within select, unnaturally deep areas, in the Ohio River (greater than 30 feet below normal dam pool elevation), to provide ecosystem benefits to mussels and other benthic organisms by reducing water depth, to provide comparable or improved aquatic habitat, and to provide expanded range for benthic organisms to colonize.

The dredged material and concrete rubble will be generated from the Montgomery New River Chamber Construction Project (DEP File No. EA0405223-003), which is part of the larger Upper Ohio Navigation (UON) Project. The UON Project, which will include future phases over a multi-year period, is intended to/will address lock condition and capacity issues at the Emsworth, Dashields, and Montgomery (EDM) Locks and Dam facilities, on the Ohio River, in Pennsylvania. The current open-water placement project is Phase 4 of the multi-phased Montgomery New River Chamber Construction Project. (Phases 1—3 were the subject of DEP File Nos. EA0405223-001, EA0405223-002, and EA0405223-003, respectively.)

The Montgomery upstream open water placement site will be used for the placement of materials derived from the upstream (Montgomery Pool) portion of the Montgomery New River Chamber Construction Project. This site is located 0.3 mile upstream of the Montgomery L/D between River Miles (RM) 30.9 and 31.3 (Beaver and Midland, PA USGS topographic quadrangles; N: -40°, 39', 02.85"; W: -80°, 22', 38.58"; Sub-basins B and D; USACE Pittsburgh District), in Industry Borough and Potter Township, Beaver County. This placement site covers an area of 46.5 acres.

The Montgomery downstream open water placement site would be used for placement of material from the downstream portion of the Montgomery New River Chamber Construction Project. This location is in the New Cumberland Pool and is situated 0.4 mile downstream of the Montgomery New River Chamber Construction Project, between RMs 31.9 and 32.8 (Midland, PA USGS topographic quadrangle; N: -40°, 38', 50.95"; W: -80°, 23', 46.04"; Sub-basins B and D; USACE Pittsburgh District), in Industry Borough, Raccoon Township and Shippingport Borough, Beaver County. Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. ## HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

### Notice of Prompt Interim Response

**Middle Spring Creek HSCA Site, Fish Hatchery Road, Shippensburg PA 17257**

**Southampton Township, Cumberland and Franklin Counties, Pennsylvania**

The Department of Environmental Protection (DEP), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. §§ 6020.101–6020.1305) has initiated a prompt interim response at the Middle Spring Creek Site

(Site). The prompt interim response has been initiated pursuant to §§ 501(a) and 505(b) of the HSCA (35 P.S. §§ 6020.501(a) and 6020.505(b)).

The site is in a residential area is located about 1.5 miles northwest of Shippensburg, which is the nearest public water supply. To date, seven residential potable wells have been affected by per- and polyfluorinated substances (PFAS) above Maximum Contaminant Limits (MCLs). These residents with contaminated wells are receiving or have been offered bottled water service.

To address the release and threat of release of PFAS at the site and corresponding threats to human health, DEP considered three alternatives: no action, bottled water delivery, and point-of-entry treatment systems. DEP has selected bottled water delivery as the prompt interim response. This response complies with Applicable, Relevant, and Appropriate Requirements (ARARs), is feasible, and is cost-effective.

Bottled water delivery was initiated on October 14, 2024, for residences with water supply contamination levels greater than 4 parts per trillion (ppt) perfluorooctanoic acid (PFOA) or perfluorooctanesulfonic acid (PFOS) or 10 ppt perfluorononanoic acid (PFNA) or perfluorohexanesulfonic acid (PFHxS). Bottled water delivery will continue until DEP implements a final response. Investigation of the Site will continue to determine the source(s) of contamination, the extent of the contamination, and if further response actions are necessary.

DEP is providing this notice pursuant to sections 505(b) and 506(b) of HSCA. The Administrative Record, which contains the information that forms the basis and documents the selection of this response action. The Administrative Record can be examined Monday through Friday from 8:00 a.m. to 4:00 p.m. at DEP's Southcentral Regional Office located at 909 Elmerton Avenue, Harrisburg, PA 17110 by contacting Ms. Crystal Wolf at (717) 705-7751 or by email at crywolf@pa.gov. The Administrative Record can also be reviewed at the Shippensburg Borough Office Building, 111 N. Fayette St, Shippensburg, PA, (717) 532-2147 from 8:00 a.m. to 4:00 p.m., Monday through Friday.

The Administrative Record will be open for comment from the date of publication of this notice in the *Pennsylvania Bulletin* on January 11, 2025, and will remain open for 90 days. Persons may submit written comments regarding this action to DEP before April 11, 2025, by mailing them to Ms. Wolf at the DEP Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200 or by email at crywolf@pa.gov.

In addition, any person may present oral arguments, for inclusion in the Administrative Record, at a public hearing. DEP has scheduled the hearing for February 20, 2025, at 6:00 p.m. at the Shippensburg Borough Office Building, 111 N. Fayette St, Shippensburg, PA 17257. In the event of inclement weather, the meeting will be postponed until February 27, 2025. Any person wishing to present comments must register with John Repetz a minimum of 24 hours in advance of the hearing by telephone at (717) 705-4904 or in writing at 909 Elmerton Avenue, Harrisburg, PA 17110.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service, or other accommodations to participate in the proceedings, should call John Repetz at the previously listed number or through the Pennsylvania Hamilton Relay Service at 1-800-654-5984 (TDD) to discuss how the DEP may accommodate their needs.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995 PREAMBLE 2

---

#### The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

---

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995  
PREAMBLE 3

**The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).**

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

Provisions of 25 Pa. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed

and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

### Action(s) Taken on the Following Plans and Reports Under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports.

A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

### Federal Consistency under the Coastal Zone Management Act; Garrison Run North Stream Restoration

This notice is published under section 306(d)(14) of the Federal Coastal Zone Management Act of 1972 (CZMA) (16 U.S.C. § 1455(d)(14)), regarding public participation in consistency determinations. The Department of Environmental Protection (Department), Coastal Resources Management Program, has received notice that the City of Erie (applicant) is proposing to rehabilitate a stream channel for the Garrison Run North Stream Restoration Project (Project) within the City of Erie in Erie County.

The applicant proposes to rehabilitate approximately 1,300 linear feet of the Garrison Run stream channel located adjacent to the Erie Wastewater Treatment Plant to address sediment loading to the Lake Erie Basin. Currently, streamflow enters the project area from two concrete pipes and exits through three corrugated metal pipes, 0.25 mile upstream from where Garrison Run enters the lake. The incised channel is disconnected from the floodplain and not accessible to the public with no other surface water identified within the Project limits. Proposed work will include stabilization of the stream bed and banks by designing, permitting and constructing stream features such as rock cross vanes, log vanes, vegetated riprap, log toe benches, gravel bar removal and native vegetation. The proposed project will support Erie City's Municipal Separate Storm Sewer System Permit, as identified as a potential project in the Pollutant Reduction Plan. The applicant is seeking a Federal authorization from the United States Army Corps of Engineers under section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. § 403) and section 404 of the Federal Clean Water Act (CWA) (33 U.S.C. § 1344) to perform this work.

This Project is subject to Department review for Federal consistency because it is an activity requiring a Federal license or permit and will have reasonably foreseeable effects on this Commonwealth's coastal resources or uses.

In accordance with section 307 of the CZMA (16 U.S.C. § 1456) and the National Oceanic and Atmospheric Administration (NOAA) regulations at 15 CFR Part 930,

Subpart D (relating to consistency for activities requiring a Federal license or permit), the applicant has certified that the proposed activity will be conducted in a manner consistent with the applicable enforceable policies of the Commonwealth's NOAA-approved Coastal Resources Management Program. Interested parties may request a copy of the Federal Consistency Certification from the Department contact listed as follows.

Questions regarding this review should be directed to Matthew Walderon, Federal Consistency Coordinator, at (717) 772-2196 or by email to RA-Fed\_Consistency@pa.gov.

The Department will consider all comments received on or before January 27, 2025. Comments submitted by

facsimile will not be accepted. Comments, including comments submitted by electronic mail, must include the originator's name and address. Commentators are encouraged to submit comments using the Department's online eComment tool at [www.ahs.dep.pa.gov/eComment](http://www.ahs.dep.pa.gov/eComment). Written comments can be submitted by email to [ecomment@pa.gov](mailto:ecomment@pa.gov) or by mail to the Department of Environmental Protection, Policy Office, 400 Market Street, P.O. Box 2063, Harrisburg, PA 17105-2063.

**Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. Michael McMahon, t/a Pocono Pickups; Docket No. C-2024-3049578**

### COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That Michael McMahon, t/a Pocono Pickups, Respondent, maintains its principal place of business at 116

Hemlock Trail, PO Box 457, Scotrun, PA 18355 and a mailing address at 125 Pony Path, Pocono Lake, PA 18347.

2. That Respondent has never applied for or received a certificate of public convenience for passenger or paratransit transportation services by this Commission.

3. That on July 24, 2024, a warning letter were sent by first class mail to 125 Pony Path, Pocono Lake, PA. The letter indicated that since Pocono Pickups did not hold authority/certificate from the PA PUC, it must cease and desist until such time application and authority granted and the consequences of continued operation without that certificate/authority.

4. That on October 8, 2024, in response to a complaint lodged, PUC Enforcement Officer John Allen texted the number being advertised on Facebook asking for transportation the next day from Stroudsburg to several wineries in the area. A reply received stated the cost at \$20 per one way or \$35 round trip, indicating that a silver Subaru Forester was the vehicle to provide the transportation.

5. That at the arranged time and place, October 9, 2024, PUC Officer Allen conducted a Driver/Vehicle Compliance Report at 1863 W Main Street, Stroudsburg, Monroe County, PA. The vehicle a 2018 Subaru Forester, New York plate KYN2334, last 4 numbers of the vehicle identification number being 0942, driven by Michael McMahon. A review of information in the PA PUC indicates that Michael McMahon, t/a Pocono Pickups, does not have authority/certificate from the PUC to provide transportation for compensation in the Commonwealth. This operation is in violation of 66 § 3310(a).

Wherefore, the Bureau of Investigation and Enforcement hereby requests that the Commission fine Michael McMahon, t/a Pocono Pickups, the sum of one thousand dollars (\$1,000.00) for the illegal activity described in this Complaint and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted,
